OVERVIEW

Duties and Responsibilities

In 1975, the Ohio General Assembly created the Ohio State Chiropractic Board to regulate the chiropractic industry. The Board is responsible for the examination and licensure of chiropractors and the enforcement of the provisions of Chapter 4734. of the Revised Code. The Chiropractic Board oversees the licensure and regulation of over 2,000 chiropractic physicians.

Fund 4K9

The Ohio State Chiropractic Board is part of the 4K9 Fund group. The 4K9 Fund (Occupational Licensing and Regulatory Fund) is a General Services Fund that is a repository for license fees and other assessments collected by the state's professional and occupational licensing boards. The 4K9 Fund was established by Am. Sub. H.B. 152 of the 120th General Assembly. Prior to the creation of the fund, appropriations for each licensing board were made from the GRF. This created some problems as some boards contributed more revenues than they expended and others had to be subsidized by the GRF since the revenues generated did not meet their expenditures. The 4K9 Fund eliminated these problems. The philosophy of the fund is that each board must generate enough revenues to cover their expenses. It is also quite common for the boards to develop a surplus in the fund to cover unforeseen economic hardships.

Licensure

Revenue is generated from new and renewal license fees, which are collected annually. Expenditures are for operating expenses associated with the licensure, regulation, and enforcement processes. Expenditures and revenues for FY 2004 were \$552,162 and \$586,970, respectively. The Board contributed \$34,808 more to Fund 4K9 than it expended during the FY 2004 renewal cycle.

Summary of FY 2006-2007 Budget Issues

Board Consolidation

In the enacted version of Am. Sub. H.B. 66 of the 126th General Assembly, 20 of the independent occupational licensing boards are to be consolidated into the departments of Health, Commerce, and Public Safety in FY 2007. As a result, the affected boards received no funding in FY 2007. In the case of the Chiropractic Board, the Board and its duties will be consolidated into the Department of Health. The specifics of this transfer will be addressed during FY 2006 by a task force consisting of the departments of Commerce, Health, Public Safety, and Administrative Services, and the Office of Budget and Management (OBM), as well as three members selected by the affected boards. According to OBM, current staff will be retained through FY 2006 and a hiring freeze and early retirement incentive will be offered to regulatory board staff. Effective July 1, 2006, all remaining regulatory board staff will be transferred to the relevant agency. Board members will be retained.

Vetoed Provisions
