1 TAX - 14 Changes to the Job Creation Tax Credit

R.C. 122.17

Authorizes job creation tax credits based on annual aggregate payroll withholdings (which include both full-time and part-time employees) and payroll growth. (Current law bases the job creation credit on new full-time employment positions only).

Requires the taxpayer to maintain operations at a project site for the greater of seven years or the term of credit plus three years (instead of twice the term of the credit as in current law). Authorizes the Tax Credit Authority to request a complete or partial refund of claimed credits if a taxpayer does not fulfill certain conditions of the tax credit.

Relaxes the intrastate job relocation prohibition by permitting a business to relocate Ohio jobs to a project from another Ohio facility if the business notifies the local jurisdiction from which the positions will be removed.

R.C. 122.17

Same as the Executive, but clarifies that the credit may be based only on employee withholdings occurring on or after the day the taxpayer becomes eligible for the credit.

Same as the Executive, but requires that the refund a business may pay increases from 50% of the credit allowed and taken to 75%.

Current law allows all emergency levies approved by voters prior to September 1, 2005 to qualify for TPP reimbursement if they are renewed by voters. Also, current law authorizes a substitute emergency levy to be equivalent to a renewal levy (H.B. 562 of the 127th General Assembly). The executive proposal harmonizes section 5751.20 of the Revised Code with existing law enacted in H.B. 562. Thus, the treatment of substitute school levies as a continuation of emergency levies for purposes of property tax loss reimbursements appears to have no fiscal effect.</p>

14 TAX - 1 Manufactured and Mobile Home Tax Reduction Reimbursements

R.C. 321.24, 319.302, 323.156,
4503.068

Consolidates into one annual payment the semiannual state reimbursement of local governments for the 10% and 2.5% property tax reductions for manufactured and mobile homes. Specifies that certification to the Tax Commissioner of the amount of these tax reductions is to be made by each county treasurer on or before the second Monday in September, and the annual reimbursement is to be made within 90 days thereafter. (Current law provides for certification on or before April 15 and September 15 of any adjustments to amounts certified previously, with half to be reimbursed upon receipt of each certification).

Fiscal effect: Delays but does not change the amounts reimbursed to local governments. In calendar year 2007, the amount of the 10% reduction for manufactured and mobile homes was \$2.6 million and the amount of the 2.5% reduction was \$0.4 million. This delay will reduce state payments by an estimated \$1.5 million in FY 2010 only.

Sales and Use Taxes

22 TAX - 23 Sales Taxation of Medicaid-Provided Health Care Services

R.C. 5739.01, 5739.03, 5739.033, 5739.051

Subjects to sales and use tax health care services provided or arranged by a Medicaid health insuring corporation for Medicaid enrollees residing in Ohio. Eliminates the tax on those services if federal authorities determine that subjecting those services to taxation constitutes an impermissible "health-care related tax," the imposition of which results in a reduction in federal financial assistance for Medicaid services.

Fiscal effect: The executive proposal estimates that this provision will increase revenue to the GRF by \$138.0 million in FY 2010 and by \$214.0 million in FY 2011; under the current distribution of the share of sales and use tax revenues to local government funds, the Local Government Fund and the Public Library Fund would gain \$8.6 million in FY 2010 and \$13.4 million in FY 2011. Revenues to local governments under permissive local and transit authorities sales taxes may be up to \$31.5 million in FY 2010 and \$48.9 million in FY 2011.

No provision.

No provision.

No provision.

R.C. 5727.81

Modifies the computation for determining the tax liability of a commercial or industrial purchaser electing to self-assess the Kilowatt Hour Tax, beginning January 1, 2011, from one based on both a per-kilowatt hour rate and a percentage of the price paid, to one based solely on a per-kilowatt hour rate.

As Passed by the House

As Passed by the Senate

Fiscal effect: The impact of the provision will approximately be revenue neutral, based on FY 2008 kilowatt hour (kWh) tax data. Actual impact of this provision in any future years would depend on the actual electric prices and consumption. Very large electricity customers, specifically those that use more than 45 million kilowatt hours (kWhs) of electricity per year, are permitted to self assess this tax under current law. Self-assessors currently pay a tax of \$0.00075 per kWh for the first 504 million kWhs used during a year, plus 3.5% of the "total price" of electricity used. The definition of total price for this purpose is, generally speaking, the total amount spent by a user for electricity. Beginning with the meter reading period that includes January 1, 2011, this provision would change the self-assessors' tax to \$0.00257 per kWh for the first 500 million kWhs per year, plus \$0.001832 per kWh for each kWh in excess of 500 million.

Executive	As Passed by the House	As Passed by the Senate	As Enacted
		<p>Fiscal effect: Currently, for natural gas distributors with more than 50,000 customers, the tax rate varies according to the volume distributed to each customer (a lower rate on higher volumes), so aggregating all customer volumes for distributors with 70,000 or fewer customers reduces the total tax due. LSC does not have an estimate at this time of the amount of this tax loss. Revenues from the natural gas distribution tax are distributed to the School District Property Tax Replacement Fund (Fund 7053), which receives 68.7% of the revenues, and to the Local Government Property Tax Replacement Fund (Fund 7054), which receives 31.3% of the revenues. If amounts in these funds are insufficient to make payments required under R.C. 5727.85 and 5727.86, the difference is to be transferred from the General Revenue Fund.</p>	<p>Fiscal effect: Same as the Senate.</p>

Cigarette Taxes

29 TAX - 11 Tobacco License Fee Changes

R.C. 5743.15, 5743.61

Increases the licensing fees for the sale of tobacco products to the following levels: (1) \$1,000 (up from \$200) for the annual fee for the wholesale of cigarettes; (2) \$125 (up from \$30) for the annual fee for retail sales of cigarettes; (3) \$1,000 (up from \$100) for the annual fee for the sale of tobacco products other than cigarettes.

Authorizes cigarette retail licenses to be used at an unlimited number of places of business, instead of on a per-place basis, but prohibits a wholesale or retail licensee to assign the license to another person.

Increases amounts collected from wholesale cigarette licenses paid into the Cigarette Tax Enforcement Fund to 100% (up from 47.5%) of total license collections; eliminates distributions of wholesale cigarette license fee revenues paid to municipal corporations or townships where the business is located (currently 37.5%) and to the county general fund (currently 15%).

Redistributes amounts collected from retail cigarette licenses as follows: 60% paid into the Cigarette Tax Enforcement Fund (up from 15%); 30% to the municipal corporation or township where the business is located

No provision.

No provision.

R.C. 5703.21, 5747.18

Authorizes the Department of Taxation to disclose information to the Department of Job and Family Services, Industrial Commission, and Bureau of Workers' Compensation in order to enable them to identify employers that misclassify employees as independent contractors or that do not properly report and pay employer taxes. Authorizes the release of information only as is necessary to verify employer compliance with Ohio law administered by those agencies.

<p>Additionally allows an Ohio income tax deduction for amounts the taxpayer paid for medical care insurance or qualified long-term care insurance for certain relatives that are members of the taxpayer's household.</p> <p>Fiscal effect: Increase in the cost to the state and to local governments to provide health benefits to employees and their dependents. The increase in cost to the state may be in the millions in FY 2010 and is estimated to be approximately \$9 million in FY 2011 and future fiscal years. The costs would be paid by the State Employee Health Benefit Fund (Fund 8080), of which somewhat less than half would be derived from GRF-supported payroll. The increase in cost to municipalities, townships, and counties is estimated to be approximately \$31.5 million per year statewide, and the costs to school districts are estimated to be approximately \$36.7 million statewide, starting in the first fiscal year that the requirement is fully phased in. The executive proposal estimates that the tax provisions would result in a loss of GRF revenue from the income tax of approximately \$6.0 million in FY 2011. That implies a loss of approximately \$0.4 million to the local government funds.</p>	<p>Fiscal effect: Same as the Executive for the tax provision, but permissive for other provisions. 			<p>Section: 381.20</p> <p>Reduces the percentage of monthly total GRF tax revenue to be allocated to the Public Library Fund (Fund 7065) to 1.97% from 2.22% of the total tax revenue credited to the GRF in the preceding month, beginning August 1, 2009 and continuing until June 30, 2011.</p> <p>Fiscal effect: Decreases the amount of GRF tax revenue that will be allocated to Fund 7065 during the FY 2010-2011 biennium, which would reduce the amount of money distributed to public libraries, statewide. Increases funds retained in the GRF by a corresponding amount. According to the Executive's estimate, the amount of the reduction to Fund 7065 would be \$84.3 million for the biennium.</p>

Fiscal effect: The number of tax-delinquent properties acquired will depend on the available resources for each county land reutilization corporation.

Fiscal effect: May result in acquisition of more real property and tax certificates by a county land reutilization corporation. Also provides for an alternative interest calculation for delinquent taxes in a county with a county land reutilization corporation.
