2 TOS - 6 Disposition of Build America Bond Payments Related to Liquor Profit Debt Service

No provision.

No provision.

R.C. 166.11

Provides that any amounts received by the state as part of the federal Build America bond program are not to be included when determining the annual \$63 million debt service limit on the repayment of certain obligations with profits from the sale of spirituous liquor.

Fiscal effect: Generally, the Build America Bond and and Recovery Zone Economic Development Bond programs, which were created under the American Recovery and Reinvestment Act of 2009, allow state and local governments to issue bonds in 2009 and 2010 to pay for capital expenditures and receive a federal subsidy or credit for a portion of their borrowing costs. Therefore, any bond issuance made under the federal program would reduce the state's debt service expenditures from liquor profits, which would thereby increase the total amount of bonds issued that are backed by liquor profits. This provision would prevent new bond issuance that would have the effect of allowing debt service paid from liquor profits from exceeding the current maximum aggregate level of debt service expenditures, up to \$63 million per fiscal year.
