EPACD5 Automobile Emissions Testing Program (E-Check)

R.C. 3704.14, Section 279.10

(1) Authorizes the extension of the motor vehicle inspection and maintenance program (E-Check) in counties where the program is federally mandated through June 30, 2014. Allows the Director of Environmental Protection to request the Director of Administrative Services to extend the current contract to conduct E-Check with the contractor that currently operates the program. Upon receiving the request, requires the Director of Administrative Services to extend the current contract for a period not to exceed 12 months beginning on July 1, 2011. Prior to the expiration of the contract extension, allows the Director of Environmental Protection to request the Director of Administrative Services to enter into a contract with a vendor to operate E-Check in each county where it is federally mandated through June 30, 2014.

R.C. 3704.14, Section 279.10

(1) Replaces the Executive provision with a provision that does the following: (A) Permits the Director of EPA to extend the existing contract for a "centralized" program for up to 12 months beginning on July 1, 2011 in the seven counties in which the program is operating on the effective date of this amendment. (B) Authorizes the Director of EPA to request the Director of DAS, subsequent to the expiration of the centralized program contract, to enter into a contract to implement a decentralized program, through June 30, 2017, in each county where the program is federally mandated and requires such a program to achieve substantially similar instead of at least the same ozone precursor reductions as achieved under the existing centralized program. And (C) Makes various changes to the requirements applicable to the contract to operate a decentralized program, including: (a) requires the program utilize established local businesses by authorizing existing auto repair facilities to operate as licensed inspection and waiver testing facilities; (b) requires the tailpipe emission analyzer utilized for emissions testing be BAR-97 certified; (c) requires the contractor to supply proven technology for on-board diagnostic testing equipment to all

R.C. 3704.14, Section 279.10

(1) Same as the House, but makes the following changes: (A) Same as the House, but removes the House provision that authorizes the E-Check contract to be extended only in the seven counties in which the program is operating on the effective date of this amendment. (It maintains the current requirement that the program be implemented in counties where the program is federally mandated.) (B) Same as the House, but requires the program to achieve at least the same emission reductions as achieved under the existing contract and requires instead of authorizes the Director of EPA to request the Director of DAS to enter into a contract for a decentralized program. (C)(a) Replaces the House provision with a provision that requires the contractor to utilize established local businesses, auto repair facilities, or leased properties to operate state-approved inspection and maintenance testing facilities. (C)(b) No provision. (C)(c) No Provision. (C)(d) No provision. (It maintains the current law's program notification requirement for the contractor.) (C)(e) Requires the contractor to comply with testing methodology and supply certain

EPACD6 Exemptions from Infectious Waste Requirements

R.C. 3734.02

Authorizes the Director of Environmental Protection to exempt a person generating, collecting, storing, treating, disposing of, or transporting infectious wastes from requirements of the Solid, Hazardous, and Infectious Wastes Law under specified circumstances.

Fiscal effect: This provision expands the authority of the Director to allow a quicker response to an emergency situation (public health emergency, weather events, or disaster-related event). Under current law, the Director already has this expanded authority for solid and hazardous waste.

EPACD12 Exemption from Solid Waste Fees for Coal Wastes

R.C. 3734.57

Exempts from state and local solid waste disposal fees coal combustion wastes regardless of whether the disposal facility is located on the premises where the wastes were generated rather than specifying as in current law that the wastes must be disposed of at facilities that exclusively dispose of coal combustion wastes and that are owned by the generator.

Fiscal effect: None, as coal combustion wastes disposed of onsite are exempt from state and local solid waste disposal fees. Presumably, absent this exemption, if such wastes were to be disposed of at an off-site, third-party landfill, these disposal fees would be applicable.

EPACD23 Certification of Operators of Water Supply Systems or Wastewater Systems

R.C. 3745.11

Extends for two years the levying of higher fees, and the decrease of those fees at the end of the two years, for applications and examinations for certification as operators of water supply systems or wastewater systems under the Safe Drinking Water Law or the Water Pollution Control Law, as applicable.

Fiscal effect: The fee extension will preserve annual revenues totaling \$410,000 for the Drinking Water Protection Fund (Fund 4K50).

DEVCD48 Diesel Emissions Reduction Grant Program

Section: 512.90

Section: 512.90

R.C. 122.861, Section 512.90

No provision.

Requires the Director of Development to administer the Diesel Emissions Reduction Grant Program, which is established in the Highway Operating Fund (Fund 7002), and to solicit, evaluate, score, and select projects submitted by public and private entities for the federal Congestion Mitigation and Air Quality (CMAQ) Program, and requires the Director of Transportation to process Federal Highway Administration-approved projects as recommended by the Director of Development.

Same as the House, but requires the Director of Environmental Protection, rather than the Director of Development, to administer the program and recommend projects.

Same as the Senate, but includes the transfer in permanent law.

No provision.

Requires the directors of Development, Transportation, and Environmental Protection to develop guidance for funding projects under the program.

Same as the House.

Same as the House.

No provision.

Allows Diesel Emissions Reduction Grant Program funds to be used to purchase hybrid and alternative fuel vehicles under CMAQ Program guidance.

Same as the House.

Same as the House.

No provision.

Requires public entities to be reimbursed for eligible costs from the Department of Transportation and requires private entities to be reimbursed for eligible costs from cash transferred from the Department of Transportation to the Diesel Emissions Reduction Grant Fund (Fund 3BD0) used by the Department of Development.

Same as the House, but changes the fund from the Diesel Emissions Reduction Grant Fund (Fund 3BD0) in the Department of Development to the Diesel Emissions Reduction Fund (Fund 3FH0) in the Environmental Protection Agency.

Same as the Senate.

Executive	As Passed by the House	As Passed by the Senate	As Enacted
No provision.	Establishes Fund 3BD0 appropriation item 195697, Diesel Emissions Reduction Grants, with an appropriation of \$10,000,000 in each fiscal year. Specifies that any unencumbered and unexpended balance remaining at the end of FY 2012 is appropriated for the same purpose in FY 2013.	Same as the House, but changes the appropriation item to Fund 3FH0 appropriation item 715693, Diesel Emission Reduction Grants, in the Environmental Protection Agency.	Same as the Senate.
No provision.	No provision.	No provision.	Transfers the authority for the state's current Diesel Emissions Reduction Grant Program and Diesel Emissions Reduction Revolving Loan Program from the Department of Development to the Environmental Protection Agency.
