DASCD18 Conveyance and Easement Authority

R.C. 123.01, 127.27

Alters existing authority to lease or grant easements or licenses for unproductive and unused lands or other property under the control of a state agency by removing the requirement for the conveyances to be executed for the state by both the Director of DAS and the Governor, and instead specifies that conveyances need only be executed by the Director of DAS or the Director's designee.

Expressly provides that the leases, easements, or licenses may be made to any person or entity.

Removes the existing provision applicable to federal agencies, political subdivisions, and taxing districts, allowing for the agency, political subdivision, or taxing district to have the exclusive use of property without the right of sublease or assignment.

Provides that the existing authority DAS has to exercise general custodial care of all real property of the state includes the sale and conveyance of real estate not needed by the state.

Requires the approval of the Controlling Board for all conveyances of land not needed by the state.

DASCD9 DAS Role in County Personnel Administration

R.C. 124.14, 124.04, 124.06, 124.11, 124.12

Modifies the authority of DAS with respect to certain provisions of civil service law, generally regarding the authority over the examination and classification of positions, to clarify that DAS's authority extends only to positions in the classified service of the state. (Under current law, DAS's authority extends to counties and general health districts.)

Modifies the authority for county agencies to contract with DAS for human resources services, including but not limited to establishment and modification of job classification plans, competitive testing services, and periodic audits and reviews, and other related functions.

Eliminates the authority of DAS to, by rule, require county personnel departments to adhere to merit system principles with regard to certain county agencies so that there is no loss of federal funding for the agencies. Requires, instead, that counties expressly adhere to such principles and be liable to the state for the loss of federal funding.

Specifies that any appointing authority rather than the Director of Administrative Services possesses the authority to make a determination that it is impracticable, for certain positions, to determine fitness by competitive examination.

Specifies that only classified employees in the service of the state have the right to request that the Director of Administrative Services perform a job audit to review the classification of the employee's position.

Specifies that the protocols allowing classified positions to be filled without competition applies only to classified positions in the civil service of the state instead of to classified positions in the civil service of the state, counties, cities,

Fiscal effect: May result in loss of revenue to units of local government from additional property tax exemption. In the 2010 census, two Ohio counties, Cuyahoga and Franklin, had populations greater than 1,000,000.

TAXCD53 Real Property Valuation

No provision.

No provision.

R.C. 5713.03, Section 757.51

Provides that real property is to be valued, as nearly as practicable, on the true value of the fee simple estate as if unencumbered (encumbrances include mortgages, other liens, and other claims on the property). Allows county auditors to consider factors other than the sale price in determining true value, if a property has been the subject of an arm's length sale between a willing seller and a willing buyer. Specifies that the effective date of this change, for each county, is the year of the first sexennial reappraisal or triennial update after tax year 2012.

Fiscal effect: These changes may tend to result in higher real property valuations, since unencumbered sellers may tend to sell at prices more in line with their perceptions of long-term valuation, and would not face short-term pressures to sell at reduced prices in order to meet the terms of encumbrances.

TAXCD47 Property Tax Abatement for Exempt Property

No provision.

Section: 757.20

Fiscal effect: May result in loss of tax revenue for units of local government.

Section: 757.20

Sales and Use Taxes

TAXCD52 Sales and Use Tax Exemption for Aerospace Vehicle Research and Development Activities

No provision.

No provision.

R.C. 5739.02(B)(49)

Creates a sales and use tax exemption for tangible personal property and services used or consumed in performing research and development activities with respect to aerospace vehicles, the parts and components of aerospace vehicles, and human performance equipment and technology associated with operating and testing aerospace vehicles. Defines aerospace vehicles as any manned or unmanned aviation device including, but not limited to, aircraft, airplanes, helicopters, missiles, rockets, and space vehicles. (Current law exempts sales of materials, parts, equipment, or engines used in the repair and maintenance of aircraft).

Fiscal effect: Reduces the state sales and use tax base and creates a GRF revenue loss of undetermined size from decreased state sales and use tax receipts. Also decreases receipts from county permissive and transit authority sales taxes because those local sales taxes share the same tax base as the state sales and use tax.

TAXCD51 Sales Tax Exemption for Telecommunications Equipment

No provision.

No provision.

R.C. 5739.02, Section 757.61

Executive

Fiscal effect: Reduces the state sales and use tax base; thus creates a revenue loss to the state GRF and also decreases receipts from county permissive and transit authority sales taxes. The Department of Taxation has estimated a potential yearly state GRF revenue loss of \$2.6 million from this provision. Corresponding losses to local governments from county and transit authority sales taxes would be about \$0.6 million each year.
