### State and Local Fiscal Analysis

#### Adult and Juvenile Correctional Facilities Bond Retirement Fund

H.B. 153 of the 129th General Assembly created the Adult and Juvenile Correctional Facilities Bond Retirement Fund to receive the proceeds from the sale of adult or juvenile correctional facilities. The bill eliminates a requirement that cash in the fund first be used to redeem or annul any outstanding bond debt issued for the facilities sold. The bill also permits the transfer of cash, under certain conditions, from the fund to the Adult Correctional Building Fund and the Juvenile Correctional Building Fund in addition to the General Revenue Fund, as required under current law.

#### STEM school committee

The bill revises the law on proposals for science, technology, engineering, and mathematics (STEM) schools. It creates a temporary STEM subcommittee to consider proposals for STEM schools through July 31, 2012, in lieu of consideration by the whole STEM committee. Under the bill, the whole committee will resume its consideration of proposals on August 1, 2012. The bill also eliminates a requirement that the STEM committee accept proposals through a request for proposals (RFP) process, instead allowing the committee to establish alternative procedures for the submission of proposals. This provision may facilitate the establishment of STEM schools, which are funded through transfers of state aid from students' resident districts.

#### Holocaust Memorial

The bill provides for the design and creation of a memorial on the Capitol Square grounds to victims of the Holocaust and to the Ohioans who participated in the liberation of the death camps during World War II. The Ohio Arts Council and the Capital Square Review and Advisory Board are required to solicit proposals for the memorial and select from among the proposals which memorial will be designed and erected. The bill specifies that only site preparation, utility placement, and other

preliminary construction activities may be paid for with public funds, but does not identify what source of public funds will be used. Planning, designing, and erecting the memorial are to be paid for with only private contributions. The bill requires the Capitol Square Foundation to accept private contributions for the Holocaust Memorial, to be deposited into the Capitol Square Holocaust Memorial Fund.

### Capital reappropriations

The bill reappropriates approximately \$1.23 billion in capital funds for the FY 2013-FY 2014 biennium. This amount represents an estimate of available moneys on July 1, 2012. Generally, the actual reappropriations will be equal to the actual moneys available on July 1, 2012. These capital reappropriations are summarized in the following two tables. Table 1 presents the estimated amounts by fund. Table 2 presents the estimated amounts by fund and agency.
