<b>TOTAL - All Funds</b>	<b>\$9,147,700</b>

---

**ARMY NATIONAL GUARD SERVICE CONTRACT FUND (3420)**

---

**C74537    Renovation Projects - Federal Share** **\$4,709,406**

*County:*    Statewide

This capital appropriation will be used as the federal share for repair and renovation projects at various facilities operated by the Adjutant General's Department. The federal share is generally 50% of the project's total cost. The state share for these projects will be drawn from the Adjutant General's capital line item C74535, General Renovations.

---

**ADMINISTRATIVE BUILDING FUND (7026)**

---

**C74535    Renovations and Improvements** **\$4,338,294**

*County:*    Statewide

This capital appropriation will fund repair and renovation projects at various facilities operated by the Adjutant General's Department. The Department's order of priorities is as follows: (1) roofs and masonry, (2) heating, ventilation and air conditioning (HVAC), electrical, plumbing, and window and doors, and (3) paving (driveways and parking areas). Virtually all of these projects will be eligible for federal funding, with the federal share generally being 50% of the project's total cost. The federal share will be drawn from the Adjutant General's capital line item C74537, General Renovations - Federal.

---

**C74538    Lahm Air Base Improvements** **\$100,000**

*County:*    Richland

This line item provides funding for a community project.

---

**(AGO) ATTORNEY GENERAL**

---

Administrative Building Fund	\$8,510,651
<b>TOTAL - All Funds</b>	<b>\$8,510,651</b>

**ADMINISTRATIVE BUILDING FUND (7026)**

---

**C05502    Bowling Green Facility** **\$2,500,000**

*County:*    Wood

This capital appropriation funds the second phase of a project intended to move the Bureau of Criminal Investigation's (BCI) Bowling Green office from its existing location in commercially leased space to a larger facility which will meet the increasing demand for laboratory and investigative services. Bowling Green State University (BGSU) is collaborating with BCI on the project. Phase II will complete the forensic lab casework, finish all interiors, and complete exteriors for building occupancy.

---

**C05515    Data Center Renovations** **\$4,005,941**

*County:*    Multi-county - Madison, Summit

This capital appropriation funds renovations and upgrades to the server rooms located at the Bureau of Investigation (BCI) facilities in London and Richfield. The upgrades will allow for increased data storage capacity and enhanced power and cooling to the servers.

---

**C05516    BCI London HVAC** **\$1,126,543**

*County:*    Madison

This capital appropriation will fund the replacement of three chillers at the Bureau of Investigation (BCI) laboratory in London. The current chillers were manufactured in 1999 and are at the end of their useful life cycle. Additionally, the refrigerant that is used in these particular models ceased production in 2010. The chillers will be replaced with more energy efficient units and will be less costly to maintain and repair in the future. Replacing and upgrading the HVAC control system at the BCI London facility will allow for better management of temperature and humidity in the laboratories. Environmental inconsistencies could negatively affect the laboratory's forensic casework.

---

**C05517    General Building Renovations** **\$200,000**

*County:*    Statewide

This capital appropriation funds general renovation projects in the Office of the Attorney General's owned facilities. Several projects have been identified and include mitigating moisture and humidity problems in the Ohio Peace Officer Training Academy (OPOTA) dorm rooms, correcting water infiltration issues in the Bureau of Investigation (BCI) facility's windows, and relocating the polygraph area within BCI due to security concerns (all of which are located in London, Ohio). Capital funding for renovation and construction projects such as those listed above will substitute operating funds, which are utilized currently when these types of issues arise.

---

<b>C05518</b>	<b>OPOTA TTC Shooting Range</b>	<b>\$70,921</b>
---------------	---------------------------------	-----------------

*County:* Madison

This capital appropriation funds the addition of sound attenuating baffles to the existing indoor/outdoor shooting range at the Ohio Peace Office Training Academy's (OPOTA) Tactical Training Center (TTC) in London. The appropriation will also fund waterproofing renovations to the roof of the range.

---

<b>C05519</b>	<b>OPOTA TTC Simulators</b>	<b>\$220,000</b>
---------------	-----------------------------	------------------

*County:* Madison

This capital appropriation will fund the replacement of two driving simulators located at the Ohio Peace Office Training Academy's (OPOTA) Tactical Training Center (TTC) in London. The TTC currently has three driving simulators, two of which are older models that are no longer covered by the manufacturer's warranty. Technical support and hardware are also no longer available. Driving simulators emphasize a focus on driving and avoiding multiple distractions. Students are also able to practice intersection clearing, route selection, steering technique, pedal use, eye placement, smooth inputs and Precision Immobilization Techniques (P.I.T.).

---

<b>C05520</b>	<b>BCI London Garage Conversion</b>	<b>\$387,246</b>
---------------	-------------------------------------	------------------

*County:* Madison

This capital appropriation funds the conversion of space that was previously used as a maintenance garage at the Bureau of Investigation (BCI) in London, into a secure processing bay for large items of evidence, a meeting location for law enforcement, a space for the storage of expensive crime scene equipment and approximately 1,300 square feet of office space for the Crime Scene Unit. The maintenance garage is considered to be underutilized and its conversion will allow for BCI to increase its capacity, including the processing of large items of evidence that had been problematic in the past. The BCI facility in London serves 40 of Ohio's southern counties.

**ADMINISTRATIVE BUILDING FUND (7026)**

---

**C70007 Building and Grounds** **\$1,200,000**

*County:* Licking

This appropriation will be used to maintain existing facilities and equipment including parking lots, roofs, HVAC systems, security and fire suppression systems, and so forth at the Department of Agriculture's campus in Licking County. H.B. 482 of the 129th General Assembly appropriated \$1.0 million for these purposes.

---

**C70020 Agricultural Laboratory Facilities** **\$400,000**

*County:* Licking

This appropriation will be used to upgrade and replace miscellaneous laboratory equipment for regulatory programs dealing with animal health and food safety. This includes mass spectrum analysis equipment, autoclaves, incubators, and other such devices. Some of the equipment scheduled for replacement has been in use for over 15 years, and replacement parts are increasingly difficult to find.

**CLEAN OHIO AGRICULTURAL EASEMENT FUND (7057)**

**C70009 Clean Ohio Agricultural Easement** **\$12,500,000**

*County:* Statewide

This appropriation will be used to fund farmland preservation under the Local Agriculture Easement Purchase Program, part of the state's Clean Ohio Fund initiative. Under the program, the state provides up to 75% of the costs of purchasing agricultural easements from willing landowners. Local governments or conservation organizations provide the balance of the funds required to purchase the easement. Since inception, over 52,000 acres of farmland have been preserved under the program.

---

**C80008    Master Plan Update** **\$75,000**

*County:*    Licking

This funding will be used to review and update the State Fire Marshal facility master plan previously developed in January 2009. The updated plan will accommodate the planned growth, expansion, and renovation of the Ohio Fire Academy in light of expanded training opportunities at the facility.

---

**C80023    SFM Renovations and Improvements** **\$3,055,000**

*County:*    Licking

This funding will go toward three projects on the Ohio Fire Academy campus. Specifically, \$1.6 million will be used to renovate the Main Building and improve the building's environmental systems. Next, approximately \$1.2 million will be used to repair roadways and storm drainage systems, rehabilitate two shelters, and upgrade the campus security system. Finally, \$225,000 will be used to convert the HVAC control systems in the "B" Building to appropriate commercial-use standards for the training facility.

---

**C80024    Natural Gas Fire Training Area** **\$250,000**

*County:*    Licking

This project will pay for the installation of several pieces of equipment at a designated natural gas training area, including (1) a natural gas line, (2) a gas control tower, and (3) seven natural gas training aids that represent common natural gas emergencies. Firefighters and natural gas industry professionals will be trained on the equipment to prepare for responding to natural gas accidents.

---

**C80025    Chlorine Trailer** **\$25,000**

*County:*    Licking

This capital appropriation will pay for a chlorine trailer as an off-site training aid to prepare first responders for chlorine emergencies. The trailer, which would replace the current 30-year-old model, will be a component of the State Fire Marshal Ohio Fire Academy's Direct Delivery Program. The trailer's expected useful life is 15 years.

**COAL RESEARCH AND DEVELOPMENT FUND (7046)**

---

**C19505 Coal Research and Development** **\$3,000,000**

*County:* Statewide

This appropriation provides funding for clean coal research under the Coal Research and Development Program. The purpose of the program is to assist municipal, rural, investor-owned utilities, nonprofit, and for-profit entities doing business in Ohio, as well as Ohio-based educational or scientific institutions find ways to burn clean Ohio coal with fewer emissions in a manner that meets federal clean air standards. A total of \$210 million in bonds have been issued for this purpose over the life of the program.

The program is overseen by the Ohio Coal Development Office. Grant awards are made on a cost-share basis to (1) research and development programs at educational and scientific institutions that are studying emissions formation and methods of control, and (2) firms or universities for discovering new technologies or applying existing technologies in an environmentally acceptable manner. During the FY 2013-FY 2014 capital biennium, 16 grants totaling \$18.9 million have been awarded. Aggregate project costs for these 16 grants amount to \$75.3 million, meaning that Coal Research and Development Program funding represents around 25% of the total funding for these projects.

---

**C725K0 State Park Renovations/Upgrading** **\$13,027,940**

*County:* Multi-county - Statewide, Cuyahoga

Of the total amount appropriated to this line item, \$10.0 million will be used to facilitate a comprehensive evaluation of day-use facilities in Ohio's state parks and identify and perform renovation and repairs that will provide the most benefit to guests. Examples of possible projects include irrigation improvements and cart path upgrades at golf courses, dock repair at marinas, and restroom and shelter house repairs and upgrades.

An additional \$2.0 million of this line item will be used for design and construction of projects that will address specific environmental issues at state parks, such as asbestos abatement, storage tank removal, and hazardous material removal.

Finally, \$1,027,940 of this line item is intended to be used for the design and construction of repairs to the Gordon Park Bikeway in Cuyahoga County, which was damaged by the remnants of Hurricane Sandy in the fall of 2012. This trail is part of the former Cleveland Lakefront State Park, which is now under the management of Cleveland Metroparks. This request represents 25% of the total project cost, which constitutes the state's share of the project; up to 75% of eligible project costs may be reimbursed by the Federal Emergency Management Agency (FEMA).

---

**C725N5 Wastewater/Water Systems Upgrades** **\$12,055,000**

*County:* Multi-county - Statewide, Butler, Clermont, Preble

This line item will be used for the design and construction of projects to correct deficiencies in DNR-managed water treatment, distribution, and wastewater systems and bring them into compliance with current regulatory requirements. Projects may include connecting facilities to larger regional water systems where appropriate. Specific projects include the second phase of construction at Hueston Woods State Park in Butler and Preble counties, and East Fork State Park in Clermont County. Other projects are currently being designed at other facilities, and funds will also support the initiation of design on upcoming projects or incremental improvements that have not yet been identified.

These funds will support the renovation of existing structures related to the former Lonz Winery complex on Middle Bass Island, which is currently owned by DNR and is part of Middle Bass Island State Park. The funds will support work on the main winery building, possibly through a public-private partnership being explored by DNR. Asbestos and hazardous material abatement work and initial structural repairs are already underway using FY 2013-FY 2014 capital funding, which will also support construction beginning in the spring of 2014 on the Press House facility, utility extensions, and new public restrooms.

---

**C725R4 Dam Rehabilitation - Parks \$41,100,000**

*County:* Multi-county - Statewide, Auglaize, Logan, Morrow, Summit

This line item will be used for the design and construction of high-priority projects to correct deficiencies at DNR-owned dams and other water control structures and bring them into compliance with current dam safety regulations. DNR is responsible for 117 regulated dams statewide, 56 of which are rated as Class I, which have the potential for loss of life and significant property damage in the event of failure. Specific projects include \$17.5 million for final design and construction on dam, spillway, and outlet structure improvements at Indian Lake, Lake Loramie, Mount Gilead, and Portage Lakes State Parks. Other work includes preliminary and final design and construction support services for Class I dams for which condition assessments will be completed in 2014, detailed assessments of other Class I dams, and initiation of a master planning effort to guide decision-making on future dam project priorities and budgeting.

**CLEAN OHIO TRAIL FUND (7061)**

---

**C72514 Clean Ohio Trail Fund \$12,500,000**

These funds will support the continuation of competitive grants to local governments and other eligible entities through the Clean Ohio Trail Fund (Fund 7061). These grants provide funding for recreational trail projects throughout the state.

**WATERWAYS SAFETY FUND (7086)**

---

**C725A7 Cooperative Funding for Boating Facilities \$9,200,000**

*County:* Statewide

Of the total appropriation for this line item, \$9.0 million will support competitive grants of up to 100% of the cost for renovation and development of boat launch ramps, marinas, and dredging at public recreational boating areas statewide. Grants may be awarded both to eligible outside entities such as local governments, as well as other DNR divisions, primarily the Division of Parks and Recreation. The remaining \$200,000 will support the design and construction of improvements to canoe and kayak access points on designated state scenic rivers, including improving access to the water and land-based facilities, such as parking and signage.

---

**C725N9 Operations Facilities Development \$820,000**

*County:* Statewide

This line item will be used to provide for the design and construction of capital improvement projects at Division of Watercraft facilities throughout the state. These may include the repair and replacement of patrol boat storage facilities and district office renovations.

---

**C725Q6 Facilities Development \$5,363,274**

*County:* Cuyahoga

This line item will support the design and construction of repairs at the Edgewater Marina Facility, part of the former Cleveland Lakefront State Park, which is now under the management of Cleveland Metroparks. The marina was damaged by the remnants of Hurricane Sandy in October of 2012. Work includes the design and construction of projects to repair or replace the marina docks, associated utility systems, and damaged portions of the breakwall. Some work has begun using FY 2013-FY 2014 capital appropriations. The amount of this request reflects the state's 25% share of the total marina dock replacement project cost. The remaining 75% is eligible for reimbursement through the Federal Emergency Management Agency (FEMA). The breakwall portion of the project was determined not to be eligible for FEMA funding.

**HIGHWAY SAFETY FUND (7036)**

---

<b>C76000</b>	<b>Platform Scales Improvements</b>	<b>\$350,000</b>
<i>County:</i>	Statewide	

This line item will be used to fund the renovation and repair of Ohio State Highway Patrol platform scales and scale houses. The HVAC units, electrical, and plumbing are expected to be repaired. In addition, the Department plans to repair and/or replace scale pit walls and scale pads.

---

<b>C76036</b>	<b>ShIPLEY Building Renovations and Improvements</b>	<b>\$2,250,000</b>
<i>County:</i>	Franklin	

This line item will be used for three different projects. The first is upgrading the current security and life safety systems. The upgrades to the security of the facility include installing planters, bollards and vehicle barriers, and landscape boulders for a higher level of protection for the Shipley Building. In addition, the Department plans to upgrade the security control center, including new monitors, digital cameras, and improved access controls and badging systems. Finally, modernization of the original fire alarm system will be included in this project. The Department estimates that this project will cost \$1.25 million.

The second project consists of preparing design documents to provide for modernization of the six elevators (five passenger and one freight) in the Shipley Building in order to bring the building up to the current State of Ohio Elevator Code. The Department estimates that this project will cost approximately \$750,000.

The third project consists of creating a centralized location for public meeting and conference rooms. The Department estimates that this will cost approximately \$250,000.

Adult Correctional Building Fund	\$130,000,000
<b>TOTAL - All Funds</b>	<b>\$130,000,000</b>

**ADULT CORRECTIONAL BUILDING FUND (7027)**

**C50101 Community-Based Correctional Facilities \$15,000,000**  
*County:* Statewide

This capital appropriation provides funds to renovate systems and components of various operational community-based correctional facilities (CBCFs), including grounds, roofs, mechanicals, plumbing, heating, ventilation, and air conditioning (HVAC), flooring, and security. To date, \$91-plus million in state capital moneys have been appropriated for the building and subsequent renovation of nineteen (19) CBCFs, which are secure, intensive residential treatment facilities. Eighteen of those CBCFs are currently in operation.

As part of its network community sanctions programs, the Department provides 100% of the financing for the construction, maintenance, and operation of these locally-operated facilities that provide education and substance abuse treatment services thereby diverting nonviolent felony offenders from state prison. In FY 2013, the existing network of CBCF's provided services for 6,784 offenders. The average length of stay is about four months.

**C50136 General Building Renovations \$114,000,000**  
*County:* Statewide

This capital appropriation funds maintenance and repair of existing structures within the correctional institutions including window replacements, roof replacements, floor repairs, utility tunnel renovations, shower and laundry renovations, compound lighting upgrades, HVAC unit replacements, tuck pointing and cornice repair, and Americans with Disabilities Act (ADA) renovations.

---

**C501FD Project Management \$1,000,000**

*County:* Franklin

This capital appropriation will fund costs associated with the employment of four staff (one safety and health program consultant and three facility planning project managers) that will work in the Department's Bureau of Construction, Activation and Maintenance. These four staff will provide assistance with the maintenance and renovation of various DRC prison facilities.

**C90065 G - Resident Safety and Fire Alarm Replacement \$498,030**

*County:* Brown

This capital appropriation funds resident safety fire alarm replacement projects at the Ohio Veterans Home in Georgetown. It represents the federal share, or 65%, of the project's total estimated cost of \$766,200. The state's required match of 35%, or \$268,170, is appropriated from the Veteran's Home Improvement Fund (Fund 6040) to capital line item C90064, G-Resident Safety and Fire Alarm Replacement.

Based on the Department's budget request, the capital appropriation is for the following purposes:

**Install Commercial Doors**

Install and replace four pairs of residential French doors with commercial doors. The existing doors are splitting, causing the motors on the automatic openers to burn out and malfunction. The existing doors also do not seal properly.

**Replace Existing Fire Alarm System**

Replace the current fire alarm system with a modern system that will provide emergency notification to each resident in the facility. The current system is no longer supported by the manufacturer and replacement parts are no longer produced.

**Install Bed Locators**

Install bed locators in the residents' rooms. A bed locator is a high impact device that allows for quick positioning of a bed while preventing damage to the walls. The devices also protect against possible electrical shock when the beds accidentally impact power outlets.

**Remodel Central Spas**

Renovate the central tub rooms into central spa rooms. The rooms currently pose tripping hazards for residents going into and out of the shower. The renovation will redesign the layout of the room.

**C90067 S - Veterans Hall HVAC Mechanical Upgrade \$3,742,375**

*County:* Erie

This capital appropriation funds the installation of a new heating, ventilation, and air conditioning system in all resident rooms in the Veterans Hall Domiciliary, which is located on the grounds of the Ohio Veterans Home Sandusky facility. The project will replace 344 thru the wall units that were originally installed in 1992 and have outlived their 15-year life cycle. This appropriation represents the federal share, or 65%, of the project's total estimated cost of \$5,757,500. The state's required match of 35%, or \$2,015,125, is appropriated from the Veteran's Home Improvement Fund (Fund 6040) capital line item C90066, S-Veterans Hall HVAC Mechanical Upgrade.

**C90069 S - Window Replacement \$1,474,422**

*County:* Erie

This capital appropriation funds the replacement of the windows in the Secrest Nursing Home, the Giffin Nursing Care Facility, and Veterans Hall Domiciliary, which are located on the grounds of the Ohio Veterans Home Sandusky facility. This appropriation represents the federal share, or 65%, of the project's total estimated cost of \$2,268,341. The state's required match of 35%, or \$793,919 is appropriated from the Veteran's Home Improvement Fund (Fund 6040) to capital line item C90068, S-Window Replacement. The Ohio Facilities Commission recommended the replacement during an assessment of the Department's facilities. According to the Department, the potential energy savings could total \$86,610 per year. If Ohio Edison offers a rebate (50% to 80% of the first year's savings), additional savings could total \$44,305 to \$70,888.

**VETERANS' HOME IMPROVEMENT FUND (6040)**

**C90064 G - Resident Safety and Fire Alarm Replacement \$268,170**

*County:* Brown

This capital appropriation funds resident safety fire alarm replacement projects at the Ohio Veterans Home in Georgetown. It represents the state share, or 35%, of the project's total estimated cost of \$766,200. The federal share (65%), or \$498,030 is appropriated from the Nursing Home - Federal Fund (Fund 3190) to capital line item C90065, G-Resident Safety and Fire Alarm Replacement. The purpose for which these appropriated moneys will be used is described under capital line item C90065, G-Resident Safety and Fire Alarm Replacement

<b>C90070</b>	<b>G - Parking Lot Expansion</b>	<b>\$1,086,000</b>
---------------	----------------------------------	--------------------

*County:* Brown

This capital appropriation funds the expansion of two parking areas located at the Ohio Veterans Home in Georgetown. The front parking lot will increase visitor and family member parking by 36 spaces. A wooded area will require clearing and drainage issues will be corrected. The parking area around the service building will also be completed. This project is not eligible for federal grant funding through the U.S. Department of Veterans Affairs.

---

<b>C90071</b>	<b>S - Pharmacy Relocation and Automation</b>	<b>\$685,000</b>
---------------	---	------------------

*County:* Erie

This capital appropriation funds the relocation and automation of the pharmacy located in the Secrest Nursing Home, which is on the grounds of the Ohio Veterans Home Sandusky facility. This project is not eligible for federal grant funding through the U.S. Department of Veterans Affairs. Based on the Department's budget request, the capital appropriation is for the following purposes:

**Pharmacy Relocation, Shelving and Furniture**

Relocate the existing pharmacy into larger space and purchase shelving and furniture for the new pharmacy space, which will be larger than the current location. The estimated cost is \$110,000.

**Positive Pressure Isolator**

Purchase of a Positive Pressure Isolator for the pharmacy. This equipment will allow for the preparation of certain medications on site, which will save money in terms of travel costs for residents who currently must travel to a hospital for these types of medications. The equipment cost is estimated to be \$20,000.

**Automated Packaging Machine with Optical Verification**

Purchase an Automated Packaging Machine with Optical Verification, which will allow for more efficient and safe packaging of prescriptions. The equipment cost is estimated to be \$530,000.

**Chemical Fire Suppression System**

Purchase a chemical fire suppression system to protect the equipment listed above. The equipment cost is estimated to be \$25,000.

---

**C47001 Fire Suppression, Safety, and Security \$995,240**

*County:* Statewide

This capital appropriation item will be used for safety and security renovations at the Circleville, Cuyahoga Hills, and Indian River juvenile correctional facilities operated by the Department of Youth Services. Projects to be funded by this line item include federal Prison Rape Elimination Act (PREA) enhancements to take away hidden areas and improve visibility (new camera installation, windows in door, and mirror in ceilings), exterior window replacements, lighting replacements, perimeter fence improvements, and surveillance camera system upgrades.

---

**C47002 General Institutional Renovations \$3,683,697**

*County:* Statewide

This capital appropriation item will be used for general improvements, typically large maintenance and repair renovations, at the Circleville, Cuyahoga Hills, and Indian River juvenile correctional facilities operated by the Department of Youth Services. The Department's priorities include HVAC replacements, boiler replacements, shower and restroom renovations, freezer/cooler replacements, space expansions, new capital equipment, tuck pointing exterior brick, and roof repairs.

---

**C47003 Community Rehabilitation Centers \$3,942,600**

*County:* Statewide

This capital appropriation item will be used to make general renovations at county-operated community corrections facilities (CCFs) including door and lock repairs, security system upgrades/improvements, PREA enhancements, HVAC repairs, boiler replacements, lighting upgrades, roof replacements, and carpeting replacement.

CCFs provide treatment services in a secure facility to felony level offenders between the ages of 12 and 18 that would otherwise be committed into the care and custody of the Department. There are currently 12 operational CCFs statewide. In FY 2013, CCFs served 570 youth from 63 counties. The Department of Youth Services is responsible for the entire cost of the general renovations at the CCFs.

---

**C47004 Housing Unit Replacements – Circleville JCF \$24,920,760**

*County:* Pickaway

This capital appropriation item will be used for the demolition and replacement of the existing housing buildings at the Circleville Juvenile Correctional Facility operated by the Department of Youth Services.

---

**C47007 Local Juvenile Detention Centers \$1,212,024**

*County:* Statewide

This capital appropriation item will be used to provide 60% state matching funds for renovation and maintenance projects at various juvenile detention centers. Juvenile detention centers are secure, county-operated facilities intended to provide short-term care and custody of alleged and adjudicated juvenile offenders. The Department's priorities include:

**Lorain County Juvenile Detention Center**

Replace existing windows that allow wind and cold through the gaps in the glass and pose an escape risk. The project's total estimated cost of \$27,600 will be financed by \$16,560 in state appropriations and \$11,040 in county matching funds.

**Logan County Juvenile Detention Center**

Replace the existing camera surveillance system recording equipment, which has exceeded its normal life expectancy, with digital cameras. The project's total estimated cost of \$110,000 will be financed by \$66,000 in state appropriations and \$44,000 in county matching funds.

**Allen County Juvenile Detention Center**

Replace the antiquated cameras throughout the facility. The project's total estimated cost of \$25,000 will be financed by \$15,000 in state appropriations and \$10,000 in county matching funds.

**Warren County Juvenile Detention Center**

Make various repairs and improvements including fencing improvements, metal detector replacement, sidewalk replacement, interior painting, and flooring replacement. The project's total estimated cost of \$273,000 will be financed by \$164,000 in state appropriations and \$109,000 in county matching funds.

**Greene County Juvenile Detention Center**

Replace existing camera surveillance system recording equipment, which has exceeded the normal life expectancy, with digital cameras. The project's total estimated cost of \$250,000 will be financed by \$150,000 in state appropriations and \$100,000 in county matching funds.

**Butler County Juvenile Detention Center**

Make various repairs and improvements including HVAC digital controls replacement, plumbing fixture replacement, lighting fixture replacement, PREA enhancements, flooring replacements, and mezzanine railing extension. The project's total estimated cost of \$917,440 will be financed by \$550,464 in state appropriation and \$366,976 in county matching funds.

**Unidentified PREA and Safety and Security Issues**

Reserve in the amount of \$250,000 for yet to be identified PREA and safety and security issues in the network of juvenile detention centers,

---

**C47017 Roof Replacement – Administration Building \$1,350,000**  
*County:* Stark

This capital appropriation item will be used to replace the flat roofs on the oldest portions of the existing structure at the Indian River Juvenile Correctional Facility operated by the Department of Youth Services and located in Stark County. The existing portions of the roof to be replaced are more than 30 years old and have deteriorated.

*County:* Statewide

These moneys are from the profits of the Ohio Lottery. Funds received from both this item and Fund 7032 appropriation item C23002, School Building Program Assistance, will be used to provide the state share of basic project costs to those school districts participating in facilities programs overseen by the School Facilities Commission (SFC). Eligibility and priority for a district receiving state assistance is generally determined by the relative wealth of the district as measured through its three-year average adjusted valuation per pupil and the need to replace classroom facilities as assessed by SFC.

**ADMINISTRATIVE BUILDING FUND (7026)**

---

**C23016 Energy Conservation Projects \$3,000,000**

*County:* Statewide

Funds received from this line item will be used by FCC Office of Energy Services (OFCC-ES) to award capital funding on a competitive basis to state agencies for energy related projects. Funding will be prioritized based upon the return on investment. Funds may be used to retrofit and renovate existing state buildings with more energy efficient equipment or supplement new construction projects in cases where a slightly more energy efficient design could yield significant savings over the life of the building.

**C230E5 State Agency Planning/Assessment \$500,000**

*County:* Statewide

Funds received from this item will be used to complete a statewide assessment of state agency facilities for capital master planning and maintenance management. This assessment will determine the current physical condition of a facility and an estimate of costs necessary to repair, update and renovate the facility to current facility type, code, and agency standards. The data developed from the assessment will support agency facility maintenance and utilization management.

**C23038 OHS - Fort Amanda State Memorial \$395,000**

*County:* Auglaize

The funds in this line item will be used for the first phase of a two-phase project to repair and restore the memorial and surrounding area. Phase one of the project consists of an archaeological investigation and survey, repairs to erosion on the pathway, and rebuilding the retaining wall.

---

**C23042 Tecumseh - Sugarloaf Mountain Amphitheatre \$33,500**

*County:* Ross

This line item provides funding for a community project.

---

**C23044 OHS - Ohio River Museum \$52,200**

*County:* Washington

A portion of the funds in this line item will be used for the study and preliminary design to develop detailed concepts and plans for the expansion of the museum and development of accessible exterior interpretive exhibits. The Society estimates that this will cost approximately \$10,000 in each of the next two biennia.

The funds in this line item will also be used to restore the interior crew quarters of the W.P. Snyder, Jr., the sole surviving steam-powered stern wheel towboat in the United States, with historic finishes and furnishings. The Society will use a federal transportation enhancement grant for most of the project, but it estimates that it will use \$42,200 for state matching funds.

In fiscal years 2009-2010, \$876,000 was appropriated for matching funds for the Save America's Treasures grant from the National Park Service and in 2013-2014, \$222,000 was appropriated for matching funds to a transportation enhancement grant to restore the boat above the hull.

---

**SCHOOL BUILDING PROGRAM ASSISTANCE FUND (7032)**

---

**C23002 School Building Program Assistance****\$575,000,000***County:* Statewide

These moneys are generated from the sale of bonds. Funds received from both this item and Fund 7017 appropriation item C23014, Classroom Facilities Assistance Program - Lottery Profits, will be used to provide the state share of basic project costs to those school districts participating in facilities programs overseen by the School Facilities Commission (SFC). Eligibility and priority for a district receiving state assistance is generally determined by the relative wealth of the district as measured through its three-year average adjusted valuation per pupil and the need to replace classroom facilities as assessed by the SFC.

**HIGHER EDUCATION IMPROVEMENT FUND (7034)**

---

**C23501 Ohio Supercomputer Center \$12,000,000**

*County:* Franklin

These funds will support various projects at The Ohio Supercomputer Center (OSC), which manages the OSCnet that provides internet services to colleges and universities, K-12 schools, hospitals, and public television stations. Projects supported with these funds include increasing OSC's total computational capacity and housing an updated system at the State of Ohio Computer Center, which will require modifications to support OSC. Previous capital appropriations for OSC include \$2.0 million in H.B. 482, \$2.0 million in H.B. 562, \$0.2 million in H.B. 699, \$6.8 million in H.B. 16, \$8.5 million in H.B. 675, \$6.5 million in H.B. 640, and \$14.3 million in H.B. 850.

---

**C23502 Research Facility Action and Investment Funds \$3,500,000**

*County:* Statewide

These funds are to be used for a grant program that provides timely availability of capital facilities for research programs and research-oriented instructional programs at or involving state-supported and state-assisted institutions of higher education. The maximum capital commitment match from BOR is \$3.0 million, and the minimum match is \$60,000. H.B. 640 changed this appropriation item's name from Research Facility and Investment Loans and Grants to Research Facility Action and Investment Funds. Previous appropriations include \$3.9 million in H.B. 482, \$5.5 million in H.B. 562, \$5.5 million in H.B. 699, \$5.0 million in H.B. 16, \$19.0 million in H.B. 675, \$20.0 million in H.B. 640, and \$20.0 million in H.B. 850.

---

**C23516 Ohio Library and Information Network \$12,000,000**

*County:* Statewide

These funds will support the annual acquisition of the latest digital library content for the OhioLINK membership. Specifically, the funds will subsidize the cost of high-quality electronic journal and database content that OhioLINK institutions rely on for research and training, with a large portion of the purchased content focusing on science, technology, engineering, mathematics, and medicine (STEMM) disciplines. Previous appropriations include \$9.0 million in H.B. 482, \$9.9 million in H.B. 562, \$5.4 million in H.B. 699, \$8.1 million in H.B. 16, \$8.2 million in H.B. 675, \$7.5 million in H.B. 640, and \$6.5 million in H.B. 850.

---

**C23524 Supplemental Renovations - Library Depositories \$2,000,000**

*County:* Statewide

These funds support basic renovations at the five regional library depositories, which allow the largest university libraries to store less used materials in off-site facilities. Previous appropriations include \$2.0 million in H.B. 482, \$5.5 million in H.B. 562 and \$2.0 million in H.B. 699.

---

**C23529 Workforce Based Job Training and Equipment \$8,500,000**

*County:* Statewide

These funds will be used to provide capital improvement grants to Ohio's public colleges and universities to help them deliver non-credit training and assessment services. Grants are to be awarded on a competitive basis. Training and assessment services will continue to support the attraction, expansion, and retention of business projects related to local and regional economic development efforts. Previous appropriations include \$2.0 million in H.B. 482 and \$2.4 million in H.B. 562.

---

**C23530 Technology Initiatives \$4,500,000**

*County:* Franklin

These funds are used for needed infrastructure improvements. The priority project in the FY 2015 - FY 2016 biennium will be the upgrade of the Higher Education Information (HEI) system. Established in the FY 1999-FY 2000 biennium, this program generally supports collaborative initiatives to improve the quality and efficiency of instruction, services, and program offerings at state colleges and universities. Previous appropriations for this program include \$3.1 million in H.B. 482, \$3.7 million in H.B. 562, \$2.0 million in H.B. 699, \$3.7 million in H.B. 675, \$10.0 million in H.B. 640, and \$10.0 million in H.B. 850.

---

**C23532 Dark Fiber/OARnet \$7,000,000**

*County:* Franklin

These funds are used to support the OSCnet network that interconnects Ohio's colleges and universities with each other as well as with national commercial and academic networks. This appropriation will fund the purchase of new equipment to replace outdated equipment, the completion of Phase 2 of the 100 Gigabit per second gear update, and the purchasing of equipment and devices to increase bandwidth to 90 universities and Information Technology Center (ITC) sites throughout the state. Previous appropriations include \$2.0 million in H.B. 482, \$2.0 million in H.B. 562, \$5.0 million in H.B. 699, \$4.5 million in H.B. 16, and \$5.0 million in H.B. 675.

---

**C23550 Small Campus Targeted Workforce Development Expansion \$16,000,000**

*County:* Statewide

These funds will be used by the Chancellor to provide funding to support eligible capital projects at certain community colleges, state community colleges, and technical colleges. Under the program, the Chancellor will establish a competitive process to award funds, with no award allocation exceeding \$5 million. BOR must seek approval of the Controlling Board to transfer appropriation to any institution receiving a project award.

---

<b>C23551</b>	<b>Research Portal</b>	<b>\$500,000</b>

<b>C25053</b>	<b>Law Building Renovation</b>	<b>\$5,000,000</b>
<i>County:</i>	Summit	

These funds will be used to complete the renovation of the McDowell Law Center and West Hall. The total project cost is estimated at \$20.0 million, with \$5.0 million provided by the state, \$6.4 million provided with local funds, and \$8.6 million provided by other sources of funds.

---

<b>C25054</b>	<b>General Lab Renovations</b>	<b>\$4,000,000</b>
---------------	--------------------------------	--------------------

*County:* Summit

These funds will be used to replace teaching and research laboratory casework and finishes in the Auburn Science and Engineering Center, the Knight Chemical Laboratory Building, the Goodyear Polymer Building, and the Olson Research Center. This project is part of the UAK's undertaking of a \$58.0 million energy conservation project.

---

<b>C25055</b>	<b>Auburn Science and Engineering Center</b>	<b>\$3,300,000</b>
---------------	--	--------------------

*County:* Summit

These funds will be used to restore the south and west façade elevations and to replace the roofs over lower areas of the Auburn Science and Engineering Center. The Center houses over 405,000 square feet of academic and research space.

---

<b>C25056</b>	<b>Research Lab Renovations</b>	<b>\$2,500,000</b>
---------------	---------------------------------	--------------------

*County:* Summit

These funds will be used to renovate laboratories in the Auburn Science and Engineering Center and the Olson Research Center. The project will create surgical and laboratory spaces that can vary HVAC temperatures, pressurizations, and flows based on usage.

---

<b>C25057</b>	<b>Electrical Infrastructure - Loops</b>	<b>\$2,500,000</b>
---------------	--	--------------------

*County:* Summit

These funds will be used to replace the center campus' deteriorated 4,160 volt cable and duct bank with a 23,000 volt loop and duct bank. In addition, the funds will provide an alternative feed to Exchange Street and South Hall Student Residences creating a separate 23,000 volt loop.

---

<b>C25058</b>	<b>Central Hower Infrastructure</b>	<b>\$1,200,000</b>
---------------	-------------------------------------	--------------------

*County:* Summit

These funds will be used to extend the main campus utilities, such as high temperature water, chilled water, and electricity. Until July 2013, the HVAC system in Central Hower was operated off a city-wide steam system, which is no longer available. Currently, the HVAC system relies on natural gas boilers that are 20% more expensive to operate than the cost to extend campus utilities as proposed under this project.

<b>C26530</b>	<b>Medical Science Building Renovation and Expansion</b>	<b>\$28,800,000</b>
---------------	--	---------------------

*County:* Hamilton

These funds will support phases 2 through 4 of the renovation of the 1,000,000 gross square foot Medical Sciences Building (MSB). Renovation will replace building systems with new efficient and compliant systems. Previous projects at MSB include Phase 1, which renovated portions of the lower five floors of MSB, and the construction of a 257,787 gross square foot addition west of MSB called the Center for Academic and Research Excellence (CARE)/Crawley Building in 2008. Total project expenditures have reached a total of \$186.0 million with the University of Cincinnati contributing \$107.4 million in local funds. Previous state appropriations for this project total \$78.6 million over the previous five capital biennia.

---

<b>C26676</b>	<b>Wherry and Health Professions Building Rehabilitation</b>	<b>\$8,000,000</b>
---------------	--	--------------------

*County:* Hamilton

These funds will support the renovation of the Health Professions Building (HPB) and Wherry Hall. HPB, originally built in 1916, includes 118,000 gross square feet of lab, office and teaching space. Wherry Hall was constructed in 1959 providing 66,000 gross square feet of laboratory, classroom and office space. Built at different times, the buildings are connected on the south wall and the systems of each serve the whole. The renovated structure proposed will serve primarily the College of Pharmacy and Allied Health with shared classroom space for these colleges in addition to the College of Medicine. The total project is estimated at \$34.0 million.

---

**C26065 Main Classroom Renovation \$4,000,000**

*County:* Cuyahoga

These funds will be used for the renovation of 20 classrooms and supporting facilities of over 20,000 square feet of space at the campus' main classroom. The scope of the renovation includes reconfiguration of existing space (walls, egress, building systems, etc.), upgrades to state of the art technology, modernization of safety systems, and code compliance. The main classroom building was constructed in 1970 and is the primary location for between 35% to 40% of undergraduate and graduate courses taught at the university. The estimated project cost is \$4.0 million.

---

**C26066 Center for Research and Innovation \$1,600,000**

*County:* Cuyahoga

These funds will enable the university to continue to shift its educational model to create an academic environment that promotes innovation, discovery, and entrepreneurship, and facilitates interdisciplinary collaborations and engagement with industry by creating flexible, state of the art shared use facilities for the physical science and engineering disciplines. The center will consist of 6 to 8 labs of varying sizes with an aggregate renovation size of 8,400 square feet. The estimate project cost is just under \$1.7 million.

<b>C27549</b>	<b>Classroom Modernization and Maintenance</b>	<b>\$5,000,000</b>
<i>County:</i>	Greene	

These funds will be used to renovate general classrooms, tiered classrooms, and rooms to be transformed into active learning environments in many facilities throughout campus. The project will also include a study of the existing classroom inventory to identify and prioritize spaces in need of renovation based upon enrollment trends, utilization rates, technology requirements, and new learning models.

---

<b>C27550</b>	<b>Creative Arts Center</b>	<b>\$3,650,000</b>
---------------	-----------------------------	--------------------

*County:* Greene

These funds will be used for the renovation and expansion of WSU's Creative Arts Center (CAC), which houses the university's three fine and performing arts departments. Total project costs are estimated at \$22.8 million. The project will increase the building's accessibility, technology, and course offerings, as well as address deferred maintenance. The project also includes converting the existing Television Center building into a home for WSU's nationally renowned Motion Pictures program and repurposing existing space adjacent to the Television Center to house a "New Media Incubator."

---

<b>C27551</b>	<b>Veterans and Workforce Gateways</b>	<b>\$3,500,000</b>
---------------	--	--------------------

*County:* Greene

These funds will be used to renovate the 2nd and 3rd floors of the Student Union to support the mission of WSU's one-stop centers, or "gateways," that serve students along three critical points on the path to graduation and to entering the workforce. The Welcome Center, one gateway, was completed in September 2013 and the Student Success Center and Academic Building, a second gateway, will be completed in September 2015. This project will encompass a third gateway for international students, veterans, and students who are completing degrees in their post-graduation career.

---

<b>C27552</b>	<b>Shared Services - Salt Storage</b>	<b>\$1,000,000</b>
---------------	---------------------------------------	--------------------

*County:* Greene

These funds will be used to support the relocation of WSU's grounds maintenance yard and to provide a shared site for salt storage for use by WSU, the cities of Beavercreek and Fairborn, and the Ohio Department of Transportation. <b>C27553</b>	<b>Data Analytics and Visualization Environment</b>	<b>\$600,000</b>
---------------	---	------------------

*County:* Greene

These funds will be used to create a Data Analytics and Visualization Environment (D.A.V.E.) in the Raj Soin College of Business by modernizing the existing RFID laboratory, which was established in 2007 and occupies about 500 square feet of space on the second floor. The proposed D.A.V.E. lab expands the existing lab with potential for further expansion. The project will also replace the aging RFID equipment with advanced and effective technologies to support education, research, and collaboration in the field of data analytics, data visualization, and big data computing.

**C58001 Community Assistance Projects** **\$15,000,000**

*County:* Statewide

Funds will be used for various community capital projects and programs, which include developing affordable housing with appropriate supportive services, developing treatment oriented residential facilities, inter-departmental planning and development of service and facility needs for special groups of people who have a severe mental disability, developing consumer-oriented, cooperative community services sites, and developing decentralized outpatient service facilities.

---

**C58007 Infrastructure Renovations** **\$2,000,000**

*County:* Statewide

These funds will be used to add a second point of network entry into ODMHAS's hospitals from a second network carrier. Should the primary connection be lost, the router would switch over to the back up circuit, thus allowing the continuation of network availability. The following hospital campuses will gain this new network entry point: Appalachian Behavioral Healthcare, Heartland Behavioral Healthcare, Northcoast Behavioral Healthcare, Northwest Ohio Psychiatric Hospital, Summit Behavioral Healthcare, and Twin Valley Behavioral Healthcare.

State Capital Improvements Fund	\$300,000,000
State Capital Improvements Revolving Loan Fund	\$69,000,000
Clean Ohio Conservation Fund	\$75,000,000
<b>TOTAL - All Funds</b>	<b>\$444,000,000</b>

**STATE CAPITAL IMPROVEMENTS FUND (7038)**

---

**C15000 Local Public Infrastructure/State CIP** **\$300,000,000**

*County:* Statewide

This appropriation will fund program years 28 and 29 of the State Capital Improvement Program (SCIP), which provides low-interest loans and grants to local governments for projects involving roads and bridges, fresh water treatment and distribution systems, wastewater collection and treatment facilities, storm sewer systems, and solid waste disposal facilities. The State Capital Improvements Fund (Fund 7038) receives \$150 million in bond proceeds each year, with debt service paid from the GRF. All repayments of loans made under SCIP are deposited into the Revolving Loan Fund (Fund 7040).

**STATE CAPITAL IMPROVEMENTS REVOLVING LOAN FUND (7040)**

---

**C15030 Revolving Loan** **\$69,000,000**

*County:* Statewide

These funds provide additional revolving loan funds to supplement the State Capital Improvement Program (SCIP). The revolving loans are approved through SCIP, and loan principal and interest are repaid by local governments into Fund 7040. Once all repayments are collected from the local governments in a particular district, the Public Works Commission reallocates the collective sum of a district's loan repayments back to the district's Public Works Integrating Committees, which then re-loan or "revolve" the funds for new capital improvements.

**CLEAN OHIO CONSERVATION FUND (7056)**

---

<b>C15060</b>	<b>Clean Ohio Conservation Program</b>	<b>\$75,000,000</b>
<i>County:</i>	Statewide	

This appropriation provides funding for local governments and non-profit organizations to acquire open space and undertake riparian corridor enhancement projects under the Clean Ohio Conservation Program (COCP). Investment income generated from the bond proceeds covers PWC's costs for administering the program.
