Analysis of FY 2020-FY 2021 budget

The Ohio Architects Board and the Ohio Landscape Architects Board are two boards that operate under a combined budget and share staff and facilities. Each board consists of five members appointed by the Governor. For the Architects Board, all five members must be architects who have been in active practice in Ohio for at least ten years. For the Landscape Architects Board, three members must be landscape architects registered with the state for at least five years, one must be a licensed design professional, and one must represent the public. For the purpose of this report, the two boards together are referred to as ARC. The day-to-day operations of ARC are handled by a staff of four employees, led by an executive director.

ARC receives no GRF funding, but is supported entirely by fees that are deposited into the Occupational Licensing and Regulatory Fund (Fund 4K90). ARC uses appropriation item 891609, Operating, to pay its expenses.
