Capital Item Analysis

Capital Appropriations
(FY 2021-FY 2022)

December 17, 2020

Introduction

This report is an analysis of the capital appropriations in S.B. 310 of the 133rd General Assembly. S.B. 310 appropriates just under \$2.13 billion in new capital appropriations for the biennium ending June 30, 2022, and authorizes about \$1.75 billion in new debt. The report contains a number of summary reports which break down S.B. 310's capital appropriations by fund and agency, list all new debt authorizations, list all projects by county, and list only community projects by county. These summary reports are followed by a detailed analysis that provides a description of each capital appropriation.

The 133rd General Assembly made additional new capital appropriations in S.B. 4, effective October 13, 2020. S.B. 4 appropriates \$555.0 million in new capital appropriations for the biennium ending June 30, 2022, and authorizes \$525.0 million in new debt. An analysis of the capital appropriations and new debt authorizations in S.B. 4 may be found in [LSC's fiscal note for that bill](#).

Including both S.B. 310 and S.B. 4, the 133rd General Assembly's capital appropriations for new projects total approximately \$2.68 billion. Total new debt authorizations amount to \$2.28 billion.

(ADJ) ADJUTANT GENERAL

Armory Improvements Fund	\$950,000
Army National Guard Service Contract Fund	\$13,627,062
Administrative Building Fund	\$10,758,211
TOTAL - All Funds	\$25,335,273

ARMY NATIONAL GUARD SERVICE CONTRACT FUND (3420)

C74537	Renovation Projects - Federal Share	\$9,410,962
---------------	--	--------------------

County: Statewide

This capital appropriation provides the federal share of repair and renovation projects at various facilities operated by the Adjutant General's Department that are eligible for a federal match under the Army National Guard Facilities Program. The Department currently maintains 49 operational readiness centers and a number of other facilities at the Camp Perry Training Site (Ottawa County) and the military complex at the Rickenbacker Air National Guard Base (Franklin County).

The federal share is 50% of a project's total estimated cost. The state share will be funded with money appropriated from either the Administrative Building Fund (Fund 7026) to the Adjutant General's capital line item C74535, Renovations and Improvements, or the Armory Improvements Fund (Fund 5340) to the Adjutant General's capital line item C74542, Renovations and Improvements.

C74539	Renovations and Improvements – Federal	\$4,216,100
---------------	---	--------------------

County: Statewide

This capital appropriation funds various renovation and improvement projects at facilities managed by the Adjutant General's Department that, per an agreement with the federal National Guard Bureau, are to be 100% federally funded.

ARMORY IMPROVEMENTS FUND (5340)

C74542	Renovations and Improvements	\$950,000
---------------	-------------------------------------	------------------

County: Statewide

This capital appropriation funds the state share of renovation projects at armories operated by the Adjutant General's Department. The federal share is funded with money appropriated from the Army National Guard Service Contract Fund (Fund 3420) to the Adjutant General's capital line item C74537 Renovation Projects - Federal Share.

ADMINISTRATIVE BUILDING FUND (7026)

C74528	Camp Perry Improvements	\$1,686,250
---------------	--------------------------------	--------------------

County: Ottawa

This capital appropriation funds the fourth and final phase of the Camp Perry Master Plan developed in 2003. The plan calls for the demolition of 27 outdated cottages constructed in the 1930s and 1940s and their replacement with up to 23 modern modular housing units along with the necessary infrastructure. To date, 18 housing units have been constructed. This appropriation will finance the construction of five more housing units and the completion of remaining work on roads, sidewalks, and utilities.

C74535	Renovations and Improvements	\$8,460,961
---------------	-------------------------------------	--------------------

County: Statewide

This capital appropriation funds repair and renovation projects at various facilities operated by the Adjutant General's Department. The federal share, if applicable, will be funded with money appropriated from the Army National Guard Service Contract Fund (Fund 3420) to the Adjutant General's capital line item C74537 Renovation Projects - Federal Share.

C74556	Rickenbacker Runway Upgrades	\$611,000
---------------	-------------------------------------	------------------

County: Franklin

This line item provides funding for a community project.

(AGO) ATTORNEY GENERAL

Administrative Building Fund	\$4,729,981
TOTAL - All Funds	\$4,729,981

ADMINISTRATIVE BUILDING FUND (7026)

C05504	London Clean Agent Fire Suppression system	\$524,700
---------------	---	------------------

County: Madison

This capital appropriation fully funds the estimated cost to replace two existing carbon dioxide fire suppression systems with clean agent fire suppression systems. These systems protect evidence and laboratory chemicals stored at the Bureau of Criminal Investigation headquarters facility in London, Ohio.

C05505	Richfield Roof Replacements	\$815,737
--------	-----------------------------	-----------

County: Summit

This capital appropriation partially funds the replacement of the nearly 20 year-old roofing system on the Attorney General's Richland facility. This facility serves as a satellite location for the Bureau of Criminal Investigation and the Ohio Peace Officer Training Academy. The appropriation provides 71.7% of the project's total estimated cost of \$1,138,438.

C05517	General Building Renovations	\$636,643
---------------	-------------------------------------	------------------

County: Multi-county - Madison, Summit

This capital appropriation will support general renovation projects in facilities operated by the Attorney General. The Ohio Facilities Construction Commission has identified a number of small projects where building renovations are necessary to remediate issues that, absent this capital money, might require the Office of the Attorney General to use money appropriated from its operating budget.

C05521	BCI London Renovations	\$2,151,183
---------------	-------------------------------	--------------------

County: Madison

This capital appropriation funds basic renovation projects at the Bureau of Criminal Investigation headquarters facility in London, Ohio. Priority projects include installation of laboratory humidity control systems and replacement or renovation of roofs.

C05529	London TTC Highway Response Course Renovation	\$601,718
---------------	--	------------------

County: Madison

This capital appropriation fully funds the estimated cost to renovate asphalt surfaces at the Ohio Peace Officer Training Academy's Tactical Training Center, including the driving test track, training/skills pads, and other roadways.

This appropriation will be used to implement two Department of Health (DOH) laboratory information technology projects on the AGR campus.

CLEAN OHIO AGRICULTURAL EASEMENT FUND (7057)

C70009	Clean Ohio Agricultural Easement	\$12,500,000
---------------	---	---------------------

County: Statewide

This appropriation will be used to fund farmland preservation under the Local Agricultural Easement Purchase Program, part of Ohio's Clean Ohio Fund initiative. Under the program, the state provides up to 75% of the costs of purchasing agricultural easements from willing landowners. Local governments or conservation organizations provide the balance of the funds required to purchase the easement. Since the program's inception, over 92,000 acres of farmland have been preserved.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C23501	Ohio Supercomputer Center	\$7,224,750
---------------	----------------------------------	--------------------

County: Franklin

These funds will support various projects at the Ohio Supercomputer Center (OSC), which is located at the Ohio State University. OSC provides faculty, students, and researchers at Ohio's public and private colleges and universities access to a statewide high-performance computing resource. Projects supported with these funds include replacing the current Owens supercomputer, which is scheduled to be retired in 2022 with one based on the latest technology in order to support important emerging applications in artificial intelligence; replacing outdated data storage systems; replacing core networking equipment and management servers; and, updating associated client support systems such as the client portal and ticketing system. Previous capital appropriations for OSC include \$6.1 million in H.B. 529, \$6.0 million in S.B. 310, \$12.0 million in H.B. 497, \$2.0 million in H.B. 482, \$2.0 million in H.B. 562, \$0.2 million in H.B. 699, \$6.8 million in H.B. 16, \$8.5 million in H.B. 675, \$6.5 million in H.B. 640, and \$14.3 million in H.B. 850.

C23516	Ohio Library and Information Network	\$13,966,773
---------------	---	---------------------

County: Statewide

These funds primarily support the annual acquisition of the latest digital library content for the OhioLINK membership. Specifically, the funds subsidize the cost of high-quality electronic journal and database content that OhioLINK institutions rely on for research and training, with a large portion of the purchased content focusing on science, technology, engineering, mathematics, and medicine (STEMM) disciplines. OhioLINK subsidizes about 18% of the purchased content with capital funds, and the OhioLINK membership pays the remaining 82%. Previous appropriations include \$13.8 million in H.B. 529, \$13.4 million in S.B. 310, \$12.0 million in H.B. 497, \$9.0 million in H.B. 482, \$9.9 million in H.B. 562, \$5.4 million in H.B. 699, \$8.1 million in H.B. 16, \$8.2 million in H.B. 675, \$7.5 million in H.B. 640, and \$6.5 million in H.B. 850..

C23524	Supplemental Renovations - Library Depositories	\$519,650
---------------	--	------------------

County: Multi-county - Athens, Butler, Portage, Wood

These funds support basic renovations at the five regional library depositories, which allow the largest university libraries to store less used materials in off-site facilities. The original facilities are now more than 20 years old and are in need of major and minor renovations and repairs such as roof and boiler replacements, equipment repair and replacement, and remediation of site drainage. The facilities are located on the campuses of Bowling Green State University, Miami University, NEOMED, Ohio University, and the Ohio State University (OSU). The OSU location (Franklin County) did not request funds this capital budget cycle. Previous appropriations include \$447,000 in H.B. 529, \$1.2 million in S.B. 310, \$2.0 million in H.B. 497, \$2.0 million in H.B. 482, \$5.5 million in H.B. 562 and \$2.0 million in H.B. 699.

C23529	Workforce Based Training and Equipment	\$7,600,000
---------------	---	--------------------

County: Statewide

These funds will be used for the Regionally Aligned Priorities in Developing Skills (RAPIDS) program, the purpose of which is to support collaborative projects among higher education institutions to strengthen education and training opportunities that maximize workforce development efforts in defined areas of the state. The grants provide capital funds on a competitive basis to collaborations of community colleges, universities, and Ohio Technical Centers to address the business and economic development needs of the region. Previous appropriations include \$16.0 million in H.B. 529 (amended by H.B. 166 of the 133rd G.A. to double the initial appropriation by \$8.0 million), \$8.0 million in S.B. 310, \$8.5 million in H.B. 497, \$2.0 million in H.B. 482, and \$2.4 million in H.B. 562.

C23530	Technology Initiatives	\$2,375,000
---------------	-------------------------------	--------------------

County: Statewide

These funds are used for needed technology infrastructure improvements. The priority projects in the FY 2021-FY 2022 biennium include enhancing disaster recovery and continuity capabilities of computational, storage, and network infrastructure in the remote data center to reduce the average time for recovery of services, the goal of which is to allow uninterrupted access to services and data in disaster recovery situations. In addition, funds will be used to increase access to digital information and services for individuals with disabilities. Previous appropriations for this line item include \$2.5 million in H.B. 529, \$2.5 million in S.B. 310, \$4.5 million in H.B. 497, \$3.1 million in H.B. 482, \$3.7 million in H.B. 562, \$2.0 million in H.B. 699, \$3.7 million in H.B. 675, \$10.0 million in H.B. 640, and \$10.0 million in H.B. 850.

C23532	OARnet	\$14,177,800
---------------	---------------	---------------------

County: Statewide

These funds are used to support the OSCnet network that interconnects Ohio's colleges and universities with each other as well as with national commercial and academic networks. Projects funded by this appropriation may include expanding OARnet's fiber optic cable network and increasing the bandwidth of the core data routes (backbone) to support transmission speeds of one terabit per second. OARnet may also upgrade its distribution layer, which primarily provides routing functions, to provide multiple 100 gigabits per second connections to communities throughout the state when needed. Other projects may include upgrading equipment throughout OARnet's regional rings to be able to meet demand and expanding its national footprint and network services. Previous appropriations include \$10.2 million in H.B. 529, \$9.1 million in S.B. 310, \$7.0 million in H.B. 497, \$2.0 million in H.B. 482, \$2.0 million in H.B. 562, \$5.0 million in H.B. 699, \$4.5 million in H.B. 16, and \$5.0 million in H.B. 675.

C23560	HEI Critical Maintenance and Upgrades	\$1,425,000
---------------	--	--------------------

County: Franklin

These funds will be used for the ongoing maintenance and upgrade of the Higher Education Information (HEI) system. Funds in this biennium will be used to improve user functions and enhance security functionality and disaster recovery capabilities for the system. Previous appropriations for HEI's ongoing maintenance and upgrades include \$2.5 million in H.B. 529 and \$7.2 million in S.B. 310.

C23566	Campus Safety Grant Program	\$5,000,000
---------------	------------------------------------	--------------------

County: Statewide

These funds will be used to make competitive grants of up to \$100,000 to state institutions of higher education for certain security improvements that assist the institutions in improving the overall physical security and safety of their buildings on public campuses throughout Ohio. Eligible security improvements under the program include physical security enhancements, equipment, or inspections and certain screening equipment included on a list published by the U.S. Department of Homeland Security. The program will be administered by the Department of Public Safety, though Department will coordinate with DHE on program procedures and funding recommendations. DHE must seek Controlling Board approval prior to transferring the award to the institution.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C25082	Crouse/Ayer Hall Consolidation	\$18,060,000
---------------	---------------------------------------	---------------------

County: Summit

These funds will be used to renovate and expand Crouse Hall, built in 1950, and to abate and raze Ayer Hall, built in 1949. Crouse Hall's expansion will allow the building to house both its current occupants and the occupants of Ayer Hall. This consolidation is expected to reduce campus square footage by 20,000 square feet, which will make building systems more efficient. The project will also create green space on the existing Ayer Hall footprint. H.B. 529 provided \$4.0 million for this line item in the FY 2019-FY 2020 capital biennium.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C24068	Advanced Manufacturing, Engineering, and Applied Science Corridor	\$16,000,000
---------------	--	---------------------

County: Wood

These funds will be used to construct a new 50,000 square foot Advanced Manufacturing and Engineering Innovation Center to replace the aged, obsolete Technology Building that opened in 1972. The new facility will integrate interdisciplinary and applied STEM coursework with innovative manufacturing techniques and real-world applications in the new instructional laboratories. In addition, the project will foster workforce development innovation that will enhance the students' educational opportunities in current, and future, high demand employment and provide hands-on prototyping and advanced manufacturing training space for northwest Ohio employers. BGU received a \$16.7 million capital appropriation in H.B. 529 to renovate its existing technology building. However, during the planning phase of the project, it was determined renovating the existing building would not be cost-effective. Approximately \$4.8 million of the H.B. 529 appropriation will be used with these funds to construct the new facility.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C24001	Basic Renovations - Firelands	\$320,000
---------------	--------------------------------------	------------------

County: Erie

These funds will be used for basic renovations at the Firelands campus, which, in the FY 2021-FY 2022 capital biennium, will address exterior doors and entrances throughout the campus. Funds will also support the renovation of the campus' former bookstore space into an admissions-support space for advising, registration, and other student on-boarding activities. H.B. 529 provided \$200,000 in this line item for the FY 2019-FY 2020 capital biennium.

(CSU)

Central State University

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C25520	Campus Security Update	\$500,000
---------------	-------------------------------	------------------

County: Greene

These funds will be used to continue and complete the second phase of the campus safety initiative. The funds provided in the first phase addressed cameras, lighting, information technology and infrastructure for an emergency alert system. This second phase of funding will assist in completing the entire campus wide initiative. Previous appropriations for this line item include \$1.2 million in H.B. 529 and \$3.4 million in S.B. 310.

C25521	Classroom Technology Upgrades	\$370,000
---------------	--------------------------------------	------------------

County: Greene

These funds will be used to expand the use of smart classrooms, technology laboratories, and digital learning hubs across campus to support on- and off-campus students' remote connectivity. The update and expansion of classrooms and laboratories will permit faculty and students to interact in ways that emphasize digital access and flexible, collaborative thinking in both physical and virtual environments. H.B. 529 provided \$1.2 million in this line item for the FY 2019-FY 2020 capital biennium.

C25525	ADA and Fire Safety Campus Updates	\$1,000,000
---------------	---	--------------------

County: Greene

These funds will be used to repair, replace, and update bathrooms, elevators, and the fire system. This funding will permit CSU to continue ongoing infrastructure projects throughout campus and provide campus-wide ADA and fire system-related support.

C25526	Campus Parking Lots, Building Entrances, and Sidewalks	\$950,000
---------------	---	------------------

County: Greene

These funds will be used to update three parking lots, address building entrances, and repair sidewalks throughout campus. Together, the Ohio Department of Transportation (ODOT) and CSU have spent approximately \$4.0 million to add ADA ramps, sidewalks, and curbs in the last capital biennium.

C25527	HVAC Upgrades and Improvements	\$950,000
---------------	---------------------------------------	------------------

County: Multi-county - Greene, Montgomery

These funds will be used to replace or upgrade chillers, cooling towers, and air handling systems on the Madison W. Beacon gymnasium and Joshua I Smith and C.J. McLin buildings on the main campus and a building on the Dayton campus. The current systems are inefficient and past their useful service lives.

C25528	Center for Academic Research and Innovation Rehabilitation	\$550,000
---------------	---	------------------

County: Greene

These funds will be used to renovate a currently unoccupied 4,174 square foot annex building to house CSU's research initiatives with a focus on practical applications and community impact. The new Center consolidates CSU's Centers of Excellence programs into a centralized structure that will permit cross-university access and participation in research opportunities. The Center will also create a hub and think tank for interdisciplinary faculty and research collaboration.

C25530	YWCA Dayton Historic Building Renovation	\$500,000

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C266B3	Old Lindner Hall - College of Law Renovations	\$29,560,000
---------------	--	---------------------

County: Hamilton

These funds will be used to renovate and repurpose over 103,000 gross square feet of existing classroom space in Linder Hall to create a new home for the College of Law. Renovations will include adapting the building interior to provide modern, active-learning classrooms and engaging student study and collaboration spaces, a new Law Library within the building, offices and research space that foster engagement among faculty and students, new clinical space, and administrative and multipurpose spaces readily-accessible to students. Work will also include upgrades of the building's mechanical, electrical, plumbing, and fire protection systems, installation of new energy-efficient windows, and purchasing new furnishings, library equipment, and instructional, information, and security technology. The funds will also support a small addition of approximately 14,000 square feet, ADA compliance measures, and integration of building functions to improve access and internal circulation. The total project cost is estimated to be approximately \$45.6 million, with the remainder coming from debt and local sources.

C266B4	Probasco Auditorium Renovation	\$4,500,000
<i>County:</i>	Hamilton	

These funds will be used to renovate a recently acquired abandoned historic church to construct an auditorium, one large classroom, and one medium-size classroom. The project will replace all major building systems and services, such as bathrooms and HVAC, include ADA accessibility measures, and install new audio-visual capabilities, sound equipment, and furnishings to make the existing spaces useful for teaching. The project will also preserve much, if not all, of the existing exterior and interior architectural character as possible. The total project cost is estimated to be approximately \$8.5 million, including \$4.0 million in debt.

C266B6	Kettering Facade Window Replacement	\$750,000
<i>County:</i>	Hamilton	

These funds will be used to replace the windows on the north and west sides of an interconnected three-building research complex. The scope of work for this project includes removing all existing window systems, installation of new fixed-window systems, and repair of damaged interior finishes. Program and research activities that are not affected by the project will continue to function during construction. The total project cost for this project is estimated to be \$1.1 million, including \$350,000 in local funds.

C266B9	Jeff Wyler Boys and Girls Clubs of Greater Cincinnati	\$50,000
<i>County:</i>	Clermont	

This line item provides funding for a community project.

C266C1	University of Cincinnati Hillel	\$75,000

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C266B5	McDonough Hall and Student Services Building Roofs - Clermont	\$1,250,000
---------------	--	--------------------

County: Clermont

These funds will be used to remove and replace the existing roofs with new energy-efficient ones on two building on campus. Other scope includes replacing rooftop air handlers, and the associated distribution and controls, for one or both buildings to the extent that available funds permit. UCN plans to complete the full scope of air handler replacement work needed for both buildings by either adding additional local funds in the current capital biennium, or by completing the work with funds in the FY 2023 – FY 2024 capital biennium. This project is the third in a series of planned Clermont-campus infrastructure improvements to maintain the condition of campus facilities, reduce inconveniences to students, and improve energy and operating efficiencies. The total project cost for this phase is estimated to be approximately \$2.1 million, including \$875,000 in local funds.

(UCN) University of Cincinnati - Blue Ash

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C26678	Muntz Hall - Blue Ash	\$2,400,000
---------------	------------------------------	--------------------

County: Hamilton

These funds will be used for the fourth phase of a multiple phase project that will replace obsolete and failing building infrastructure and update Muntz Hall's interiors. The fourth phase of this project will include renovation of the second floor of the 1960's-era portion of the building to include modern teaching and student study spaces. Further scope includes new room configurations and new floors, mechanical, electrical, plumbing, lighting, furnishings, and instructional technology. The cost for Phase 4 totals approximately \$5.4 million, including \$4.4 million from the state and \$1.0 million from local sources. Approximately \$2.0 million of the \$4.4 million in state funds were reappropriated in H.B. 481 of the 133rd G.A to be used for this phase of the project. H.B. 529 provided \$12.4 million for the second and third phases of the project and S.B. 310 provided \$5.2 million for the first.

(CLS) Cleveland State University

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C26083	Science Research Building Renovation and Expansion	\$16,000,000
---------------	---	---------------------

County: Cuyahoga

These funds will be used for the first phase of a 50,000 square foot expansion of the University's Science Research building, located on its main campus. Generally, the project will make essential building renovations, provide or expand critically needed research labs for faculty, and create innovative space to expand CSU's "Engaged Learning" initiatives with a "one-stop" shop for Cleveland-area workforce solutions, talent development, and connections with faculty and centers of excellence. Approximately 37,500 square feet of the expansion will be used for biomedical instructional and research space. Remaining space in the expansion may be used to create a state-of-the-art interface space between university researchers that will serve as a groundbreaking "Talent Solutions Institute" to be based on best practice in major cities to serve existing and emerging needs of the Northeast Ohio business community. The total cost of this phase is expected to be \$21.0 million, including \$5.0 million from other, non-state resources.

C26084	IT Security Upgrade and Data Center Restructuring	\$1,820,000
---------------	--	--------------------

County: Cuyahoga

These funds will be used for phase one of CSU's infrastructure upgrade and data center restructuring project. The first portion of this project will upgrade the university's infrastructure firewall protection, which was last updated in 2014. All firewalls and virtual private networks (VPNs) will be replaced and an identity services engine will be deployed across campus. The new generation of firewall will create the ability to deploy policies for endpoint devices connected to CSU's routers and switches, providing a new level of security awareness and protection. The second portion of the project includes reducing the footprint of CLS's data center, which will lead to reduced operational costs. Under its move to a cloud/virtual strategy, CLS has successfully consolidated hundreds of physical servers into its virtual environment or moved to an outside provider. As a result of this transition, CSU utilizes less than half of the physical space in its data center, therefore, its footprint can be reduced by over 60%.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270G2	Satterfield Hall - HVAC	\$500,000
<i>County:</i>	Portage	

These funds will be used for the Phase II replacement of the HVAC system in Satterfield Hall. The system was installed in 1967 as a two-pipe (heating or cooling depending on the season) system. Phase I, which was completed in Summer 2019, installed new air handling units to serve the entire building. This phase will complete the system's replacement by installing, and connecting, the ductwork for the second and third floors of the building. After the ductwork is completed, ceilings will also be replaced in these same areas. Phase II is expected to be completed in Summer 2021.

C270I5	White Hall Rehabilitation	\$12,000,000
<i>County:</i>	Portage	

These funds will be used to provide a completely rehabilitated, state-of-the art HVAC system in White Hall, which was built in 1966 and houses KSU's College of Education, Health, and Human Services and the Education School. Overall, White Hall contains 130,000 square feet, hosts 20 classrooms and two seminar rooms, and provides office space for over 270 faculty, staff, and graduate students. Specifically, the project includes enclosing the existing ground floor parking level to provide a new mechanical room to house the new HVAC system, which will include multiple air handling units with variable air volume boxes to serve all six levels of the building. A new four pipe system will remedy the inefficient, old two-pipe one and new ductwork chases will be inserted through the floor levels to provide for air distribution. H.B. 529 provided \$1.0 million for the first phase of the project, which included an evaluation of facility needs and preparation of a strategic plan for the building.

C270K3	Critical Deferred Maintenance – Kent	\$1,575,000
<i>County:</i>	Portage	

These funds will be used to address deferred maintenance in several buildings across KSU's main campus, most of which were constructed in the 1960s and 1970s. In the FY 2021-FY 2022 biennium, the main use of these funds will be the continuation of roof and envelope repairs on the 27-year old Math and Computer Sciences Building. The building is experiencing water infiltration through the roof system and the exterior wall assembly causing damage to the interior finishes and creating a concern for indoor air quality. KSU used \$700,000 in local facilities funds to support the first phase of the Math and Computer Sciences Building project, which was completed in Summer 2020. KSU is working to identify other sources of funds and strategies to address other deferred maintenance needs.

C270K4 Campus ADA Improvements - Kent	\$1,000,000
---	--------------------

County: Portage

These funds will be used to renovate several buildings on campus to make them more ADA accessible, as most of these buildings were constructed prior to passage of the ADA. In particular, academic buildings constructed prior to 1980 do not have fully compliant elevators, stairs, ramps, toilet facilities, and lecture halls. These funds will complement work completed as part of the university funded Foundations for Excellence building initiative, targeting improvements to toilet rooms and entryways in existing academic buildings. This project is the second phase in a multi-phase project targeting ADA compliance. The funds will be prioritized to specific projects within the ten largest academic buildings on campus in need of ADA improvements for compliance, as identified by an ADA needs assessment study the university commissioned.

C270K9 Rockwell Hall Renovation and Expansion - Kent	\$4,500,000
--	--------------------

County: Portage

These funds will be used to renovate and expand the 104,000 square foot Rockwell Hall that houses KSU's fashion museum and laboratory spaces in its School of Fashion Design and Merchandising. Specifically, this phase of the project will focus on the addition of 20,000 to 30,000 square feet of new instructional and laboratory space and renovation of existing areas. A key feature of this phase of the project will be a new 500-seat lecture hall and a prominent "pre-function space" (typically, such a space refers to an area adjacent to a main event location often used for receptions or break-time activities) connecting a new arrival point to the building's existing atrium. H.B. 529 provided \$1.5 million to replace the roof on the building. In addition to the total \$6.0 million provided by the state, KSU will contribute local funding in the amount of \$2.8 million and will pursue philanthropic gifts totaling \$1.5 million to support the project.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270I7	Library Asbestos Abatement and Restroom Installation – Ashtabula	\$550,000
---------------	---	------------------

County: Ashtabula

These funds will be used to abate spray-on fire proofing material containing asbestos from the structural steel used in the construction of the library in 1971. The current fire proofing material hinders safe, ongoing maintenance efforts and any work above the ceiling in the building. In addition to hazardous materials removal, this project will address ADA deficiency with restroom facilities on the library's second floor. H.B. 529 provided \$0.8 million for the first phase of the project.

Kent State University - Geauga

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270K7	Nursing Skills Lab Renovation – Geauga	\$450,000
---------------	---	------------------

County: Geauga

These funds will be used for the first phase of a two-phase project to renovate the outdated nursing laboratory located in the 34,000 square foot Main Classroom Building. The current space is inadequate for student and faculty needs. Renovated facilities are required for simulation program support and better testing control. In addition, this project will include dedicated distance learning classrooms.

Kent State University - Salem

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270K6	Classroom 127 Renovation/Electrical System Upgrades – Salem	\$475,000
---------------	--	------------------

County: Columbiana

These funds will be used to repurpose and upgrade existing space in Room 127 of the Main Classroom Building. The 1,450 square foot room will be transformed into a state-of-the-art, technology-rich, collaborative classroom. The room will accommodate 30 students in collaborative, flexible seating groups and include multiple monitor locations for optimal viewing. This project will also remove the existing transformer on the "G" roof, which is original to the building, and install a new transformer at an on-grade location; replace the "G" roof; and provide new switch gear and electrical layout to continue to serve the buildings' electrical needs.

Kent State University - Stark

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270K5	Fine Arts Building Roof Replacement Phase 1 – Stark	\$900,000
---------------	--	------------------

County: Stark

These funds will be used to replace the existing membrane roofing system on the Fine Arts Building located at the Stark campus. The existing system, installed in the 1990s, is beyond its warranty period and has exceeded its useful life. The membrane system continues to develop active roof leaks causing ongoing maintenance and repair of building interior finishes. This project will remove the existing membrane system, flashings, and insulation to the roof deck as necessary to facilitate the installation of a new roof system to provide a weather tight and warranted roofing enclosure. This is the first phase of the planned multi-phase project.

C270H2	Founders Hall HVAC Upgrades – Tuscarawas	\$500,000
---------------	---	------------------

County: Tuscarawas

These funds will be used for the continued second phase of a multi-phase project to upgrade or replace the HVAC system in Founders Hall. A majority of the mechanical system is original to the building, which is over 50 years old. Previous appropriations for this line item include \$0.5 million in H.B. 529 and \$1.0 million in S.B. 310.

Miami University - Main

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C28597	Clinical Health Science and Student Wellness Building	\$21,210,000
---------------	--	---------------------

County: Butler

These funds will be used to construct a new 175,000 square foot, four-story Clinical Health Science and Student Wellness Building (Health Care Hall). The Hall will be constructed on the site of MUN's current student health services building and an adjacent 73-space asphalt parking lot. The new building will provide space for the creation or expansion of several health care-related programs and house MUN's existing Student Health Services Clinic, the Student Counseling Service, and the Student Wellness Service. The total cost of the project is \$96.0 million. MUN will support the remaining balance of the project cost with local funds.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C30541	Laboratory Air Handlers Replacement and Deferred Maintenance	\$600,000
---------------	---	------------------

County: Portage

These funds will be used to replace the air handling unit in Building D. The total cost of the project is \$750,000, with NEOMED providing the remaining \$150,000 in local funds. The unit to be installed has an expected useful life of 30 years. H.B. 529 provided \$600,000 to replace the unit in Building B and approximately \$729,000 to replace two units in Building E.

C30542	Distributed Antenna System and Enhanced Video Security Surveillance System	\$700,000
---------------	---	------------------

County: Portage

These funds will be used to enhance the technology infrastructure at NEOMED. The main focus of this project will be to install a digital antenna system on the NEOMED campus to reduce gaps in mobility coverage, primarily in building locations. This will also enhance security coverage in the outdoor spaces throughout campus. This project will also replace an antiquated analog closed circuit video surveillance system. The total cost of this project is \$1.3 million, with NEOMED covering the remaining balance of \$0.6 million with local funds.

C30543	Regula Corridor Renovation/Small Group Active Teaching Format Academic Learning Classroom Conversion	\$260,000
---------------	---	------------------

County: Portage

These funds will be used to convert Regula Corridor, NEOMED's former conference center, into a small-group academic learning and gross anatomy laboratory space. The total cost of the second phase of this project is projected at \$4.8 million, with NEOMED supporting the remaining balance of approximately \$4.5 million with local funds and private gifts.

C30544	Network Fire Wall Replacement and Enhancement	\$250,000
---------------	--	------------------

County: Portage

These funds will be used to replace an outdated and inefficient network technology firewall. The current NEOMED firewall is restricting the university's capacity to screen and filter internet traffic efficiently and acts as a single chokepoint in its revitalized network infrastructure. This also limits NEOMED from expanding beyond a one gigabit per second throughput to cloud resources. Upgrading the firewall will enhance throughput capacity, increase performance and connection sessions, and heighten data security.

C30545	Research and Graduate Education Building Research Laboratory Renovation	\$200,000
---------------	--	------------------

County: Portage

These funds will be used to make the interior of the unfinished fourth floor of NEOMED's Research and Graduate Education Building ready to house NEOMED's scientists focused on Neurodegenerative Diseases and Aging, specifically Parkinson and Alzheimer's research. In 2012, NEOMED constructed the building and completed the first three floors of research and laboratory space. The 20,000 square foot fourth floor was left as shell space at that time. The total cost of the fourth floor renovation is projected at \$6.4 million, with the balance of the project supported by NEOMED's local funds.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C315BR	Emergency Generators	\$900,000
---------------	-----------------------------	------------------

County: Franklin

These funds will be used to replace emergency generators at Wiseman Hall and the Comprehensive Cancer Center that have exceeded their expected life cycles. H.B. 529 provided approximately \$1.4 million for emergency generators replacement.

C315DM	Roof Repair and Replacements	\$4,800,000
---------------	-------------------------------------	--------------------

County: Franklin

These funds will be used for the complete replacement of roofing systems at the 1315 Kinnear and Celeste Buildings that have exceeded their useful life spans. H.B. 529 provided approximately \$4.0 million for roofing system replacements at three other buildings.

C315DN	Fire System Replacements	\$3,900,000
---------------	---------------------------------	--------------------

County: Franklin

These funds will be used to replace fire systems whose components are beyond their expected useful life and whose replacement parts may no longer be available. Campus buildings included in this project are: Drinko Hall, Caldwell Hall, Rightmire, Math Tower, Biotechnology Support Facility, and Sherman Art Studio. H.B. 529 provided approximately \$4.0 million for this work at seven other buildings.

C315DP	HVAC Repair and Replacements	\$3,600,000
---------------	-------------------------------------	--------------------

County: Franklin

These funds will be used to replace multiple failing HVAC systems, primarily at Denney Hall, Stillman Hall, and “old” Postle Hall. H.B. 529 provided approximately \$6.6 million for this work at several other buildings.

C315DQ	Elevator Safety Repairs and Replacements	\$4,900,000
---------------	---	--------------------

County: Franklin

These funds will support the repair and replacement of multiple failing elevator components at several buildings across campus, including University Hall, Smith Laboratory, Goss Laboratory, Bevis Hall, Arps Hall, and Pressey Hall. H.B. 529 provided approximately \$4.0 million for this work at several other buildings.

C315DS	Building Envelope Repair	\$1,000,000
---------------	---------------------------------	--------------------

County: Franklin

These funds will be used to provide repairs to the building envelopes on multiple buildings across campus, including 1314 Kinnear, Lazenby Hall, Maintenance Building, and Orton Hall. H.B. 529 provided \$410,000 for this work on Arps Hall.

C315DT	Plumbing Repair	\$1,800,000
---------------	------------------------	--------------------

County: Franklin

These funds will be used to replace the deteriorating plumbing systems in Atwell Hall and Wilce Student Recreation Center. H.B. 529 provided approximately \$510,000 for this work in the Research Center.

C315DU	Road/Bridge Improvements	\$800,000
---------------	---------------------------------	------------------

County: Franklin

These funds will support the rehabilitation of deteriorated drainage, driving surface, and structural systems on Carmack Road. H.B. 529 provided approximately \$2.1 million for this work on Mount Hall Drive and the West Campus Drive Loop.

C315FD	Electrical Repairs	\$2,300,000
---------------	---------------------------	--------------------

County: Franklin

These funds will be used to replace degraded emergency egress lighting, receptacles, conduit, and wiring in the Agricultural Administration building. H.B. 529 provided approximately \$2.0 million for this work in the 1314 Kinnear and Research Center buildings.

C315GY	Campbell Hall Renovations/Addition	\$23,760,000
---------------	---	---------------------

County: Franklin

These funds will be used to renovate and expand Campbell Hall, which was built in 1916 and currently houses the College of Education and Human Ecology (CEHE). Specific renovations will include repairs to the building envelope, major upgrades to building mechanical, electrical, plumbing systems, and renovations in classrooms, laboratories, offices, restrooms, and support areas. Currently, CEHE occupies approximately 209,000 square feet across four buildings on campus. The addition proposed in this project would consolidate the entire college in Campbell Hall and the Physical Activity and Educational Services building and reduce CEHE's footprint by approximately 31,000 square feet. This phase of the project is estimated to cost \$38.8 million, with OSU providing \$15.0 million in local funds. Overall, OSU estimates the total cost of the project to be approximately \$76.3 million.

C315GZ	Biomedical and Materials Engineering Complex	\$23,760,000
---------------	---	---------------------

County: Franklin

These funds will be used to fully renovate MacQuigg Laboratory and replace Watts Laboratory in the next phase of OSU creating its Biomedical and Materials Engineering Complex (BMEC), which aims to significantly increase student body and attract world-class faculty and researchers. OSU reports that MacQuigg Laboratory, built in 1967, has an estimated \$14.1 million in deferred maintenance, while Watts Laboratory, built in 1955, has an estimated \$5.5 million. Further, OSU also reports that neither of the facilities are suitable to meet the needs of a modern, multidisciplinary engineering program. The refurbished laboratories will serve the Materials Science and Engineering, Biomedical Engineering, Electrical and Computer Engineering, and Engineering Education programs. This phase of the project is estimated to cost \$45.0 million, with OSU providing \$21.2 million in local funds. Overall, OSU estimates the total cost of the project to be approximately \$90.0 million.

C315HA	Infrastructure Renewal	\$1,000,000
---------------	-------------------------------	--------------------

County: Franklin

These funds will be used to rehabilitate deteriorated drainage and tunnel ceilings and replace domestic cold-water lines, storm water lines, and sanitary sewer lines across campus.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C315HB	Galvin Hall Basement Renovations – Lima	\$1,700,000
<i>County:</i>	Allen	

These funds will be used to renovate the basement in Galvin Hall, which was built in 1965. Specifically, this project will address a number of issues within the building, including remediation of asbestos-containing materials. This project is the first of several phases to renovate the entire building.

(OSU) **The Ohio State University - Mansfield**

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C315HC	Boiler Replacement - Mansfield	\$500,000
<i>County:</i>	Richland	

These funds will be used to replace the natural gas boilers and circulating pumps in the 19,120 gross square foot Campus Recreation Center and the 34,096 gross square foot Eisenhower Hall.

C315HD	Recreation Center Life Safety – Mansfield	\$375,000
<i>County:</i>	Richland	

These funds will be used to replace the original fire and smoke detection and alarm system and the bleachers in the Campus Recreation Center (CRC), which was built in 1977. In partnership with co-located North Central State College, the CRC is a multi-use shared facility that provides collaborative programming for over 5,000 students and 350 faculty.

C315HE	HVAC and Emergency Generators – Mansfield	\$275,000
---------------	--	------------------

County: Richland

These funds will be used to modify building panels and update the operating system on the campus-wide HVAC control system and to purchase and install a new emergency generator at the Schuttera maintenance service center.

C315HF	Building Entries Renewal and Renovation – Mansfield	\$250,000
---------------	--	------------------

County: Richland

These funds will be used to replace main entrance vestibule doorways, Americans with Disabilities Act (ADA) - compliant hardware, and storefronts on Eisenhower Hall, Conard Hall, and the Campus Recreation Center. OSU reports that the entrances are no longer weather tight or serviceable.

C315HG	Exterior Signs and Walk Renovation – Mansfield	\$300,000
---------------	---	------------------

County: Richland

These funds will be used to replace all antiquated exterior building, directional, and wayfinding signage with a unified and easy to use campus-wide system. The project also includes replacing deteriorated concrete sidewalks that are situated along primary access corridors.

(OSU) The Ohio State University - Marion

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C315HH	Alber Student Center Renovation – Marion	\$1,175,000
---------------	---	--------------------

County: Marion

These funds will be used for Phase II of a two-phase project that will renovate and update the interior of the Alber Student Center, built in 1986. This phase will continue renovations aimed at providing a welcoming, modern, and effectively functioning student center. Specifically, Phase II will expand areas devoted to student life organizations and activities, improve staff office areas, and update the locker rooms and gymnasium. H.B. 529 provided a total of \$1.5 million for the first phase of the project, split equally between appropriations for OSU – Marion and Marion Technical College.

C315HI	Building Standby Generator Replacements – Marion	\$525,000
<i>County:</i>	Marion	

These funds will be used to replace the natural gas emergency standby generators in Morrill Hall, Library Classroom Building, and Alber Student Center. Also, a new natural gas emergency generator will be installed in the Maintenance Storage and Receiving Building to power the boiler, fire pump system, and other life safety equipment during power outages.

(OSU) The Ohio State University - Newark

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C315GL	Founders Hall Renovations – Newark	\$1,050,000
<i>County:</i>	Licking	

These funds will be used for a variety of improvements and upgrades to Founder's Hall, built in 1968. Projects may include an overhaul of the existing building mechanical system, life and safety system improvements, upgrades to existing academic classrooms and laboratories, and façade restoration. Central Ohio Technical College will also provide funds for this project. H.B. 529 provided approximately \$1.5 million for this line item.

C315HJ	Hopewell Hall Improvements – Newark	\$275,000
<i>County:</i>	Licking	

These funds will be used to address a number of cosmetic, deferred maintenance, energy efficiency, and Americans with Disabilities Act (ADA)-related issues within Hopewell Hall, which was originally built in 1976 and expanded in 1984 and 1996. Central Ohio Technical College will also provide \$275,286 for this project through line item C36925, Hopewell Hall Improvements.

C315HK	Reese Center HVAC Renovations – Newark	\$125,000
<i>County:</i>	Licking	

These funds will be used to replace the original gas-fired boilers and screw chiller with high-efficiency units located in Reese Center.

C315HL	Alford Science Center Laboratory Equipment – Newark	\$250,000
<i>County:</i>	Licking	

These funds will be used to purchase equipment for several teaching and research laboratories in the Alford Center for Science and Technology. Equipment to be purchased include, but are not limited to, microscopes, distillation and general glassware, analyzers, hot plates, balances, stands, supports, safety gear, crucibles, beakers, funnels, burets, volumetric flasks, thermometers, and burners.

(OSU) The Ohio State University - OARDC

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C315HM	Fisher Hall Renovation – Wooster	\$6,000,000
---------------	---	--------------------

County: Wayne

These funds will be used to renovate and expand Fisher Auditorium, built in 1968, to include space for teaching and outreach functions, a combined campus library, and various student support services. The project will also improve mechanical, electrical, and plumbing components that are in poor condition. In addition, the project, when completed, will permit the relocation of programs from Halterman and Skou Halls, which OSU reports are the worst-conditioned facilities on campus. When combined with the new Wooster Science Building (completed June 2020), the two projects will establish a new heart of campus and advance the goals of integrating programs and services, creating community, and improving operational efficiencies. OSU estimates the total cost of the project to be approximately \$13.0, with the remaining balance of \$7.0 million to be supported with local funds.

(OHU) Ohio University - Main

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C30075	Infrastructure Improvements	\$1,345,000
---------------	------------------------------------	--------------------

County: Athens

These funds will be used for a multi-phase project to replace aging or failed steam system components in OHU's main campus steam system distribution network. Due to the size of the system, incremental replacements are made each year. The total cost of the project is \$1.5 million, with the remaining \$155,000 supported by OHU-issued debt. Future work will include chiller replacement in the West Green Chilled Water Plant, road improvements throughout campus, and storm sewer replacement in the North Green of campus. H.B. 529 and S.B. 310 provided \$1.5 million and \$200,000, respectively, for this line item.

C30136	Building Envelope Restorations	\$2,640,000
---------------	---------------------------------------	--------------------

County: Athens

These funds will be used to replace the roof on the Ping Center. The total cost of the project is \$3.3 million, with the remaining \$660,000 supported by OHU-issued debt. H.B. 529 provided approximately \$1.4 million to address building envelope repairs on Central Classroom, Lasher Hall, Putnam Hall, Radio Television Building, Kantner Hall, and the Old Heating Plant.

C30157	Building and Safety System Improvements	\$2,816,572
<i>County:</i>	Athens	

These funds are used to replace aging or failed mechanical and electrical systems in OHU's main campus buildings. For this biennium, these funds will be used to replace the HVAC systems in Chubb Hall and distribution electrical switchgear in the Old Heating Plant. The total cost of the project is \$3.1 million, with the remaining \$300,000 supported by OHU-issued debt. H.B. 529 provided \$5.3 million for this work in Glidden Hall, Stocker Hall, and Morton Hall.

C30158	Academic Space Improvements	\$13,902,778
<i>County:</i>	Athens	

These funds will be used for the ongoing renovation of Clippinger Laboratories, which was built in 1967. The Clippinger Laboratories project is a multi-phase project that includes construction of a multipurpose, flexible class laboratory and research facility to support consolidation and editing of inefficient space on campus, creation of additional laboratory space to meet capacity and modern teaching needs, and a swing space plan to facilitate the multiphase project. In this capital biennium, funds will be used for Phases II and III to upgrade or replace Clippinger building systems, address deferred maintenance, and renew programmatic spaces to create a flexible, modern environment. H.B. 529 provided \$14.0 million for this project and renovations at one or more of the buildings within the College of Fine Arts that addressed mechanical, electrical, plumbing, and aesthetic issues. S.B. 310 provided a portion of \$20.4 million for Phase I, which included new construction of laboratory space.

(OHU) Ohio University - Regional Campuses

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C30171	Campus Infrastructure Improvements – Regional Campuses	\$4,675,650
<i>County:</i>	Multi-county - Belmont, Fairfield	

These funds are used to renovate or replace building and campus-wide infrastructure at OHU's regional campuses. In the FY 2021-FY 2022 biennium, the funds will be used to address energy efficiency, deferred maintenance, and replacement of mechanical systems that have reached their useful life on the Eastern (Belmont County) and Lancaster (Fairfield) campuses. Specific projects include replacing HVAC air delivery system equipment and controls at Shannon Hall on the Eastern Campus and major system components of the HVAC systems at Brasee Hall and Herrold Hall on the Lancaster Campus. H.B. 529 provided \$2.4 million for various OHU regional campus infrastructure projects.

---------------	--	--------------------

County: Lucas

These funds will be used to replace 25-plus year old electronic and pneumatic panels that control the heating and cooling in buildings across campus, including Gillam Hall, Libby Hall, Memorial Field House, Research and Technology Complex, and University Hall on the Main Campus and the Health Education and Health Sciences buildings on the Health Science Campus. The new control panels will automate building scheduling, which will improve facilities maintenance response time and reduce energy use and costs. UTO will supplement these funds with \$250,000 in local funds. H.B. 529 appropriated \$2.0 million for this work on a variety of other buildings on both campuses.

C34073	Mechanical System Improvements	\$2,000,000
---------------	---------------------------------------	--------------------

County: Lucas

These funds will be used to replace air handlers, exhaust fans, and other heating and cooling equipment in buildings across campus, including Memorial Field House, Nitschke Hall, Wolfe Hall, and University Hall on the Main Campus and the Collier, Health Education, and Health Sciences buildings on the Health Science Campus. As part of the project, air handlers will be replaced, and the obsolete equipment will be removed. Also, a major laboratory exhaust system will be upgraded, and cooling systems and associated roof top units will be renovated. UTO will supplement these funds with \$500,000 in local funds. Previous appropriations for this line item include \$2.0 million in H.B. 529, \$1.3 million in S.B. 310, and \$1.5 million in H.B. 497.

C34080	Building Envelope/Weatherproofing	\$2,000,000
---------------	--	--------------------

County: Lucas

These funds will be used to replace roofs, weatherproofing, weather flashings, doors, and window glazing on several buildings across campus, including Bowman-Oddy, Ritter Astrophysical Research Center, Rocket Hall, and University Hall on the Main Campus and the Health Education Building on the Health Science Campus. UTO will supplement these funds with \$750,000 in local funds. Previous appropriations for this line item include \$2.0 million in H.B. 529 and \$1.8 million in S.B. 310.

C34083	Accessibility/ADA Improvements and Enhancements	\$345,000
---------------	--	------------------

County: Lucas

These funds will be used to install automatic door operators, modify doors and door hardware, add handrails and extensions, and resolve accessibility concerns at drinking fountains and restrooms at several buildings across campus, including Carlson Library, Gillham Hall, Health and Human Services, Law Center, McMaster Hall, Center for Performing Arts, Rocket Hall, Ritter Astrophysical Research Center, Snyder Memorial, Stranahan Hall and University Hall on the Main Campus and the Center for Creative Education and Dowling Hall on the Health Science Campus.

C34089	Research Laboratory Renovations	\$600,000
---------------	--	------------------

County: Lucas

These funds will be used for the continued renovation of laboratory space in multiple buildings on the Main Campus, including at Bowman-Oddy, University Hall, and Wolfe Hall. Work in Bowman-Oddy and Wolfe Hall will renovate previously unused space to support water quality experimentation, while work in University Hall will create a research laboratory to focus on archeology experimentation. Previous appropriations for this line item include \$1.5 million in H.B. 529 and \$1.8 million in S.B. 310.

C34094	Electrical System Enhancements	\$1,500,000
---------------	---------------------------------------	--------------------

County: Lucas

These funds will be used to replace electrical switchgear equipment and transformers in Bowman-Oddy, Gillham Hall, and McMaster Hall on the Main Campus and Health Education and Health Science buildings on the Health Science Campus. Replacing the 40 to 60 year-old equipment will improve the power infrastructure for the buildings, ensure energy savings, and extend the lives of the buildings and systems. UTO will supplement these funds with \$500,000 in local funds. H.B. 529 provided \$2.0 million for this line item.

C34097	North Engineering Lab/Classroom Renovations	\$3,000,000
---------------	--	--------------------

County: Lucas

These funds will be used for the second of a three-phase project that will renovate space within the North Engineering building as classroom space and computer laboratories. The space that will be renovated serves as the main connector of Nitschke Hall to the high bay space in the North Engineering building. Renovations will maximize available teaching and research space and improve the path of circulation between North Engineering building and Nitschke Hall. Specifically, this phase of the project will remove the partial second floor mezzanine in the high bay portion and build a new structural system that will permit developing a full second floor in the next phase of the project. H.B. 529 provided \$3.0 million for the first phase of the project.

C34098	Classroom Renovations	\$1,600,000
---------------	------------------------------	--------------------

County: Lucas

These funds will be used to renovate classrooms or upgrade educational technology in multiple buildings on the Main and Health Science Campuses, including at Rocket Hall and Health and Human Services on the Main Campus and the Health Education and Collier Buildings on the Health Science Campus. Specifically, the project will modify room configuration, upgrade building systems, refresh finishes, provide new furniture, upgrade instructional technology, and improve network capabilities. H.B. 529 provided \$1.5 million for this line item.

C340A7	Underground Utility Infrastructure Improvements	\$1,000,000
---------------	--	--------------------

County: Lucas

These funds will be used to replace 1970's era underground steam supply and condensate return lines at the Main Campus. Specifically, the project will improve the campus loop by replacing lines that are nearing failure, which will improve efficiency. The project may also include replacing failed underground storm or sanitary sewer lines and domestic water lines. UTO will supplement these funds with \$250,000 in local funds.

C340A8	Centennial Mall Hardscape Improvements	\$1,000,000
---------------	---	--------------------

County: Lucas

These funds will be used to replace the overall hardscape of Centennial Mall, which is the heart of the Main Campus. Specifically, the work will concentrate on replacing the final remnants of the original Centennial Drive and the associated aprons to the nine academic buildings that surround it. The project will also replace the balance of the hardscape throughout the mall that has not been addressed through previous utility infrastructure projects. The project will result in an updated Centennial Mall that addresses pedestrian flow and emergency access issues, eliminates potential hazards and ADA barriers, and contains uniform materials and transitions that tie the area and buildings together.

C340A9	Raymon H. Mulford Library Renovations	\$1,000,000
---------------	--	--------------------

County: Lucas

These funds will be used for the continued renovations of the Raymon H. Mulford Library, which opened in 1975 on the Health Science Campus. Specific work supported with these funds include converting former stack areas to individual study carrels and group study areas, upgrading window treatments and furnishings, and renovating the computer laboratory to increase utilization for use as an active learning classroom. Other work includes renovating the public entry and service desk and the central resource room and adding and renovating restrooms on the building's fourth and fifth floors to address accessibility issues and overall building needs.

C340B1	Network Security and Flow Monitoring Systems Upgrade	\$1,200,000
---------------	---	--------------------

County: Lucas

These funds will be used to acquire and deploy network monitoring and flow systems for complete network and telecommunication systems monitoring and network flow analytics with threat analysis capabilities. Current network monitoring tools are outdated, difficult to use, and provide insufficient and inefficient system monitoring. Updated systems will monitor network streams for anomalous behavior, which includes unusual user access and data exfiltration. It will also support network segmentation. UTO will be able to use machine threat and behavioral modeling tools to know who is on the network and what actions they are conducting using data from its network infrastructure.

C340B2	Wireless Infrastructure Upgrade	\$1,250,000
---------------	--	--------------------

County: Lucas

These funds will be used for the second phase of the upgrade and expansion to UTO's wireless infrastructure across the Main and Health Science campuses. In this phase, UTO will upgrade wireless controllers and access points with the latest technology enhancements. The system's existing equipment is no longer able to support the increased used need of UTO's students, faculty, and staff. Also, a large portion of current equipment is at the end of its useful life and cannot support modern software. Upgrading and expanding wireless infrastructure will permit UTO to keep pace with modern education-delivery technology.

C340B3	Reverse Osmosis Auto Watering System for Research Animals	\$625,000
---------------	--	------------------

County: Lucas

These funds will be used to install a centralized reverse osmosis (RO) system in the animal facilities within the Health Education Building and Wolfe Hall. Together, the systems in each facility will provide over 1,200 gallons of highly filtered RO water daily to more than 12,000 research animals in support of UTO's continued growth in animal research. Each system will have stainless water distribution lines connecting each animal room throughout the buildings. This project expands on a previous project which installed automatic watering systems in both facilities.

C340B5	Lourdes University Health Sciences Building - Campus Gateway	\$125,000

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C27578	University Safety Initiative	\$1,070,000
<i>County:</i>	Greene	

These funds will be used for the second of a three-phased project for the University Safety Initiative, which will encompass a variety of safety issues across campus affecting employees, students, and infrastructure. The scope of this phase may include correcting deficiencies related to chemical storage and other laboratory safety items, replacing a deteriorated kitchen floor in the primary food service venue, and removing internal duct insulation. H.B. 529 provided \$4.0 million for the first phase of the project.

C27582	Campus Paving and Grounds	\$343,000
<i>County:</i>	Greene	

These funds will be used for the second of a four-phase project that will renovate the paved portions of campus, including sidewalks and parking lots. The scope of this phase addresses two parking lots and multiple building entrances. H.B. 529 provided \$700,000 for the first phase of the project.

C27585	Campus Energy Efficiency and Controls	\$2,721,000
<i>County:</i>	Greene	

These funds will be used for the second of a three-phase project that will address the efficiency of major energy using systems, and their corresponding control systems, in order to reduce energy consumption and operating expenses. This phase will address conversion to digital controls and replacing air handlers and cooling towers. H.B. 529 provided approximately \$1.4 million for the first phase of the project.

C27589	Gas Line Replacement	\$5,221,000
<i>County:</i>	Greene	

These funds will be used to replace deteriorating buried natural gas distribution across the Dayton Campus. In addition, the project will install sub-metering for enhanced monitoring and replace and add new shut-off isolation valves to give more control of the distribution system to operations personnel.

C27592	Laboratory Animal Resources Occupational Safety	\$580,000
---------------	--	------------------

County: Greene

These funds will be used to purchase equipment to reduce occupational exposure to rodent allergens and improve safety when storing and moving cages in the Laboratory Animal Resources Department. Specific equipment to purchase includes nine individually ventilated cage racks with all components necessary for housing mice, four bulk trucks for storing and transporting clean cages, one Garb-el bedding disposal unit with installation. WSU's animal vivarium is home to approximately 3,000 animals, of which 99% are mice.

C27593	IT Infrastructure Upgrades	\$1,606,000
---------------	-----------------------------------	--------------------

County: Greene

These funds will be used to replace aging information technology equipment in 47 classrooms and five laboratories and upgrade firewalls, intrusion prevention systems, networking equipment across both campuses, and nine hosts in WSU's VMware server environment and the associated storage.

C27594	Health College Renovations	\$319,000
---------------	-----------------------------------	------------------

County: Greene

These funds will be used to reorganize WSU's health care oriented academic units into one, consolidated Health College at the Dayton Campus. Various departments from across the campus will be co-located to provide an integrated student experience and eliminate staffing duplications. The scope of the project includes design, construction, and services for the relocation of the affected units, including creating space for the relocated units and subsequent renovation of the newly vacated space.

C27597	Celina Workforce Development Center	\$500,000
---------------	--	------------------

County: Mercer

(WSU)

Wright State University - Lake

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C27590	Workforce Development Center - Lake Campus	\$1,500,000
---------------	---	--------------------

County: Mercer

These funds will be used to construct a new 17,000 square foot Workforce Development Center (WDC) to include laboratories, instructional space, and an area to showcase local products and processes from WSU's sponsoring manufacturers. The WDC will expand the current Business Enterprise Center (BEC), which provides full-service business assistance programs to new, developing, or expanding companies within the region. The ultimate goal of the WDC is to give Ohio businesses the employees they need with technology-focused credentials who are well prepared for a job in today's advanced, technology-infused economy. In addition to this \$1.5 million, WSU will provide a matching \$1.5 million that has already been provided by the Lake Campus community and WSU.

C27591	Trenary Hall Renovations - Lake Campus	\$500,000
---------------	---	------------------

County: Mercer

These funds will be used to renovate and repurpose approximately 4,000 square feet in Trenary Hall, which has not been significantly modified since the building's original construction in 1979. The scope of the project includes renovating the space into much needed, highly technical educational space for STEM-related instruction.

(YSU)

Youngstown State University

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C34500	Basic Renovations	\$260,000
---------------	--------------------------	------------------

County: Mahoning

These funds will be used for a variety of small-in-scope projects across campus. Projects may include door and window replacements, building exterior renovations, greenhouse upgrades, and exterior lighting upgrades in buildings across campus, including Sweeney Hall, Maag Library, Coffelt Hall, and the Ward Beecher Science Hall Greenhouse.

C34553	Campus Development	\$750,000
---------------	---------------------------	------------------

County: Mahoning

These funds will be used for the continued development of YSU's Campus Gateways and main campus core area with the construction of new, and the restoration of existing, walkways and plazas that will enhance the overall appearance of the campus, while simultaneously making safer pathways to help increase campus accessibility. In addition, the project will rehabilitate retaining walls and exterior stairways throughout campus.

C34561	Building Envelope Renovations	\$1,500,000
---------------	--------------------------------------	--------------------

County: Mahoning

These funds will be used to renovate the exteriors and replace the door and window systems of many buildings on YSU's campus. Building movement and weather conditions have caused several cracks, weathering, and deterioration of the masonry exteriors of the buildings. In addition, many of the buildings' door and window systems have been subject to wear and deterioration. This project will address these problems and restore building integrity and energy efficiency, with a focus on the following buildings: Bliss Hall, DeBartolo Hall, Maag Library, McDonough Museum, Sweeney Hall, and Ward Beecher Science Hall. H.B. 529 provided approximately \$684,000 for this line item.

C34562	Utility Distribution Upgrades/Expansion	\$2,250,000
---------------	--	--------------------

County: Mahoning

These funds will be used to upgrade and expand YSU's campus-wide, mid-1970's era utility distribution system, which includes steam piping, chilled water piping, electric wiring, and other building utilities within a tunnel distribution system that runs throughout the campus core. The project will address issues related to the aging utility distribution system that will help increase the useful life of the tunnel structure above and below grade. In addition, YSU will expand its utility distribution system to buildings and areas that are currently not covered, including areas to the west of the campus core.

C34563	Moser Hall Renovations	\$2,500,000
---------------	-------------------------------	--------------------

County: Mahoning

These funds will be used to renovate the interior in Moser Hall, which houses YSU's engineering, physics, and geological science departments. Specifically, the project includes upgrades to dated, worn interior finishes and HVAC and mechanical equipment and replacement of flooring, ceilings, and outdated and inefficient lighting with new LED fixtures. In addition, some new instructional space will be created to better serve faculty and students.

C34564	Elevator Safety Repairs and Replacements	\$1,500,000
---------------	---	--------------------

County: Mahoning

These funds will be used to modernize YSU's elevators located throughout campus, many of which were installed more than 25 years ago by several different manufacturers. The project continues to modernize elevators across campus using new and consistent technology that will help ensure the safety of riders, increase reliability, help lower overall operating and maintenance costs. Elevator repair and replacement will take place in buildings across campus, including Beeghly Center, Jones Hall, and Kilcawley Center.

C34565	IT Infrastructure Upgrades	\$1,000,000
---------------	-----------------------------------	--------------------

County: Mahoning

These funds will be used by YSU to perform a needs assessment and redesign of its overall wireless information technology infrastructure. Currently, YSU places wireless access points throughout campus in areas with reported "dead spots." However, these are not strategically placed and do not consider population density or construction constraints due to the lack of data and the tools to acquire it. The project will address this lack of data and permit YSU to, eventually, design a more reliable and centralized wireless information technology infrastructure across campus. It will also enable better management of wireless access point campus wide and lower support costs over time.

C34566	Lincoln Building Renovations	\$500,000
---------------	-------------------------------------	------------------

County: Mahoning

These funds will be used to address accessibility issues with the main entrances of the Lincoln Building, which was built in the early 1970s and currently houses the Mathematics Department. To address these issues, the project will expand the entryways and adjacent corridor spaces and replace the aged or failed exterior door and window systems. Other projects will include general upgrades to lighting and the HVAC and minor mechanical systems within the Building's entryways and adjacent corridors.

C34570	Global Investment Hub	\$400,000

(CTC) Cincinnati State Technical and Community College

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C36140	Main Building Renovations	\$3,328,363
---------------	----------------------------------	--------------------

County: Hamilton

This line item provides funds toward the second phase of a project to renovate and redesign portions of CTC's Main Building. Projects may include replacement of mechanical systems, roofs, and windows; upgrading student spaces, hallways, divisional offices, laboratories, back room operations, library, and conference center; and improving the appearance of the exterior of the building. H.B. 529 provided \$4.3 million in this line item for the FY 2019-FY 2020 capital biennium.

C36141	IT System Upgrades	\$2,000,000
---------------	---------------------------	--------------------

County: Hamilton

This line item provides funds toward the second phase of a project to replace obsolete student and business services platforms with one integrated system. In addition to completing the tasks of the previous platforms, the integrated system will automate day-to-day administrative tasks, provide online student advising services, increase information sharing between the learning management and student information systems, and enhance the student scheduling and course registration process. H.B. 529 provided \$2.3 million in this line item for the FY 2019-FY 2020 capital biennium.

C36143	Training and Education Infrastructure Upgrades	\$1,000,000
---------------	---	--------------------

County: Hamilton

These funds will be used to improve the CTC's ability to deliver online learning, which may include upgrading information technology systems and software to record and simultaneously share live lectures as well as renovating several facilities and an outdated audio-visual laboratory.

C36144	The Building Blocks of History	\$25,000

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C38527	Rhodes Hall and Applied Science Center Renovation	\$3,039,265
---------------	--	--------------------

County: Clark

These funds will be used for a variety of improvements to renovate Rhodes Hall, a 70,000 square foot building that houses general education transfer programs, and the Applied Science Center, a 56,000 square foot building that houses all health-related programs and athletics. In general, the renovations may include upgrades to technology, accessibility, lighting, building systems and controls, and physical learning environments. Previous appropriations for this line item include \$2.6 million in H.B. 529 and \$2.0 million in S.B.

C38532	Clark State Performing Arts Center	\$1,100,000

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C37800	Basic Renovations	\$6,226,408
<i>County:</i>	Cuyahoga	

These funds will be used for deferred infrastructure maintenance projects around campus, which may include building envelope restoration, parking lot repaving, drainage system renovation, underground parking and other structural infrastructure renovations, HVAC upgrades, and general remodeling. S.B. 310 provided \$2.5 million in this line item for basic renovations the FY 2017-FY 2018 capital biennium. Additional capital appropriation for structural concrete repairs was provided in H.B. 529, S.B. 310, and H.B. 497.

C37852	East Campus Exterior Plaza	\$6,400,000
<i>County:</i>	Cuyahoga	

This line item provides funds toward the second phase of a project to design and create a community space on a section of CCC's Eastern Campus. This space is planned to include athletic facilities, walking trails, and areas for special events. Work in the second phase includes renovating space for student and faculty development and completing storm water management improvements. This project will require re-configuring road layouts, parking lots, sidewalks, and the renovation of the existing running track and attendant parking lot. H.B. 529 provided \$1.9 million in this line item for the FY 2019-FY 2020 capital biennium.

C37860	West Nursing Renovations	\$3,000,000
<i>County:</i>	Cuyahoga	

These funds will be used to renovate about 4,000 square feet of classroom space at the Western Campus for a nursing facility, which may include laboratories, support areas, and equipment.

(ESC) Edison Community College

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C39000	Basic Renovations	\$716,100
<i>County:</i>	Miami	

These funds will be used to replace and repair the windows and floors in the West, East, and South Halls. The current window systems are more than 35 years old and have deteriorated glazing. A portion of these funds will also be used to replace gymnasium bleachers to meet Occupational Safety and Health Administration (OSHA) and Americans with Disabilities Act (ADA) requirements. H.B. 529 provided \$350,000 for this line item in the FY 2019-FY 2020 capital biennium.

C39015	IT Upgrades	\$307,000
---------------	--------------------	------------------

County: Miami

These funds will be used to continue ESC's efforts to upgrade core information technology infrastructure and classroom technology. H.B. 529 provided \$420,000 in this line item for the FY 2019-FY 2020 capital biennium.

C39018	HVAC Repair and Replacements	\$350,000
---------------	-------------------------------------	------------------

County: Miami

This line item provides funds for the repair and replacement of HVAC systems in West Hall. Previous appropriations for this line item include \$149,401 in H.B. 529, \$280,000 in S.B. 310, and \$250,000 in H.B. 497.

C39019	Parking Lot Resurfacing	\$400,000
---------------	--------------------------------	------------------

County: Miami

These funds will be used for parking lot resurfacing, which includes repair of the base as needed and installation of an asphalt top cap on the existing asphalt surface. The cap will provide a new surface to the existing base and significantly extend the life of the current parking lot surface. Previous appropriations for campus parking lot resurfacing projects include \$450,000 in H.B. 529, \$350,000 in S.B. 310, and \$218,000 in H.B. 497.

(JTC) Eastern Gateway Community College

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C38623	HVAC/Plumbing Maintenance	\$1,895,842
---------------	----------------------------------	--------------------

(LOR) Lorain County Community College

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C38322	Mechanical Tunnel Repairs	\$1,003,715
---------------	----------------------------------	--------------------

County: Lorain

These funds will be used to renovate and improve LOR's 53-year-old mechanical tunnel system, which is original to the construction of the campus. The system serves as the main conduit for a number of critical utilities on campus, including, but not limited to, electrical, data, fiber, chilled water, heating water/steam, natural gas, and domestic water.

C38323	Parking Lot 2 and Lot 3	\$3,011,146
---------------	--------------------------------	--------------------

County: Lorain

These funds will be used for a wholesale renovation of Parking Lots 2 and 3 to provide the students and community of Lorain County safe access to the campus' buildings. The parking lots, which are over 50 years old and original to LOR, are in need of significant maintenance and repair. As the campus has grown over time and the lots expanded to accommodate the growth, traffic patterns were never addressed, which created narrow lanes and blind corners that are difficult to navigate.

(DYS) DEPARTMENT OF YOUTH SERVICES

Juvenile Correctional Building Fund	\$39,994,114
TOTAL - All Funds	\$39,994,114

JUVENILE CORRECTIONAL BUILDING FUND (7028)

C47002	General Institutional Renovations	\$2,014,310
---------------	--	--------------------

County: Pickaway

This capital appropriation funds construction and renovation projects at the Circleville Juvenile Correctional Facility.

C47003	Community Rehabilitation Centers	\$434,428
---------------	---	------------------

County: Statewide

This capital appropriation funds general renovations at county-operated community corrections facilities (CCFs), including door and lock repairs, security system upgrades and improvements, federal Prison Rape Elimination Act (PREA) related issues, HVAC repairs, generator replacements, camera replacements, and roof and floor replacements. The Department is required to designate eligible construction and renovation projects, and to adopt guidelines for accepting and reviewing applications and designating projects. CCFs provide treatment services in a secure facility to felony level offenders between the ages of 12 and 18 that would otherwise be committed to the care and custody of the Department. There are currently 12 operational CCFs statewide. The Department is responsible for the entire cost of the general renovations at the CCFs.

C47007	Local Juvenile Detention Centers	\$1,037,570
---------------	---	--------------------

County: Statewide

This capital appropriation provides state matching funds for renovation and maintenance projects at various juvenile detention centers. Juvenile detention centers are secure, county-operated facilities intended to provide short-term care and custody of alleged and adjudicated juvenile offenders. Currently, there are 38 operational detention centers statewide.

Pursuant to related temporary law, the Department of Youth Services is required to designate eligible construction and renovation projects, permitted to accept and review applications, and required to determine the amount of state match funding to be applied to each project. To determine the amount, if any, of state match, the Department is required to develop a weighted numerical formula that yields a percentage of state match ranging from 0% to 60%. Project funding is not authorized unless: (1) the detention center will be built in compliance with Department-established health, safety, and security standards or (2) the renovation of a detention center is for the purpose of increasing the number of beds, or to meet Department-established health, safety, and security standards.

C47022	Building Additions-CJCF	\$6,138,815
---------------	--------------------------------	--------------------

County: Pickaway

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C37406	Network Operations Center Upgrades	\$1,167,133
---------------	---	--------------------

County: Franklin

These funds mainly will be used to purchase a variety of equipment to support ETC's Network Operations Center, which provides various broadcasting services to public television stations throughout the state and Ohio Government Television. The new equipment may replace existing network switches and servers reaching the end of useful life, reduce interference from 5G wireless networks, allow ETC to meet Federal Communications Commission (FCC) requirements with respect to monitoring certain signals, and upgrade electrical and audiovisual infrastructure. The funds may also be used to purchase additional online storage to meet media retention needs, and renovate a portion of ETC's facility to provide broadcast engineering staff a state-of-the-art work area closer to the master control center to increase response time to address on-air technical issues.

C37410	Ohio Radio Reading Services	\$82,939
---------------	------------------------------------	-----------------

County: Multi-county - Cuyahoga, Franklin, Hamilton, Trumbull

These funds will be used for upgrades to four Ohio Radio Reading Services affiliates. Specifically, the funds may be used to purchase the following: (1) a new audio encoder and new soundproofing materials for the Youngstown Radio Reading Service, (2) new recording equipment for the Cleveland Sight Center, (3) various equipment to expand radio reading services to areas currently without coverage for VOICEcorps, the Columbus Radio Reading Service, and (4) an upgraded sound board for the Cincinnati Association for the Blind and Visually Impaired. There is a 10% local match for these projects.

C37412	Ohio Government Telecommunications	\$275,000
---------------	---	------------------

County: Franklin

These funds will be used by Ohio Government Television (OGT) to purchase an additional server and storage to archive the expanded number of Statehouse proceedings OGT covers and to convert the Statehouse's current 24-year old video distribution system that uses an analogue coaxial cable system to a digital system using Ethernet networking.

C37424	Television and Radio Equipment Replacement - Emergency Communications	\$2,100,000
---------------	--	--------------------

County: Statewide

These funds will be used to purchase new equipment and upgrade existing equipment at Ohio educational television and public radio stations to fulfill public safety communications obligations, prepare for new technology standards, and maintain current broadcast and educational services. The appropriation provides 50% of the purchase and upgrade costs while the affiliate stations receiving the funds will provide the remaining 50%.

TOTAL - All Funds	\$11,500,000

ADMINISTRATIVE BUILDING FUND (7026)

C72305	Facility Improvements and Modernization	\$10,000,000
---------------	--	---------------------

County: Franklin

This appropriation will be used to support an ongoing electrical project throughout the Ohio Expo Center. Specifically, this project phase will replace utility poles and overhead primary service of the Expo Center property along 17th Ave., Velma Ave., 20th Ave., and near the Lausche Building and Rhodes Youth Center.

C72312	Renovations and Equipment Replacement	\$1,500,000
---------------	--	--------------------

County: Franklin

This appropriation will be used as a contingency for emergency repairs that might be required as the result of water main breaks, loss of service on buried electrical lines, loss of transformers and so forth. This appropriation will also be used for the repair or purchase of major equipment that is necessary for the operation of the Ohio Expo Center. H.B. 529 of the 132nd General Assembly appropriated \$1.0 million for these purposes.

(FCC) OHIO FACILITIES CONSTRUCTION COMMISSION

Administrative Building Fund	\$4,560,000

ADMINISTRATIVE BUILDING FUND (7026)

C23016	Energy Conservation Projects	\$1,900,000
---------------	-------------------------------------	--------------------

County: Statewide

These funds will be used by FCC Office of Energy Services (FCC-ES) to award capital funding on a competitive basis to state agencies for energy related projects. Funding will be prioritized based upon the return on investment. Funds may be used to retrofit and renovate existing state buildings with more energy efficient equipment or supplement new construction projects in cases where a slightly more energy efficient design could yield significant savings over the life of the building.

C230E5	State Agency Planning/Assessment	\$2,660,000
---------------	---	--------------------

County: Statewide

These funds will be used to continue assessments of state agency and state-supported higher education institution facilities for capital master planning and maintenance management. The assessments determine the current physical condition of a facility and an estimate of costs necessary to repair, update, and renovate the facility to current facility type, code, and agency standards. The data developed from the assessment supports agency facility maintenance and utilization management.

C230FR	OHS - Wahkeena Nature Preserve	\$432,250
---------------	---------------------------------------	------------------

County: Fairfield

This capital appropriation funds building and site improvements at the Wahkeena Nature Preserve, including a boundary survey, pond cleaning and dam repair, general building repairs, and an accessible toilet building.

C230FS	OHS - Ohio River Museum New Building	\$950,000
---------------	---	------------------

County: Washington

This capital appropriation funds Phase 1 of a two-phase project for the construction of a replacement for the existing Ohio River Museum, and the installation of new exhibits. Phase 1 will construct the shell and outfit half of the building for the Washington County Public Library to relocate and install its Local History and Genealogical Archives. Phase 2 will outfit the second half of the building for the relocation of the Ohio River Museum. The Washington County Public Library will contribute funding for the project.

C230FT	OHS - Statewide Site Security System	\$474,145
---------------	---	------------------

County: Statewide

This capital appropriation funds upgrades to buildings and sites that will increase personal safety as well as provide for the protection of Ohio's historic resources from theft, vandalism, and damage from fire, flooding, or other disasters.

C230W7	OHS - Lundy House Restoration	\$994,650
---------------	--------------------------------------	------------------

County: Jefferson

This capital appropriation funds the first phase of restoration of the Benjamin Lundy House/Free Labor Store, including the completion of initial structural stabilization and building enclosure repairs, and research and planning for the restoration of the house. Once the restoration project is complete the site will function as a museum in the Mount Pleasant National Historic District.

C230X1	OHS - Site Energy Conservation	\$289,750
---------------	---------------------------------------	------------------

County: Statewide

This capital appropriation funds projects that reduce energy consumption and reliance on fossil fuels at various state historic sites and museum facilities. The project follows the completion of energy audits at seventeen representative sites. The funds will also be used for energy efficiency audits at ten sites and statewide sustainability planning.

SCHOOL BUILDING PROGRAM ASSISTANCE FUND (7032)

C23002	School Building Program Assistance	\$300,000,000
---------------	---	----------------------

County: Statewide

These moneys are generated from the sale of bonds. Funds received from this item will be used to provide the state share of basic project costs to those school districts participating in facilities programs overseen by the Facilities Construction Commission (FCC). Eligibility and priority for a district receiving state assistance is generally determined by the relative wealth of the district as measured through its three-year average adjusted valuation per pupil and the need to replace classroom facilities as assessed by FCC. These funds are in addition to \$300 million appropriated in this line item for the FY 2021-FY 2022 by S.B. 4 of the 133rd General Assembly.

C23020	School Safety Grant Program	\$5,000,000
---------------	------------------------------------	--------------------

County: Statewide

These funds will be used to make competitive grants of up to \$100,000 to public schools for physical security enhancement, equipment, or inspection and screening equipment to improve the overall physical security and safety of their buildings. The Facilities Construction Commission (FCC) will administer and award the grants using procedures established in coordination with the Division of Ohio Homeland Security in the Department of Public Safety. Applications must describe how the grant will both integrate organizational preparedness with broader state and local preparedness efforts and be used to address vulnerabilities identified by security experts.

(PWC) PUBLIC WORKS COMMISSION

State Capital Improvements Fund	\$200,000,000
State Capital Improvements Revolving Loan Fund	\$42,500,000
Clean Ohio Conservation Fund	\$37,500,000
TOTAL - All Funds	\$280,000,000

STATE CAPITAL IMPROVEMENTS FUND (7038)

C15000	Local Public Infrastructure / State CIP	\$200,000,000
---------------	--	----------------------

County: Statewide

This appropriation will fund FY 2022 of the State Capital Improvement Program (SCIP), under which PWC provides grants and loans to local governments for projects involving roads and bridges, fresh water treatment and distribution systems, wastewater collection and treatment facilities, storm sewer systems, and solid waste disposal facilities. PWC expects to award around 600 projects in FY 2022, an average of around \$330,000 per project. All repayments of loans made under SCIP are deposited into the Revolving Loan Fund (Fund 7040).

FY 2021 funding for SCIP was included in S.B. 4 of the 133rd General Assembly, which provided \$175 million in capital appropriations for this program. Consequently, between the two bills, a total of \$375 million in capital funding for SCIP grants and loans is provided over the FY 2021-FY 2022 biennium. Beginning in FY 2022, the maximum amount of bonds that may be issued each year rises from \$175 million to \$200 million.

STATE CAPITAL IMPROVEMENTS REVOLVING LOAN FUND (7040)

C15030	Revolving Loan	\$42,500,000
---------------	-----------------------	---------------------

County: Statewide

These funds provide additional revolving loan funds for FY 2022 to supplement the State Capital Improvement Program (SCIP). The revolving loans are approved through SCIP, and loan principal and interest are repaid by local governments into Fund 7040. Once all repayments are collected from the local governments in a particular district, PWC reallocates the collective sum of a district's loan repayments back to the district's Public Works Integrating Committees, which then re-loan or "revolve" the funds for new capital improvements. The loans are typically for 20-year terms with 0% interest rates.

FY 2021 funding for SCIP revolving loans was included in S.B. 4 of the 133rd General Assembly, providing \$42.5 million in capital appropriations. Consequently, between the two bills, a total of \$85 million in capital funding for SCIP revolving loans is appropriated over the FY 2021-FY 2022 biennium.

CLEAN OHIO CONSERVATION FUND (7056)

C15060	Clean Ohio Conservation Program	\$37,500,000
<i>County:</i>	Statewide	

This appropriation provides FY 2022 funding for local governments and non-profit organizations to acquire and develop open space and undertake riparian corridor enhancement projects under PWC's allocation for the Clean Ohio Conservation Program. PWC expects to approve around 75 grants in FY 2022, with awards totaling around \$500,000 per project. Investment income generated from the bond proceeds covers PWC's costs for administering the program.

FY 2021 funding for PWC's Clean Ohio Conservation Program was included in S.B. 4 of the 133rd General Assembly, which provided \$37.5 million in capital appropriations for the program. Between the two bills, this means that a total of \$75 million in funding for the program is available for the FY 2021-FY 2022 biennium.

(TAX) DEPARTMENT OF TAXATION

Administrative Building Fund	\$27,550,000
TOTAL - All Funds	\$27,550,000

ADMINISTRATIVE BUILDING FUND (7026)

C11001	Enhanced Electronic Filing	\$27,550,000
---------------	-----------------------------------	---------------------

County: Franklin

This ongoing project will update the Department of Taxation's system for processing personal income tax and school district income tax returns, and also process related income tax withholding and pass-through entity tax documents. The current system for handling personal and school district income taxes is more than 30 years old and uses COBOL, an outdated programming language that is increasingly expensive to service. The Department's COBOL programmers are nearing retirement. A new system could be easily updated for tax law changes and more readily scaled up to meet future needs. Specifically, these funds will be used to allow the new system to handle the withholding and pass-through entity information. H.B. 529 provided for up to \$12 million in funding for the FY 2019-FY 2020 biennium to replace the current system, as part of the State Taxation Accounting and Revenue System (STARS) project. The Department anticipates spending of \$7.5 million for the next phase of this project in the next capital biennium.
