ARMY NATIONAL GUARD SERVICE CONTRACT FUND (3420)

C74537	Renovation Projects - Federal Share	\$28,167,421
---------------	--	---------------------

County: Statewide

This capital appropriation provides the federal share of repair, construction, and renovation projects at various facilities operated by the Adjutant General's Department that are eligible for a federal match under the Army National Guard Facilities Program. The Department currently maintains 45 operational readiness centers and a number of other facilities at the Camp Perry Training Site (Ottawa County) and the military complex at the Rickenbacker Air National Guard Base (Franklin County).

The state share will be funded with money appropriated from either the Administrative Building Fund (Fund 7026) to the Adjutant General's capital line item C74535, Renovations and Improvements, or the Armory Improvements Fund (Fund 5340) to the Adjutant General's capital line item C74542, Renovations and Improvements.

C74539	Renovations and Improvements - Federal	\$13,343,700
---------------	---	---------------------

County: Statewide

This capital appropriation funds various renovation and improvement projects at facilities managed by the Adjutant General's Department that, per an agreement with the federal National Guard Bureau, are to be 100% federally funded. The priority projects in the FY 2023 - FY 2024 biennium include water and storm water infrastructure improvements, barracks design and construction, construction of a National Guard Readiness Center and a bridge replacement project at the James A. Garfield Joint Military Training Facility, located in Ravenna, Ohio.

ARMORY IMPROVEMENTS FUND (5340)

C74542	Renovations and Improvements	\$1,000,000
---------------	-------------------------------------	--------------------

County: Statewide

This capital appropriation funds the state share of renovation projects at armories operated by the Adjutant General's Department. The federal share is funded with money appropriated from the Army National Guard Service Contract Fund (Fund 3420) to the Adjutant General's capital line item C74537, Renovations and Improvements - Federal.

ADMINISTRATIVE BUILDING FUND (7026)

C74535	Renovations and Improvements	\$7,605,046
---------------	-------------------------------------	--------------------

County: Statewide

This capital appropriation funds repair, construction, and renovation projects at various facilities operated by the Adjutant General's Department. The federal share, if applicable, will be funded with money appropriated from the Army National Guard Service Contract Fund (Fund 3420) to the Adjutant General's capital line item C74537, Renovation Projects - Federal Share.

(AGO) ATTORNEY GENERAL

Administrative Building Fund	\$5,324,878
TOTAL - All Funds	\$5,324,878

ADMINISTRATIVE BUILDING FUND (7026)

C05502	Bowling Green Facility	\$294,474
---------------	-------------------------------	------------------

County: Wood

This line item provides funding for the installation of snorkel exhaust fume hoods, a compressed airline, a helium gas line, and work island drops to the on-site laboratories located at the Attorney General's BCI facility in Bowling Green.

C05517	General Building Renovations	\$600,000
---------------	-------------------------------------	------------------

County: Statewide

This line item provides funding for general renovation projects in facilities operated by the Attorney General. The Ohio Facilities Construction Commission has identified a number of small projects where building renovations are necessary to remediate issues that, absent this capital money, might require the Office of the Attorney General to use money appropriated from its operating budget.

C05535	TTC Outdoor Gun Range	\$2,282,792
---------------	------------------------------	--------------------

County: Madison

This line item provides funding for building and gun range improvements at the Ohio Peace Office Training Academy's (OPOTA) Tactical Training Center (TTC) in London.

C05536	TTC Facility Renovations	\$591,136
---------------	---------------------------------	------------------

County: Madison

This line item provides funding for HVAC improvements and exterior masonry renovations at the Ohio Peace Office Training Academy's (OPOTA) Tactical Training Center (TTC) in London.

C05537	Richfield Facility Renovations	\$1,556,476
---------------	---------------------------------------	--------------------

County: Summit

This line item provides funding for renovation projects at the Office of the Attorney General's Richfield facility that serves as a satellite location for the Bureau of Criminal Investigation (BCI) and the Ohio Peace Officer Training Academy (OPOTA). High priority project include (1) conversion of OPOTA workspaces for use by BCI, as space needs for OPOTA have reduced while space needs for BCI have increased, (2) replacement of the asphalt parking lot, and (3) replacement of the facility's original roofing system installed in 2001.

C70023	Building #22 Laboratory Equipment	\$320,000
<i>County:</i>	Licking	

This appropriation will be used to purchase and replace laboratory equipment at the Environmental Protection Agency (EPA) facility located on the AGR campus. Specifically, the funding will support the purchase of three Gas Chromatographs/Mass Spectrometers. These instruments are used to test for organic chemical contaminants in drinking water, air, and fish samples for organic chemical contaminants

C70030	Agriculture Equipment	\$515,000
---------------	------------------------------	------------------

County: Licking

This appropriation will be used to (1) purchase a scale truck, (2) renovate an existing scale truck, and (3) purchase a used boom lift.

CLEAN OHIO AGRICULTURAL EASEMENT FUND (7057)

C70009	Clean Ohio Agricultural Easement	\$12,500,000
---------------	---	---------------------

County: Statewide

This appropriation will be used to fund farmland preservation under the Local Agricultural Easement Purchase Program, part of Ohio's Clean Ohio Fund initiative. Under the program, the state provides up to 75% of the costs of purchasing agricultural easements from willing landowners. Local governments or conservation organizations provide the balance of the funds required to purchase the easement.

HIGHER EDUCATION IMPROVEMENT TAXABLE FUND (7024)

C23568	OARnet - Taxable	\$14,000,000
---------------	-------------------------	---------------------

County: Statewide

These funds are used to support the OARnet network that interconnects Ohio's colleges and universities with each other as well as with national commercial and academic networks. Projects funded by this appropriation may include expanding OARnet's fiber optic cable network to over 5,500 miles and increasing the bandwidth of the core data routes (backbone) to support transmission speeds of one terabit per second. OARnet may also upgrade equipment throughout OARnet's regional rings that have been built to provide access to data centers, schools, and other communities and create a broadband research laboratory and next-generation threat detection environment to support the system and users. Previous appropriations (all made from Fund 7034) include \$14.2 million in S.B. 310, \$10.2 million in H.B. 529, \$9.1 million in S.B. 310, \$7.0 million in H.B. 497, \$2.0 million in H.B. 482, \$2.0 million in H.B. 562, \$5.0 million in H.B. 699, \$4.5 million in H.B. 16, and \$5.0 million in H.B. 675.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C23501	Ohio Supercomputer Center	\$7,000,000
---------------	----------------------------------	--------------------

County: Franklin

These funds will support various projects at the Ohio Supercomputer Center (OSC), which is located at the Ohio State University. OSC provides faculty, students, and researchers at Ohio's public and private colleges and universities access to a statewide high-performance computing resource. Projects supported with these funds include installing a new supercomputer to support increased demand from faculty and students and important emerging applications in artificial intelligence; upgrading servers, storage systems, and tape storage across two data centers to support the growing volume of data the system maintains; and, updating the network security hardware to support faster networks and larger amounts of network traffic to better protect OSC against external, malicious attacks against the systems. Previous capital appropriations for OSC include \$7.2 million in S.B. 310, \$6.1 million in H.B. 529, \$6.0 million in S.B. 310, \$12.0 million in H.B. 497, \$2.0 million in H.B. 482, \$2.0 million in H.B. 562, \$0.2 million in H.B. 699, \$6.8 million in H.B. 16, \$8.5 million in H.B. 675, \$6.5 million in H.B. 640, and \$14.3 million in H.B. 850.

C23502	Research Facility Action and Investment Funds	\$350,000
---------------	--	------------------

County: Statewide

These funds are used for a grant program that provides timely availability of capital funding for research programs and research-oriented instructional programs at or involving state-supported and state-assisted institutions of higher education. Specifically, the funds provide matching capital funds for equipment or facilities for research institutions seeking research grant awards from federal and other external entities. Ohio's research institutions include 13 public universities, one public university of medicine, Case Western Reserve University, and the University of Dayton. The minimum capital commitment match from DHE is \$60,000. Overall, the minimum total budget for a project must be at least \$250,000. This program has not received capital appropriations since FY 2017, when S.B. 310 of the 131st G.A. appropriated \$1.0 million. Prior to S.B. 310, appropriations included \$3.5 million in H.B. 497, \$3.9 million in H.B. 482, \$5.5 million in H.B. 562, \$5.5 million in H.B. 699, \$5.0 million in H.B. 16, \$19.0 million in H.B. 675, \$20.0 million in H.B. 640, and \$20.0 million in H.B. 850.

C23516	Ohio Library and Information Network	\$22,619,427
---------------	---	---------------------

County: Statewide

These funds primarily support the annual acquisition of the latest digital library content for the OhioLINK membership. Specifically, the funds subsidize the cost of high-quality electronic journal and database content that OhioLINK institutions rely on for research and training, with a large portion of the purchased content focusing on science, technology, engineering, mathematics, and medicine (STEMM) disciplines. OhioLINK subsidizes about 20% of the purchased content with capital funds, and the OhioLINK membership pays the remaining 80%. In addition, the 30-year old Integrated Library System (ILS), which serves as the major system of library operations, will be replaced. The current ILS is no longer able to meet the state's needs for consortia sharing or capable of working with local campus learning management systems. The ILS will become a Library Management System (LMS), which will be more stable and secure. It will also be able to manage the shared access and authentication required by complex electronic licensing. The cost to implement the new LMS is estimated to be \$8.0 million. Previous appropriations include \$14.0 million in S.B. 310, \$13.8 million in H.B. 529, \$13.4 million in S.B. 310, \$12.0 million in H.B. 497, \$9.0 million in H.B. 482, \$9.9 million in H.B. 562, \$5.4 million in H.B. 699, \$8.1 million in H.B. 16, \$8.2 million in H.B. 675, \$7.5 million in H.B. 640, and \$6.5 million in H.B. 850.

C23524	Supplemental Renovations - Library Depositories	\$600,000
---------------	--	------------------

County: Multi-county - Athens, Butler, Franklin, Portage, Wood

These funds support basic renovations at the five regional library depositories, which allow the largest university libraries to store less-used materials in off-site facilities. The original facilities are now more than 25 years old and are in need of major and minor renovations and repairs such as exterior door, window, and wall repair, equipment repair and replacement, and remediation of site drainage. The facilities are located on the campuses of Bowling Green State University, Miami University, NEOMED, Ohio University, and the Ohio State University (OSU). More than \$80,000 of this funding may be used to remove and replace the asphalt of the parking area at the Ohio University location, which has deteriorated due to a drainage issue that is being remediated with capital funding in S.B. 310. Previous appropriations include \$519,650 in S.B. 310, \$447,000 in H.B. 529, \$1.2 million in S.B. 310, \$2.0 million in H.B. 497, \$2.0 million in H.B. 482, \$5.5 million in H.B. 562 and \$2.0 million in H.B. 699.

C23529	Workforce Based Training and Equipment	\$7,600,000
---------------	---	--------------------

County: Statewide

These funds will be used for the Regionally Aligned Priorities in Developing Skills (RAPIDS) program, the purpose of which is to support collaborative projects among higher education institutions to strengthen education and training opportunities that maximize workforce development efforts in defined areas of the state. The grants provide capital funds on a competitive basis to collaborations of community colleges, universities, private colleges and universities, and Ohio Technical Centers to address the business and economic development needs of the region. Previous appropriations include \$7.6 million in S.B. 310, \$16.0 million in H.B. 529 (amended by H.B. 166 of the 133rd G.A. to double the initial appropriation by \$8.0 million), \$8.0 million in S.B. 310, \$8.5 million in H.B. 497, \$2.0 million in H.B. 482, and \$2.4 million in H.B. 562.

C23530	Technology Initiatives	\$2,350,000
---------------	-------------------------------	--------------------

County: Statewide

These funds are used for needed technology infrastructure improvements. The priority project in the FY 2023 - FY 2024 biennium is the continued enhancement of disaster recovery and continuity capabilities of computational, storage, and network infrastructure in the remote data center to reduce the average time for recovery of services, the goal of which is to allow uninterrupted access to services and data in disaster recovery situations. Previous appropriations for this line item include \$2.4 million in S.B. 310, \$2.5 million in H.B. 529, \$2.5 million in S.B. 310, \$4.5 million in H.B. 497, \$3.1 million in H.B. 482, \$3.7 million in H.B. 562, \$2.0 million in H.B. 699, \$3.7 million in H.B. 675, \$10.0 million in H.B. 640, and \$10.0 million in H.B. 850.

<i>County:</i>	Summit	

C25079	Campus Infrastructure Improvements	\$3,250,000
<i>County:</i>	Summit	

These funds will be used to improve critical mechanical and electrical infrastructure on the main campus. Other projects may include addressing deferred maintenance on the chilled water system; the high temperature, hot water district heating system; and the electrical distribution system.

C25097	Polsky Arts Center	\$4,500,000
---------------	---------------------------	--------------------

County: Summit

These funds will be used to renovate a portion of the street-level first floor of the Polsky Building, located on the main campus, into space for an interdisciplinary arts center.

C25098	Central Hower Renovation	\$2,200,000
---------------	---------------------------------	--------------------

County: Summit

These funds will be used for design and planning costs associated with renovating about 80,000 square feet of the Central Hower Building for the School of Art and razing the remaining 160,000 square feet of the building. According to UAK, the Central Hower Building has approximately \$43 million of deferred maintenance. The renovation is expected to eliminate the deferred maintenance cost and reduce annual operating costs by approximately \$250,000. The renovations are slated to begin in the FY 2025-FY 2026 biennium. The total project cost is estimated to be approximately \$32.2 million, including \$20.0 million from non-state sources.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C24076	Critical Infrastructure Rehabilitation - Mechanical, Electrical, and Plumbing	\$4,830,402
---------------	--	--------------------

County: Wood

These funds will be used to address deferred maintenance of mechanical, electrical, and plumbing systems in Hayes Hall and the Math Science Building located on the main campus. Most of the infrastructure in these buildings are more than 50 years old and past their useful life. The total project cost for this biennium is estimated to be approximately \$6.2 million, including \$1.4 million from BGU sources.

C24077	Critical Infrastructure Rehabilitation - Roofing and Building Envelope	\$2,055,490
---------------	---	--------------------

County: Wood

These funds will be used to repair or replace roof systems, windows, doors, tuckpointing, caulking, sealing, weather flashing, and other items that result in water infiltration in Jerome Library and several buildings that host students in Applied Sciences program located on the main campus. The existing roofing and weatherproofing systems in these buildings are in poor condition and repairing or replacing them will eliminate water infiltration and minimize interior damage to classrooms, laboratories, and offices. The total project cost for this biennium is estimated to be approximately \$2.7 million, including \$600,000 from BGU sources.

C24078	Academic Building Rehabilitation - Applied Sciences	\$3,391,559
---------------	--	--------------------

County: Wood

These funds will be used to renovate academic buildings that primarily support Applied Sciences programs. BGU reports that most of these buildings are 50 to 90 years old and have not had major renovations. Specifically, these buildings will be modernized and reimaged to improve student experience by creating collaborative spaces and active learning environments. The buildings serve about 5,000 students and 500 faculty and staff. The total project cost for this biennium is estimated to be approximately \$4.4 million, including \$1.0 million from BGU sources.

C24079	Critical Infrastructure Rehabilitation - Technology-Wired Network	\$6,000,000
---------------	--	--------------------

County: Wood

These funds will be used for the second phase of a multi-year phased project to upgrade the main campus' technology infrastructure system, which was installed more than 20 years ago. In the FY 2023-FY 2024 biennium, the project will focus on upgrading fiber optic and copper network and wiring infrastructure in Hayes Hall and the Math Science Building.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C24080	Academic Building Infrastructure and Space Rehabilitation – Firelands	\$800,000
---------------	--	------------------

County: Erie

These funds will be used to renovate critical infrastructure systems and academic spaces at the Firelands campus. In the FY 2023-FY 2024 biennium, BGU will focus on renovations to classrooms, restrooms, building systems, and other spaces in Foundation Hall, Mylander Hall, and North Building.

(CSU)

Central State University

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C25500	Basic Renovations	\$755,599
---------------	--------------------------	------------------

County: Greene

These funds will be used for basic renovations and deferred maintenance across campus. Priority projects for the FY 2023-FY 2024 biennium will repair and renovate restrooms and entrances to restrooms in the Norman E. Ward, Sr. University Center, Robeson Visual and Performing Arts Center, and Wesley and Smith halls. Other buildings, offices, and residential halls may also have restrooms and other, active areas upgraded.

C25527	HVAC Upgrades and Improvements	\$600,000
---------------	---------------------------------------	------------------

County: Multi-county - Greene, Montgomery

These funds will be used to replace or upgrade chillers, cooling towers, air handling systems, water softeners, and mechanical, electrical, and plumbing system at the Center for Education and Natural Sciences, Hunter Hall, Robeson Visual and Performing Arts Center, and C.J. McLin building on the main campus and a building on the Dayton campus. The current systems are inefficient and past their useful service lives. S.B. 310 provided \$950,000 for these same projects in other campus buildings during the FY 2021 – FY 2022 biennium.

C25533	Information Technology - Cable and Fiber Project	\$500,000
---------------	---	------------------

County: Greene

These funds will be used to upgrade and reroute CSU's IT infrastructure to support online delivery and virtual learning opportunities. The project will improve connectivity and bandwidth speed in existing and new buildings on campus. It will also permit CSU to expand technology in classrooms, technology laboratories, and digital learning hubs across campus to support on-campus students and those that connect remotely.

C25534	Roof Repair and Water Intrusion	\$1,938,273
---------------	--	--------------------

County: Multi-county - Greene, Montgomery

These funds will be used to replace or repair roofing systems and to correct water intrusion issues at the Jenkins and C.J. McLin buildings on the main campus and a building on the Dayton campus. The roofing systems and membranes on each of these buildings have exceeded their expected lives, warranties, and functionality. The poor conditions of the roofing systems have led to internal damage, decay, and mildew issues.

(UCN) University of Cincinnati - Main

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C266C7	Old Chemistry Rehabilitation	\$29,052,243
---------------	-------------------------------------	---------------------

County: Hamilton

These funds will be used to renovate approximately 63,000 square feet in the original 1917 portion of the Old Chemistry Building and demolish the 1930's addition to make way for a new 152,000 square foot laboratory wing in its place. The new wing will connect to the 1917 building. Specific projects include constructing new open-bay laboratories and faculty and departmental offices to replace outdated laboratories and offices in adjacent Crosley Tower, building new modern classroom space with capacity and configuration-flexibility to support enrollment changes and improve room utilization, and building new modern basic science biology and chemistry teaching laboratories to augment recently constructed ones in adjacent Rieveschl Hall. The project is slated to be completed over the next two biennia at a total cost of \$103.0 million. The cost for the FY 2023-FY 2024 biennium is estimated at \$48.8 million, with the non-state portion supported by debt. UCN anticipates that the remaining \$54.2 million in the FY 2025-FY 2026 biennium will be supported by a mix of state and local funds and debt.

C266C8	Rieveschl Hall Renovation Final Phase	\$4,000,000
---------------	--	--------------------

County: Hamilton

These funds will be used to support the first of a two-part project to conclude renovation of Rieveschl Hall, located on the main campus. Specifically, this portion of the final phase of the project will complete any necessary replacement of building infrastructure, prepare the building for the demolition of the adjacent Crosley Tower and two-story connecting building, and study and design the potential renovation of space that will be vacated by functions that will move to other buildings, including through the Old Chemistry Rehabilitation project, after they are completed in the FY 2025-FY 2026 biennium. The total final phase cost over the next two biennia is estimated at \$19.0 million. The first part is expected to cost \$5.0 million, including \$1.0 million in debt. UCN anticipates that the remaining \$14.0 million for the second part will be used to renovate vacated space and any remaining older spaces identified for repurposing and will be supported by state funds.

(UCN) University of Cincinnati - Clermont

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C266B5	McDonough Hall and Student Services Building Roofs- Clermont	\$1,250,000
<i>County:</i>	Clermont	

These funds will be used to remove and replace the existing roofs with new energy-efficient ones on the McDonough Hall and Student Services buildings on campus. Other scope includes replacing rooftop air handlers, and the associated distribution and controls, for both buildings. Additional projects may include air handler and fabric envelop replacement on the Student Activities Center and air handler replacement on the West Woods Academic Center. This project is the third in a series of planned Clermont-campus infrastructure improvements to maintain the condition of campus facilities and improve energy and operating efficiencies and campus financial performance. The total project cost for this phase is estimated to be approximately \$3.3 million, including \$875,000 in local funds. Approximately \$1.1 million of the \$2.4 million in state funds were reappropriated in H.B. 597 of the 134th G.A. to be used for this phase of the project.

(UCN) University of Cincinnati - Blue Ash

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C26678	Muntz Hall - Blue Ash	\$5,500,000
<i>County:</i>	Hamilton	

These funds will be used for the fifth phase of a multiple phase project that will replace obsolete and failing building infrastructure and update Muntz Hall's interiors. This phase will include renovation of the ground floor of the 1970's-era portion of the building to expand the campus' student advising operation, enclosure of an outdoor courtyard to create student study and collaboration space, and updating the building's largest classroom. If funds remain available, one of the building's most heavily used restrooms will also be updated. Further scope includes new mechanical, electrical, plumbing, lighting, furnishings, windows, and instructional technology in renovated areas. The cost for Phase 5 totals approximately \$6.5 million, including \$5.5 million from the state and \$1.0 million from local sources. S.B. 310 provided \$2.4 million for the fourth phase of the project, H.B. 529 provided \$12.4 million for the second and third phases, and S.B. 310 provided \$5.2 million for the first.

(CLS)

Cleveland State University

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C26083	Science Research Building Renovation and Expansion	\$5,000,000
---------------	---	--------------------

County: Cuyahoga

These funds will be used for the second phase of a 50,000 square foot expansion of the University's Science Research building, located on its main campus. Generally, the project will make essential building renovations, provide or expand critically needed research labs for faculty, and create innovative space to expand CLS's "Engaged Learning" initiatives with a "one-stop" shop for Cleveland-area workforce solutions, talent development, and connections with faculty and centers of excellence. Approximately 37,500 square feet of the expansion will be used for biomedical instructional and research space. Remaining space in the expansion may be used to create a state-of-the-art interface space between university researchers that will serve as a groundbreaking "Talent Solutions Institute" to be based on best practice in major cities to serve existing and emerging needs of the Northeast Ohio business community.

C26094	Anatomy Laboratory Renovation	\$3,000,000
---------------	--------------------------------------	--------------------

County: Cuyahoga

These funds will be used to renovate the 3,500 square foot Gross Anatomy/Neuroscience Laboratory located on its main campus. Specifically, the project will renovate and replace temperature controls and air handling and ventilation systems in the laboratory. Approximately \$500,000 of this appropriation will be used to replace the existing HVAC unit. The laboratory serves undergraduate health science majors, non-CLS undergraduates who desire a cadaver dissection experience, and Doctor of Physical Therapy students.

C26095	Music and Communications Building Roof Replacement	\$3,700,000
---------------	---	--------------------

County: Cuyahoga

These funds will be used to replace the rubberized flat roof on the Music and Communications building located on the main campus. In April 2021, a building roof study was completed that found the roof to be past its useful life and experiencing critical failures. The roof was found, among several issues, to be holding a high level of moisture which caused some deterioration of the steel deck beneath it, while the membrane was no longer attached to bars along the walls causing water to leak down the interior of the building. A portion of these funds may be used to replace windows on the building impacted by moisture infiltration.

C26096	Rhodes Tower Renewal Phase I	\$3,400,000
---------------	-------------------------------------	--------------------

County: Cuyahoga

These funds will be used for the first of a two-phase project that will repair and renovate the 1972-built chilled water plant in Rhodes Tower located on the main campus. The plant received an upgrade in 2011, however, the piping in the underground distribution that feeds into the plant are original to the plant. This phase will focus on replacing and repairing the underground piping, specifically one mile of piping that has had five major system leaks in the past several years. Other items that may be repaired or renovated include valves and cooling tower pipes. The second phase is expected to occur in the FY 2025-FY 2026 biennium with an anticipated cost of \$3.1 million that will make repairs to the hot water baseboard HVAC system and replace four main chilled water valves.

C26097	Electrical Equipment Upgrade	\$1,492,597
---------------	-------------------------------------	--------------------

County: Cuyahoga

These funds will be used to upgrade critical electrical equipment in several main campus buildings, with a primary focus on the substation in Berkman Hall. In 2015, a new substation was built in the Science Research Building, which reduced the burden on the one in Berkman Hall. However, the bolted pressure switches in the Berkman Hall substation have been renovated and switched often. These switches are open-air and are capable of generating a notable arc flash (per the Occupational Safety and Health Administration, a phenomenon where a flashover of electric current leaves its intended path and travels through the air from one conductor to another, or to the ground), which can be a significant safety hazard. New low voltage breakers and medium voltage protection relays will replace the outdated ones to improve the safety of the equipment. The project may also replace several motor control centers on campus, which are over 30 years old and past their useful lives.

(KSU) Kent State University - Main

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270K3	Critical Deferred Maintenance – Kent	\$1,550,000
<i>County:</i>	Portage	

These funds will be used to address deferred maintenance in several buildings across KSU's main campus, most of which were constructed in the 1960s and 1970s. In the FY 2023-FY 2024 biennium, the main use of these funds will be to keep pace with KSU's growing needs for updated technology and flexible learning environments that were necessary during the COVID-19 pandemic. Renovations may include purchasing new furnishings for classrooms, creating purpose-driven learning environments, and addressing technology needs.

C270K4	Campus ADA Improvements - Kent	\$1,000,000
<i>County:</i>	Portage	

These funds will be used to renovate several buildings on campus to make them more ADA accessible, as most of these buildings were constructed prior to passage of the ADA. In particular, academic buildings constructed prior to 1980 do not have fully compliant elevators, stairs, ramps, toilet facilities, and lecture halls. These funds will complement work completed as part of the university funded Gateway to a Distinctive KSU building initiative, targeting improvements to toilet rooms and entryways in existing academic buildings. This project is part of KSU's continued commitment towards targeting ADA compliance.

C270L8	Blossom Music Center	\$1,500,000
---------------	-----------------------------	--------------------

County: Summit

This line item provides funding for a community project.

C270M6	Front Campus Chiller Plant and Loop-Kent	\$7,500,000
---------------	---	--------------------

County: Portage

These funds will be used to construct a new, centralized front campus chilled water plant on the Kent campus that will provide approximately 2,400 tons of cooling capacity for 10 campus buildings. The project will replace existing chiller equipment operating in three, separate locations with a new water plant that will centralize operations and maintenance and improve efficiency and energy management. The new plant is expected to increase capacity and efficiency in the 10 buildings, including the new College of Business Administration.

C270M7	CAED Beall Hall 2nd Floor Rehabilitation-Kent	\$6,500,000
---------------	--	--------------------

County: Portage

These funds will be used to renovate the second floor of Beall Hall into a satellite facility for the College of Architecture and Environmental Design (CAED), which is currently housed in the John Elliot Center for Architecture and Environmental Design. Continuous enrollment growth in the CAED program has led to various locations throughout campus hosting students to meet the demand. The space will be renovated to provide between 150 to 200 additional studio desks in an adaptive re-use of an existing university building.

C270M8	Cunningham Hall Deferred Maintenance Phase II-Kent	\$3,075,000
---------------	---	--------------------

County: Portage

These funds will be used to renovate the infrastructure and equipment in the 1960s-constructed vivarium (an enclosed area for keeping animals or plants in semi-natural conditions for observation or research) located in Cunningham Hall on the main campus. Most of the facility's infrastructure and equipment is original to the facility and beyond useful life. The renovated vivarium will improve functionality, efficiency, and reliability for the student researchers and primary investigators in the Biological Sciences and Brain Health Research Institute.

C270N2	Academic Buildings IT Network Access Enhancement-Kent	\$3,588,475
---------------	--	--------------------

County: Portage

These funds will be used for the first of a three-phase project to expand and update KSU's wireless network in academic spaces to provide adequate network coverage to instructors and students, enable streaming and video conferencing at scale, and provide a secure and user-friendly method of engaging with network access devices. This first phase will address buildings that have the most volatile and oldest equipment with a focus on buildings that are highly populated and used and those that serve as testing and technology training areas.

(KSU) Kent State University - Ashtabula

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270I7	Library Asbestos Abatement and Restroom Installation – Ashtabula	\$550,000
---------------	---	------------------

County: Ashtabula

These funds will be used to replace the original HVAC system with a new rooftop unit on the 1972-constructed library. In addition to the HVAC system replacement, this project will renovate the restroom facilities on the library's second floor, replace ceiling and lighting, and abate spray-on fire proofing material containing asbestos from the structural steel used in the construction of the library in 1972. The current fire proofing material hinders safe, ongoing maintenance efforts and any work above the ceiling in the building. S.B. 310 provided \$0.6 million for the project, and H.B. 529 provided \$0.8 million for the first phase of the project.

(KSU) Kent State University - East Liverpool

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270O3	Purinton Hall Renovations - East Liverpool	\$300,000
---------------	---	------------------

County: Columbiana

These funds will be used to upgrade electrical systems and digital technology in Purinton Hall, located on the East Liverpool campus. Upgrades to the electrical systems will increase electrical service and distribution throughout the building since electrical power in the building has reached its limit. Funds will also be used to renovate laboratory spaces in the building for use by nursing, occupational therapy, and physical therapy programs.

(KSU) Kent State University - Geauga

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270K7	Nursing Skills Laboratory Renovation – Geauga	\$450,000
---------------	--	------------------

County: Geauga

These funds will be used for the second phase of a two-phase project to renovate the outdated nursing laboratory located in the 34,000 square foot Main Classroom Building. The current space is inadequate for student and faculty needs. Renovated facilities are required for simulation program support and better testing control. In addition, this project will include dedicated distance learning classrooms. S.B. 310 provided \$450,000 for the first phase of the project.

(KSU)

Kent State University - Salem

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270N1	Main Classroom Rooftop Unit Replacement Phase I-Salem	\$475,000
---------------	--	------------------

County: Columbiana

These funds will be used for the first of a two-phase project to replace the HVAC units and associated controls on the roof of the Main Classroom Building located on the Salem campus. The HVAC units have passed their expected life cycle and require increased maintenance. The associated controls will be incorporated into a modern building automation system.

(KSU)

Kent State University - Stark

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270K5	Fine Arts Building Roof Replacement Phase II and Library Ceiling Replacement – Stark	\$900,000
---------------	---	------------------

County: Stark

These funds will be used for the final phase to replace the existing membrane roofing system on the Fine Arts Building located at the Stark campus. The existing system, installed in the 1990s, is beyond its warranty period and has exceeded its useful life. The membrane system continues to develop active roof leaks causing ongoing maintenance and repair of building interior finishes. This project will remove the existing membrane system, flashings, and insulation to the roof deck as necessary to facilitate the installation of a new roof system to provide a weather tight and warranted roofing enclosure. Funds will also be used to complete the installation of LED lighting in the lower level of the Library and a fire suppression system, also, in the Library. The total cost of the project is estimated to be \$1.05 million, including \$150,000 in local funds. S.B. 310 provided \$900,000 for the first phase of the project.

(KSU)

Kent State University - Trumbull

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270M9	Library-Theater Building Roof Replacement-Trumbull	\$500,000
---------------	---	------------------

County: Trumbull

These funds will be used to replace the roof and envelope system on the 1976-constructed Library and Theater Building located on the Trumbull campus. The roof and envelope system is past its warranty and continuous repairs, including patches, have had to be made over the last several decades. The total cost of the project is estimated to be approximately \$900,000, including almost \$400,000 in local funds

(KSU) Kent State University - Tuscarawas

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C270H2	Founders Hall HVAC Upgrades – Tuscarawas	\$500,000
---------------	---	------------------

County: Tuscarawas

These funds will be used for the continuation of a multi-phase project to upgrade or replace the HVAC system in Founders Hall and hood controls in the Science and Technology Building. A majority of the HVAC system is original to Founders Hall, which is over 50 years old. Previous appropriations for this line item include \$0.5 million in S.B. 310, \$0.5 million in H.B. 529, and \$1.0 million in S.B. 310.

County: Butler

These funds will be used for the first of a multi-phase project to renovate Bachelor Hall to create a Humanities Hub that will unite existing humanities programs into modern instructional spaces. Approximately 7,000 students take classes in Bachelor Hall every academic year, or about 38% of MUN's enrollment. Programs that will be impacted by the renovation include: English, American Culture and English, History, Philosophy, Comparative Religion, and Media Journalism and Film. Bachelor Hall will also host the Humanities Center. Classrooms will be updated with flexible, active seating ability permitting modern teaching methods. The lecture hall will be renovated to host classes and public events sponsored by the Humanities Center. The total project cost for this phase is \$32 million, including approximately \$7.7 million in local funds. The project cost for all phases totals \$92 million. Of this amount, MUN anticipates contributing \$22.7 million in local funds and the remainder supported by the state.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C30550	Gross Anatomy Laboratory – HVAC Duct Work System Replacement	\$700,000
---------------	---	------------------

County: Portage

These funds will be used to replace the original duct work system in the Gross Anatomy laboratory, which was constructed in the mid-1970's. Funds will also replace the supply and return ducts in the laboratory's addition, which was built in 1987. The laboratory serves as a primary research facility for human anatomy, using donated cadavers for a variety of research and academic programs. Because of poor air flow through deteriorating duct system, the laboratory had to shut down for a time in 2019 due to high levels of gas from a solution used in the embalming process in the laboratory's air. The outdated system will be completely replaced with a modern, digitally controlled one. The total cost of the project is \$900,000, with the balance of the project supported by NEM's local funds.

C30551	Building D Roof Replacement	\$653,631
---------------	------------------------------------	------------------

County: Portage

These funds will be used to replace the roof on the 1975-constructed D-building, which houses NEM's research and the Research, Entrepreneurship, Discovery, and Innovation (REDI) Zone public-private partnership program. The roof has had one overlay project completed in the mid-1990's, while the original roof underneath is almost 50 years old. The roof has exceeded its useful life and requires continual maintenance and repairs. The total cost of the project is \$753,631, with the balance of the project supported by NEM's local funds.

C30552	Air Handling Unit #8 and Terminal Boxes Replacement	\$400,000
---------------	--	------------------

County: Portage

These funds will be used to replace the 35-year old air handling system located in the R-building. The system serves a portion of NEM's library and quiet study area. The current system has exceeded its useful life and requires constant, costly maintenance. The new system will be energy efficient, decrease operating and maintenance costs, and provide an environment where conditions are conducive to work and study. The total cost of the project is \$650,000, with the balance of the project supported by NEM's local funds.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C315BR	Emergency Generators	\$1,000,000
<i>County:</i>	Franklin	

These funds will be used to replace or renew emergency generators, replace transfer switches, and revise loading as needed at Rightmire Hall. Previous appropriations for this line item include \$900,000 in S.B. 310 and \$1.4 million in H.B. 529 for emergency generators replacement at three other buildings.

C315DM	Roof Repair and Replacements	\$4,800,000
<i>County:</i>	Franklin	

These funds will be used for the complete replacement of roofing systems at Celeste Laboratory of Chemistry, Mendenhall Laboratory, and University Hall that have exceeded their useful life spans. Previous appropriations for this line item include \$4.8 million in S.B. 310 and \$4.0 million in H.B. 529 for roofing system replacements at four other buildings.

C315DN	Fire System Replacements	\$3,500,000
---------------	---------------------------------	--------------------

County: Franklin

These funds will be used to replace fire systems whose components are beyond their expected useful life and whose replacement parts may no longer be available. Campus buildings included in this project are: Biological Sciences Building, Dulles Hall, 1315 Kinnear Road, Orton Hall, Northwood-High Building, Research Center, and Townshend Hall. Previous appropriations for this line item include \$3.9 million in S.B. 310 and \$4.0 million in H.B. 529 for this work at 13 other buildings.

C315DP	HVAC Repair and Replacements	\$3,200,000
---------------	-------------------------------------	--------------------

County: Franklin

These funds will be used to replace multiple failing HVAC systems, primarily at Cockins Hall and Orton Hall. Previous appropriations for this line item include \$3.6 million in S.B. 310 and \$6.6 million in H.B. 529 for this work at six other buildings.

C315DQ	Elevator Safety Repairs and Replacements	\$2,800,000
---------------	---	--------------------

County: Franklin

These funds will support the repair and replacement of multiple failing elevator components at several buildings across campus, including Biological Sciences Building, Wiseman Hall, and the 18th Avenue Library. Previous appropriations for this line item include \$4.9 million in S.B. 310 and \$4.0 million in H.B. 529 for this work at ten other buildings.

C315DR	Infrastructure Improvements	\$1,000,000
---------------	------------------------------------	--------------------

County: Franklin

These funds will be used to rehabilitate deteriorated drainage and tunnel ceilings and replace domestic cold-water lines, storm water lines, and sanitary sewer lines across campus. S.B. 310 provided \$1.0 million in line item C315HA, Infrastructure Renewal, for similar projects for the FY 2021-FY 2022 capital biennium. H.B. 497 provided \$1.2 million in this line item for the FY 2015-FY 2016 capital biennium.

C315DS	Building Envelope Repair	\$398,701
---------------	---------------------------------	------------------

County: Franklin

These funds will be used to provide repairs to the building envelopes on multiple buildings across campus, including Hopkins Hall and Veterinary Medicine Academic. Previous appropriations for this line item include \$1.0 million in S.B. 310 and \$410,000 in H.B. 529 for this work on five other buildings.

C315DT	Plumbing Repair	\$3,300,000
---------------	------------------------	--------------------

County: Franklin

These funds will be used to replace the deteriorating plumbing systems in Denney Hall and Orton Hall. Previous appropriations for this line item include \$1.8 million in S.B. 310 and \$510,000 in H.B. 529 for this work on three other buildings.

C315DU	Road/Bridge Improvements	\$2,000,000
---------------	---------------------------------	--------------------

County: Franklin

These funds will support the rehabilitation of deteriorated drainage, driving surface, and structural systems on Carmack Road. Previous appropriations for this line item include \$800,000 in S.B. 310 and \$2.1 million in H.B. 529 for this work on Carmack Road, Mount Hall Drive, and the West Campus Drive Loop.

C315FD	Electrical Repairs	\$2,400,000
---------------	---------------------------	--------------------

County: Franklin

These funds will be used to replace degraded emergency egress lighting, receptacles, conduit, and wiring in the Caldwell Hall and Cockins Hall. Previous appropriations for this line item include \$2.3 million in S.B. 310 and \$2.0 million in H.B. 529 for this work on three other buildings.

C315GY	Campbell Hall Renovations/Addition	\$20,000,000
---------------	---	---------------------

County: Franklin

These funds will be used for the second phase of a project to renovate and expand Campbell Hall, which was built in 1916 and currently houses the College of Education and Human Ecology (CEHE). Specific renovations will include repairs to the building envelope, major upgrades to building mechanical, electrical, plumbing systems, and renovations in classrooms, laboratories, offices, restrooms, and support areas. Currently, CEHE occupies approximately 209,000 square feet across four buildings on campus. The addition proposed in this project would consolidate the entire college in Campbell Hall and the Physical Activity and Educational Services building and reduce CEHE's footprint by approximately 31,000 square feet. This phase of the project is estimated to cost \$37.5 million, with OSU providing \$17.5 million in local funds. Overall, OSU estimates the total cost of the project to be approximately \$61.3 million. S.B. 310 provided \$23.8 million in this line item for the FY 2021-FY 2022 capital biennium..

C315GZ	Biomedical and Materials Engineering Complex	\$22,500,000
---------------	---	---------------------

County: Franklin

These funds will be used for the second phase of a project to fully renovate MacQuigg Laboratory and replace Watts Laboratory in the next phase of OSU creating its Biomedical and Materials Engineering Complex (BMEC), which aims to significantly increase student body and attract world-class faculty and researchers. OSU reports that MacQuigg Laboratory, built in 1967, has an estimated \$14.1 million in deferred maintenance, while Watts Laboratory, built in 1955, has an estimated \$5.5 million. Further, OSU also reports that neither of the facilities are suitable to meet the needs of a modern, multidisciplinary engineering program. The refurbished laboratories will serve the Materials Science and Engineering, Biomedical Engineering, Electrical and Computer Engineering, and Engineering Education programs. This phase of the project is estimated to cost \$46.3 million, with OSU providing \$23.8 million in local funds. Overall, OSU estimates the total cost of the project to be approximately \$90.0 million. S.B. 310 provided \$23.8 million in this line item for the FY 2021-FY 2022 capital biennium.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C315IR	Boiler Replacement - Wooster	\$6,000,000
---------------	-------------------------------------	--------------------

County: Wayne

These funds will be used to replace boiler #3 inside building #408 Power Plant on the Wooster campus. This boiler is a 40,000 pound, gas-fired, high pressure steam boiler that was installed in 1985. The project scope includes, but is not limited to, boiler replacement, valves, pipe, insulation, controls, cutting patching and painting, associated improvements to the control room, hazardous materials abatement, decommissioning and removal of the existing boiler and equipment, design, start-up, training, and commissioning. OSU estimates the total cost of the project to be \$9.0 million, with the remaining balance of \$3.0 million to be supported with a combination of local funds and previous capital appropriations.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C30075	Infrastructure Improvements	\$3,532,952
---------------	------------------------------------	--------------------

County: Athens

These funds will be used for a multi-phase project to replace aging or failed steam system components in OHU's main campus steam system distribution network. Due to the size of the system, incremental replacements are made each year. Funds will also be used to replace a specific tunnel section under a City of Athens street that is experiencing structural failure. The total cost of the project is \$4.3 million, with the remaining \$745,448 supported by OHU-issued debt. Future work will include continuing OHU's annual steam system replacements. Previous appropriations for this project include \$1.3 million in S.B. 310, \$1.5 million in H.B. 529, and \$200,000 in S.B. 310.

C30136	Building Envelope Restorations	\$1,200,000
---------------	---------------------------------------	--------------------

County: Athens

These funds will be used to address moderate to severe roofing system issues on Grosvenor Hall and Porter Hall. The total cost of the project is \$1.8 million, with the remaining \$605,000 supported by OHU-issued debt. S.B. 310 provided \$2.6 million to replace the roof on the Ping Center, and H.B. 529 provided approximately \$1.4 million to address building envelope repairs on Central Classroom, Lasher Hall, Putnam Hall, Radio Television Building, Kantner Hall, and the Old Heating Plant.

C30157	Building and Safety System Improvements	\$9,306,148
---------------	--	--------------------

County: Athens

These funds are used to replace aging or failed mechanical, electrical, plumbing, and fire safety systems in OHU's main campus buildings. For this biennium, these funds will be used to replace the HVAC systems in Stocker Center and distribution electrical switchgear in the Old Heating Plant. The total cost of the project is \$14.6 million, with the remaining \$5.3 million supported by prior approved state appropriations (\$3.8 million) and OHU-issued debt (\$1.5 million). S.B. 310 provided \$2.8 million to replace the HVAC systems in Chubb Hall, and H.B. 529 provided \$5.3 million for the same work in Glidden Hall, Stocker Hall, and Morton Hall.

C30158	Academic Space Improvements	\$8,433,948
---------------	------------------------------------	--------------------

County: Athens

These funds will be used, in part, for the final phase of the Clippinger Laboratories project. This project is a multi-phase project that includes construction of a multipurpose, flexible class laboratory and research facility to support consolidation and editing of inefficient space on campus, creation of additional laboratory space to meet capacity and modern teaching needs, and a swing space plan to facilitate the multiphase project. In addition to completing the Clippinger Laboratories project, funds will be used for the first phase of a multi-phase project to renew the College of Fine Arts facilities. This project will replace classroom and laboratory spaces that have had minimal updates made during the life of the building. Building systems will also be updated. Finally, with assistance from donated funds, OHU anticipates adding a facility for the colleges of Education and Fine Arts. S.B. 310 provided \$13.9 million for the second and third phases of the Clippinger project. H.B. 529 provided \$14.0 million for the Clippinger project and renovations at one or more of the buildings within the College of Fine Arts that addressed mechanical, electrical, plumbing, and aesthetic issues. S.B. 310 provided a portion of \$20.4 million for Phase I of the Clippinger project, which included new construction of laboratory space.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C30171	Campus Infrastructure Improvements – Regional Campuses	\$4,507,100
---------------	---	--------------------

County: Multi-county - Belmont, Fairfield, Lawrence

These funds will be used to renovate or replace building and campus-wide infrastructure at buildings located on OHU's regional campuses. In the FY 2023-FY 2024 biennium, the funds will be used to address energy efficiency, deferred maintenance, and replacement of mechanical systems that have reached their useful life on the Eastern (Belmont County), Lancaster (Fairfield), and Southern (Lawrence) campuses. Specific projects include replacing HVAC air delivery system equipment, ceilings, and lighting systems at Shannon Hall on the Eastern Campus, major system components of the HVAC systems at Brasee Hall and Herrold Hall on the Lancaster Campus, and the boiler plant at Riffe Center on the Southern Campus. S.B. 310 provided \$4.7 million for various OHU regional campus infrastructure projects.

C30179	Building Exterior Improvements – Regional Campuses	\$475,000
---------------	---	------------------

County: Muskingum

These funds will be used to replace the 54-year old membrane roof system on Elson Hall located at the Zanesville campus. The current system has experienced membrane seam failure leading to repetitive water leaks that cause interior damage to finishes in classrooms and common spaces.

(UTO) University of Toledo

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C34073	Mechanical System Improvements	\$1,500,000
---------------	---------------------------------------	--------------------

County: Lucas

These funds will be used to replace air handlers, exhaust fans, and other heating and cooling equipment in buildings across campus, including Bowman-Oddy, Lake Erie Center, and Presidents Hall on the Main Campus and the Health Education and Health Sciences buildings on the Health Science Campus. As part of the project, air handlers will be replaced, and the obsolete equipment will be removed. Also, a major laboratory reverse osmosis water system will be upgraded, and the campus-wide central chilled water system will be renovated. UTO will supplement these funds with \$500,000 in local funds. Previous appropriations for this line item include \$2.0 million in S.B. 310, \$2.0 million in H.B. 529, \$1.3 million in S.B. 310, and \$1.5 million in H.B. 497.

C34080	Building Envelope/Weatherproofing	\$1,500,000
---------------	--	--------------------

County: Lucas

These funds will be used to clean and replace roofs, weatherproofing, weather flashings, doors, and window glazing on several buildings across campus, including the Center for Performing Arts, North Engineering, and University Hall on the Main Campus and the Laboratory Incubator Center on the Health Science Campus. UTO will supplement these funds with \$500,000 in local funds. Previous appropriations for this line item include \$2.0 million in S.B. 310, \$2.0 million in H.B. 529, and \$1.8 million in S.B. 310.

C34094	Electrical System Enhancements	\$1,500,000
---------------	---------------------------------------	--------------------

County: Lucas

These funds will be used to replace electrical switchgear equipment and transformers in Gillham Hall on the Main Campus and motor control centers for the Health Education and Health Science buildings on the Health Science Campus. Replacing the 40 to 60 year-old equipment will improve the power infrastructure for the buildings, ensure energy savings, and extend the lives of the buildings and systems. UTO will supplement these funds with \$500,000 in local funds. Previous appropriations for this line item include \$1.5 million in S.B. 310 and \$2.0 million in H.B. 529.

C34097	North Engineering Lab/Classroom Renovations	\$10,000,000
---------------	--	---------------------

County: Lucas

These funds will be used for the final phase of a three-phase project that will renovate space within the North Engineering building as classroom space and computer laboratories. The space that will be renovated serves as the main connector of Nitschke Hall to the high bay space in the North Engineering building. Renovations will maximize available teaching and research space and improve the path of circulation between North Engineering building and Nitschke Hall. Specifically, this phase of the project will address capacity deficiencies in classroom, laboratory, and computer facilities in the building by upgrading existing space to meet the enrollment growth-based needs of the College of Engineering. UTO will supplement these funds with \$4.0 million in local funds. Previous appropriations for this line item include \$3.0 million in S.B. 310 and \$3.0 million in H.B. 529.

C340A7	Underground Utility Infrastructure Improvements	\$1,500,000
---------------	--	--------------------

County: Lucas

These funds will be used to replace 1970's era underground steam supply and condensate return lines and chilled water supply and return lines at the Main Campus. Specifically, the project will improve the campus loop by replacing lines that are nearing failure, which will improve efficiency. The project may also include replacing failed underground storm or sanitary sewer lines and domestic water lines. UTO will supplement these funds with \$500,000 in local funds. S.B. 310 appropriated \$1.0 million for this line item.

C340C4	Roads, Bridges, and Walkways	\$1,500,000
---------------	-------------------------------------	--------------------

County: Lucas

These funds will be used to install a pedestrian bridge and additional walkways to connect the Engineering College to the eastern edge of the Main Campus academic core. The bridge will permit students to safely cross a four-lane road, while the additional walkways will connect to a larger trail enhancing access to campus from the north and south. UTO will supplement these funds with \$500,000 in local funds.

C340C5	West Mall Hardscape Improvements	\$1,000,000
---------------	---	--------------------

County: Lucas

These funds will be used rework the hardscape and landscape of the West Mall, which connects more than 730,000 square feet of academic facilities and the Student Union. Projects include completing the renovation of the space formerly occupied by the central heating plant and supporting roadway into green space and replacing aprons on five academic buildings that surround the Mall area. These projects will create an updated Mall area that addresses pedestrian flow, emergency access, consistency among the materials used in the area and buildings, and ADA barriers. UTO will supplement these funds with \$250,000 in local funds.

C340C6	Space Replacement/Consolidation	\$1,024,898
---------------	--	--------------------

County: Lucas

These funds will be used to continue UTO's efforts to consolidate space and reduce the overall square footage of its campus. Specifically, projects this biennium include the demolition of Palmer Hall and, potentially, the renovation of space in Rocket Hall, University Hall, and other buildings to permit better movement of staff and operations in those areas and leading to elimination of unnecessary space. UTO will supplement these funds with \$500,000 in local funds.

C340C7	Toledo Innovation Center	\$450,000

(WSU) Wright State University - Main

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C27570	Envelope Repairs	\$1,500,000
---------------	-------------------------	--------------------

County: Greene

These funds will be used for Phase III of the envelope repair project at WSU's Dayton campus. Specifically, projects in this phase will include, but are not limited to, repairing wall leaks involving deteriorating exterior doors and glass block windows. H.B. 529 provided \$700,000 for the second phase of this project, which also focused on wall leaks.

C27578	University Safety Initiative	\$3,100,000
---------------	-------------------------------------	--------------------

County: Greene

These funds will be used for the final phase of a three-phase project for the University Safety Initiative, which will encompass a variety of safety issues across campus affecting employees, students, and infrastructure. The scope of this phase may include correcting deficiencies related to chemical storage and other laboratory safety items; abating hazardous materials; removing deteriorating underground storage tanks; upgrading campus elevators; and replacing deteriorated water lines inside buildings, overextended electric panels, and other electric infrastructure. S.B. 310 provided \$1.1 million for the second phase of the project, and H.B. 529 provided \$4.0 million for the first one.

C27582	Campus Paving and Grounds	\$1,000,000
---------------	----------------------------------	--------------------

County: Greene

A project description is not available at this time. These funds will be used for the third of a four-phase project that will renovate the paved portions of campus, including sidewalks and parking lots. The scope of this phase addresses sections of pedestrian sidewalk with failing concrete pavers and parking lots and roads that require patching. S.B. 310 provided \$343,000 for the second phase of the project, and H.B. 529 provided \$700,000 for the first one.

C27585	Campus Energy Efficiency and Controls	\$4,000,000
---------------	--	--------------------

County: Greene

These funds will be used for the final phase of a three-phase project that will address the efficiency of major energy using systems, and their corresponding control systems, in order to reduce energy consumption and operating expenses. This phase will address conversion to digital controls; strengthening the connections to existing building automation systems; and replacing major building equipment, including air handlers, chillers, and cooling towers. S.B. 310 provided \$2.7 million for the second phase of the project, and H.B. 529 provided approximately \$1.4 million for the first one.

C27594	Health College Renovations	\$1,000,000
---------------	-----------------------------------	--------------------

County: Greene

These funds will be used to reorganize WSU's health care oriented academic units into one, consolidated Health College at the Dayton Campus. Various departments from across the campus will be co-located to provide an integrated student experience and eliminate staffing duplications. The scope of the project includes design, construction, and services for the relocation of the affected units, including creating space for the relocated units and subsequent renovation of the newly vacated space. S.B. 310 provided \$319,000 for this project.

C275A3	Technology Infrastructure Upgrades	\$1,364,300
---------------	---	--------------------

County: Multi-county - Greene, Mercer

These funds will be used to renovate WSU's distributed network infrastructure in various buildings, refresh aging servers responsible for powering its virtual desktop and Lake Campus environments, extend data storage capabilities, and upgrade audio-visual capabilities in various buildings at the Dayton campus, Lake campus, and Nutter Center locations.

C275A4	USAF Research Partnership	\$250,000
---------------	----------------------------------	------------------

County: Greene

These funds will be used to support projects that relocate targeted faculty partnerships with United States Air Force (USAF) units on research projects at WSU's Dayton campus. Specifically, the project will upgrade certain spaces and infrastructure on campus to enable these research partnerships to take place.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C275A2	Lake Campus Infrastructure	\$1,100,000
<i>County:</i>	Mercer	

These funds will be used for a variety of high-priority deferred maintenance, improvement, and stabilization projects at WSU's Lake campus. Specific projects may include site, HVAC equipment, and building infrastructure repairs and replacements.

(YSU) Youngstown State University

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C34560	Campus Roof Replacements	\$2,500,000
<i>County:</i>	Mahoning	

These funds will be used to replace the aging and deteriorated roofing systems on several buildings on YSU's campus. Over time, leaking roofs have caused damage to staff offices, classrooms, laboratory spaces and equipment, which has created interruptions to services and activities in those spaces. This project will address these problems on the following buildings: Cushwa Hall, Moser Hall, and the Edmund J. Salata Complex.

C34561	Building Envelope Renovations	\$2,000,000
<i>County:</i>	Mahoning	

These funds will be used to renovate the concrete, masonry, and brick exteriors of many buildings on YSU's campus. Building movement and weather conditions have caused several cracks, weathering, and deterioration of the masonry exteriors of the buildings. This project will address these problems and restore building integrity and energy efficiency, with a focus on the following buildings: Beeghly Center, Clingan-Waddell Hall, DeBartolo Hall, and McDonough Museum. S.B. 310 and H.B. 529 provided \$1.5 million and \$684,000, respectively, for this line item.

C34574	Cushwa Hall Allied Health Renovations	\$1,000,000
---------------	--	--------------------

County: Mahoning

These funds will be used to renovate interior space and upgrade mechanical systems in Cushwa Hall, which houses YSU's Allied Health Department. The Department's programs, especially nursing, have experienced significant growth in recent years, requiring reconfiguration to interior spaces to accommodate the increased number of students. The project will focus on reconfiguration of necessary space within the building and upgrading interior finishes, electrical and lighting systems, and HVAC systems.

C34575	Building Exterior Door and Window Replacements	\$1,750,000
---------------	---	--------------------

County: Mahoning

These funds will be used to address issues with failed door and window systems on many buildings on YSU's campus. Over the years, heavy usage and exposure to weather has caused these door and window systems to fail. YSU will also address safety and security issues related to the failure of the systems. The project will replace door and window systems on the following buildings: Beeghly Center, DeBartolo Hall, Maag Library, and Moser Hall.

C34576	Garfield Building Renovations	\$1,500,000
---------------	--------------------------------------	--------------------

County: Mahoning

These funds will be used to address numerous deferred maintenance issues at the Garfield Building, which houses YSU's utilities that feed the Williamson College of Business and is adjacent to Ward Beecher Science and Moser buildings. For this biennium, the project will focus on Garfield's building envelope, including installation of new exterior doors, windows, roof decking and roofing, upgrading the exterior brick facade, and making minor improvements to the building's interior.

C34577	Emergency Generator Upgrades	\$1,000,000
---------------	-------------------------------------	--------------------

County: Mahoning

These funds will be used to upgrade emergency generator systems in various buildings on YSU's campus. These systems provide power to YSU's buildings in the event of a power outage. However, many of the systems have exceeded their useful lives and are unreliable. The project will upgrade these systems in the following buildings: Bliss Hall, Cushwa Hall, and Ward Beecher Science Hall.

C34578	STEM Science Laboratory Renovations	\$806,247
---------------	--	------------------

County: Mahoning

These funds will be used to update and renovate laboratories in YSU's STEM-focused buildings. These spaces are used frequently, but have not been upgraded in recent years. Specific projects may include the renovation of existing laboratory and support spaces to include updated interior finishes, electrical and lighting systems, classroom HVAC systems, classroom and technology accessibility, and laboratory working spaces.

C34579	Utica Shale Academy	\$300,000

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C36140	Main Building Renovations	\$1,500,000
---------------	----------------------------------	--------------------

County: Hamilton

These funds will be used for the third phase of a project to renovate and redesign portions of CTC's Main Building. Projects may include replacement of mechanical systems, roofs, and windows; upgrading student spaces, hallways, divisional offices, laboratories, back room operations, library, and conference center; and improving the appearance of the exterior of the building. Previous appropriations for this line item include \$3.3 million in S.B. 310 and \$4.3 million in H.B. 529.

C36141	IT System Upgrades	\$3,600,000
---------------	---------------------------	--------------------

County: Hamilton

These funds will be used for the final phase of a project to replace obsolete student and business services platforms with one integrated system. In addition to completing the tasks of the previous platforms, the integrated system will automate day-to-day administrative tasks, provide online student advising services, increase information sharing between the learning management and student information systems, and enhance the student scheduling and course registration process. Previous appropriations for this line item include \$2.0 million in S.B. 310 and \$2.3 million in H.B. 529.

C36143	Training and Education Infrastructure Upgrades	\$1,053,361
---------------	---	--------------------

County: Hamilton

These funds will be used to improve the CTC's ability to deliver online learning, which may include upgrading information technology systems and software to record and simultaneously share live lectures as well as renovating several facilities and an outdated audio-visual laboratory. S.B. 310 provided \$1.0 million in this line item for the FY 2021-FY 2022 capital biennium.

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C39019	Parking Lot Resurfacing	\$300,000
---------------	--------------------------------	------------------

County: Miami

These funds will be used for parking lot resurfacing in Lot 6, which includes repair of the base as needed and installation of an asphalt top cap on the existing asphalt surface. The cap will provide a new surface to the existing base and significantly extend the life of the current parking lot surface. Previous appropriations for campus parking lot resurfacing projects include \$400,000 in S.B. 310, \$450,000 in H.B. 529, \$350,000 in S.B. 310, and \$218,000 in H.B. 497.

C39022	Classroom and Laboratory Renovation	\$250,000
---------------	--	------------------

County: Miami

These funds will be used for a major renovation of South Hall classrooms and laboratories. S.B. 310 provided \$250,000 in this line item for renovations to the West Hall in the FY 2017-FY 2018 capital biennium.

C39026	Convocation Center Expansion	\$800,000

(LOR) Lorain County Community College

HIGHER EDUCATION IMPROVEMENT FUND (7034)

C38324	Business Building	\$1,007,604
<i>County:</i>	Lorain	

These funds will be used to update or renovate secondary mechanical equipment, building envelope, and classroom and laboratory infrastructure in LOR's Business Building, which was built in 1965 and is heavily used as a general classroom building. The mechanical equipment is also original to the building. S.B. 310 provided \$1.2 million in this line item for the FY 2021-FY 2022 capital biennium.

C38325	Spitzer Conference Center	\$2,519,009
<i>County:</i>	Lorain	

These funds will be used to update or renovate secondary mechanical equipment, building envelope, and classroom and facilities infrastructure in the Spitzer Conference Center, which is one of LOR's most used buildings. The Center, which serves LOR's workforce and TechCred initiatives, requires updates to continue to provide enhanced and innovative services to students and the Lorain County community. S.B. 310 provided \$1.2 million in this line item for the FY 2021-FY 2022 capital biennium.

C38334	Parking Lot Improvements	\$3,022,811
<i>County:</i>	Lorain	

These funds will be used for the continued wholesale renovation of LOR's parking lots to provide the students and community of Lorain County safe access to the campus' buildings. The parking lots, which are over 50 years old and original to LOR, are in need of significant maintenance and repair. As the campus has grown over time and the lots expanded to accommodate the growth, traffic patterns were never addressed, which created narrow lanes and blind corners that are difficult to navigate. S.B. 310 provided \$3.0 million in line item C38323, Parking Lot 2 and Lot 3, to renovate parking lots 2 and 3 for the FY 2021-FY 2022 capital biennium.

C38834	HVAC Renovation and Replacement	\$1,400,000
<i>County:</i>	Wood	

These funds will be used for various HVAC renovation projects, which may include replacement of an exterior condenser and two rooftop units on College Hall, the boiler and chiller on the Fire Science/Law Enforcement Center, two rooftop units on the Transportation Technologies building, and three air handlers on the Industrial and Engineering Technologies building. Previous appropriations for this line item include \$155,000 in S.B. 310 and \$400,000 in H.B. 529.

C38835	Roof Renovations	\$800,000
---------------	-------------------------	------------------

County: Wood

These funds will be used to replace the roofs on College Hall and the Fire Science/Law Enforcement Center. The existing roofs have reached the end of their useful lives. H.B. 529 provided \$300,000 in this line item to replace the roofs on the Health Technologies Building, Bicentennial Hall, and Veterans Hall for the FY 2019-FY 2020 capital biennium.

C38847	School of Nursing and Health Sciences Renovation	\$1,500,000
---------------	---	--------------------

County: Wood

These funds will be used for the design phase of a project to create a new site for OTC's School Nursing and Health Professions by renovating the vacated Library building and Audio-Visual Classroom Center. The space will eventually include laboratories, classrooms, offices, and student study areas. This phase will also update the site's mechanical systems.

C38848	Findlay Education Center Renovations	\$750,000
---------------	---	------------------

County: Hancock

These funds will be used to create a new Innovation Hub (Center for Advanced Manufacturing and Logistics) by renovating the part of the Education Center currently occupied by the library. This project will also include the relocation of the library to the vacated bookstore area.

C38849	Alumni Hall Renovations	\$806,141

C725D5	Fountain Square Building and Telephone Improvement	\$1,500,000
---------------	---	--------------------

County: Franklin

This line item is used to support ongoing renovations at DNR's Fountain Square Complex in Columbus. Renovations include addressing building envelope issues, window upgrades, doors, HVAC systems, electrical upgrades, and roof replacements. For the FY 2023-FY 2024 capital biennium, this funding will be used for roofing improvements at DNR's Fountain Square Complex Building D.

C725N7	District Office Renovations	\$1,100,000
---------------	------------------------------------	--------------------

County: Statewide

This line item will support improvements at various facilities statewide, including renovations to existing buildings and construction of auxiliary buildings. Projects include window and roof replacements, HVAC system upgrades, and structural rehabilitations.

OHIO PARKS & NATURAL RESOURCES FUND (7031)

C72549	Facilities Development	\$3,255,659
---------------	-------------------------------	--------------------

County: Statewide

This line item will be used to retain engineering and architectural firms to conduct site investigations and perform preliminary and final design, prepare construction documents, secure regulatory permits, and oversee construction of small capital improvement projects statewide. These projects may include minor renovations of dams and existing buildings, upgrades to utility systems, site refurbishments, and construction of new or replacement restrooms, utility buildings and picnic shelters.

C725E1	Local Parks Projects Statewide	\$3,575,971
---------------	---------------------------------------	--------------------

County: Statewide

This appropriation will be used to support grants for local recreation projects through the NatureWorks Program. Under current law, 20% of the amount appropriated from the Ohio Parks and Natural Resources Fund (Fund 7031) for each capital biennium is to be allocated to the program.

C725E5	Project Planning	\$468,226
---------------	-------------------------	------------------

County: Statewide

This line item is used to reimburse eligible DNR staff expenses associated with the design and construction of capital improvement projects or land acquisition activities paid for from the Ohio Parks and Natural Resources Fund (Fund 7031). Specifically, this line item is used to transfer funds to the Capital Expenses Fund (Fund 4S90) within DNR's operating budget to cover the eligible payroll and administrative cost reimbursements.

C725J0	Natural Areas/Preserves Maintenance/Facilities	\$6,300,000
---------------	---	--------------------

County: Statewide

This line item will be used to improve or replace the existing infrastructure owned by the Division of Natural Areas & Preserves (DNAP). Funding will support rehabilitation of the bike trail, construction of a new storage facility, renovation of an existing office, and installation of a canoe/kayak launch ramp parking lot at Black Hand Gorge in Licking County. Funding under this line item will also support construction of an office/nature center and a storage facility at Lake Katharine in Jackson County, and will also be used for other DNAP projects.

C725K0	State Park Renovations/Upgrading	\$1,150,000
---------------	---	--------------------

County: Hocking

This line item will be used to improve roadways within Tar Hollow State Forest. Projects supported by this funding include full-depth repairs, resurfacing, striping, grading, and slope stability repairs on roadways throughout the state forest.

C725N8	Forestry Equipment	\$3,130,000
---------------	---------------------------	--------------------

County: Statewide

This line item will be used to acquire various equipment useful for tree removal, dam mitigation, public facility maintenance and wildfire suppression on state forest and state park lands. Procurement for these items will be made through state term contracts as available.

PARKS & RECREATION IMPROVEMENT FUND (7035)

C725A0	State Parks, Campgrounds, Lodges, Cabins	\$125,807,774
---------------	---	----------------------

County: Statewide

This line item will be used for ongoing renovations to lodges and cabins at various state parks across Ohio. Projects include updating or replacing fire safety systems, building envelope improvements and structural replacements, masonry and stone tuck-pointing, lighting upgrades, waterline upgrades, and HVAC and electrical system upgrades and replacement. Funding will also be used for improvements at state park campgrounds including providing additional full-service campsites for recreational vehicles, renovations or restrooms, paving and other site improvements.

C725C4	Muskingum River Lock and Dam	\$27,500,000
---------------	-------------------------------------	---------------------

County: Multi-county - Morgan, Muskingum, Washington

This line item will be used for assessments of and improvements to DNR owned dams and navigation locks along the Muskingum River Parkway. These improvements and rehabilitation work will bring the structures into compliance with Ohio dam safety laws and rules and preserve their historic value.

(DYS) DEPARTMENT OF YOUTH SERVICES

Juvenile Correctional Building Fund	\$103,298,114
TOTAL - All Funds	\$103,298,114

JUVENILE CORRECTIONAL BUILDING FUND (7028)

C47001 Fire Suppression, Safety, and Security **\$2,048,000**

County: Statewide

This line item provides funding for safety and security capital improvements projects at the Circleville, Cuyahoga Hills, and Indian River juvenile correctional facilities operated by the Department of Youth Services. The projects include (1) constructing an addition to, and interior renovations of, the Administrative Building at the Circleville Juvenile Correctional Facility (Pickaway County) and (2) constructing a secure building for facility maintenance equipment at the Indian River Juvenile Correctional Facility (Stark County).

C47002 General Institutional Renovations **\$3,043,875**

County: Statewide

This line item provides funding for renovation projects at the Circleville Juvenile Correctional Facility (Pickaway County), including the conversion of an old housing unit into a full service medical building and dividing the existing large dining area into two separate dining spaces.

C47003 Community Rehabilitation Centers **\$2,040,136**

County: Statewide

This line item provides funding for general renovations at county-operated community corrections facilities (CCFs), including door and lock repairs, security system upgrades and improvements, federal Prison Rape Elimination Act (PREA) related issues, HVAC repairs, generator replacements, camera replacements, and roof and floor replacements. Pursuant to related temporary law, the Department is (1) required to designate eligible construction and renovation projects, (2) permitted to review and approve the renovation and construction projects for which funds are provided, and (3) required to adopt guidelines to accept and review applications and designate projects. CCFs provide treatment services in a secure facility to felony level offenders between the ages of 12 and 18 that would otherwise be committed to the care and custody of the Department. There are currently 11 operational CCFs statewide. The Department is responsible for the entire cost of the general renovations at the CCFs.

C47007 Local Juvenile Detention Centers **\$1,166,103**

County: Statewide

This line item provides state matching funds for renovation and maintenance projects at various juvenile detention centers. Juvenile detention centers are secure, county operated facilities intended to provide short-term care and custody of alleged and adjudicated juvenile offenders. Currently, there are 34 operational detention centers statewide.

Pursuant to related temporary law, the Department is required to designate eligible construction and renovation projects, permitted to review and approve projects for which funds are provided, and required to determine the amount of state match funding to be applied to each project. To determine the amount, if any, of state match, the Department is required to develop a weighted numerical formula that yields a percentage of state match ranging from 0% to 60%. Project funding is not authorized unless: (1) the detention center will be built in compliance with health, safety, and security standards established by the Department, and (2) the renovation of a detention center is for the purpose of increasing the number of beds, or to meet the Department's established health, safety, and security standards.

C47025	Cuyahoga Housing Replacement	\$95,000,000
---------------	-------------------------------------	---------------------

County: Cuyahoga

This line item provides funding for the construction of a new 144-bed facility to replace the existing Cuyahoga Hills Juvenile Correctional Facility. The facility was originally constructed in the late 1960s as a minimum-security facility with open dormitories and currently more or less operates as a maximum-security facility.

TOTAL - All Funds	\$781,519,000

STATE FISCAL RECOVERY FUND (5CV3)

C230GF School Security - ARPA \$100,000,000*County:* Statewide

These funds will be used to make competitive grants of up to \$100,000 per school building to public and chartered, nonpublic schools for physical security enhancement, equipment, or inspection and screening equipment to improve the overall physical security and safety of their buildings. The Facilities Construction Commission (FCC) will administer and award grants using procedures determined after consultation with the Ohio Department of Education and the Division of Ohio Homeland Security in the Department of Public Safety. FCC may consider, when establishing guidelines for grants for this program, applications submitted by schools and districts that applied for grants under the existing School Safety Grant Program. School buildings that have had their facilities constructed or renovated under any school facilities assistance programs in the last five years or received a grant under the existing School Safety Grant Program are prohibited from receiving a grant under this program. This line item is supported by funding made available under the federal American Rescue Plan Act.

ADMINISTRATIVE BUILDING FUND (7026)

C23016 Energy Conservation Projects \$2,000,000*County:* Statewide

These funds will be used by FCC Office of Energy Services (FCC-ES) to award capital funding on a competitive basis to state agencies for energy related projects. Funding will be prioritized based upon the return on investment. Funds may be used to retrofit and renovate existing state buildings with more energy efficient equipment or supplement new construction projects in cases where a slightly more energy efficient design could yield significant savings over the life of the building.

C230E5 State Agency Planning/Assessment \$2,800,000*County:* Statewide

These funds will be used to continue assessments of state agency and state-supported higher education institution facilities for capital master planning and maintenance management. The assessments determine the current physical condition of a facility and an estimate of costs necessary to repair, update, and renovate the facility to current facility type, code, and agency standards. The data developed from the assessment supports agency facility maintenance and utilization management.

CULTURAL AND SPORTS FACILITIES BUILDING FUND (7030)

C23024	OHS - Statewide Site Exhibit Renovation	\$475,000
---------------	--	------------------

County: Statewide

This capital appropriation funds technology upgrades and exhibit installations at state historic sites across the state.

---------------	-------------------------------------	--------------------

County: Statewide

This capital appropriation funds various repairs, renovations, and master planning for some of the Ohio History Connection's 58 designated state historic sites.

C23028	OHS - Basic Renovations and Emergency Repairs	\$1,000,000
---------------	--	--------------------

County: Statewide

This capital appropriation funds basic renovation and emergency repairs to some of the more than 300 buildings and structures that are part of the historic site system administered by the Ohio History Connection. The renovations will be directed to preserving the waterproof characteristics and structural integrity of the historic site system's infrastructure. The funds will also be used to address emergency public safety and health improvements.

C23032	OHS - Ohio Historical Center Rehabilitation	\$3,000,000
---------------	--	--------------------

County: Franklin

This capital appropriation funds the ongoing rehabilitation of the Ohio History Center via a multi-phase project. Phase 1 includes updates to basic mechanical and electrical systems and equipment necessary for the operation of the Ohio History Center and electrical and data utilities updates and certain building improvements for Ohio Village.

C23033	OHS - Stowe House State Memorial	\$1,500,000
---------------	---	--------------------

County: Hamilton

This capital appropriation funds the ongoing multi-phase project at the Harriet Beecher Stowe House, including interior construction, restoration, furnishings, and elevator installation. The appropriation also funds construction of a visitor services annex. Prior phases permanently corrected long-standing settlement problems with the house's foundation, repaired the brick masonry exterior walls, and restored exterior features of the home. Private funding supplements part of the overall project costs.

C23034	OHS - National Afro-American Museum	\$900,000
---------------	--	------------------

County: Greene

This capital appropriation funds completing exterior improvements and mechanical system upgrades, as well as improvements to the building's interior.

C23057	OHS - Online Portal to Ohio's Heritage	\$400,000
---------------	---	------------------

County: Franklin

This capital appropriation funds the Ohio History Connection's ongoing efforts to construct a comprehensive online gateway and access for Ohio history resources, including resources in the collections, state archives, and historic preservation offices, and upgrading the network at the Ohio History Center.

C230C8	OHS - Serpent Mound	\$750,000
---------------	----------------------------	------------------

County: Adams

This capital appropriation funds maintaining the waterproof and structural integrity of the museum, shop, land acquisition, and caretaker's residence as part of a multi-phased project.

C230E6	OHS - Exhibits Native American Sites	\$250,000
---------------	---	------------------

County: Statewide

This capital appropriation funds work at certain state historic sites to reflect the Native American tribes whose history those sites represent.

C230EN	OHS - Storage Facility Expansion	\$5,000,000
---------------	---	--------------------

County: Franklin

This capital appropriation funds equipment, furnishings, packing supplies, and office and lab equipment installations for the new collections storage facility at the Ohio History Center.

C230EO	OHS - Poindexter Village Museum	\$1,000,000

This capital appropriation funds projects that reduce energy consumption and reliance on fossil fuels at various state historic sites and museum facilities. The project follows the completion of energy audits at multiple sites and statewide sustainability planning.

SCHOOL BUILDING PROGRAM ASSISTANCE FUND (7032)

C23002	School Building Program Assistance	\$600,000,000
---------------	---	----------------------

County: Statewide

These moneys are generated from the sale of bonds. Funds received from this item will be used to provide the state share of basic project costs to those school districts participating in facilities programs overseen by the Facilities Construction Commission (FCC). Eligibility and priority for a district receiving state assistance is generally determined by the relative wealth of the district as measured through its three-year average adjusted valuation per pupil and the need to replace classroom facilities as assessed by FCC.

CAPITAL IT PROJECTS FUND (7091)

C230GF	Data Management Solution	\$3,000,000
---------------	---------------------------------	--------------------

County: Franklin

These funds will be used by FCC for information technology (IT) data management and construction planning solutions. FCC's goals are to (1) complete the recommendations to address IT delivery and data analytics needs described in the 2018 OFCC Data Analytics Group Final Report; (2) update, redesign, or replace FCC's existing Construction Management Website applications; and (3) modernize FCC's IT delivery and data analytics for the future. The total project cost is estimated to be \$12.0 million, with the remaining \$9.0 to be requested in future biennia.

(PWC) PUBLIC WORKS COMMISSION

State Capital Improvements Fund	\$400,000,000
State Capital Improvements Revolving Loan Fund	\$82,000,000
Clean Ohio Conservation Fund	\$75,000,000
TOTAL - All Funds	\$557,000,000

STATE CAPITAL IMPROVEMENTS FUND (7038)

C15000 Local Public Infrastructure/State CIP \$400,000,000*County:* Statewide

This appropriation will fund FY 2023 and FY 2024 (Program Years 36 and 37) of the State Capital Improvement Program (SCIP), under which PWC provides grants and loans to local governments for projects involving roads and bridges, fresh water treatment and distribution systems, wastewater collection and treatment facilities, storm sewer systems, and solid waste disposal facilities. Beginning in FY 2022, the maximum amount of bonds that may be issued each year rose from \$175 million to \$200 million. Funding for SCIP is authorized under Article VIII, Section 2s of the Ohio Constitution. The money is allocated among the state's 19 Public Works Integrating Committees.

STATE CAPITAL IMPROVEMENTS REVOLVING LOAN FUND (7040)

C15030 Revolving Loan \$82,000,000*County:* Statewide

This appropriation will fund revolving loans supplementing SCIP grants during the FY 2023-FY 2024 capital biennium. The revolving loans go toward funding projects similar to those under SCIP. Once all repayments are collected from the local governments in a particular district, PWC then reallocates the collective sum of a district's loan repayments back to the district's Public Works Integrating Committees, which then recycle the funds for new capital improvements within the district. The loans are typically for 20 or 30-year terms with 0% interest rates.

CLEAN OHIO CONSERVATION FUND (7056)

C15060 Clean Ohio Conservation \$75,000,000*County:* Statewide

This appropriation provides FY 2023-FY 2024 funding for local governments and non-profit organizations to acquire and develop open space and undertake riparian corridor enhancement projects under PWC's Clean Ohio Conservation Program (COCP). PWC expects to approve over 150 projects over the upcoming two year period. COCP is part of the state's Clean Ohio initiative, which also includes funding for agricultural easements and trail systems across the state.

(TAX) DEPARTMENT OF TAXATION

Capital IT Projects Fund	\$12,000,000
TOTAL - All Funds	\$12,000,000

CAPITAL IT PROJECTS FUND (7091)

C11002	Enhanced Electronic Filing	\$12,000,000
---------------	-----------------------------------	---------------------

County: Franklin

This ongoing project will update the Department of Taxation's system for processing personal income tax (PIT) and school district income tax (SDIT) returns, that is also capable of processing employer withholding and municipal income tax for electric light and local exchange telephone companies. The current system for handling PIT and SDIT returns is more than 30 years old and uses COBOL, an outdated program language. Finding outside vendors who work with this programming language has become very difficult, and the Department's in-house COBOL programmers are near retirement. A new system could be easily updated as tax laws change and scaled up to meet future needs. The Department was authorized to request OBM to arrange financing for the fiscal year (FY) 2019-FY2020 biennium to replace tax software and administrative systems through H.B. 529 in 2018, up to \$12 million. However the Department did not move forward with the project due to COVID-related constraints, and OBM recommended that the Department request this General Assembly to convert the \$12 million originally granted in 2018 to a \$12 million capital appropriation for FY 2023-FY 2024. In addition, the Department was granted \$27.6 million in capital funds for this project through S.B. 310 for FY 2021-FY 2022 (ALI C11001, Administrative Building Fund, Fund 7026). As of April 17, none of this appropriation had been spent. H.B. 597 of the 134th G.A. reappropriated \$13.55 million to the FY 2023-FY 2024 biennium. The requested appropriation in this capital budget would be used to fully implement the PIT and SDIT processing system update. The combined total of appropriations approved for FY 2021-FY 2022 and requested for FY 2023-FY 2024 is \$39.6 million. The Department notes in its capital budget request that various vendors in 2019 that the cost for a system to process PIT and SDIT alone will be about \$41 million.
