### Agency overview

As specified in Article IV of the Ohio Constitution, the Supreme Court of Ohio can be viewed as having two distinct general requirements:

- Ruling upon legal matters, including cases arising under the U.S. Constitution or the Ohio Constitution, cases originating in the courts of appeals, cases in which there have been conflicting opinions on the same question from courts of appeals, cases involving the death penalty, and appeals arising from the actions of certain administrative agencies;
- Regulating the admission to and practice of law, promulgating rules of practice and procedure in Ohio courts, and exercising general superintendence over all Ohio courts.

The Court itself is comprised of a chief justice and six justices who are elected in even-numbered years to six-year terms. The majority of the cases heard by the Court are appeals from the state’s 12 district courts of appeals.
