Agency overview

The State Speech and Hearing Professionals Board was established by H.B. 49 of the 132nd General Assembly, which combined the regulatory duties of the former State Speech-Language Pathology and Audiology and the Hearing Aid Dealers and Fitters Licensing Board (which was administered under the Ohio Department of Health). The Board licenses speech-language pathologists, audiologists, and hearing aid dealers and fitters. The Board establishes standards for education, pre-professional training, and examination. The Board also sets standards of practice, investigates complaints, holds administrative hearings, determines appropriate disciplinary actions, and monitors continuing education compliance among licensees.

The Board’s governing authority consists of nine members appointed by the Governor, including two speech-language pathologists, three audiologists, two hearing aid fitters, and two public members. The Board’s daily operations are the responsibility of an executive director who is appointed by the nine-member governing authority. Including the Executive Director, the Board has four full-time employees. The Board receives no General Revenue Fund (GRF) money; it is completely supported by fees.

Analysis of FY 2024-FY 2025 budget

The State Speech and Hearing Professionals Board’s operations are funded by a single line item appropriation from the Dedicated Purpose Fund Group. Through this one line item, the Board pays all of its expenses. The budget provides an appropriation of \$647,461 and \$652,461

for FY 2024 and FY 2025, respectively. As a regulatory agency, personal services is the largest expense category of the Board.
