No provision.	No provision.	Requires a corporation or labor organization that makes independent expenditures to report its expenditures in the same manner as other political entities by doing all of the following: - Expanding and clarifying the definition of a PCE to include any entity that makes contributions or expenditures and that is not an individual, a campaign committee, a political party, a legislative campaign fund, or a PAC. - Allowing an unincorporated business to continue to make contributions in the names of its individual partners, owners, or members, instead of classifying the entity as a PCE. - Changing the definition of an independent expenditure to include any use of funds or anything of value for that purpose, meaning that a PCE that uses its own money instead of contributions to fund an independent expenditure must report the expenditure. - Clarifying that "independent expenditure" includes expenditures concerning ballot issues, as well as expenditures concerning candidates. - Making clear that all PCEs must comply with the continuing law that requires entities that engage in political advertising to report the expenditure and to identify themselves in the advertisement as the funding source.
