Comparison Document

House Bill 96 - 136th General Assembly

Main Operating Budget Bill

(FY 2026-FY 2027)

As Introduced

As Passed by the House

April 9, 2025

Introduction

The Comparison Document provides brief descriptions and fiscal estimates of the provisions that make up the executive recommended version and subsequent versions of the biennial main operating budget bill of the 136th General Assembly, House Bill 96. The document is arranged in alphabetical order by state agency. It also includes three nonagency items for which appropriations are made: Employee Benefits Fund (PAY), Pension Subsidies (PEN), and State Revenue Distribution Funds (RDF) as well as a section for Local Government Provisions (LOC). A Table of Contents follows this Introduction. Two indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The sections for the Department of Education and Workforce, Department of Medicaid, and Department of Taxation are first arranged by general topic area. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies. However, the other agencies are listed in the cross-reference index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page numbers for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-reference index in addition to the agency's section.

Each item is assigned a unique identification number. This number begins with the three-letter agency code used in the state's accounting system followed by a comparison document reference ("CD") and a number (TAXCD15, for example). A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

The Comparison Document does not include appropriation amounts for the agencies. Please see the Appropriation Spreadsheet for that information. For a complete discussion of the statutory changes in the bill, please see the Bill Analysis for H.B. 96.

DASCD23 Paid leave for emergency medical or firefighting service

R.C. 124.1310

Increases, from 40 to 120 hours, the amount of paid leave a state employee may use each year to provide emergency medical or firefighting services. Expands the reasons for which a state employee may use the leave to include attending a training or continuing education program that relates to providing emergency medical or firefighting services.

Fiscal effect: Additional paid leave for state employees who provide emergency medical or firefighting services would not directly increase costs for state agencies, as these employees would otherwise receive their regular pay at the same rate. However, state agencies could incur some additional costs if the employee's leave results in overtime or a need to hire additional staff to cover the employee's workload while on leave.

R.C. 124.1310

Same as the Executive.

Fiscal effect: Same as the Executive.

DASCD38 Exempt employee salary schedules

Eliminates statutory pay schedules E-1 and E-2 for exempt state employees.

Requires the DAS Director, in consultation with the OBM Director, to create schedules E-1 and E-2, report them to the Controlling Board, publish them, and assign exempt state employees to pay ranges within them based on job classification plan developed by the DAS Director under continuing law.

Repeals a requirement that certain officers of the State Highway Patrol be paid in accordance with specific pay ranges in statutory schedule E-1 eliminated by the bill.

R.C. 124.152, Sections 503.15 and 701.30

Replaces the Executive provision with provisions that codify modifications to exempt state employee pay schedules E-1 and E-2 for FY 2025 made by the DAS Director pursuant to H.B. 2 of the 135th General Assembly, and establish exempt employee pay schedules E-1 and E-2 for FY 2026 and FY 2027.

No provision.

No provision.

Executive

As Passed By House

Repeals a prohibition against an exempt employee other than a captain or equivalent officer in the State Highway Patrol from being placed in step value 7 in range 17 of statutory pay schedule E-1 eliminated by the bill.

Same as the Executive.

No provision.

Authorizes, beginning with the pay period that includes July 1, 2025, each state appointing authority to make expenditures from current state operating appropriations to provide for the changes to compensation provisions pursuant to approved collective bargaining agreements between employee organizations and State of Ohio public employers and for employees exempt from collective bargaining to allow parity for those employees.

Fiscal effect: Any fiscal effect would depend on the exempt salary schedules developed by the DAS Director. Presumably they would mirror the existing E-1 and E-2 salary schedules initially, but any future changes are unknown.

Fiscal effect: The FY 2026 and FY 2027 exempt employee pay schedules include pay increases of approximately 4.5% for FY 2026 and 3% for FY 2027. State agencies will incur similar increases in payroll costs as a result. Payroll costs are paid from both GRF and non-GRF funds.

DASCD46 State employee work location

R.C. 124.184, 4117.08, 4117.10

No provision.

Requires, not later than October 15, 2025, each state agency to develop a plan for the agency's state employees to report to the agency's worksite or another location designated by the agency during the time the employees are performing their duties for the agency.

No provision.

Requires, beginning January 1, 2026, a state agency to require the agency's state employees to report to the agency's worksite or another location in accordance with that plan.

No provision.

Prohibits, beginning January 1, 2026, any state employee from working from the employee's place of residence unless an exception applies.

No provision.

Creates an exception to the prohibition for reasonable accommodations under Title I of the Americans with Disabilities Act of 1990 (ADA) or the Ohio Civil Rights Law.

No provision.

Allows a state agency to adopt a policy allowing a supervisor to approve a state employee to work from the employee's place of residence or other off-site location under certain circumstances.

Executive

As Passed By House

No provision.

Makes, for future collective bargaining agreements, state employee work location under the amendment not an appropriate subject of collective bargaining and states that the law regarding state employee work location prevails over a conflicting provision in a future collective bargaining agreement.

No provision.

Requires a state employee to attest on the employee's timesheet that the employee has complied with a state agency's plan described above or an exception applies.

No provision.

Exempts a state employee receiving a reasonable accommodation under the ADA or Ohio Civil Rights Law from the attestation requirement described above.

No provision.

Requires a state agency to submit an annual implementation report to the DAS Director that describes the agency's compliance with these provisions.

No provision.

Requires, beginning on March 1 immediately following the provision's effective date, and every March 1 thereafter, the DAS Director to submit a written report that compiles the information the DAS Director receives from state agencies above to the Speaker of the House, the Senate President, and the chairs of the standing committees in both chambers that are principally responsible for workforce development policy.

Fiscal effect: State agencies that have adopted work from home policies and have reduced office space as a result will likely incur some costs to provide work locations.

DASCD36 Disability leave benefits

R.C. 124.385

Makes a full-time permanent state employee with at least one year of service eligible for disability leave benefits if the employee is entitled to disability benefits under a collective bargaining agreement.

Executive

As Passed By House

Same as the Executive.

Requires the Director to adopt rules that allow disability leave due to a condition.

Same as the Executive.

Eliminates the requirement that the rules the Director adopts include the following: (1) timing requirements regarding the procedure for appealing denial of payment of a claim, (2) approving leave of absence for medical reasons where an employee is in no pay status after using all other leave time, and (3) provisions precluding the payment of benefits to ensure they are provided in a consistent manner.

Same as the Executive.

Specifies that the adjudication hearing requirements of the Administrative Procedure Act do not apply to the procedures for appealing denial of payment of a claim.

Same as the Executive.

Eliminates the prohibition against charging time off for an employee granted disability leave to any other leave.

Same as the Executive.

Eliminates the requirement that the Director approve disability leave on the appointing authority's recommendation and eliminates the Director's ability to delegate to the appointing authority the authority to approve disability benefits for a standard recovery period.

Same as the Executive.

Fiscal effect: None, the amendment codifies a current practice.

Fiscal effect: Same as the Executive.

Eliminates a requirement that DAS include in its annual report, an estimate of the purchases, by participation in state contract, that are made by state institutions of higher education, governmental agencies, political subdivisions, boards of elections, private fire companies, private, nonprofit emergency medical service organizations, and chartered nonpublic schools.

Same as the Executive.

Removes from the definition of "state procurement emergency" specific circumstances that (1) pose a threat to public health, safety, or welfare; (2) cause an immediate and serious need for supplies or services that cannot be achieved by normal state procurement methods; or (3) are a serious threat of harm to state government, protection of property, or the health and safety of individuals.

Same as the Executive.

Requires that solicitations for state agency purchases via competitive sealed bidding at a minimum must contain a detailed description of the goods or services to be purchased, the terms and conditions of the purchase, instructions concerning submission of proposals, and any other information prescribed by rules, or that DAS considers necessary.

Same as the Executive.

Requires that proposals in response to competitive sealed bidding solicitations be submitted through and opened in the electronic procurement system established by DAS.

Same as the Executive.

Requires the prequalification of all entities who submit bids through the "reverse auction" purchasing process.

Same as the Executive.

Executive

As Passed By House

Eliminates the biobased product preference program and specifies new requirements for the purchase of biobased products.

Same as the Executive.

Eliminates DAS authority to require that all competitive sealed bids, competitive sealed proposals, and bids received in a reverse auction be accompanied by a performance bond or other financial assurance acceptable.

Same as the Executive.

Allows the DAS electronic procurement system to be used to meet the existing requirement that DAS establish and maintain a single searchable website with information on state awards.

Same as the Executive.

Modifies and recodifies the Community Rehabilitation Program within the procurement office of DAS.

Same as the Executive.

Modifies the definition of government ordering office, as applies to the Community Rehabilitation Program, so that it no longer includes the General Assembly or state elected officials.

Same as the Executive.

R.C. 125.01, 3333.04

R.C. 125.01, 3333.04

Requires that a state consortium, established by the ODHE Chancellor, follow rules adopted by DAS for giving preference to Buy Ohio products when making a purchase with appropriated funds of any product that includes semiconductors.

Same as the Executive.

Executive

As Passed By House

Fiscal effect: State agencies and state supported institutions of higher education may incur additional procurement costs for semi-conductors if the Buy Ohio preference results in the selection of a higher priced bid. However, due to the nature of competitive bidding, it is difficult to estimate how this change affects costs. The Buy Ohio purchasing preference gives a 5% price advantage to suppliers in Ohio and bordering states.

As Passed By House

Fiscal effect: The bill earmarks up to \$500,000 in FY 2026 from GRF ALI 226321, Operations, to support the transition of St. Rita School for the Deaf to Rita Community School (see OSBCD4). Increases state expenditures to purchase the building and land, at an amount that DAS will determine, and on ongoing basis depending on enrollment, student needs, and educational programming beginning in FY 2027, when the transition is complete. In FY 2025, the school's enrollment is 58 students. Of those, 25 are on either an Autism or Jon Peterson Special Needs state scholarship. State costs to operate the school will be partially offset by lower scholarship costs since the state would not pay for scholarships for the students once the school becomes a public school. In FY 2025, scholarships for the students likely total in the \$500,000 to \$600,000 range.

No provision.	Requires that the counseling be provided over six months, rather than one year.
No provision.	Requires such counseling to be provided by a "qualifying counseling provider," meaning an individual, business, nonprofit organization, or political subdivision that is licensed, certified, or authorized to provide homeownership counseling and financial literacy as one of its primary functions, including housing counselors certified by the U.S. Department of Housing and Urban Development or the Ohio Housing Finance Agency.
No provision.	Reduces from 5 years to 3 years the amount of time the purchaser of a WHO-funded home must agree to occupy the home as a primary residence and not rent it to any other person.

As Passed By House

Earmarks \$20,000,000 in FY 2026 to be allocated to rehabilitate or construct residential property for income-restricted owners.

No provision.

Fiscal effect: The bill funds \$40,000,000 in grants in FY 2026.

Same as the Executive but, increases the earmark to \$22,812,500 in each fiscal year.

Requires that the OBM Director transfer \$50,000,000 cash in FY 2026 from the Local Government Tangible Property Tax Replacement Fund (Fund 7081) to the Welcome Home Ohio Fund (Fund 5AP1).

Fiscal effect: The bill funds \$45,625,000 in grants in each fiscal year. The tax credit provision could reduce tax revenues by up to \$20,000,000 in the next biennium, but actual revenue loss could be lower than that based on the current biennium’s experience. Only a small fraction of the \$50,000,000 in WHO tax credits available during the FY 2024-FY 2025 biennium have been awarded, which could either signal a lack of demand or a long project completion timeline. Developers may only apply to DEV for a tax credit certificate after the rehabilitation or construction of a qualifying residential property is complete, and the property was sold to someone with qualifying income for the individual's or individuals' occupancy. If there has been a lack of demand, this provision's changes could lead to an increase in demand and more credits being issued.

EDUCD42 Definition of high-performing community school - access to school district property

R.C. 3313.413

Replaces the definition of “high-performing community school” in the law regarding the right of first refusal to purchase, and the involuntary disposition of, school district property (currently based on increased performance index scores and report card performance ratings for the Achievement, Progress, or, for certain schools, the Early Literacy component) so that it applies to a community school that meets at least one of the following sets of conditions:

- (1) The community school:
 - (a) Received a higher performance index score than the school district in which it is located on the two most recently issued state report cards; and
 - (b) Either:
 - (i) Received a performance rating of four stars or higher for the Progress component on its most recent report card; or
 - (ii) Enrolls a majority of students who are in a dropout prevention and recovery program and did not receive a rating for the Progress component on the most recent report card.
- (2) The community school serves only grades kindergarten through three and received a performance rating of four stars or higher for the Early Literacy component on the most recent report card;
- (3) The community school has not commenced operations or has been in operation for less than one school year and:
 - (a) The school is replicating an operational and instructional model used by another high performing community school; and
 - (b) The school either:
 - (i) Has an operator that received an overall rating of three stars or higher, or a "C" or higher, on its most recent performance report; or
 - (ii) Does not have an operator and is sponsored by a sponsor that was rated "exemplary" or "effective" on its most recent evaluation.

EDUCD43 Dropout prevention and recovery community schools

R.C. 3314.02, 3314.362

R.C. 3314.02, 3314.362

Defines "dropout prevention and recovery community school" as a community school that enrolls only students who are between the ages of 14 and 21, and who, at the time of their initial enrollment, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional educational programs.

Same as the Executive.

Permits a community school that primarily serves students enrolled in a dropout prevention and recovery (DOPR) program to continue operating in the 2025-2026 and 2026-2027 school years without complying with this definition. Requires each community school that primarily serves students enrolled in a DOPR program to comply with the definition on and after July 1, 2027.

Same as the Executive.

Requires each community school that primarily serves students enrolled in a DOPR program, upon approval of the school's sponsor, to (1) transfer those grades that do not comply to a separate community school or (2) cease offering those grades.

Same as the Executive.

Requires a community school that primarily serves students enrolled in a DOPR program to assist students who are not eligible to enroll in a "dropout prevention and recovery community school" to transfer to the separate community school or enroll in a different school.

Same as the Executive.

Requires DEW to assign any separate community school created in compliance with the new definition its own internal retrieval number (IRN, a unique code used by DEW to identify districts, schools, and other entities).

Same as the Executive.

Executive

As Passed By House

Fiscal effect: May increase administrative costs for DOPR schools to (1) spin off, to a separate school, grades serving students that do not comply with the proposed definition and (2) assist students with transferring to that or a different school. Currently, 84 (25%) community schools carry the DOPR designation, collectively educating about 23,000 FTE students.

Fiscal effect: Same as the Executive.

EDUCD106 Community school contracts and comprehensive plans and facilities requirements

R.C. 3314.03, 3314.05

No provision.

Eliminates the requirement for each community school to submit a comprehensive plan to its sponsor and, instead, requires the contract between each community school's sponsor and governing authority to include the comprehensive plan's provisions.

No provision.

Permits any community school to be located in multiple facilities under the same contract and eliminates limitations on which schools may do so.

No provision.

Eliminates the limitations on which community schools may assign students in the same grade level to multiple facilities.

Fiscal effect: May decrease community school administrative costs.

EDUCD111 Community school sponsor assurances prior to opening

R.C. 3314.19

(1) More than 75% of the school's students are economically disadvantaged.

(2) The school's territory is located in three counties and contains more than 12 school districts.

Limits the amount of each grant to \$450,000 for any fiscal year.

Requires schools to use grants awarded under the fund for student transportation.

Fiscal effect: The bill earmarks \$450,000 in each fiscal year from GRF ALI 200502, Pupil Transportation, to support the program (see EDUCD6).

Educator Provisions

EDUCD97 Youth suicide awareness and prevention and child sexual abuse educator in-service training

R.C. 3319.073

Eliminates the option for each school district, community school, STEM school, or college-preparatory boarding school to adopt or adapt curriculum developed by DEW on youth suicide awareness and prevention for use in delivering in-service educator training on those topics (see EDUCD39), thus requiring each district or school to develop its own curriculum.

No provision.

Executive

As Passed By House

Eliminates the option for a school employee to satisfy youth suicide awareness in-service training through self-review of suitable suicide prevention materials approved by the school board or governing authority.

No provision.

Eliminates the requirement that child sexual abuse in-service training for educators be provided by law enforcement officers or prosecutors and instead requires a district board to develop its own curriculum in consultation with public or private agencies.

No provision.

Fiscal effect: May increase school district costs to develop and offer the training for those that do not do so already, but provides additional flexibility in how it is provided. According to DEW, schools have had difficulty finding law enforcement officers or prosecutors who are able to provide the staff training on child sexual abuse.

EDUCD50 Teacher assignments

R.C. 3319.173

Grades preK-5 must receive core curriculum and instructional materials in English language arts;

Same as the Executive.

Requires the State Board of Education to issue a professional administrator license for grades preK-12 to individuals who successfully complete the program.

Same as the Executive.

Fiscal effect: The bill earmarks \$5.0 million in each fiscal year from GRF ALI 200448, Educator and Principal Preparation, to fund the program (see EDUCD91).

Fiscal effect: The bill eliminates the earmark providing state funding for the program, shifting the costs of the program from the state to school districts (see EDUCD91).

No provision.

No provision.

Eliminates the 16 statutorily established ERSS regions (also known as state support teams or SSTs) and instead requires DEW to establish up to 16 regions within 180 days of the bill's effective date. Requires DEW to notify affected regions of subsequent changes at least 90 days before the fiscal year in which those changes will take effect.

No provision.

Requires the ERSS to support state and regional workforce development initiatives, in addition to supporting education initiatives. Eliminates law establishing the intent of the ERSS to reduce unnecessary duplication of programs and services.

No provision.

Expands ERSS service providers to include career-technical planning districts, county boards of developmental disabilities, Ohio college tech prep regional centers, and community colleges, in addition to educational service centers, information technology centers, and other regional education service providers as under continuing law.

No provision.

Changes the criteria DEW must consider in selecting an ERSS region's fiscal agent by requiring an entity to provide an assurance it will limit aggregate fees for administering a performance contract to 5% of the contract's value, rather than a demonstrated intent to limit those fees to 7% as under current law.

No provision.

Permits DEW to select an entity located in another ERSS region to be a fiscal agent for a region where no entity responded to or met the requirements in DEW's request for proposals.

No provision.

Decreases the threshold to require Controlling Board approval from 4% to 3% of the value of a performance contract for aggregate personnel and program costs to be charged by a fiscal agent or its subcontractors to administer the contract.

No provision.

Eliminates the requirement that, when entering into performance contracts with a fiscal agent and allocating state funds for ERSS, DEW consider the services that will be provided in a region from DEW's system of intensive, ongoing support for the improvement of school districts and school buildings.

No provision.

Executive

As Passed By House

Fiscal effect: Will depend on how DEW carries out the reforms, though the performance contract provisions may reduce administrative fee revenue to ERSS fiscal agents. ERSS services are provided at no cost to districts and schools. The teams that make up the ERSS are mainly funded by federal funds, mostly from Individuals with Disabilities Education Act (IDEA) state activity dollars. The state provides funding to SSTs through an earmark of \$3.5 million each fiscal from GRF ALI 200550, Foundation Funding – All Students, for school improvement initiatives (see EDUCD56).

EDUCD114 Disposal or demolition of school district property

R.C. 3313.41, 3313.413

No provision.

Requires a school district, prior to demolishing a building worth more than \$10,000, to offer that building to other qualifying schools under the law regarding the right to first refusal to purchase district real property and then at a public auction if it is not initially purchased.

No provision.

Exempts from that requirement a building that is located on, or adjacent to, a tract or parcel of land where other school district buildings that are used for educational instruction are located.

No provision.

Requires a school district board to accept the highest bid at a public auction of a real or personal property.

No provision.

Adds chartered nonpublic schools in the list of qualifying schools to which school districts must offer property under the right of first refusal law.

No provision.

EDUCD47 Unused school facilities

R.C. 3313.411

Revises the involuntary disposition of school district property law, as follows:

(1) To determine whether a school building is an unused school facility, clarifies the building is unused if its student enrollment is less than 60% of either (A) the maximum student enrollment established in the building's architectural specifications or master design plan or (B) the building's greatest student enrollment in the ten most recent school years, including the current school year (current law identifies a building as an unused school facility if less than 60% of the building was used for direct academic instruction in the preceding school year).

(2) Changes the value for which a school district must sell an unused school facility from the property's appraised fair market value to the property's appraised value as an educational facility.

(3) Changes the sale method from an auction to a lottery if more than one high-performing community school located in the district notifies the district of its intention to purchase property.

(4) Requires a district, if no high-performing community school located in the district offers to purchase or lease a property, to offer the property for sale or lease to high-performing community schools located outside of the district prior to offering to sell or lease the property to other start-up community schools, college-preparatory boarding schools, and STEM schools.

(5) Requires each district annually to report to DEW by November 30 information related to determining whether a school building operated by the district is an unused school facility.

EDUCD46 Advanced math placement

R.C. 3313.6031

Requires each school district to provide advanced learning opportunities in math in the following school year for each student that achieves an advanced level of skill on a math achievement assessment or end-of-course exam.

R.C. 3313.6031

Same as the Executive.

Requires a student enrolled in an advanced math course to take the required corresponding math achievement assessment or end-of-course exam for that course.

Requires a public school to ensure that a graduation and career plan conforms to, rather than supplements, its existing career advising policy and that such plans for a student align to their student success plan.

No provision.

Requires DEW to adopt rules regarding the content of graduation and career plans and to develop a career pathways resource, and requires school districts to annually distribute that resource to all students in grades 6-12.

EDUCD48 Payment of tuition for students receiving education in residential treatment facilities

R.C. 3313.64

Requires the school district where the child's parents reside to pay a residential treatment facility the cost for educational services provided when a child is parentally placed in that facility in consultation with and upon recommendation of, the OhioRISE Program.

R.C. 3313.64

Same as the Executive.

Executive

As Passed By House

Requires that the facility provide education services meeting minimum standards established by DEW, or substantially similar requirements of the jurisdiction if the facility is out of state, and permits the home facility to reduce instructional hours only as necessary to accommodate the child’s treatment program.

Same as the Executive.

Requires DEW to approve a formula to determine the total educational cost to be paid for the child, certify the total educational cost to be paid to the home or facility and the district that is paying tuition, and deduct the amount from the district’s basic state aid and pay that amount to the home or facility.

Same as the Executive.

Establishes notice, discharge, and transcript and coursework transfer procedures and a procedure for re-determining a school district responsible for payment if a parent's resident district changes.

Same as the Executive.

Requires high school students who are discharged from the home or facility and return to their parent's residence to meet graduation requirements that are no more stringent than those that apply to students who enroll in high school after receiving a home education.

Same as the Executive.

Fiscal effect: Clarifies payment and discharge procedures for children receiving education services through a placement in a residential treatment facility under OhioRISE, which is a specialized Medicaid managed care program that launched in the summer of 2022 to better serve children and youth with complex behavioral health and multi-system needs. EDUCD27 Community Eligibility Provision (CEP) participation

R.C. 3313.8110, 3314.03, 3326.11

Requires each school district, community school, and STEM school that participates in the federal school breakfast or lunch program and has an identified student percentage (i.e., the percentage of students eligible for free and reduced-price meals through direct certification due to their participation in certain other assistance programs) of at least 25% to participate in CEP and provide a free breakfast or lunch, respectively, to each enrolled student.

Permits a district a school to choose not to comply with the requirement if it determines that it cannot do so for financial reasons. Requires the district or school to publicly communicate its decision not to comply to the residents of the district in the manner the district or school determines appropriate.

No provision.

No provision.

Executive

As Passed By House

Fiscal effect: May increase or decrease a district or school's federal school meal program reimbursements depending on whether a district or school opts to participate and their identified student percentage. May reduce school meal program administration costs for districts and schools that choose to participate in CEP and meet the 25% threshold. May indirectly decrease state foundation aid for districts and schools. DEW currently uses free and reduced-price lunch eligibility to identify students as economically disadvantaged for purposes of the state foundation aid formula's Disadvantaged Pupil Impact Aid (DPIA) component. DPIA is based in part on how a district or school's concentration of students identified as economically disadvantaged compares to the state average. The bill's provision may increase the population of students identified as economically disadvantaged, which in turn may increase the statewide average percentage of those students. As the statewide percentage rises, some districts' individual economically disadvantaged percentages may be smaller relative to the statewide percentage, resulting in decreased DPIA.

EDUCD18 Middle school career-technical education

R.C. 3313.90

Eliminates, beginning in FY 2027, waivers from a school district's obligation to provide career-technical education to seventh and eighth graders.

Fiscal effect: May increase costs for the 34% of districts that currently receive a waiver. However, those districts may also gain state aid. According to DEW, students in grades 7-8 who participate in approved career connection courses generate career-technical education weighted funds through the state foundation aid formula. Career connections courses involve career awareness and exploration activities.

Same as the Executive.

Same as the Executive.

Requires a provider to contact individuals who receive a diploma under a program to collect data on the individual's career and educational outcomes and report that data to DEW.

Same as the Executive.

Executive

As Passed By House

Authorizes DEW to adopt rules for the programs as necessary, including program standards, requirements for determining amounts paid to providers, and guidelines for approving hardship requests for program participants.

Same as the Executive.

Permits an individual enrolled in the Adult Diploma Program or 22+ Adult High School Diploma Program to either complete that program, so long as the individual completes it by June 30, 2027, or complete a new program established by the bill. Requires DEW to pay an eligible institution or eligible provider as required by the program an individual completes.

Same as the Executive.

Fiscal effect: The bill appropriates \$9.8 million in FY 2026 and \$9.9 million in FY 2027 from GRF ALI 200572, Adult Education Programs (see EDUCD2), most of which will be used to support the proposed programs.

Fiscal effect: Same as the Executive, but allocates, less specific earmarks, \$9.3 million in FY 2026 and \$9.4 million in FY 2027 to ALI 200572.

R.C. 3315.063

No provision.

Prohibits any school district board of education from expending more than 15% of its annual operating budget on administrative salaries and benefits and other costs associated with the district's administrative offices.

Fiscal effect: The vast majority of districts appear to be under the limit based on FY 2024 operating expenditures reported by school districts to DEW. For those that are not, the provision may decrease school district operating expenditures if administrative positions are reduced. On the other hand, overall operating expenditures for a district will not decrease if the district responds by shifting resources to other areas like instruction.

No provision.

Requires such a mass transit system that regularly transports students to and from school to ensure that the system has either direct routes available or routes that only require one transfer that is not at their central hub.

No provision.

Expressly applies the law regarding school districts providing or arranging for the transportation of students using mass transit systems to a municipal school district (the only one of which is the Cleveland Municipal School District).

No provision.

Permits a community school to purchase mass transit system passes for students in grades 9-12 and certify to DEW the cost of providing those passes if the school district responsible for transporting those students elects to pay for the cost of the passes instead of directly transporting them for a school year.

No provision.

Requires DEW to deduct from a school district's state foundation payment the cost of the passes and pay it to the community school if the school elects to purchase passes for students in grades 9-12.

R.C. 9.334, 153.501, 153.693

Establishes, for contracts between public authorities and construction managers at risk (CMRs) or design-build firms (DBFs), an expedited proposal and selection process for projects under \$4.0 million, adjusted biannually for the rate of inflation by OFCC.

Same as the Executive.

Authorizes a public authority, for contracts under \$4.0 million, to require a CMR or DBF to submit an initial qualification proposal or statement, respectively, along with a pricing proposal, instead of sending them in separate rounds.

Same as the Executive.

Executive

As Passed By House

Requires the public authority to have a pre-proposal meeting with any CMRs or DBFs who desire to jointly submit a statement or proposal and pricing proposal, at which the public authority must give the CMR or DBF a description of the project, including the scope and nature of the proposed services and potential technical approaches.

Same as the Executive, but clarifies that the public authority must evaluate the CMR or DBF's initial proposals and rank and select candidates before evaluating the pricing proposals of the selected candidates.

Exempts CMRs and DBFs from the requirement to submit a sealed bid to self-perform a portion of work before accepting and opening any bids for the same work when the public authority requests a guaranteed maximum price proposal due at the time of selection.

R.C. 123.28, 123.281, 715.016

Replaces the Executive provision with one that requires OFCC to administer the construction of major sports facilities that will be a part of transformational major sports facility mixed-use projects.

Supports the facilities construction and renovation with sports gaming tax revenue under the newly created Sports Facilities Construction and Sports Education Fund ("fund") (see TAXCD62).

Replaces the Executive provision with one that supports the facilities construction with the authorization to issue and sell \$600,000,000 in bonds deposited in the Cultural and Sports Facilities Building Fund (Fund 7030) (see FCCCD17).

Executive

As Passed By House

Creates the seven-member Ohio Advisory Committee for Sports Facility Construction and Youth Sports Education ("committee") to evaluate and approve projects to be supported by the fund and administered by OFCC.

No provision.

Requires the committee to recommend policies and procedures for the administration of the fund for review and adoption by OFCC, prioritizing economic development through major sports facilities, major sports facility mixed-use projects and minor league sports facilities, youth sports education, and facilities that enable training in team or individual sports.

No provision.

Requires the Directors of DEW, ODPS, and ODH, and the ADJ to advise the committee on what skills, facilities, and programs are necessary for youth sports education, and to publish, as needed, standards for youth sports education for K-12 students.

No provision.

No provision.

Requires 70% of the total initial estimated construction cost of the major sports facility from sources other than the state, with at least 50% of the total from the professional sports franchise that plans to use the facility. Conditions the remaining 30% from state funds if the General Assembly has specifically authorized or appropriated money for the project.

No provision.

Establishes certain tax reporting requirements for the governmental agency that owns or has an ownership interest in the major sports facility or its site, every person who owns real property in a project district, and persons that collect transformational major sports facility mixed-use project district tax revenues.

Executive

As Passed By House

No provision.

Requires, if state bond proceeds are being used for the major sports facility, TOS to deposit the total major sports facility mixed-use project district state tax revenues into the major sports facility district fund, which the bill creates for the deposit of certain tax revenues attributable to the major sports facility mixed-use project district, to be used to pay debt service.

No provision.

Requires, if state bond proceeds are being used for the major sports facility, the professional sports franchise to deposit an amount equal to 8.33% of the award into an escrow account, to be used to pay any deficits between tax revenues collected and the total bond amount, after the bonds are matured, or if the lease expires. Permits the OBM Director to transfer funds from the Ohio Major Sports Facility District Fund to the Ohio Cultural Facilities Bond Service Fund, which the bill also creates to be held as trust funds pledged to the payment of bond service charges.

No provision.

Authorizes the legislative authority of a municipal corporation located in a county with a population greater than 1,000,000 to declare one and only one area of the municipal corporation to be a transformational major sports facility mixed-use project district, and a public purpose, for the purpose of fostering and developing a major sports facility and economic development, if certain conditions are met. Permits only one such district within the municipal corporation. Allows the legislative authority of the municipal corporation to enlarge the territory of an existing transformational major sports facility mixed-use project district.

No provision.

Requires, on or before the first day of each January and July beginning after the designation of a transformational major sports facility mixed-use project district, the fiscal officer (i.e. city auditor or village clerk or similar official) of a legislative authority where a district has been formed to certify a list of businesses located within the district to the Tax Commissioner.

Executive

As Passed By House

Fiscal effect: OBM estimates that up to \$161.4 million in FY 2026 and up to \$167.4 million in FY 2027 will be transferred to the Sports Facilities Construction and Sports Education Fund. However the bill does not contain an appropriation for OFCC to operate the fund or program.

Fiscal effect: Eliminates the funding in the Executive version from sports gaming tax revenue. Instead, authorizes TOS to issue and sell bonds in the amount of up to \$600 million deposited to the credit of the Cultural and Sports Facilities Building Fund (Fund 7030) to pay the costs of the Cleveland Browns major sports facility stadium project in the City of Brook Park, in Cuyahoga County (see FCCCD17). To use those bonds, the bill requires, among other things, that the projected amount of increased state tax revenues to be greater than the total debt service of the state bonds for their initial term. Administrative costs may increase for the governmental agency that owns or has an ownership interest in the major sports facility or its site to comply with certain tax reporting requirements. Tax revenue may increase for a municipal corporation transformational that has a major sports facility mixed-use project district.

Same as the Executive.

Requires IPD contractors to establish criteria to prequalify prospective bidders on subcontracts, subject to the approval of the public authority and consistent with the rules adopted by OFCC.

Same as the Executive.

Requires the IPD contractor to identify at least three prospective prequalified bidders (unless less than three exist), verified by the public authority, then solicit proposals from each bidder, under an open book pricing method.

Same as the Executive.

Clarifies that an IPD contractor is not required to award a subcontract to a low bidder.

No provision.

Executive

As Passed By House

Permits OFCC to establish a list of prequalified vendors for IDIQ contracts and requires OFCC to adopt rules that establish objective prequalification criteria for vendors, a process for public authorities to use the list of prequalified vendors, and the form, terms, and conditions of IDIQ contracts.

R.C. 153.12, 153.13, 153.14, 153.63

Requires a public authority's retainage amount on partial payments on a public improvements contract to be 4% or less for 100% of the contract, rather than 8% on the first 50%, and 0% on the second 50%, of the contract.

FCCCD10 Portion of basic project cost supplied by district**R.C. 3318.032**

Modifies the calculation of the portion of the basic project cost a school district must provide for its Classroom Facilities Assistance Program (CFAP) project from the greater of either (1) the required percentage based on its equity ranking or (2) an amount necessary to raise the school district's net bonded indebtedness to a prescribed level, to its portion being determined by only the required percentage based on its equity ranking.

Requires, for a district that opts to segment its classroom facilities project, its local share for the first segment to be calculated using the required percentage of the basic project, instead of the greater of either (1) the required percentage based on its equity ranking or (2) an amount necessary to raise the school district's net bonded indebtedness to a prescribed level. Requires that any future segment's portion of the basic project cost use the same share as used in the first segment.

Fiscal effect: According to OFCC, only 13 CFAP projects to date have used the required level of indebtedness method to determine their local share, so OFCC expects the elimination of the net indebtedness method will affect only a small number of school districts in the future by not penalizing them for not having debt. OFCC anticipates that when qualifying for CFAP these school districts will have a lower local share than they otherwise would have had calculated under the current method of local share determination. In turn, state shares will likely be higher for these projects.

No provision.

Requires OFCC to provide facilities funding to each district for which all of the following apply: (1) the district operates at least one school building in a county with a population of more than 100,000 people and at least one school building in another county with a population of less than 50,000 people; (2) the district's classroom facilities project was deferred or lapsed; and (3) the existing building included in the project for which the district applies for funding was originally constructed prior to June 30, 1925.

No provision.

Requires school districts to apply for funding by December 31, 2025, in a form and manner prescribed by OFCC. Requires OFCC to calculate the amount of state funding using the percentage based on the district's most recent equity ranking, but prohibits the state share from being less than 90% of the cost of the project. Requires OFCC, if necessary, to proportionately reduce funding for each district so not to exceed the amount appropriated for this purpose.

FCCCD3 School facilities encumbrances and reappropriation**Section: 287.30**

FCCCD5 Amendment to project agreement for maintenance levy**Section: 287.50**

Requires OFCC to amend the project agreement between OFCC and a school district that is participating in the Accelerated Urban Initiative (AUI) if OFCC determines it is necessary to do so in order to comply with the change in maintenance levy requirements enacted by H.B. 1 of the 128th G.A.

Section: 287.50

Same as the Executive.

Fiscal effect: H.B. 1 of the 128th General Assembly changed the maintenance levy requirements for the six AUI districts (Akron, Cincinnati, Cleveland, Columbus, Dayton, and Toledo) to run for 23 years from the date the initial segment is undertaken, instead of extending for 23 years after the district's last segment was undertaken (the six AUI projects are broken into individual segments). For the districts that have not changed their agreements yet, the H.B. 1 change would reduce the number of years for which the districts would have to levy the required 1/2 mill property tax for maintenance. Currently, projects for Cleveland and Columbus are incomplete. Presumably, these AUI districts would use other funds to meet their building maintenance needs if the original project agreements were amended.

Permits, in any fiscal year in which OFCC has made a deposit, the OFCC Director to seek CEB approval to authorize expenditures from those funds and specified ALIs in excess of the amounts appropriated in amounts equal to the returned or recovered funds. If approved, appropriates the returned and recovered funds and requires the funds to be used for the Classroom Facilities Assistance Program or the Vocational Facilities Assistance Program.

Fiscal effect: May increase GRF debt service costs on the general obligation bonds issued for the Cleveland Browns major sports facility stadium project for some period depending on the level of future bond issuances, the maturity of the bonds issued, and market conditions. To use those bonds, the bill requires, among other things, that the projected amount of increased state tax revenues to be greater than the total debt service of the state bonds for their initial term (see FCCCD9).

As Passed By House

Requires, in calculating campus' degree counts, the Chancellor to use the three-year average associate, baccalaureate, master's, and professional degrees awarded for the most recent three-year period agreed to by the Inter-University Council (IUC) and the Chancellor. Limits, if a student is awarded an associate degree and later is awarded a baccalaureate degree, the amount funded for the baccalaureate degree to either (1) the difference in cost between the cost of the baccalaureate degree and the cost of the previous associate degree, or, (2) if the associate degree has a higher cost than the baccalaureate degree, the cost of the credits earned by the student after the associate degree was awarded. Specifies that in these instances the associate degree granting institution receive only the prorated share of the baccalaureate degree funding for the credits earned at that institution after the associate degree is awarded. Requires, if a student earns more than one degree at the same institution at the same degree level in the same fiscal year, that funding for the highest cost degree be prorated among institutions based on where the credits were earned and additional degrees be funded at 25% of the degree cost.

Same as the Executive.

Requires that eligible associate and baccalaureate degrees counted in degree attainment be weighted by a statewide "at-risk" degree completion weight, calculated based on the at-risk factors of the individual student, determined by calculating the difference between the percentage of students with each risk factor who earned a degree and the percentage of non-at-risk students who earned a degree. PENCD3 PERS law enforcement and public safety officers

R.C. 145.01, 145.334

Includes in the PERS law enforcement and public safety divisions a PERS member who, after the bill's effective date, becomes employed full time as a state fire marshal (SFM) law enforcement officer.

No provision.

No provision.

Causes a PERS member who is employed full time by the SFM Fire and Explosion Investigation Bureau to be considered an SFM law enforcement officer if the following apply: (1) the SFM has appointed the member as an assistant fire marshal and designated the person to act as a law enforcement officer (a) for purposes of investigating fires and explosions in Ohio and arresting, or causing arrest, and charging a person with arson or a similar offense as a result of an investigation, and (b) to enforce criminal prohibitions relating to fire safety and fireworks; and (2) the SFM has appointed the member as a SFM law enforcement officer and the member has received a certificate attesting to satisfactory completion of the peace officer basic training program for arrest power purposes.

No provision.

TAXCD87 Transformational mixed use development tax credits

No provision.

R.C. 122.09

Removes the June 30, 2025 sunset date for the transformational mixed use development (TMUD) tax credit program, and continues to allow the award of up to \$100 million in credits per fiscal year in FY 2026 and years thereafter.

Fiscal effect: The provision reduces domestic and foreign insurance tax revenues up to \$100 million per year, depending on the amount of TMUD tax credits awarded after FY 2025. The credit is nonrefundable and transferable. The Ohio Tax Credit Authority (TCA) only issues a tax credit certificate after completion of a certified TMUD project. Construction must begin within 12 months of the date a project is certified by the TCA. Previously, the TCA approved the \$100 million in tax credits in the middle of a fiscal year, and the construction timeline for most mixed-use development projects was generally more than one year. If these patterns continue for prospective projects, it is plausible that the associated state tax revenue losses would not begin until FY 2028.
