ADJ - Adjutant General's Department

Fund	Amount
Army National Guard Service Contract Fund (3420)	$36,500,000
Air National Guard Agreement (3E80)	$1,500,000
Administrative Building Fund (7026)	$14,800,000
Total	**$52,800,000**

Army National Guard Service Contract Fund (3420)

C74537 Renovation Projects - Federal Share **$33,719,750**

County: Statewide

These funds will be used to provide the federal share of repair, construction, and renovation projects at various facilities operated by the Adjutant General's Department that are eligible for a federal match under the Army National Guard Facilities Program. Priority project locations include the Lima Readiness Center (Allen County), Rickenbacker Readiness Center (Franklin County), Camp Perry Joint Training Site (Ottawa County), and the Blue Ash military installation (Hamilton County). The Department currently maintains 55 facilities, training sites, and buildings across 36 counties.

C74539 Army National Guard Renovations and Improvements - Federal **$2,780,250**

County: Ottawa

These funds will be used for the design of a new field maintenance shop located at the Camp Perry Joint Training Center in Ottawa County (Phase 1). This approximately 50,000-square-foot facility will include military tactical vehicle maintenance bays, administrative space, storage and supply areas, and latrines with showers and locker rooms.

This project will be phased over two biennia, with the first biennium consisting of design costs. The second biennium will consist of site preparation and construction. Federal funding will be utilized for 100% of the design and construction costs, with state capital funding used for the site preparation.

Pursuant to temporary law, this line is to be used for projects coded as receiving 100% federal support and, if additional federal funds become available, the Department may request OBM to authorize additional expenditures which are appropriated under the bill.

Air National Guard Agreement (3E80)

C74557 Air National Guard Renovations and Improvements - Federal **$1,500,000**

County: Statewide

ADJ - Adjutant General's Department

These funds will be used for building renovations and upgrades at various Ohio Air National Guard locations across the state, including Rickenbacker (Franklin County), Springfield (Clark County), Mansfield (Richland County), Toledo (Lucas County), and Camp Perry (Ottawa County). This will allow the Department to leverage available federal funding through the Air National Guard Sustainment, Restoration, and Modernization Program (Appendix 1031), a cooperative agreement with the federal government. Prior funding for projects like this were appropriated with operating funds via federal Fund 3E80 ALI 745628, Air National Guard Operations and Maintenance.

Pursuant to temporary law, this line is to be used for projects coded as receiving 100% federal support and, if additional federal funds become available, the Department may request OBM to authorize additional expenditures which are appropriated under the bill.

Administrative Building Fund (7026)

C74535 Renovations and Improvements $14,800,000

County: Statewide

These funds will be used for repair, construction, and renovation projects at various facilities operated by the Adjutant General's Department. Priority project locations include the Lima Readiness Center (Allen County), Rickenbacker Readiness Center (Franklin County), Camp Perry Joint Training Site (Ottawa County), and the Blue Ash military installation (Hamilton County). The federal share, if applicable, will be funded with money appropriated from the Army National Guard Service Contract Fund (Fund 3420) and capital line item C74537, Renovation Projects - Federal Share.

Higher Education Improvement Taxable Fund (7024)

C23567 Workforce Based Training and Equipment - Taxable **$10,000,000**

County: Statewide

These funds will be used for the Regionally Aligned Priorities in Developing Skills (RAPIDS) program, the purpose of which is to support collaborative projects among higher education institutions to strengthen education and training opportunities that maximize workforce development efforts in defined areas of the state. The grants provide capital funds on a competitive basis to collaborations of community colleges, universities, private colleges and universities, and Ohio Technical Centers to address the business and economic development needs of the region.

C23568 OARnet - Taxable **$10,000,000**

County: Statewide

These funds are used to support OARnet, which interconnects Ohio's colleges and universities with each other as well as with national commercial and academic networks. Projects funded by this appropriation may include expanding OARnet's fiber optic cable network to over 5,500 miles and increasing the bandwidth of the core data routes (backbone) to support transmission speeds of one terabit per second. OARnet may also deploy the statewide Next Generation 911 network and upgrade the southwest Ohio regional ring to improve redundancy, performance, and reliability.

Higher Education Improvement Fund (7034)

C23501 Supercomputer Center Expansion **$10,000,000**

County: Franklin

These funds will support various projects at the Ohio Supercomputer Center (OSC), which is located at the Ohio State University. OSC provides faculty, students, and researchers at Ohio's public and private colleges and universities access to a statewide high-performance computing resource. Projects supported with these funds include installing a new updated supercomputer to support important emerging applications in artificial intelligence and upgrading servers, storage systems, and ensuring integration with existing tape storage across two data centers to support the growing volume of data the system maintains.

C23516 Ohio Library and Information Network **$15,187,486**

County: Statewide

Department of Higher Education and State Institutions of Higher Education

BOR - Department of Higher Education

These funds primarily support the annual acquisition of the latest digital library content for the OhioLINK membership. Specifically, the funds subsidize the cost of high-quality electronic journal and database content that OhioLINK institutions rely on for research and training, with a large portion of the purchased content focusing on science, technology, engineering, mathematics, and medicine (STEMM) disciplines. OhioLINK subsidizes about 20% of the purchased content with capital funds, and the OhioLINK membership pays the remaining 80%.

C23524 Library Depositories - Supplemental Renovations $512,514

County: Multi-County - Athens, Butler, Franklin, Portage, Wood

These funds support basic renovations at the five regional library depositories, which allow the largest university libraries to store less-used materials in off-site facilities. The original facilities are now more than 30 years old and are in need of major and minor renovations and repairs such as window and wall repair, equipment repair and replacement, pavement resurfacing, and a new generator. The facilities are located on the campuses of Bowling Green State University, Miami University, NEOMED, Ohio University, and the Ohio State University.

C23530 Technology Initiatives $1,000,000

County: Statewide

These funds are used for necessary technology infrastructure improvements. Priority projects in the FY 2027 - FY 2028 biennium include replacing outdated load balancers with a next-generation solution offering enhanced performance, automation and advanced security capabilities supporting a verified security network. This project will allow for greater protection in the event of a malicious attack at the application layer.

C23550 Small Campus Targeted Assistance $49,500,000

County: Multi-County - Gallia, Hamilton, Jefferson, Scioto

These funds will be used to support building and infrastructure projects at the campuses of the following universities or community colleges in the FY 2027-FY 2028 biennium: Cincinnati State Community College (up to $10,000,000); Shawnee State University (up to $28,500,000); Rio Grande Community College (up to $7,500,000); and Youngstown State University - Steubenville at the former Eastern Gateway Community College facilities (up to $3,500,000).

C23566 Campus Safety Grant Program $7,500,000

County: Statewide

Department of Higher Education and State Institutions of Higher Education

BOR - Department of Higher Education

These funds will continue to be used to make competitive grants to state institutions of higher education for certain security improvements that assist the institutions in improving the overall physical security and safety of their buildings on public campuses throughout Ohio. Eligible security improvements under the program include physical security enhancements, equipment, or inspections and certain screening equipment included on a list published by the U.S. Department of Homeland Security. The program is administered by the Department of Public Safety, though the Department coordinates with DHE on program procedures and funding recommendations. DHE must seek Controlling Board approval prior to transferring the award to the institution. H.B. 2 provided $7.5 million in the FY 2025 – FY 2026 biennium from item C23566, which supported projects at 28 public colleges and universities.

C270I5 **White Hall Rehabilitation - Kent** **$12,000,000**

County: Portage

These funds will be used for the third phase of a four-phase project to replace the HVAC system in the 130,000 square foot White Hall, which was constructed in 1966 and houses KSU's College of Education, Health, and Human Services. This phase continues replacement of antiquated HVAC distribution systems with a state of the art variable air volume HVAC system, addressing remaining floors not funded in previous phases, and includes planned interior and classroom renovations. S.B. 310 and H.B. 2 provided $12.0 million and $10.0 million, respectively, for the first two phases of the project that focused on renovating main control systems and ductwork throughout the building to provide for air distribution.

C270K3 **Critical Deferred Upgrades - Kent** **$4,757,175**

County: Portage

These funds will be used to address deferred maintenance in several buildings across KSU's main campus, most of which were constructed in the 1960s and 1970s. In the FY 2027-FY 2028 biennium, KSU will continue to address failing original infrastructure, mechanical systems, and other critical building components that have exceeded their useful life across the Kent Campus.

C270N2 **IT Network Access Enhancement in Academic Buildings - Kent** **$3,588,475**

County: Portage

Department of Higher Education and State Institutions of Higher Education

KSU - Kent State University - Main

These funds will be used for the third phase of a multi-phase project to expand and update KSU's wireless network in academic spaces to provide adequate network coverage to instructors and students, enable streaming and video conferencing at scale, and provide a secure and user-friendly method of engaging with network access devices. This third phase will address buildings with the most outdated network hardware, focusing on high utilization academic spaces, testing centers, and instructional technology environments. Priority projects for the FY 2027-FY 2028 biennium may include upgrading access points, building switches, structured cabling, and related infrastructure to support modern instructional needs and increased device density. H.B. 687 and H.B. 2 each provided approximately $3.6 million for the first two phases of the project.

C270O5 **University Library Tower Renovations and Elevator Modernization-Kent** **$7,000,000**

County: Portage

These funds will be used for the second phase of a multi-phase project to renovate and modernize the Main University Library, which was constructed in the 1960s and designed to house KSU's collection, offices, and archives. In 2010, KSU hired a consulting firm to create a masterplan to modernize the building. The masterplan has since been updated to account for projects that have been conducted over the last decade that enhance the experience in the building for students, faculty, and visitors. The renovations will build on these prior improvements. Additionally, the elevator system, which is original to the building, will also be modernized and replaced with a new high-speed one. H.B. 2 provided $6.0 million for the first phase of the project.

C270O3 Purinton Hall Renovations - East Liverpool $450,000

County: Columbiana

These funds will be used for the second phase of a multi-phase project to renovate and modernize classrooms in Purinton Hall located on the East Liverpool campus. Many of the classrooms are in a similar condition as when the building served as a high school prior to purchase by KSU. This phase continues modernization of instructional spaces to support the campus's highest enrolled programs, including Nursing, Occupational Therapy, and Physical Therapy, with improvements to finishes, furnishings, technology, and flexible learning configurations. H.B. 2 provided approximately $163,000 for the first phase of the project.

KSU - Kent State University - Salem

Higher Education Improvement Fund (7034)

C270P9 Main Classroom HVAC - Salem $450,000

County: Columbiana

These funds will be used for the third phase of a multi-phase project to replace the HVAC units and associated controls on the roof of the 92,049 square foot Main Classroom Building located on the Salem campus. The HVAC units have passed their expected life cycle and require increased maintenance. This phase focuses on replacing outdated HVAC rooftop units, improving reliability and energy performance, and integrating new units into a modern building automation controls platform. H.B. 687 and H.B. 2 provided $475,000 and approximately $163,000, respectively, for the first two phases of the project.

Department of Higher Education and State Institutions of Higher Education

KSU - Kent State University - Stark

These funds will be used for the second phase of a multi-phase project to replace the over 20-year-old chilled water system in the Campus Center Building located on the Stark campus. The system contains two 300-ton chillers and one 400-ton chiller, each with an equivalent sized cooling tower. The existing equipment continues to experience significant reliability issues, escalating maintenance costs, and difficulty sourcing replacement parts. In the FY 2027-FY 2028 biennium, this project will continue the installation of modern, energy efficient equipment, valves, pumping controls, and associated systems. H.B. 2 provided approximately $650,000 for the first phase of the project.

C30565 Roof Replacements **$800,000**

County: Portage

These funds will be used to replace the existing roofing systems on Buildings A and B, both of which were constructed in 1975 and have exceeded their useful lives. Building A contains academic support spaces including library services, administrative offices, and student study areas. Building B houses instructional laboratories, academic support areas, and student study spaces. The current roofs on each of the buildings consist of an original layer and an overlaid membrane installed in the mid-1990s. Roof replacement will address leaks, reduce maintenance needs, and protect building systems and interior space.

C30566 Air Handling Replacements **$500,000**

County: Portage

These funds will be used to replace the original Air Handling Unit #7 serving portions of Building R, along with associated variable air volume terminal boxes and controls. Installed in 1987, the system is beyond its useful mechanical and operational life and lacks modern humidity control and building automation integration. Replacement will address reliability issues, improve temperature and humidity control, reduce maintenance costs, and enhance energy efficiency for the administrative and student service areas served by the system.

C30567 Research Replacement and Upgrades **$199,283**

County: Portage

These funds will be used to replace the existing rack washer in the Comparative Medicine Unit, which is responsible for sanitizing animal cages and research equipment. The current unit is nearly three decades old, experiences frequent breakdowns, and no longer provides consistent, reliable sanitation performance. The replacement system will improve operational reliability, meet regulatory requirements for animal care, and support uninterrupted research activities.

C315KM Hughes Hall Renovation $30,000,000

County: Franklin

These funds will be used for the full renovation of the 1949-constructed Hughes Hall, a 60,613 square foot building that has remained vacant since the opening of the Timashev Family Music Building in 2022. The project will address approximately $9.0 million in deferred maintenance by replacing every major mechanical system in the facility. Interior spaces will be modernized to support faculty and student needs through the creation of general-purpose classrooms emphasizing active learning, student-centered community spaces, and faculty offices. The renovated facility will also become the home of the newly created Arts and Humanities AI Institute (AHAII), a center for humanistic scholarship, creative inquiry, and public engagement at the intersection of AI and human experience. Upon completion, occupants of Denney Hall will relocate into Hughes Hall, enabling the future demolition of Denney Hall and the retirement of approximately $19.3 million in deferred maintenance. The total cost of the project is estimated to be $57.0 million, including $27.0 million in local funds.

C315KN Ramseyer Hall Renovation $31,047,652

County: Franklin

These funds will be used to renovate Ramseyer Hall, originally constructed in 1932, following the planned relocation of the College of Education and Human Ecology in 2026. The project will replace or upgrade building systems including plumbing, HVAC, electrical distribution, building envelope components, ADA and site-access features, fire suppression systems, elevators, and various interior elements. This work will address approximately $10.0 million of deferred maintenance liability. Once renovated, Ramseyer Hall will house the Salmon P. Chase Center for Civics, Culture and Society, occupying approximately 28,000 gross square feet on the second and third floors. The project will also consolidate STEM tutoring services—including math, statistics, chemistry, and organic chemistry—into an 11,000 square foot center designed to enhance student support, community-building, and academic success. Large-scale active learning classrooms will also be incorporated to improve instructional flexibility. The total cost of the project is estimated to be $55.0 million, with university funds providing the remaining balance to complete the project.

OSU - The Ohio State University - Lima

Higher Education Improvement Fund (7034)

C315JQ Science Building Safety and Renovations - Lima $1,000,000

County: Statewide

These funds will be used to update the HVAC and laboratory systems in the Life and Physical Sciences Building, including converting pneumatic fume hood controls to electronic systems, rebalancing laboratory air systems, installing higher-efficiency boilers, and replacing or updating components of the chilled water system. The existing HVAC equipment is original to the 1997 building and is approaching 30 years of service life, with frequent repairs and increasing difficulty obtaining replacement parts. These improvements will reduce deferred maintenance, improve efficiency, and enhance laboratory safety and performance. Rhodes State College will also provide funds for this project.

C315JS Galvin Hall Phase 2 - Lima $300,000

County: Allen

Department of Higher Education and State Institutions of Higher Education

OSU - The Ohio State University - Lima

These funds will be used to renovate the lobby, second, and third floors in Galvin Hall, which was built in 1965. Specifically, this project will address a number of issues within the building, including renovating classrooms and office space and remediation of asbestos-containing materials. This entire building project consists of several phases to complete. S.B. 310 provided $1.7 million in line item C315HB, Galvin Hall Basement Renovations – Lima, H.B. 687 provided $1.1 million in line item C315IE, Galvin Hall Renovation – Lima, and H.B. 2 provided $900,000 in this line item for the previous phases to renovate parts of the building.

C315KO **Elevator Upgrades - Lima** **$250,000**

County: Allen

These funds will be used to replace the single hydraulic elevator in Cook Hall, a two story building constructed in the early 1970s. The elevator has a cylinder leak and outdated controls that create leveling issues, and replacement components are increasingly difficult to procure. This project will improve ADA compliance as there are no other accessible routes to the second story. Rhodes State College will also provide funds for this project.

C315KP **Fire System Upgrades - Lima** **$450,000**

County: Allen

These funds will be used to replace fire systems at multiple buildings across campus. Specifically, this project will update and replace fire alarm panels in Cook Hall, Galvin Hall, the Public Service Building, Keese Hall, and Countryman Hall. The existing systems are more than 20 years old and replacement parts are scarce or unavailable. The project will standardize new fire alarm panels, improve reliability, and reduce emergency service calls across campus. Rhodes State College will also provide funds for this project.

OSU - The Ohio State University - Mansfield

Higher Education Improvement Fund (7034)

C315JK **Campus-Wide Upgrades - Mansfield** **$1,400,000**

County: Richland

These funds will be used to implement a combined set of campus-wide upgrades addressing critical electrical infrastructure, HVAC system replacements, and exterior masonry and sealing needs across multiple Mansfield campus buildings. Electrical work will include replacing three outdated motor control center panels in the Eisenhower Building, installing a new transformer for the Ovalwood Founders Theater, and replacing the main electrical switch in the Campus Recreation Center. HVAC improvements will include replacing outdated air-conditioning units in Conard Hall and the Ovalwood Cyber Café, relocating the balancing valve in Conard Lab 217, and updating multiple air volume units. Exterior envelope repairs will include selective tuckpointing, replacement of compromised masonry, and application of protective sealants on four buildings to address water infiltration and long-term deterioration.

Department of Higher Education and State Institutions of Higher Education

OSU - The Ohio State University - Mansfield

C315KQ Eisenhower Memorial Center Upgrades - Mansfield $600,000

County: Richland

These funds will be used to modernize approximately 9,500 square feet of shared space in the Eisenhower Student Union, including new flooring, wall finishes, lighting, ceilings, and abatement of asbestos where required. The project will refresh a major gathering hub on the campus, improve accessibility, and enhance the student experience in alignment with the Mansfield Campus Framework Plan 2.0.

OSU - The Ohio State University - Marion

Higher Education Improvement Fund (7034)

C315JW Morrill Hall Renovations - Marion $450,000

County: Marion

These funds will be used to renovate Morrill Hall, which was built in 1968. Projects may include updating outdated classrooms and offices and converting unoccupied space on the second floor into teaching and research spaces. Morrill Hall houses classrooms, faculty offices, student lounges, an art gallery, and a large auditorium. H.B. 2 provided $500,000 in this line item during the FY 2025 – FY 2026 biennium.

C315JX Maynard Hall Renovations - Marion $100,000

County: Marion

These funds will be used to renovate spaces within Maynard Hall, which was built in 2005. Projects may include replacing inefficient lighting fixtures with LED technology and updated controls. Maynard Hall houses admissions, counseling, and administration offices. H.B. 687 provided $200,000 in C315IL, LED Light Conversions – Marion to replace fluorescent lighting fixtures and controls with LED fixtures and controls in Morrill Hall and Maynard Hall. H.B. 2 provided $250,000 to replace inefficient lighting fixtures with LED technology and updated controls in Maynard Hall.

C315JY Library Classroom Building Renovations - Marion $750,000

County: Marion

These funds will be used to completely replace the original roof of the Library Classroom Building, which was built in 1996. Marion Technical College will also provide funds for this project.

C315KR Generator Upgrades and Replacement - Marion $400,000

County: Marion

Department of Higher Education and State Institutions of Higher Education

OSU - The Ohio State University - Marion

These funds will be used to replace the natural gas emergency standby generators in Morrill Hall, Library Classroom Building, and Alber Student Center. Also, a new natural gas emergency generator will be installed in the Maintenance Storage and Receiving Building to power the boiler, fire pump system, and other life safety equipment during power outages. Marion Technical College will also provide funds for this project. S.B. 310 provided $550,000 in line item C315HI, Building Standby Generator Replacements – Marion for this project in the FY 2021-FY 2022 capital biennium.

C315KS Signage and Wayfinding - Marion $300,000

County: Marion

These funds will be used to install a new gateway identification sign at University Drive and modernize wayfinding signage across parking lots, walkways, and building entrances. Updated signage will improve campus navigation for students and visitors and replace outdated or inaccurate sign information. Marion Technical College will also provide funds for this project.

OSU - The Ohio State University - Newark

Higher Education Improvement Fund (7034)

C315DM Roof Upgrades and Replacements - Newark $290,000

County: Licking

These funds will be used to replace portions of the membrane roof on LeFevre Hall (installed in 2007) and the North Classroom Building (installed in 2004) and complete repairs to the Hopewell Hall South modified roof system. These improvements address aging roofing materials and deferred maintenance. Central Ohio Technical College will also provide funds for this project.

C315DP HVAC Upgrades and Replacements - Newark $525,000

County: Licking

These funds will be used to replace the boiler, chiller, pumps, and other associated mechanical equipment in Adena Hall (installed in 2006), and replace the Reese Center cooling tower (installed in 2003). These improvements address aging infrastructure and deferred maintenance needs. Central Ohio Technical College will also provide funds for this project. S.B. 310 provided $125,000 in line item C315HK, Reese Center HVAC Renovations - Newark and H.B. 687 provided $500,000 in line item C315IQ, Reese Center Boiler/Chiller Replacement – Newark, to replace the original gas-fired boilers and screw chiller with high efficiency units located in Reese Center.

C315HJ Hopewell Hall Improvements - Newark $835,000

County: Licking

These funds will be used to convert 2,500 square feet in Hopewell Hall and 836 square feet in Adena Hall into new academic teaching areas. The renovated spaces will be vacated in 2026 following the renovation of Evans Hall. Central Ohio Technical College will also provide funds for this project.

Department of Higher Education and State Institutions of Higher Education

OSU - The Ohio State University - Newark

C315KB **Pavement Improvements - Newark** **$250,000**

These funds will be used to address deferred maintenance of the parking lots and roadways on the campus. Central Ohio Technical College will also provide funds for this project. H.B. 2 provides $250,000 in this line item during the FY 2025 – FY 2026 biennium.

C315KU **Generator Upgrades and Replacement - Newark** **$100,000**

County: Licking

These funds will be used to replace an emergency backup generator originally installed in 2006, which provides emergency power to life-safety, mechanical, and networking equipment in Hodges Hall. Central Ohio Technical College will also provide funds for this project.

OSU - The Ohio State University - OARDC

Higher Education Improvement Fund (7034)

C315HM **Fisher Hall Renovation - Wooster** **$3,600,000**

County: Wayne

These funds will be used to renovate and expand the 41,800-square-foot Fisher Auditorium, originally constructed in 1968. The facility's HVAC systems, controls, roofing, and other building systems have exceeded their useful life and require comprehensive upgrades. The renovation will also provide full ADA compliance, new restrooms, updated dining areas, student-life spaces, academic support functions, and a combined undergraduate and research library. S.B. 310 and H.B. 2 each provided $6.0 million in this line item for the FY 2021-FY 2022 and FY 2025-FY 2026 capital biennia. A portion of the S.B. 310 funding was used for design for this project and a portion was redirected to address the imminent failure of a campus boiler.

C315KT **Renovations - Wooster** **$2,400,000**

County: Wayne

These funds will be used to complete priority deferred-maintenance and renovation work in Gerlaugh Hall and Selby Hall, both critical instructional and research facilities on the Wooster Campus. Improvements will include roofing replacement, building-envelope repairs (including window systems), electrical infrastructure upgrades, and modernization of aging building controls. These systems are at or beyond the end of their service life, and improvements are necessary to maintain safe, functional environments for research and academic activity.

County: Athens

These funds are used to replace aging or failed mechanical, electrical, plumbing, and fire safety systems in OHU's main campus buildings. For the FY 2027–FY 2028 biennium, these funds will focus on replacement of HVAC and controls systems at Morton Hall, Glidden Hall, Porter Hall, and the Life Sciences Building, all of which have systems that have reached or exceeded their useful life.

C30158 Academic Space Renewal $13,385,807

County: Athens

These funds will be used, in part, to renovate and modernize the 87,200 square foot Seigfred Hall, which was constructed in 1962 and houses OHU's College of Fine Arts. This project will replace classrooms and laboratory spaces where minimal investments have been made since the building was constructed. Renovations will address deferred maintenance, increase efficiencies, reduce maintenance costs, and promote sustainable practices through the reuse of the structurally sound building. In the FY 2027–FY 2028 biennium, funding will complete the Seigfred Hall renovation and may initiate priority academic building renewals identified in OHU's Capital Improvement Plan. H.B. 687 and H.B. 2 provided $8.4 million and $17.6 million, respectively for the design and beginning renovations of Seigfred Hall.

OHU - Ohio University - Regional Campuses

Higher Education Improvement Fund (7034)

C30164 Building Exterior Improvements - Regional Campuses $2,276,800

County: Multi-County - Lawrence, Ross

These funds will be used to replace windows and roof systems and make masonry improvements at buildings located on OHU's regional campuses. Primarily, these funds will be used at Bennett Hall, the Shoemaker Center, and the Technology Center on the Chillicothe Campus and the Academic Center and Collins Center cafe on the Southern Campus. For FY 2027–FY 2028 biennium, priority improvements include repairs to Bennett Hall's portico slab and entry steps, masonry restoration at the Shoemaker Center, flashing and drainage replacement at Technology Center, and replacement of membrane roofing systems at the Academic Center, Collins Center Café, and on a connector roof.

C30171 Campus Infrastructure Improvements - Regional Campuses $2,801,715

County: Multi-County - Belmont, Fairfield, Lawrence

These funds will be used to renovate or replace building and campus-wide infrastructure at buildings located on OHU's regional campuses. For the FY 2027–FY 2028 biennium, funding will address HVAC heating hot water boiler and pump replacements at Shannon Hall (Eastern Campus), replacement of the chiller, chilled water pumps, and cooling tower at Brasee Hall (Lancaster Campus), and elevator upgrades at the Collins Center, Academic Center, and Riffe Center (Southern Campus). These projects address systems at or beyond their life cycle, improving energy efficiency, reliability, and occupant comfort while reducing deferred maintenance and operational costs.

SSC - Shawnee State University

Higher Education Improvement Fund (7034)

C32400 Basic Renovations $3,336,182

County: Scioto

These funds will be used for essential basic renovation projects identified through SSC's 2023 comprehensive campus assessment. Priority projects will address infrastructure, including roof replacements, upgrades to fire alarm and public address systems, replacement of end-of-life HVAC systems, upgrades to equipment essential to enabling delivery of modern technologies, and, if possible, improvements to parking and pedestrian walkways that are critical for campus-community safety.

Department of Higher Education and State Institutions of Higher Education

UTO - University of Toledo - Main

Higher Education Improvement Fund (7034)

C34080 Building Envelope/Weatherproofing $10,000,000

County: Lucas

These funds will be used to clean and replace weatherproofing, roof systems, slate-shingle assemblies, copper flashings, gutters, downspouts, and exterior doors/windows to address active water intrusion at University Hall. This project is a continuation of UTO's multi-biennium building envelope renewal program and will specifically target the nearly 100-year-old roof structure and failing weatherproofing systems on University Hall, the institution's original 1931 collegiate gothic facility that houses major administrative units, instructional spaces, and the Doermann Theatre.

C340A7 Underground Utility Infrastructure Improvements $8,119,899

County: Lucas

These funds will be used to replace underground steam supply and condensate return lines, along with associated chilled water supply and return lines, in multiple sections of UTO's main campus central utility loop. These systems, originally installed more than 50 years ago, are exhibiting widespread failure of piping, insulation, valves, and traps. The FY 2027–FY 2028 funding will permit replacement of failed and failing lines, restoration of loop capacity, and improvement of energy efficiency throughout the system. Buildings primarily affected by this phase include Health and Human Services, Stranahan Hall, the Savage and Associates Business Complex, McMaster Hall, and Ritter Observatory.

Higher Education Improvement Fund (7034)

C27510 Rike Hall Renovation $750,000

County: Greene

These funds will be used for the interior modernization renovation of key learning and research spaces in Rike Hall for the Raj Soin College of Business, including, but not limited to, the trading room and data visualization lab. The scope includes upgraded technology infrastructure, new digital displays, enhanced lighting, flexible furniture systems, and aesthetic improvements to support collaborative learning and real time data analysis.

C27550 Creative Arts Center $800,000

County: Greene

These funds will be used to replace the existing ballasted roofing system on WSU's Creative Arts Center (CAC) theater roof. Areas of wet or damaged insulation will be replaced, and a new, thicker membrane will be installed along with new ballast to provide a more durable, energy-efficient, and watertight roof system. Replacing the roof and damaged insulation will address existing leaks, reduce the risk of further deterioration, and enhance energy efficiency.

C27570 Building Renovations $1,750,000

County: Greene

These funds will be used for the fifth phase of a multi-phase envelope repair project at WSU's Dayton campus. Specifically, projects in this phase may include replacing deteriorated glass block assemblies from the exterior of the Medical Sciences Building with a modern, energy-efficient curtain wall system and expanding its entry vestibules as well as replacing deteriorating limestone architectural elements on the original quad buildings and roofing upgrades across multiple facilities. The first four phases of the project were supported by $2.0 million in S.B. 310, $700,000 in H.B. 529, $1.5 million in H.B. 687, and $625,000 in H.B. 2.

C27578 University Safety Initiative $500,000

County: Greene

These funds will be used to support the final phase of a two-part project to modernize campus safety systems through expanded swipe card access and security camera installations at locations around WSU's Dayton campus. Swipe card capable equipment will be installed on the exterior of campus buildings for access control, which will assist in keeping buildings secure and provide stricter control of after-hours access to the buildings. In the first phase, projects focused on University Hall, the Dunbar Library, and the Student Union. In the FY 2027-FY 2028 biennium, projects will focus on expanding swipe card capability to additional buildings, including Rike Hall, the Student Success Center, Allyn Hall, and all roof access doors as well as adding comprehensive camera coverage to high traffic areas, academic floors, and parking lots. H.B. 2 provided $500,000 for the first phase of the project.

C27582 Campus Paving and Grounds $500,000

County: Greene

These funds will be used for the fifth phase of a multi-phase project that will renovate the paved portions of campus, including sidewalks, campus roads, and parking lots. The scope of this phase addresses high use areas requiring resurfacing, regrading, drainage improvements, and ADA compliant upgrades. The first four phases of the project were supported by $700,000 in H.B. 529, $343,000 in S.B. 310, $1.0 million in H.B. 687, and $600,000 in H.B. 2.

C27593 IT Infrastructure Upgrades $1,370,858

County: Multi-County - Greene, Mercer

These funds will be used to replace aging information technology equipment on WSU's Dayton and Lake campuses. This project involves replacing switches, servers, enterprise storage, and backup appliances to reduce the chance of system failures. Additionally, it will replace and remediate audio/video infrastructure within several classrooms at the Dayton and Lake campus locations, update audio/video carts used in the event services area, and update computers used in the active learning classrooms in the Student Success Center.

C275B6 Laboratory Animal Resources Occupational Safety $250,000

County: Greene

These funds will be used for the third phase of a multi-phase project to purchase equipment that will reduce occupational exposure to rodent allergens and improve safety when storing and moving cages in the Laboratory Animal Resources (LAR) Department located on WSU's Dayton campus. Specific equipment to purchase includes fully loaded IVC racks, water bottles, cage components, laminar flow change benches, clean tables, shelving units, and accessory baskets. H.B. 2 provided $225,000 for the purchase of three biosafety cabinets, a chemical fume hood, 12 bulk trucks, and two flatbed carts and S.B. 310 provided $580,000 for the purchase of nine cage racks, four bulk trucks, and one bedding disposal unit.

C275D9 Health Sciences Regional Boiler Plant $3,500,000

County: Greene

These funds will be used to replace a failing steam boiler plant and deaerator tank serving Health Sciences, Biological Sciences I and II, Diggs Laboratory, and the Vishal Soin Center for Innovation. The existing boilers will be removed from the Health Sciences penthouse, and a new, single story addition will be constructed to the mechanical building. This will allow the new boilers to be equipped with heat exchangers, enabling the decommissioning of aging hot water boilers and relocation of remaining functional units to replace failing equipment in other campus buildings. The boilers and deaerator tank are nearing imminent failure and no longer provide reliable steam. A first floor addition eliminates a major leak source from the penthouse, removes unserviceable equipment, and allows redeployment of functional units to address campus deferred maintenance needs.

C275E2 Campus Air Handler Control Upgrades $400,000

C275D6 Workforce Development Center - Taxable $500,000

County: Mercer

These funds will be used to complete the construction of a new 17,000 square foot Workforce Development Center (WDC) to include laboratories, instructional space, and an area to showcase local products and processes from WSU's sponsoring manufacturers. The WDC will expand the current Business Enterprise Center (BEC), which provides full-service business assistance programs to new, developing, or expanding companies within the region. The ultimate goal of the WDC is to give Ohio businesses the employees they need with technology-focused credentials who are well prepared for a job in today's advanced, technology-infused economy.

Higher Education Improvement Fund (7034)

C275A2 Lake Campus Infrastructure $500,000

County: Mercer

These funds will be used for a variety of high-priority deferred maintenance, improvement, and stabilization projects at WSU's Lake campus. Specific projects may include replacing outdated lighting with energy efficient LED fixtures, modernization of HVAC systems, repairs to building envelopes, and updates to interior finishes in classrooms, laboratories, and common areas.

C275E1 Lake Campus Agriculture and Water Quality Building HVAC Replacement $1,000,000

County: Mercer

These funds will be used to replace the existing Variable Refrigerant Flow (VRF) HVAC system with a Variable Air Volume (VAV) system in the Agriculture and Water Quality Building. The VRF system has reached the end of its service life, and critical components are no longer available. The new VAV system provides reliable climate control, improved indoor air quality, and long term energy efficiency. The failure of the existing HVAC system has disrupted operations and compromised indoor air quality. With no available parts to repair the system, replacement is the only viable option.

County: Mahoning

This line item provides funding for a community project.

Higher Education Improvement Fund (7034)

C34515 **Dental Hygiene Expansion** **$1,170,000**

County: Mahoning

These funds will support the expansion and modernization of YSU's on campus Dental Hygiene Clinic. Work will include reconfiguring outdated clinical areas, replacing aging dental chairs and mechanical systems, upgrading lighting, flooring, and HVAC, and adding new instructional and simulation stations that meet modern professional standards. The project will allow enrollment growth of 30% to 40%, support graduation of 20–25 additional hygienists annually and expand preventive care capacity for more than 1,000 additional community patients each year.

C34518 **Campus-Wide Building Systems Upgrades** **$375,000**

County: Mahoning

These funds will be used to replace or upgrade aging building systems that are more than 30 years old and have become unreliable, noisy, energy inefficient, and increasingly difficult to repair. The project will improve mechanical reliability, reduce energy use, minimize disruptions to academic operations, and lower deferred maintenance liabilities. Upgrades will impact several buildings, including Beeghly Center and Stambaugh Stadium.

C34523 **Campus Development** **$500,000**

County: Mahoning

These funds will be used for improvements to campus gateways and core pedestrian areas, including restoration or replacement of deteriorated walkways, stairs, plazas, retaining walls, and related exterior infrastructure. Many surfaces have degraded into accessibility barriers and tripping hazards. The project will enhance safety, accessibility, aesthetics, and the overall campus experience for students, faculty, staff, and visitors.

C34524 **Instructional Space Upgrades** **$1,170,000**

County: Mahoning

Department of Higher Education and State Institutions of Higher Education

YSU - Youngstown State University

These funds will be used to renovate heavily used general purpose classrooms and associated support spaces across campus. Improvements will include upgrades to interior finishes, lighting, electrical systems, HVAC, accessibility features, instructional technology, and furniture. Renovations will enhance teaching environments, support student learning, reduce deferred maintenance, and extend building service life. Work will occur in multiple facilities, including Cushwa Hall.

C34544 Restroom Renovations $800,000

County: Mahoning

These funds will be used to renovate heavily used restrooms across campus that currently exhibit accessibility deficiencies, leaks, damaged fixtures, flooring delamination, and inadequate lighting. Renovations will correct accessibility issues and restore safe, sanitary, and modern restroom facilities for students, employees, and visitors. Work will occur in multiple buildings, including Ward Beecher Hall and Moser Hall.

C34560 Campus Roof Replacements $3,300,000

County: Mahoning

These funds will be used to replace the aging and deteriorated roofing systems on several buildings on YSU's campus. Over time, leaking roofs have caused damage to staff offices, classrooms, laboratory spaces and equipment, which has created interruptions to services and activities in those spaces. This project will address these problems on the following buildings: Cushwa Hall, Moser Hall, and Ward Beecher Hall.

C34564 Elevator Safety Upgrades and Replacements $1,800,000

County: Mahoning

These funds will be used to modernize YSU's elevators located throughout campus, many of which were installed more than 25 years ago by several different manufacturers. The project continues to modernize elevators across campus using new and consistent technology that will help ensure the safety of riders, increase reliability, and help lower overall operating and maintenance costs. Elevator repair and replacement will take place in buildings across campus, including Moser Hall, Beeghly Center, Meshel Hall, and Stambaugh Stadium.

C34565 IT Infrastructure Upgrades $592,522

County: Mahoning

These funds will be used for professional services required to transition YSU’s core administrative system to a more modern platform. Work will include planning, data migration, configuration, and training necessary for a phased modernization aligned with accreditation review, S.B. 1 implementation, and ongoing financial aid regulatory requirements. The project will improve automation, security, reliability, and long-term operational stability.

Department of Higher Education and State Institutions of Higher Education

YSU - Youngstown State University

C34569 Campus Life Safety Upgrades $1,000,000

County: Mahoning

These funds will support upgrades to outdated fire alarm systems and compromised fire-rated doors and hardware in multiple campus buildings. Improvements will include replacing aging control panels, notification devices, pull stations, and fire-rated assemblies that no longer meet current protection standards. The project will improve overall life safety compliance and reliability across targeted facilities, including Bliss Hall and DeBartolo Hall.

C725D5 Fountain Square Building Improvements **$5,068,000**

County: Franklin

This appropriation will support continued renovations at the Fountain Square Complex (Columbus), including HVAC upgrades, fire panel replacements, and related capital improvements identified through ODNR facility assessments. Funding will allow the agency to address operational efficiencies and long-term maintenance issues at its primary administrative campus.

C725D7 Statewide Law Enforcement Equipment **$275,000**

County: Franklin

Funding under this line item will replace the aging fire alarm panels at ODNR's Fountain Square complex (Columbus). The project addresses end-of-life equipment that poses risks to staff and visitors, and new panels will allow ODNR to reduce reliance on proprietary systems and improve safety integration with the Genetec security platform.

C725E0 ODNR Fairgrounds Areas Upgrading **$600,000**

County: Franklin

This appropriation will fund renovations and capital improvements within the Natural Resources Park at the Ohio Expo Center and State Fairgrounds. Work will address building upgrades, site infrastructure needs, and improvements that enhance visitor circulation and accessibility.

Ohio Parks and Natural Resources Fund (7031)

C72549 ODNR Facilities Development **$5,150,000**

County: Statewide

Funding under this line item will provide technical services for planning, renovation, and rehabilitation projects. It will also be used to undertake bridge repairs, bring fuel storage tanks into compliance, and deal with non-compliant water wells across ODNR facilities. In addition, the funding will be used to upgrade outdated network equipment statewide. Overall, the appropriation supports investigative engineering, minor capital improvements, and urgent response needs associated with ODNR's statewide infrastructure portfolio.

DNR - Ohio Department of Natural Resources

C725E1 Local Parks Projects - Statewide $4,449,638

County: Statewide

This appropriation will support local parks grants through the NatureWorks program, which distributes funds to political subdivisions using a statutory per-capita formula. Grants funded under this line item assist with outdoor recreation projects consistent with Ohio Revised Code requirements.

C725E5 Project Planning $847,550

County: Statewide

This line item will support project planning and administrative services required to manage capital improvement activities funded through the Ohio Parks and Natural Resources Fund (Fund 7031). It enables ODNR to allocate staff and owner-agent costs to capital funding sources, thereby reducing GRF demands.

C725J0 Natural Areas/Preserves Maintenance/Facilities $3,237,000

County: Statewide

This appropriation will fund improvements to facilities at over 150 properties operated by the Division of Natural Areas and Preserves, including drainage upgrades, stabilization work, equipment storage, and office renovations at multiple preserves. These improvements support long-term stewardship and operations across the statewide preserve system.

C725J6 Ohio and Erie Canal $3,940,000

County: Statewide

Funding under this line item will provide rehabilitation and maintenance for canal structures across the Miami & Erie, Ohio & Erie, and Kirkersville Feeder canal systems that are overseen by the Division of Parks and Watercraft. Work will address aging embankments, water-control structures, and property boundary surveys needed to support ongoing canal operations.

C725K0 State Park Renovations and Upgrading $2,000,000

County: Statewide

This line item will support rehabilitation of Civilian Conservation Corps-era structures such as cabins, shelters, and lodges at various state parks. Improvements will use construction methods that preserve the historical character of these facilities while addressing degradation from age and heavy public use.

C725N8 Division of Forestry $2,624,000

County: Statewide

DNR - Ohio Department of Natural Resources

This appropriation will support forestry facility improvements, including bridge replacement at Shawnee State Forest and parking upgrades at the Selinda Roosenburg Trailhead in Zaleski State Forest. These projects maintain access needed for forest management, recreation, and visitor use.

Parks and Recreation Improvement Fund (7035)

C725A0 State Parks Campgrounds, Lodges, and Cabins $40,192,000

County: Statewide

Funding under this line item will continue statewide campground improvements at 54 state parks, including full-service campsite upgrades, utility enhancements, and renovations to restrooms and washhouses. These improvements respond to increased demand and address outdated electrical, water, and wastewater systems at park campgrounds. The funding will also allow for the continued phased state park lodge improvement program, specifically improvements at the Deer Creek and Punderson lodges, as well as ongoing renovations of cabins at parks statewide.

C725B2 Parks Equipment $3,500,000

County: Statewide

This appropriation will fund replacement of essential Parks and Watercraft equipment, including excavators, bulldozers, mowers, trailers, and service vehicles needed for dredging, construction, and maintenance operations. Updated equipment will reduce downtime and support safe and efficient field work.

C725C4 Muskingum River Lock and Dam $10,000,000

County: Statewide

Funding under this line item will rehabilitate historic lock and dam structures along the Muskingum River Parkway. Work will address aging infrastructure to maintain navigation, reduce safety risks, and bring the system toward compliance with Ohio dam safety regulations.

C725E6 Project Planning $9,904,088

County: Statewide

This line item supports project planning and management services needed to administer ODNR's capital improvements program funded under the Ohio Parks and Natural Resources Fund. It covers staff reimbursements, owner-agent services, and feasibility and assessment activities.

C725L8 Statewide Trails Program $1,072,000

County: Statewide

This appropriation will fund trail and bridge improvements within the Hocking Hills trail system and similar projects statewide. Work includes rehabilitation of pedestrian bridges and trail features to address deterioration and enhance visitor safety.

DNR - Ohio Department of Natural Resources

C725N6 Wastewater/Water Systems Upgrades $23,103,000

County: Statewide

This line item will improve or replace water and wastewater systems at multiple state parks and facilities where the infrastructure has exceeded expected service life. Projects will address treatment, distribution, and small-scale system needs to ensure safe and reliable service.

C725R3 State Parks Renovations and Upgrades $76,912,750

County: Statewide

Funding under this line item will support a broad portfolio of statewide improvements to ODNR's park infrastructure, including bridges, roadways, drainage systems, and day use facilities. Projects include the replacement and rehabilitation of bridges identified through ODOT inspections, long term roadway upgrades such as resurfacing and full depth reclamation, and stormwater improvements at multiple park locations. This line item also provides for shoreline, marina, dock, and pier repairs at several state parks, along with upgrades to pavilions, playgrounds, and irrigation systems at high use sites. Collectively, these investments address aging capital assets, respond to inspection and master planning findings, and support safe and reliable public access across ODNR's statewide system.

This appropriation also contains the following earmarks for projects at various state parks and wildlife areas:
-- $1,750,000 for a police boathouse at Portage Lakes State Park;
-- $800,000 for improvements to East Bank Road at Grand Lake St. Marys State Park;
-- $200,000 for the Hargus Lake kayak ramp at A.W. Marion State Park
-- $525,000 for Rocky Fork State Park East Shore Marina
lighting and other improvements;
-- $350,000 for Wolf Run State Park campground and beach improvements;
-- $300,000 for the Buckeye Lake State Park north shore
bathroom project; and
-- $250,000 for the Appalachian Hills Wildlife Area archery range

C725R4 Dam Rehabilitation - Parks $37,977,000

County: Statewide

Funding under this line item will support rehabilitation projects for dams owned and operated by ODNR, including spillway, embankment, and lake-drain improvements at multiple regulated structures. These projects address deficiencies identified through routine inspections and ongoing assessments, and may include work at Jackson Lake, Kiser Lake, Lake Grant, Cowan Lake, Ross Lake, Stonelick Lake, and Lake Logan. The funding also provides flexibility for smaller scale capital needs that emerge during the biennium as conditions warrant. These improvements are intended to advance compliance with Ohio dam safety laws and protect life and property downstream of ODNR managed structures.

C725U9 Recreation Facilities $9,500,000

County: Statewide

DNR - Ohio Department of Natural Resources

Funding under this line item will support statewide improvements to recreational and wildlife facilities across ODNR's parks, forests, wildlife areas, and nature preserves. The program provides for planning, design, and construction activities that address long term infrastructure needs and emerging operational priorities, including additional improvements at the Hebron Fish Hatchery. It also supports related upgrades such as environmental compliance work, roadway needs, equipment purchases, and enhancements to shooting ranges and other wildlife management assets. Funding is managed adaptively across ODNR's portfolio to ensure that facilities remain functional, safe, and responsive to visitor and resource management demands.

C725W2 State Forest Land Conservation $25,000,000

County: Statewide

This appropriation will be used to acquire approximately 12,000 acres of forest land from the Scioto Land Company. The planned purchase will expand six state forests—Brush Creek, Richland Furnace, Scioto Trail, Shawnee, Tar Hollow, and Zaleski—and two wildlife areas, Conkel and Cooper Hollow. Funding will support long term conservation objectives and broaden public access opportunities within these areas.

Total	**$30,000,000**

Juvenile Correctional Building Fund (7028)

C47002 General Institutional Renovations **$8,042,889**

County: Statewide

These funds will be used for information technology infrastructure network equipment upgrades and other renovations at the Circleville (Pickaway County), Cuyahoga Hills (Cuyahoga County), and Indian River (Stark County) juvenile correctional facilities operated by the Department.

C47003 Community Rehabilitation Centers **$19,300,000**

County: Statewide

These funds will be used for general renovations at the existing 11 county-operated CCFs, including security system upgrades, HVAC and roof system replacements, and to increase treatment and programming space at a CCF. The Department is responsible for all costs associated with the maintenance and operation of these facilities.

Pursuant to related temporary law, the Department is (1) required to designate the construction and renovation projects of single-county and multicounty community corrections facilities, (2) permitted to review and approve those projects for which funds are provided, and (3) required to adopt guidelines to accept and review applications and designate projects.

C47007 Local Juvenile Detention Centers **$2,657,111**

County: Statewide

These funds will be used to support renovation and maintenance projects at Ohio's 34 county-operated juvenile detention centers, which provide short-term secure care for youth offenders.

Pursuant to related temporary law, the Department is (1) required to designate construction and renovation projects involving county and multicounty juvenile detention centers, (2) permitted to review and approve those projects for which funds are provided, (3) required to review applications, designate projects, and determine each project's state match amount, (4) required to determine the funded design capacity for each designated project, with input from the participating county or counties, and (5) required to develop a formula to determine state and local matching requirements (under R.C. 5139.271, the state provides up to 60% of the capital funding with the remainder being provided by the county if the project meets certain standards).

ETC - Broadcast Educational Media Commission

Fund	Amount
Administrative Building Fund (7026)	$421,000
Higher Education Improvement Fund (7034)	$1,708,000
Total	**$2,129,000**

Administrative Building Fund (7026)

C37426 Ohio Government Telecommunications Service - Facilities and Equipment **$421,000**

County: Franklin

These funds will be used to replace outdated or unreliable equipment, including 17 robotic cameras in the House finance room and Senate committee rooms, an uninterruptible power supply unit, a playout server used to control broadcast feeds , four character generator systems that allow names and graphics to be displayed on the screen for broadcasting and streaming, and video switchers that are used to select between cameras and other input feeds.

Higher Education Improvement Fund (7034)

C37406 Network Operations Center Upgrades **$1,708,000**

County: Multi-County - Athens, Cuyahoga, Franklin, Hamilton, Lucas, Montgomery, Portage, Wood

These funds support ETC's Network Operations Center, which provides various broadcasting services through a joint master control facility to public television stations throughout the state and Ohio Government Television. In the FY 2027-2028 biennium, most of this line item will fund replacement of the network encoding system that allows the delivery of audio and video through the statewide network, including connecting equipment at affiliate stations throughout the state. The existing encoding system is reaching the end of its lifecycle. The line item will also fund the replacement of a 15-ton air conditioning unit to maintain a correct environment for key equipment in the center's telecommunications interconnect room; replacement of two outdated 120-volt electrical panels with a new 208-volt electrical panel along with necessary wiring and conduit work; updates to keyboard, video, and mouse (KVM) switches, extenders, and displays that allow remote connectivity and system operation; and an update of the center's master sync clock system.

EXP - Ohio Expositions Commission

Fund	Amount
Administrative Building Fund (7026)	$24,100,000
Total	**$24,100,000**

Administrative Building Fund (7026)

C72305 Facility Improvement and Modernization Plan **$10,000,000**

County: Franklin

This appropriation will fund repairs and upgrades to aging facilities across the Ohio Expo Center campus to address structural deficiencies, outdated building systems, and safety needs. Improvements will include roofing work, electrical and lighting upgrades, HVAC and plumbing improvements, interior refinishing, and accessibility enhancements to maintain safe and reliable operations for fair and year-round events. Funding supports the continued use of existing buildings by extending their service life and reducing the frequency of emergency maintenance demands.

C72312 Emergency Renovations and Equipment Replacement **$1,500,000**

County: Franklin

Funding under this line item will support critical building renovations and the replacement of outdated mechanical, electrical, and plumbing systems across multiple fairgrounds facilities. Work includes HVAC replacement, structural repairs, interior renovations, and updates to essential equipment in order to improve energy efficiency, reduce maintenance costs, and maintain safe and functional operations for large scale public events. These upgrades address deferred maintenance and ensure compliance with current building and accessibility standards.

C72325 Poultry Barn Upgrades **$4,800,000**

County: Franklin

This appropriation will support renovations to the Rabbit and Poultry Building to address significant structural, safety, and facility deficiencies. Improvements will stabilize the building, mitigate moisture-related deterioration, and upgrade core systems essential to maintaining safe and functional operations. Funding will help ensure the facility remains capable of supporting ongoing agricultural and public uses.

C72326 South Commercial Building Upgrades **$3,800,000**

County: Franklin

Funding under this line item will be used to renovate the South Commercial Building to correct critical structural and functional deficiencies. Planned work includes stabilizing the structure, resolving drainage and surface issues, restoring platform functionality, and improving environmental protection measures. These upgrades are intended to maintain reliable and safe operations within the facility.

C72327 Cox Fine Arts Building Upgrades **$4,000,000**

EXP - Ohio Expositions Commission

County: Franklin

This line item will support renovation of key building components necessary to improve safety, durability, and functionality within the Cox Fine Arts Building. Funding will focus on replacing aging systems and addressing deficiencies that limit effective operation of the facility. The work will help sustain the building's long-term performance for its public and programmatic uses.

FCC - Ohio Facilities Construction Commission

Fund	Amount
Public School Building Fund (7021)	$4,000,000
Administrative Building Fund (7026)	$7,000,000
Cultural and Sports Facilities Building Fund (7030)	$142,191,208
School Building Program Assistance Fund (7032)	$600,000,000
Total	**$753,191,208**

Public School Building Fund (7021)

C23001 Public School Buildings **$4,000,000**

County: Statewide

These moneys are unspent cash appropriations remaining from the $75.0 million appropriated to this line item in H.B. 529 for the FY 2019-FY 2020 biennium. Traditionally, funds received from this item and appropriation item C23002, School Building Assistance Program, (Fund 7032) have been used together to provide the state share of basic project costs to those school districts participating in facilities programs overseen by the Facilities Construction Commission (FCC). Since FY 2025, these funds have, instead, been used to contract for certain specialized services that benefit FCC's school building programs. Specifically, consultants assist FCC with facility and hazardous materials assessments, enrollment projections, educational planning, financial closeouts, legal matters, and project management for K-12 construction programs.

Administrative Building Fund (7026)

C23016 Energy Conservation Projects **$3,000,000**

County: Statewide

These funds will be used by FCC to award capital funding to state agencies for energy-related projects. Funds may be used to retrofit and renovate existing state buildings with more energy efficient equipment or supplement new construction projects in cases where a slightly more energy efficient design could yield significant savings over the life of the building.

C230E5 State Agency Planning and Assessment **$4,000,000**

County: Statewide

These funds will be used to continue assessments of state agency and state-supported higher education institution facilities for capital master planning and maintenance management. The assessments determine the current physical condition of a facility and an estimate of costs necessary to repair, update, and renovate the facility to current facility type, code, and agency standards. The data developed from the assessment supports agency facility maintenance and utilization management.

Cultural and Sports Facilities Building Fund (7030)

C23027 OHC - Zoar Village Building Restoration **$982,000**

FCC - Ohio Facilities Construction Commission

County: Tuscarawas

These funds will be used for Zoar Village, specifically structural improvements, including bracing and shoring, for both the Sewing House and the Zoar Hotel. The funds will also be used for structural engineering services and planning/design for the future of the Zoar Hotel's anticipated full rehabilitation through the next two biennial capital budgets in advance of its 200th anniversary in 2033.

C23028 OHC - Basic Renovations and Emergency $4,957,000

County: Statewide

These funds will be used for basic renovation and emergency repairs to some of the more than 300 buildings and structures administered by the Ohio History Connection. The renovations will be directed to preserving the waterproof characteristics and structural integrity of the historic site system's infrastructure. The funds will also be used to address emergency public safety and health improvements.

C23032 OHC - Ohio Historical Center Rehabilitation $58,120,342

County: Franklin

These funds will be used for the ongoing rehabilitation of the Ohio History Center and the Ohio Village via a multi-phase project. Phase 2 comprises the major building renovation, including all major building systems, reconfiguring interior and exterior spaces to restore the original entrance and significantly enhance visitor experience. Phase 1, funded via the prior capital bill, comprised of museum planning and addressed critical structural and safety needs.

C23034 OHC - National Afro-American Museum $1,260,000

County: Greene

These funds will be used for completing exterior improvements and mechanical system upgrades at the National Afro-American Museum, as well as improvements to the building's interior. This is the second phase of a multi-phase project.

C23057 OHC- On-Line Portal to Ohio's Heritage $5,300,000

County: Statewide

These funds will be used for the Ohio History Connection's efforts to update their digital infrastructure to enhance network performance, cybersecurity, and user engagement at the Ohio History Center and historic sites statewide.

C230C8 OHC - Serpent Mound $1,341,642

County: Adams

FCC - Ohio Facilities Construction Commission

These funds will be used for building and site improvements, including the renovation of the Civilian Conservation Corps era caretaker's house to provide suitable staff housing and a security office on site. It also includes completing critical restroom upgrades and septic system replacement. This site is designated as a National Historic Landmark and is on the World Heritage Tentative List.

C230D2 OHC - Grant Historical Sites $814,730

County: Brown

These funds will be used for building renovations for the Grant Historical Sites. Specifically, the funds will go toward interior renovations to the Tannery building to include an interpretive center with ADA compliant restrooms.

C230D3 OHC - Johnston Farm and Indian Agency $206,000

County: Miami

These funds will be used for major exhibit planning for the future replacement of museum exhibits at the Johnston Farm.

C230D4 OHC - Fort Laurens $2,441,127

County: Tuscarawas

These funds will be used for museum and site improvements related to Fort Laurens. This is part of a multiphase project which focuses on improvements to the Tomb of the Unknown; the reconfiguration of the interior of the museum including installing new exhibits and making mechanical, electrical, window and data upgrades; and the partial reconstruction of the fort based on archaeological research.

C230EO OHC - Poindexter Village Museum $5,930,000

County: Franklin

These funds will be used for the rehabilitation of the two remaining buildings at Poindexter Village (located in Columbus) for a museum and cultural center.

C230EP OHC - Fort Meigs $1,154,000

County: Wood

These funds will be used to restore portions of the fort affected by water and weather damage. This will include reconstructing wall sections of the blockhouses for safety. These funds will also be used for planning future exhibit renovations across the site and museum.

C230EU OHC - Adena Mansion and Gardens $1,740,000

County: Ross

FCC - Ohio Facilities Construction Commission

These funds will be used for building renovations and site work at the Adena Mansion and Gardens. These renovations include replacing the HVAC system in the visitor center and renovations to various ancillary buildings for multiple purposes.

C230F1 OHC - Campus Martius Museum $2,884,000

County: Washington

These funds will be used for the interior and exterior renovations at the Campus Martius Museum. These renovations will include replacing the HVAC system and sections of the roof, the removal of lead paint, and site improvements.

C230FS OHC - Ohio River Museum $1,825,000

County: Washington

These funds will be used for the construction of a replacement building for the Ohio River Museum and the installation of new exhibits. This is the second phase of this project and will complete the outfitting of the building for relocation, including the design and installation of exhibits.

C230W8 OHC - Cedar Bog $824,000

County: Champaign

These funds will be used for building and site improvements for Cedar Bog, specifically the renovation of a building near the Education Center to accommodate a caretaker's quarters and staff offices, including a security office. This project will also include the necessary equipment replacement of the geothermal HVAC system for the Education Center.

School Building Program Assistance Fund (7032)

C23002 School Building Program Assistance $600,000,000

County: Statewide

This item will be used to provide the state share of basic project costs to those school districts participating in facilities programs overseen by FCC. Eligibility and priority for a district receiving state assistance is generally determined by the relative wealth of the district as measured through its three-year average adjusted valuation per pupil and the need to replace classroom facilities as assessed by FCC.

OSB - Ohio Deaf and Blind Education Services

Fund	Amount
Administrative Building Fund (7026)	$13,600,000
Total	**$13,600,000**

Administrative Building Fund (7026)

C22616 Renovations and Improvements **$3,191,000**

County: Franklin

These funds will be used for renovations and improvements to Ohio Deaf and Blind Education Services (ODBES) campus facilities. The projects for the FY 2027-FY 2028 biennium include physical security upgrades, including replacement of door control systems, upgraded gates, and an upgraded fire alarm system for the Ohio State School for the Blind (OSSB) campus; emergency facility repairs; small-scale capital needs across campuses; engineering and design work for a project that will renovate and repurpose the former elementary wing of OSSB to create a facility providing workforce readiness, independent living, and transition programming for Ohio School for the Deaf (OSD) and OSSB students preparing for employment or post-secondary education; and engineering work to plan and assess the cost of automating HVAC, lighting, and alarm systems.

C22628 Demolish Old Campus Building **$309,000**

County: Franklin

These funds will be used to demolish obsolete and unoccupied structures on the OSD and OSSB campuses. Facility condition assessments completed in 2023 and 2024 identified buildings across both campuses that are beyond repair. ODBES expects that demolition of these buildings will reduce ongoing maintenance and upkeep expenses and decrease deferred maintenance liability and insurance costs. The FY 2025–FY 2026 capital budget provided $420,000 to demolish a specific former vocational building on the OSD campus.

C22631 Campus Connector **$10,100,000**

County: Franklin

These funds will be used to construct a drivable and walkable bridge over Bill Moose Run and connecting roadways linking the OSD and OSSB campuses. The bridge will reduce travel time and resources used to transport students and staff between campuses. Currently, Bill Moose Run bisects the ODBES campus, meaning an individual must leave one school's campus and travel on public roads to arrive at the other campus. The FY 2025–FY 2026 capital budget provided $3.5 million to contract with an engineer to design the connector and connecting roadways.

PWC - Ohio Public Works Commission

Fund	Amount
State Capital Improvements Fund (7038)	$510,000,000
State Capital Improvements Revolving Loan Fund (7040)	$135,000,000
Clean Ohio Conservation Fund (7056)	$75,000,000
Total	**$720,000,000**

State Capital Improvements Fund (7038)

C15000 Local Public Infrastructure/State CIP **$510,000,000**

County: Statewide

This appropriation will fund FY 2027 and FY 2028 (Program Years 40 and 41) of the State Capital Improvement Program (SCIP), through which PWC provides grants and loans to local governments for projects involving roads and bridges, fresh water treatment and distribution systems, wastewater collection and treatment facilities storm sewer systems, and solid waste disposal facilities. Funding for SCIP is authorized under Article VIII, Sections 2s and 2t of the Ohio Constitution. The money for these projects is allocated among the state's 19 District Public Works Integrating Committees. For the FY 2027-FY 2028 capital biennium, $10.0 million is earmarked for emergency improvements to roads, bridges, water systems, and storm sewers in the City of East Cleveland.

State Capital Improvements Revolving Loan Fund (7040)

C15030 Revolving Loan **$135,000,000**

County: Statewide

This appropriation will fund revolving loans supplementing SCIP grants during the FY 2027-FY 2028 capital biennium. These revolving loans go toward funding projects similar to those under SCIP. Once all repayments are collected from local governments in a particular district, PWC reallocates the collective sum of these loan repayments back to the district's Public Works Integrating Committees, which then recycle the funds for new capital improvements within the district. The loans are typically for 20 or 30-year terms with 0% interest rates. The Commission currently manages over 3,400 active loans with a total loan portfolio of approximately $650.0 million.

Clean Ohio Conservation Fund (7056)

C15060 Clean Ohio Conservation **$75,000,000**

County: Statewide

This appropriation provides FY 2027-FY 2028 funding (program years 21 and 22) for local governments and non-profit organizations to acquire and develop open space and undertake riparian corridor enhancement projects under PWC's Clean Ohio Conservation Program (COCP). During the FY 2025-FY 2026 biennium, the Commission approved over 100 projects. Project selection is done by the 19 Natural Resource Assistance Councils. COCP is part of the state's Clean Ohio initiative, which also includes funding for agricultural easements and trail systems across the state.

TAX - Department of Taxation

Fund	Amount
Administrative Building Fund (7026)	$24,000,000
Total	**$24,000,000**

Administrative Building Fund (7026)

C11001 Enhanced Electronic Filing **$24,000,000**

County: Statewide

This line item will be used to pay the cost of the Department of Taxation's new information system, Ohio Tax System (OTS), which will incorporate state taxes that are still maintained on the State Tax Accounting and Revenue System (STARS) and other dated internal information systems into OTS. The information system is still being developed using an external vendor, Fast Enterprises, and the workload has been separated out into five separate phases. The funding from this line item will finalize developments made for the fourth phase and fund the final fifth phase of the system's development.
