

83% of bed days at OhioMHAS's regional psychiatric hospitals were for forensic patients

OhioMHAS Regional Psychiatric Hospital Data, FY 2021*

Hospital (City)	Bed Capacity	Civil Bed Days	Forensic Bed Days	Total Bed Days
Appalachian Behavioral Healthcare (Athens)	92	6,609	21,886	28,495
Heartland Behavioral Healthcare (Massillon)	126	3,967	30,234	34,201
Northcoast Behavioral Healthcare (Northfield)	258	16,648	60,569	77,217
Northwest Ohio Psychiatric Hospital (Toledo)	114	2,239	28,731	30,970
Summit Behavioral Healthcare (Cincinnati)	291	13,219	89,100	102,319
Twin Valley Behavioral Healthcare (Columbus)	178	14,130	47,175	61,305
Total	1,059	56,812	277,695	334,507

*Some hospitals reduced capacity to limit the spread of COVID-19.
Source: Ohio Department of Mental Health and Addiction Services

- The Ohio Department of Mental Health and Addiction Services (OhioMHAS) oversees the state's six regional psychiatric hospitals (RPH). In FY 2021, \$268.6 million was expended on RPHs.
 - GRF contributed the bulk (90%), while the remainder consisted of federal and state non-GRF sources (5% each).
- In FY 2021, the bed capacity at RPHs was 1,059. 83% of bed days were for forensic patients.
 - Civil patients are unable to receive care at other hospitals for a variety of reasons (e.g., lack of beds, patient's needs, lack of payer source for available beds, etc.). Their median length of stay is about ten days.
 - Forensic patients are sent to the RPH by an Ohio court (e.g., for competency or not guilty by reason of insanity evaluations). Their length of stay is usually for a longer duration.
