Source: Ohio Department of Education

- School districts fared best on the gap closing component of the report card rating system that debuted for FY 2022.
  - 93% scored three stars or more, indicative of meeting or exceeding state standards (73% scored four or five stars)
  - Uses various indicators to measure the closing of achievement gaps between different student subgroups
- Districts also fared well on achievement and graduation rates. Share of districts scoring three stars or more:
  - 85% Achievement (49% scored four or five stars), which measures performance on Ohio’s state tests in math, English language arts, science, and social studies
  - 84% Graduation (68% scored four or five stars)
- Districts fared less well on the early literacy component.
  - 66% scored three stars or more (34% scored one or two stars)
  - Measures third grade reading proficiency, promotion to fourth grade, and improvement of struggling readers in grades K-3
- Districts struggled most on the progress component.
  - 61% scored three stars or more (39% scored one or two stars)
  - Measures the academic growth of students from year to year
- No overall ratings were issued for the FY 2022 report cards.
