

# Local government funds support units of local government and public libraries

Distributions from Local Government Funds, 2022

Total: \$984 million

Source: Department of Taxation

- State revenue sharing of about \$984 million was paid through the Local Government Fund (LGF) and Public Library Fund (PLF) in 2022.
- LGF money goes to counties, cities, townships, villages, and special districts, mostly parks. Most PLF money goes to public libraries, also to local governments.
- County budget commissions determine the distribution of money from the LGF and PLF to political subdivisions based on rules set by each, or a statutory formula. Part of LGF money is retained for county use.
- In FY 2024 and FY 2025, each fund receives 1.70% of total GRF tax revenues in codified law.
