

Ohio Department of Medicaid disburses the majority of payments for Medicaid

Medicaid Expenditures by Agency, FY 2024

Source: Ohio Administrative Knowledge System

- GRF Medicaid spending was \$19.3 billion in FY 2024, of which 94.9% (\$18.4 billion) was disbursed by the Ohio Department of Medicaid (ODM). Non-GRF spending was \$19.5 billion, of which 81.2% (\$15.9 billion) was disbursed by ODM. Across all funds, Medicaid spending totaled \$38.9 billion. ODM accounted for 88.1% (\$34.2 billion) of this total.
- Medicaid is administered by ODM with the assistance of eight other state agencies – Ohio Department of Developmental Disabilities (DODD), Job and Family Services, Mental Health and Addiction Services, Health, Aging, Education and Workforce, Higher Education, and State Board of Pharmacy – as well as various local entities.
- Unlike ODM and DODD, the seven other agencies incur only administrative spending.
