

Ohio ranked 33rd in the nation for per-capita income, which boosts federal reimbursement rate

- Federal Medical Assistance Percentage (FMAP) is the percentage of Medicaid spending reimbursed to states
 - Calculated yearly for each state, determined by relative per-capita income in prior years
 - Higher per-capita income → lower FMAP
 - Federal law sets minimum at 50%, maximum at 83%
 - Variations of FMAP applied to certain circumstances
 - Enhanced FMAP at 75.22% for Ohio in federal fiscal year (FFY) 2025 for State Children’s Health Insurance Program
 - 90% for Group VIII
 - 6.2 percentage points increase during the COVID-19 public health emergency
