

Managed care comprises 86% of Ohio Medicaid cases

Ohio Medicaid Enrollees
Managed Care vs. FFS in 2021

Source: U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services

Share of Medicaid Population Covered Under Managed Care in 2021

State	Rank	Managed Care
Pennsylvania	7	93.9%
Kentucky	12	89.4%
Ohio	17	85.9%
West Virginia	25	81.4%
Indiana	28	78.8%
National Average	--	74.6%

- Medicaid enrollees receive services through fee-for-service (FFS) providers or managed care organizations (MCOs). Under FFS, Medicaid pays providers a set fee for the service rendered. Managed care is a capitated at-risk plan in which MCOs are paid a fixed monthly premium per enrollee for any health care included in the benefit package, regardless of the amount of services actually used.
