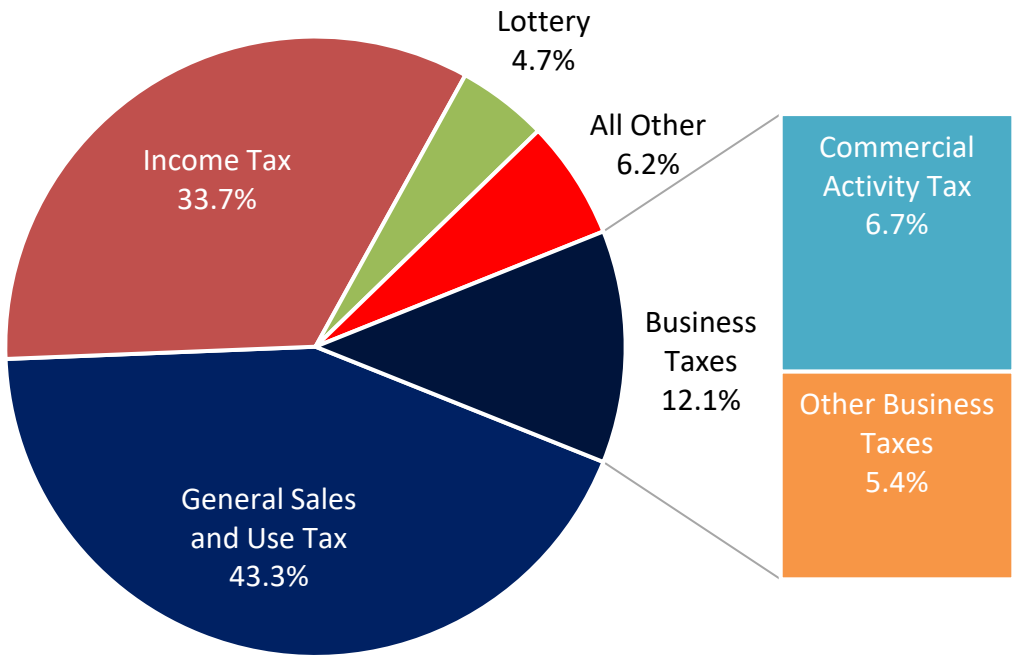
# Sales and income taxes lead state-source GRF and lottery profits receipts

State-Source Receipts by Category, FY 2026

Total: $34.69 billion



Source: Ohio Administrative Knowledge System

- Receipts from the sales tax ($15.02 billion) and the income tax ($11.68 billion) accounted for 77.0% of state-source receipts of $34.69 billion in FY 2026.
- Business taxes totaled $4.21 billion, including $2.33 billion from the commercial activity tax.
- All other receipts totaled $2.15 billion and were primarily comprised of the cigarette tax ($699.8 million), adult-use marijuana ($55.9 million), and investment earnings ($429.7 million).
- Lottery profits, $1.64 billion in FY 2026, are solely used to support state education programs.
- State-source GRF and lottery profits receipts continued to increase in FY 2026, by 4.5%, following an increase of 6.4% in FY 2025.
