## **Introduction**

Section 103.13(H) of the Revised Code requires the Legislative Service Commission (LSC) to prepare a report each year evaluating the extent to which Ohio's various occupational licensing and regulatory boards and commissions are financially self-supporting. The report is divided into two sections. Section I provides a simplified cash balance statement for the 23 funds used primarily by the boards and commissions for operations and summarizes the revenue and expenditure activities for FY 2021. Section II compares the total number of active licenses for each board or commission in FY 2021 to FY 2020. The financial and licensing data presented in this report was compiled from information provided by the boards and commissions and data from the Ohio Administrative Knowledge System (OAKS).

This report may be viewed online at [www.lsc.ohio.gov](http://www.lsc.ohio.gov) by clicking on Budget Central, and then Occupational Licensing and Regulatory Board Report under the Budget Reference Documents heading.

# Section I: Revenues, Expenditures, and Year-End Fund Balances

## Year-end fund balances

This section of the report provides an overview of the year-end FY 2021 financial position of Ohio's occupational licensing and regulatory boards whose operations were supported by license fees, fines, penalties, and other assessments deposited into various non-GRF funds. None of these boards and commissions receive funding from the GRF. Table 1 is a simplified cash balance statement showing income and expenses in these 23 funds at the close of FY 2021.<sup>1</sup> Table 2 shows operating income and expenditures for each board by fund over the course of their licensing cycles. This information helps indicate whether these licensing and regulatory boards and commissions are financially self-supporting.

Table 1 shows that, as of July 1, 2020, the first day of FY 2021, the 23 funds had a combined cash balance of \$109.1 million. During FY 2021, a total of \$106.4 million in receipts (including transfers) were deposited into the funds and a total of \$85.7 million in expenditures (including transfers) were paid out of the funds. As of June 30, 2021, the last day of FY 2021, these 23 funds had a combined cash balance of \$129.8 million and outstanding encumbrances of just over \$70,000, leaving the funds with a combined, unobligated cash balance of about \$129.7 million. All 23 of these funds finished FY 2021 with positive unobligated cash balances.

In FY 2021, of the \$85.7 million in expenditures made by boards and commissions, \$80.3 million (93.7%) was used for operations and \$5.4 million (6.3%) was transferred out. Of the amount expended for operations, \$58.9 million (68.5%) was for personal services, which includes payroll and fringe benefits, \$18.8 million (21.9%) was for supplies and maintenance, \$4.4 million (5.2%) was for subsidies for things such as training and education programs and grant-related activities, \$3.0 million (3.4%) was for purchased personal services, and the remaining \$815,000 (1.0%) was for equipment and other miscellaneous expenditures.

### Occupational Licensing and Regulatory Fund (Fund 4K90)

The Occupational Licensing and Regulatory Fund (Fund 4K90) serves as an operating fund for many of the boards and commissions covered in this report. Fund 4K90 finished FY 2021 with a cash balance of nearly \$27.5 million, an increase of approximately \$500,000 (1.9%) from the beginning cash balance of just under \$27.0 million. The fund had no year-end encumbrances.<sup>2</sup>

Fund 4K90 receipts totaled about \$39.2 million in FY 2021, a decrease of \$6.7 million (14.6%) when compared to FY 2020 receipts of \$45.9 million. Fund 4K90 expenditures and

<sup>1</sup> Table 1, which shows fund cash balances, does not include the three funds that are used mainly for purposes other than board activities: the General Operations Fund (Fund 4700) used by the Department of Health, the Public Safety – Highway Purposes Fund (Fund 5TM0) used by the Department of Public Safety, and the Industrial Compliance Operating Fund (Fund 5560) used by the Department of Commerce. Nor does it include federal funds used by the State Board of Pharmacy.

<sup>2</sup> The Fund 4K90 balance reflects the combined cash balance of all boards and commissions operating out of the fund, including the contribution of the State Board of Career Colleges and Schools, which is otherwise not covered in this report.

transfers out for FY 2021 totaled \$38.6 million, or \$2.3 million (5.6%) less than FY 2020 expenditures of \$40.9 million.

## Revenues and expenditures

After examining a fund's year-end cash balance, it may be helpful to examine a fund's revenue and expenditure patterns without taking into account the beginning cash balance. While a sufficient beginning cash balance may help a board or commission to absorb an operating deficit during a given year, a board or commission with an annual expenditure level consistently exceeding its annual revenue level may eventually have to reduce its expenditures, increase its license fees, or both. Table 2 lists revenues and expenditures for each board and commission at the fund level. It also compares each fund's revenues and expenditures to determine whether the revenues generated during a given period were sufficient to cover the expenditures incurred in that period. Transfers in and transfers out are excluded from this table in order to view board finances only pertaining to operations.<sup>3</sup>

Nearly all of the revenue received by the boards and commissions covered in this report comes from license fees.<sup>4</sup> This means that license renewal cycles (generally one, two, or three years) can have a significant effect on annual revenues. For those boards and commissions issuing biennial licenses, the table lists total revenues and expenditures by fund over the FY 2020-FY 2021 period. Likewise, for boards and commissions issuing on a triennial basis, the table lists revenue and expenditure data over the FY 2019-FY 2021 period. Some boards and commissions with biennial or triennial license renewal cycles stagger their license renewal periods to avoid larger fluctuations in revenues and expenditures from year to year.

### Annual renewal cycles

As shown in Table 2, in FY 2021, 13 boards and commissions operate on primarily annual renewal cycles. Of these, nine registered higher revenues than expenditures in FY 2021. The Division of Securities within the Department of Commerce, which regulates the sale of securities and licenses security professionals, registered the largest overall surplus of nearly \$13.8 million. The Division uses two funds: the Division of Securities Fund (Fund 5500), which had a surplus of nearly \$14.0 million, and the Investor Education and Enforcement Expense Fund (Fund 5GK0), which had a deficit of \$171,000. In contrast, four boards and commissions on annual renewal cycles registered higher expenditures than revenues. The Motor Vehicle Repair Board registered the largest deficit of \$485,000 in its portion of Fund 4K90.

### Biennial renewal cycles

In FY 2021, 16 boards and commissions that operate mainly on biennial renewal cycles registered higher revenues than expenditures over their two-year licensing period. The State Board of Pharmacy had the largest surplus of \$18.7 million in its six funds, including a surplus of \$9.0 million in its portion of Fund 4K90. Four boards on biennial renewal cycles registered higher

<sup>3</sup> Table 2 excludes funds that are primarily used to disburse grants (and are therefore not used for general board operations): the CPA Education Assistance Fund (Fund 4J80), the Nurse Education Grant Program Fund (Fund 5AC0), and the Veterinary Student Loan Program Fund (Fund 5BU0).

<sup>4</sup> The main exception is the State Board of Emergency Medical, Fire, and Transportation Services, which is primarily funded by fees and fines, such as a portion of moneys collected from seat belt law violations. Additionally, the State Board of Pharmacy has several grant funds, holding funds, federal funds, or special law funds that do not collect licensing revenue.

expenditures than revenues. The largest, a deficit of approximately \$1.6 million, was incurred by the State Cosmetology and Barber Board, which renews licenses in odd-numbered fiscal years.

### **Triennial renewal cycles**

Of the boards that mainly renew licenses on a triennial basis, two registered surpluses in FY 2021 while two registered deficits. The Accountancy Board (ACC) registered a surplus of \$2.2 million in their portion of Fund 4K90. Overall, the two funds used by ACC had a total surplus of \$966,000. The Division of Real Estate and Professional Licensing within the Department of Commerce registered a surplus of \$1.8 million. The Board of Building Standards within the Department of Commerce and the Board of Emergency Medical, Fire, and Transportation Services within the Department of Public Safety registered deficits of \$2.5 million and \$5.0 million, respectively.

<sup>3</sup> Funds 5AC0 and 5BU0 are used by the Board of Nursing and the Veterinary Medical Licensing Board, respectively, to support educational grants and loans. Ten dollars of each license renewal fee issued by these boards is transferred into the respective funds from Fund 4K90.

<sup>4</sup> The State Board of Pharmacy has a number of funds that receive grants, holding funds, or special law funds and do not collect license revenue. In addition, funds 3EB0, 3HD0, and 3HH0 are federal funds. Thus, not all funds are used for licensing activities. In FY 2019, the Board changed from an annual to a biennial licensing cycle.
