Resolution No. 2024 - 10801 (B)

Title: ADOPTING AND ISSUING A REPORT TO THE STATE OF OHIO DESCRIBING THE CLEVELAND MUNICIPAL SCHOOL DISTRICT'S PERFORMANCE FOR THE 2023-2024 SCHOOL YEAR

The Chief Executive Officer of the Cleveland Municipal School District presents the following Resolution for adoption:

WHEREAS, on November 20, 2012, the Board of Education of the Cleveland Municipal School District, pursuant to Sub. HB 525 (as codified in Ohio Revised Code §3311.741), adopted an array of measures to be used in evaluating the performance of the School District, and goals for improvement on each of those measures, and on September 22, 2015, the Board adopted an amended array of measures; and

WHEREAS, Sub. HB 525 further provides that the Board of Education of the Cleveland Municipal School District shall, not later than October 1, 2013, and annually thereafter, issue a report, to the Governor, the Superintendent of Public Instruction, and the General Assembly, describing the School District's performance for the previous school year on each of these measures, and whether the School District has met each of its goals for improvement; and

WHEREAS, on September 26, 2017, the Board of Education adopted a Resolution requesting an exemption, from the annual October 1 deadline for submitting the aforementioned report to the State of Ohio, in all school years when the State Report Card is issued later than August, and was subsequently granted an exemption from that deadline by the Ohio Superintendent of Public Instruction, provided that the Board of Education then issue that report no later than November 1 in each such year; and

WHEREAS, on September 13, 2024, the Ohio Department of Education and Workforce issued the 2023-2024 State Report Cards; now, therefore be it

RESOLVED, that the Board of Education hereby adopts and issues a report describing the School District's performance for the 2023-2024 school year on each of the measures to be used in evaluating the School District, and whether the School District has met each of its goals for improvement, attached hereto as Exhibit A; and, be it further

RESOLVED, that the Board of Education hereby authorizes and directs the Chief Executive Officer to submit this report to the Governor, the Ohio Director of Education and Workforce, the President of the Senate, the Senate Minority Leader, the Speaker of the House, the House Minority Leader and the Director of the Ohio Legislative Services Commission, not later than November 1, 2024; and, be it further

RESOLVED, that the Board hereby authorizes and directs the Chief Executive Officer and/or designees to take any appropriate and necessary action to implement this Resolution.

THE CLEVELAND MUNICIPAL SCHOOL DISTRICT BOARD OF EDUCATION

Cleveland Plan Evaluation Report, 2023-2024 SY

October 8, 2024

CLEVELAND METROPOLITAN SCHOOL DISTRICT

The Cleveland Metropolitan School District (inclusive of both district schools and partnered/sponsored charters) achieved an overall rating of 3 stars, meeting state standards for the first time in the history of the modern state report card (considering either star ratings or letter grades). The district achieved this with strong marks in both Progress (4 stars) and Gap Closing (3 stars). 12 schools achieved individual ratings of 4 stars or higher and another 35 schools met state standards with a rating of 3 or 3.5 stars. While these ratings are an indication of the continued success of the Cleveland Plan as an overall strategy, both achievement and improvement remain uneven in the district.

Overall district achievement (2 stars), early literacy, and graduation rates (1 star each) remain below state standards. While some schools in the district are thriving academically, most schools (58 of 105) are rated below state standards. 53.8% of students attend a school that is below state standards. Access to a high-quality school is not evenly distributed among our subgroups of students. Our Black non-Hispanic students, students with disabilities, and English language learners are all more likely to attend a school that is rated below 3 stars. The district has more work to do to ensure that all district students have access to rigorous and engaging learning opportunities. The district will need to continue to ensure that *all* students across *all subgroups* are exceeding state growth expectations by a large magnitude, in order catch students up to proficiency and to resolve equity gaps.

In support of this strategy, the Cleveland Plan calls for a supportive central office that transfers resources to schools along with investments in early childhood and college and career readiness. In the 2023-2024 SY, principals controlled a similar amount of district funds compared to the last few years. Principals also continue to have control over the vast majority of their school's budget. As part of its strategic plan, the district is also working to strengthen central office processes to ensure financial stability and increase responsiveness to schools. This includes work to ensure central office support staff regularly visit school buildings to provide needed supports.

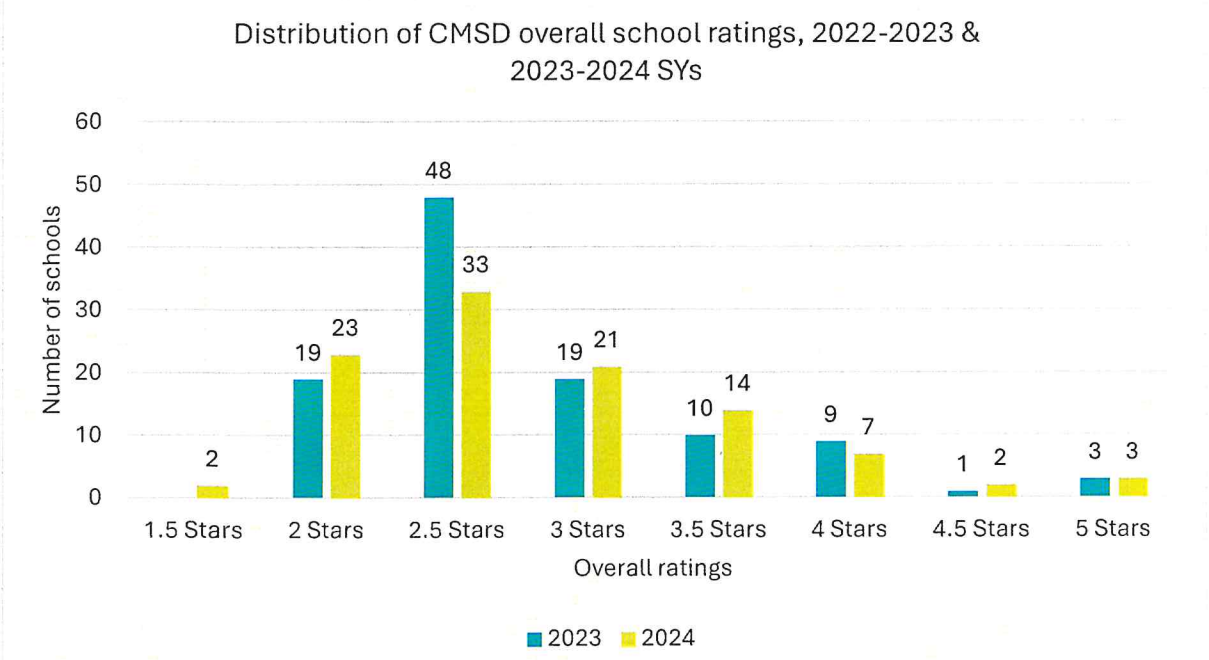
CMSD prekindergarten enrollment continues to recover from a post-pandemic drop. The district has not yet fully recovered to its high point of 2,000 students enrolled in prekindergarten in the 2019-2020 SY but is on pace to make up that ground by the end of the 2025 school year if previous year trends continue. At the opposite end of the spectrum, with college and career readiness, more work needs to be done. SAT/ACT remediation free rates remain stubbornly low at approximately 4% for the 2024 graduation cohort. In the 2024-2025 SY, College, Career, Workforce, and Military Readiness will become a graded measure on the state report card. The district improved on the measure from 2023 to 2024 (10% to 27%), largely via students earning 12+ industry credentials in a single career field.

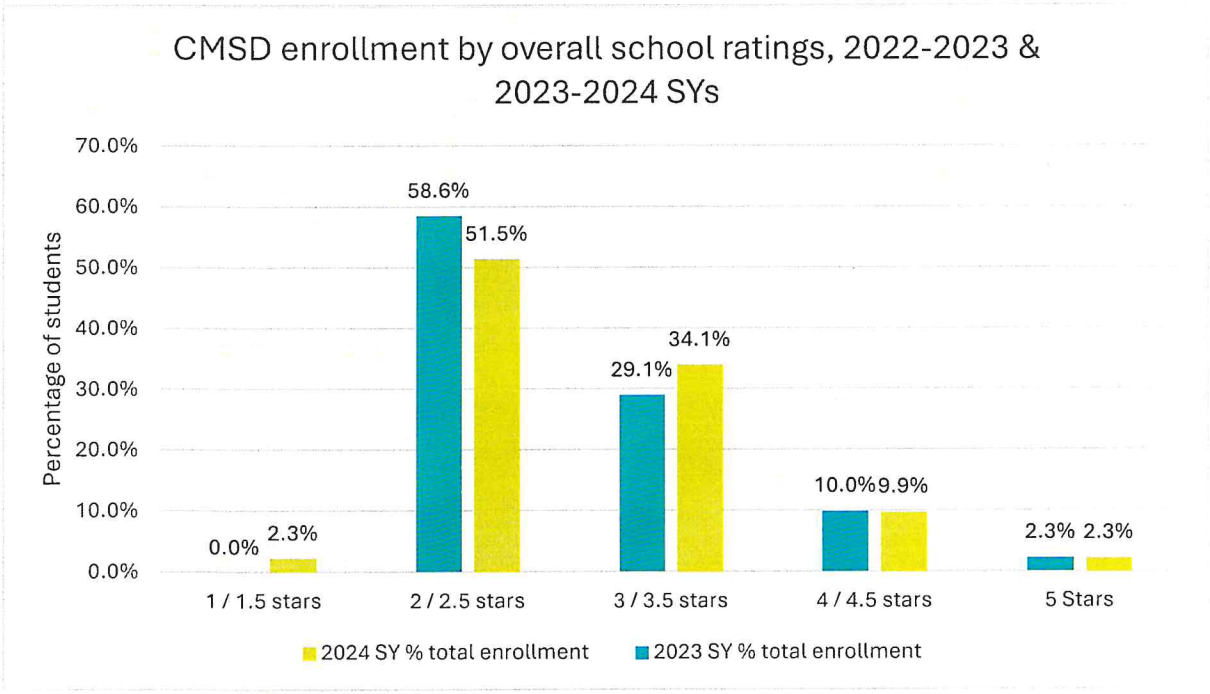
The district is currently assessing its entire portfolio of course offerings (inclusive of advanced placement, college credit plus, and career technical education) across the district. The goal is to ensure that all students have access to a variety of rigorous pathways after high school. By providing more access to advanced courses or career pathways, the theory is that college

readiness metrics will improve and that students will have the opportunity to take advantage of other pathways aside for those assessments.

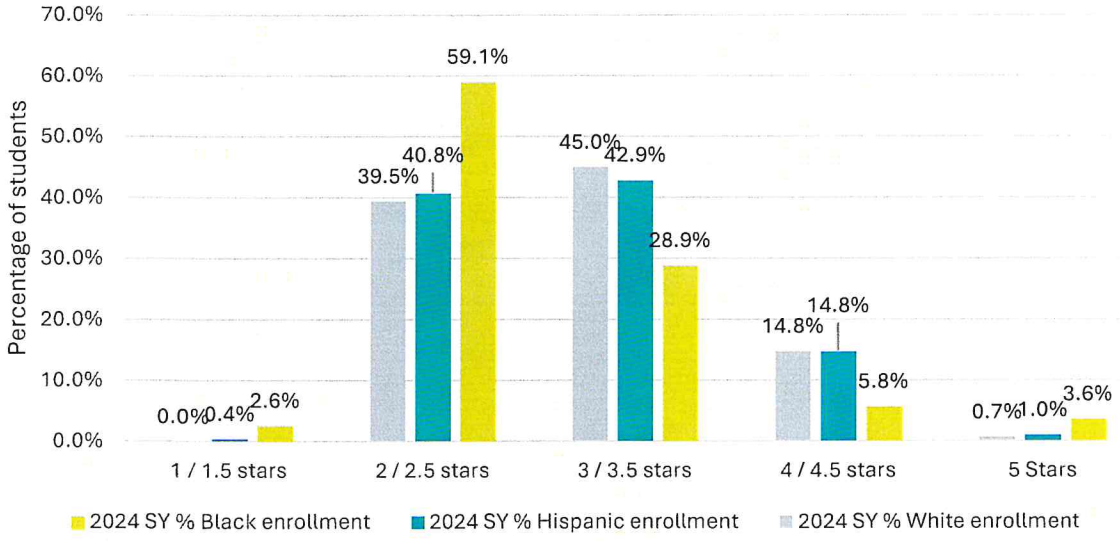
Metrics

1) Increase the number of high performing schools and decrease the number of failing schools (metrics reported longitudinally for each year of the Cleveland Plan), as reported by the Cleveland Transformation Alliance.

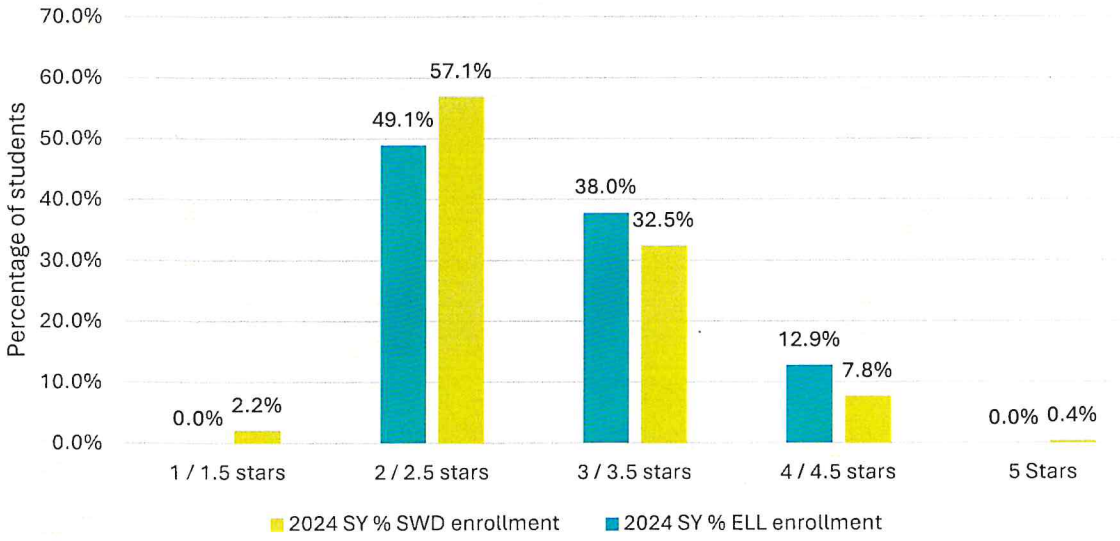




CMSD race/ethnicity enrollment by 2023-2024 SY overall school ratings



CMSD SWD & ELL enrollment by 2023-2024 SY overall school ratings



2) *Increase the district's one year value-add measure (metrics reported longitudinally for each year of the Cleveland Plan.*

Subject	2021-2022 SY Growth Index (Effect Size)	2022-2023 SY Growth Index (Effect Size)	2023-2024 SY Growth Index (Effect Size)
