# INTRODUCTION

The Ohio General Assembly appropriates moneys to more than 100 departments, boards, commissions, and other agencies. These moneys are appropriated to specific line items of specific funds for each agency. LSC prepares this Catalog of Budget Line Items (COBLI) to provide relevant information on every line item of a state agency. Specifically, the catalog includes a table for each line item that indicates the fund to which the line item belongs, the line item number, the line item title, and a six-year funding history. Following the table is a brief description of that line item, including the revenue source, legal basis, and purpose (see below for an example).

Fund	Line Item Number	Line Item Title
GRF	745401	Ohio Military Reserve

**Source:** General Revenue Fund

**Legal Basis:** Section 205.10 of H.B. 166 of the 133rd G.A. (originally established by H.B. 238 of the 116th G.A.)

**Purpose:** This line item is used to support the training and administrative operations of the Ohio Military Reserve, a voluntary state defense force. The expenses charged against the line item are primarily for supplies and maintenance, principally the cost of meals provided during training.

For this 2019 edition, the actual spending amounts for FY 2016 through FY 2019 and appropriations for FY 2020 and FY 2021 are displayed in each line item table. The appropriations for FY 2020 and FY 2021 are the original amounts included in the four biennial budget appropriation acts of the 133rd General Assembly: H.B. 166 (the main operating budget), H.B. 62 (the transportation budget), H.B. 80 (the Bureau of Workers' Compensation budget), and H.B. 79 (the Industrial Commission budget).

In the catalog, each agency's line items are arranged according to the fund groups to which the line items belong. The line items within the General Revenue Fund appear first, followed by the Dedicated Purpose Fund Group, the Internal Service Activity Fund Group, and the Federal Fund Group. In addition to these four major fund groups, line items can be found in several other smaller fund groups, such as the State Lottery Fund Group and the Revenue Distribution Fund Group.

In addition to the printed version, the catalog may be viewed on LSC's website at [www.lsc.ohio.gov](http://www.lsc.ohio.gov) by clicking on *Budget Central* and then *Catalog of Budget Line Items* under the *Budget Reference Documents* heading.

**Purpose:** In FY 2018, this line item was used in conjunction with GRF line item 200572, Adult Education Programs, to fund subsidy payments to providers of the 22+ Adult High School Diploma Program. These payments exhausted the cash balance of Fund 4540, which consisted of leftover fees the state formerly collected in connection with its administration and oversight of GED tests. Prior to FY 2015, this line item was used primarily for reimbursements to GED testing centers. The funds were provided through a fee charged for taking the test. In 2014, GED test administration and credentialing transitioned from the state to the national testing entity, GED Testing Service. Under this arrangement, the national testing entity centrally collects testing fees, reimburses the testing centers, and operates an electronic transcript system.

Prior to FY 2019, it was used by ODE to contract with commercial food processors to convert bulk or raw United States Department of Agriculture (USDA) commodities into more convenient ready-to-use end products at a reduced cost for school nutrition program sponsors. ODE obtained the donated food from the USDA and charged school districts for the processing and handling. ODE is no longer procuring processed end products and warehousing these foodstuffs, though it continues to order USDA foods and distribute them to participating sponsors. ODE expects to exhaust the available cash in Fund 4550 over the FY 2020-FY 2021 biennium, after which the line item will become inactive.

**Purpose:** This line item provides an eligible campus with the difference between its formula-determined debt service amount under the capital allocation formula used prior to 2012, and the actual debt service amount received by the campus. The funds can be used by the campus only for capital projects. From 1999 to 2012 DHE implemented an incentive-based capital funding policy that determined each campus's debt service amount through a formula. Campuses that received debt service amounts higher than their formula-determined amounts have the difference deducted from their State Share of Instruction subsidy allocations. These deducted funds are transferred into this line item. The transferred funds and the original appropriation for this item are distributed to campuses that received debt service amounts less than their formula-determined amounts.

**Purpose:** This line item provides debt service payments to retire general obligation bonds issued for state-assisted colleges and universities. A 1999 constitutional amendment authorized the state to issue general obligation bonds for the purpose of financing capital needs of state-assisted colleges and universities. In contrast with special revenue bonds, which were paid by a dedicated revenue source, general obligation bonds are backed by the full faith and credit of the state. Because of this additional backing, general obligation bonds can generally be issued at lower interest rates than special revenue bonds. Since 2000, the state has issued only general obligation bonds for capital needs of state-assisted colleges and universities. The last special revenue debt obligations were retired in FY 2014.

**Source:** Dedicated Purpose Fund Group: FY 2014 transfer of \$25 million in casino licensing revenues from the Economic Development Programs Fund (Fund 5JC0) to the OhioMeansJobs Workforce Development Revolving Loan Fund (Fund 5NH0)

**Legal Basis:** ORC 6301.14; Sections 381.10 and 381.450 of H.B. 166 of the 133rd G.A. (originally established by S.B. 1 of the 130th G.A.)

**Purpose:** These funds support DHE's administrative expenses relating to the OhioMeansJobs Workforce Development Revolving Loan Program, which provides loans for workforce training programs. Under the program, DHE may award up to \$250,000 (increased from up to \$100,000 by H.B. 49 of the 132nd G.A.) to each approved training program at certain educational institutions to provide loans to eligible participants. Program loans cannot exceed \$10,000 per individual. The loans begin to accrue interest six months after the participant successfully completes the training program and are to be repaid to the state within seven years. Either the Treasurer of the State (TOS) or a third party services the loans. A separate appropriation from Fund 5NH0 line item 090610, in the TOS budget, is used to distribute the loans and support TOS's expenses in administering the program. H.B. 166 appears to wind down the program during the biennium, eliminating appropriation for DHE administrative support in FY 2021 and reducing appropriations to item 090610 from \$13.1 million in FY 2019 to \$775,000 in FY 2020 and \$250,000 in FY 2021.

The certified amount is appropriated in this line item. H.B. 49 of the 132nd G.A. expanded the revenue base for Fund 5Y50 to consist of refunds of state financial aid payments disbursed by DHE for programs that DHE is responsible for administering, instead of refunds from only OIG and OCOG. **Purpose:** This line item reimburses health care providers for covered services to Medicaid recipients. The federal earnings on the payments that are made from this line item are deposited as revenue into the GRF. The majority of expenditures from this line item earn the regular Federal Medical Assistance Percentage (FMAP) reimbursement rate at approximately 63%; however, expenditures for the State Children's Health Insurance Program (SCHIP) and for covering the Medicaid expansion population through the federal Affordable Care Act (ACA) earn an enhanced federal participation rate.

Beginning in FY 2018, the expenditures for the ACA expansion population are supported by this line item but are also supplemented by Fund 5TN0 appropriation item 651684, Medicaid Services-HIC Fee. The federal match for the ACA expansion population is 93% in CY 2019, and 90% in CY 2020 and thereafter. In addition, beginning in FY 2018, managed care performance payments are made out of line item 651525. Such payments were previously made out of Fund 5KW0 line item 651612, Managed Care Performance Payment.

The amount of each state's payment roughly reflects the expenditures of its own funds that the state would have made if it continued to pay for outpatient prescription drugs through Medicaid on behalf of dual eligibles (individuals eligible for both Medicare and Medicaid).

Temporary law in H.B. 166 requires that appropriations under this line item be used exclusively for the purposes of plugging wells and to properly restore the land surface of idle and orphan oil and gas wells, and specifically prohibits appropriations being used for salaries, maintenance, equipment, or other administrative purposes except for those costs directly attributable to the plugging of an idle or orphaned well. H.B. 166 also prohibits this appropriation from being used to transfer cash to any other fund or appropriation item.

The AML Program designs and oversees reclamation activities on abandoned coal mine lands, including maintaining an inventory of abandoned mine sites for the purpose of ensuring public health and safety. Reclamation activities include engineering projects, environmental restoration, wildlife enhancement, reforestation, and archaeological surveys. **Purpose:** This line item is used to reimburse local governments other than school districts for losses incurred as a result of the 10% and 2.5% rollbacks and the homestead exemption reductions in real and manufactured home property taxes. Prior to FY 2016, funds for this purpose were provided through GRF line item 110901 in the Department of Taxation's budget. Only "qualifying levies" as defined in ORC 319.302 are subject to the rollbacks. Qualifying levies are those (1) approved at an election held before September 29, 2013; or (2) within the ten-mill limitation; or (3) provided for by the charter of a municipal corporation that was levied on the tax list for tax year 2013; or (4) subsequent renewals of such levies; or (5) subsequent substitutes for such levies under section 5705.199 of the Revised Code. Qualifying levies do not include replacement levies under section 5705.192 of the Revised Code.

Types of real property eligible for the 10% rollback include those used for farming; leasing property for farming; occupying, holding, or leasing property improved with one-, two-, or three-family dwellings; or holding vacant land that the county auditor determines will be used for these purposes.

Owner-occupants of residential real property are eligible for an additional 2.5% tax reduction for those primary residences.

The homestead exemption is a partial exemption from real property taxation, on the first \$25,000 of a home's market value for owner-occupants who are (1) age 65 or older, or (2) permanently and totally disabled. Starting in tax year 2014, eligibility for the homestead exemption is further limited to persons with incomes of \$30,000 or less, except that persons who previously received the exemption continue to do so, and persons who qualified but did not apply for the exemption in 2013, and who timely filed in 2014, also receive the exemption. The \$30,000 income cap rises with inflation. For certain disabled veterans, the partial exemption is \$50,000 of the real property's market value, with no income test for eligibility.

**Source:** Revenue Distribution Fund Group: In FY 2020 and FY 2021, 1.68% of total state GRF tax revenue is transferred to this fund; in codified law, this percentage is 1.66%; for accounting purposes, transfers to Fund 7069 are debited against personal income tax receipts

**Legal Basis:** ORC 131.51 and 5747.50; Sections 387.10, 387.20, and 757.20 of H.B. 166 of the 133rd G.A.

**Purpose:** The Local Government Fund (LGF) provides state aid to counties and municipalities. County undivided local government fund (CULGF) amounts are paid to counties and disbursed to local subdivisions to be used for current operating expenses of the county government, municipalities, townships, and certain special districts. Starting in FY 2014, no CULGF is to receive less than \$750,000 or the amount received in FY 2013, whichever is smaller. Municipal corporations that levied an income tax in 2006 receive a small portion of the LGF as a direct payment from the Department of Taxation. The direct payments to municipalities were temporarily redirected entirely to other uses in FY 2018 and FY 2019.

Starting in FY 2016, \$12 million each year that would have been paid directly to municipal corporations by the Department of Taxation was instead paid to CULGFs for distribution to townships (\$10 million) and small villages (those with populations under 1,000; \$2 million). This provision was incorporated in codified law starting in FY 2018.

Starting in FY 2020, the distribution of Local Government Fund payments made directly from the Department of Taxation to municipal corporations is changed in codified law. Each municipality's share of the distribution is based on the municipality's population, except that (1) cities with a population of more than 50,000 would be capped at that number, so that they are each considered to have a population of only 50,000 for purposes of calculating their shares, and (2) municipalities with a population of less than 1,000 would not receive any share. Previously, each municipality's share was based on its share of the payments in 2006, which was based on relative income tax collections. Villages with a population under 1,000 already receive a separate LGF set-aside amount, not paid to more populous municipal corporations, as noted above.

Under IFTA, an agreement among the 48 contiguous U.S. states and 10 Canadian provinces, trucking companies register for fuel use tax in their home state or province and file one tax return, instead of registering and filing in each jurisdiction in which they operate. The base state or province then makes payments to other jurisdictions that are owed some of the fuel tax, and also collects tax it is owed from other jurisdictions. These payments are made possible by a set of reciprocal agreements among the states and provinces in IFTA.
