The Massive Impact of Insurance in Ohio

Ohio is home to one of the most dynamic and largest insurance marketplaces in the world. It is a marketplace driven by a competitive insurance company landscape and an agile, consumer protection-focused regulatory approach from the Ohio Department of Insurance.

With 280 insurance companies headquartered across the Buckeye State and 1,700 total insurance companies licensed here, Ohio produces some of the lowest insurance premiums, on average, compared to the rest of the country. Ranked seventh-largest in the United States and 17th in the world, ahead of several countries, Ohio's insurance marketplace and industry are at the top of gross domestic product and job creation for the state.

As Ohio's insurance market continues to grow, insurance companies are innovating and evolving. We are seeing new concepts and products from both traditional insurance companies and startups. The Ohio Department of Insurance's Emerging Products and Innovation initiative is simplifying regulatory processes to advance innovative realities while ensuring the strongest consumer protections.

Another key initiative for the Ohio Department of Insurance is mental health and substance use disorder support. Each year, millions of Ohioans experience a mental health condition. It is a priority of ours to help consumers navigate mental health and substance use disorder care and better understand how to utilize their insurance benefits to receive treatment.

Our behind-the-scenes efforts are just as far-reaching and important for consumer protection and marketplace health. Staff analyzes company financial solvency to pay insurance claims, monitors industry business conduct, fights insurance fraud, reviews insurance products and

rates. They also educate insurance consumers and address their claim and coverage complaints, including for surprise medical billing situations. We save and/or recover millions of dollars annually for insurance consumers.

The impact of insurance in Ohio is massive. It is with passion, pride, and dedication that we as public servants at the Ohio Department of Insurance fulfill our complex oversight duties while enhancing and growing all aspects of Ohio being a leading and modern insurance environment.

Sincerely,

Sudith L. French

Judith L. French Director, Ohio Department of Insurance

About the Ohio Department of Insurance

The Ohio Department of Insurance provides consumer protection through education and fair, but vigilant regulation while promoting a stable and competitive environment for insurance companies.

The department is charged under Ohio Revised Code Chapters 17 and 39 with the responsibility of regulating the activities of 1,696 insurance companies – nearly 276 of them domiciled in Ohio – that write more than \$109 billion in premiums. The department also monitors the conduct of approximately 318,626 insurance agents and 21,337 insurance agencies doing business in Ohio.

In addition, the department examines the financial soundness of insurance companies, as well as investigates consumer complaints and insurance fraud. Further, the department determines if services and benefits offered by companies are consistent with insurance policy provisions and Ohio law. The department reviews and approves more than 6,500 company filings per year for life, accident, health, managed care, and property and casualty, and policy forms and rates.

The Director of Insurance, who is appointed by the Governor, heads the department, which employs approximately 235 full-time permanent staff.

Ohio

Agent Licensing

Agent Licensing issues licenses to insurance agents, agencies, managing general agents, public insurance adjusters, reinsurance intermediaries, surety bail bond agents, surplus lines, third-party administrators, title, and viatical settlement brokers. Agent Licensing also oversees insurance prelicensing, testing, and continuing education compliance.

Captive Insurance

The Office of Captive Insurance provides a structured regulatory process for the initial evaluation, licensing, reporting, analysis, and examination of captive insurance companies domiciled in Ohio. Captives are a form of self-insurance and a risk management tool for businesses. The office establishes standards for business and professional support organizations that work with captive entities. It also reviews captive insurance company strategies and their execution to assess and evaluate operational success and financial strength.

Consumer Services

Consumer Services representatives respond to a variety of insurance inquiries from consumers and investigate complaints against insurance companies and agents.

Ohio law gives insurance consumers the right to file a complaint against insurance companies, health maintenance organizations (HMOs), and insurance agents and adjusters related to automobile, homeowners, renters, certain health, life, annuities, nursing home, credit life, credit disability, and pet insurance. The different types of insurance complaints received from Ohioans are often regarding cancellations, refunds, sales practices, misrepresentation, claim, and benefit disputes.

When Consumer Services receives a complaint against an insurance company, a representative communicates with the company requesting an explanation of its position. The representative will review the company's response to determine if the issue was correctly addressed in accordance with the policy, state insurance laws, and administrative rules before explaining the outcome of the investigation to the consumer.

Consumer Services also manages an external review process that provides consumers the opportunity to request a contractual review to challenge an adverse health insurance benefit determination and to appeal, through an independent review organization, the denial, reduction, or termination of certain health care services made by their plan.

Consumer Services provides assistance through a toll-free hotline, written correspondence, social media, community outreach, and individual meetings. Consumer Services also helps monitor companies' compliance with Ohio insurance laws and regulations.

Executive

The Office of the Director includes Policy, Legislative Affairs, and Communications staff. Staff oversee agency operations, develop policies on insurance matters, work in collaboration with the Ohio General Assembly and the United States Congress, engage with stakeholders, and manage the department's internal and external communication, including public education initiatives.

The Legal Services, Information Technology and Security, and Fiscal and Human Resources teams handle important support functions at the Ohio Department of Insurance.

Legal Services manages regulatory transactions, administers public hearings on insurance agent and company license and enforcement issues, and provides legal assistance to other department divisions.

Information Technology and Security assist the department's regulatory oversight responsibilities through the design, implementation, and maintenance of technology infrastructure and programs. Staff also are involved with facility management and security.

The Fiscal and Human Resources teams provide operational support handling accounts payable and receivable, budgeting, payroll, and staffing.

9

Ohio

Fraud and Enforcement

Fraud and Enforcement is responsible for investigating allegations of unlicensed insurance activity, agent misconduct, and insurance fraud.

Classified as a criminal justice agency, Fraud and Enforcement work jointly with other state, federal, and local regulatory and law enforcement agencies when allegations are multijurisdictional in nature. In addition to investigating licensed insurance agents and agencies, staff investigate consumers, medical providers, and third parties suspected of defrauding Ohio insurance companies.

Confirmed insurance law violations are referred for administrative and/or criminal prosecution, and staff offer testimony regarding investigations conducted.

Market Conduct

Market Conduct monitors insurance company compliance with Ohio insurance laws and regulations by examining their business practices, such as underwriting, marketing, and claims handling.

Staff are responsible for gathering industry information from a variety of sources, including consumer complaints, company filings, and the National Association of Insurance Commissioners. The information is analyzed to determine if companies need further scrutiny. Market Conduct can require companies to take corrective action.

Ohio Senior Health Insurance Information Program (OSHIIP)

The Ohio Senior Health Insurance Information Program (OSHIIP), funded in part by a federal grant, provides Ohioans receiving Medicare and their caregivers with objective health insurance information, individual counseling, and complaint resolution.

OSHIIP staff and a statewide network of certified counselors and other partners educate consumers about Original Medicare, Medicare supplemental insurance, Medicare prescription drug coverage, Medicare Advantage plans, Medicare Savings Programs, subsidies, long-term care insurance, and other health insurance matters.

Consumers receive assistance through a toll-free hotline, face-to-face counseling, educational seminars, webinar series, print materials, community involvement, and social media. OSHIIP resolves complex casework, enrollment, and coordination of benefit issues for Ohio's aged and disabled population. OSHIIP's work has earned national acclaim for excellence and performance.

Product Regulation and Actuarial Services

Product Regulation and Actuarial Services reviews policy forms, endorsements, contractual provisions, and manual rules and rates for products marketed to Ohio consumers by Ohio licensed property and casualty and life and health insurance companies, and their related lines of insurance business. Policy language is reviewed for clarity and compliance with Ohio laws and rules. Rates are reviewed to ensure they are not excessive, inadequate, or unfairly discriminatory. Staff participate in risk assessment examinations to evaluate monetary reserves to pay claims, pricing, underwriting, and other insurance company financial risks.

Risk Assessment

Risk Assessment monitors the financial solvency of Ohio-based (domestic) insurance companies and monitors and coordinates regulatory oversight of the financial condition of out-of-state (foreign), international (alien), surplus lines, and captive insurance companies.

Staff analyze financial information provided by Ohio-licensed insurance companies and review complex transactions. They also calculate and certify to the Ohio Treasurer the domestic and foreign insurance premium tax owed to the state. In addition, Risk Assessment monitors company statutory and solvency compliance. Examinations of a company's financial condition and affairs are conducted as often as the Director of Insurance deems appropriate, but at a minimum of once every five years, as required by statute.

Department Priorities and Objectives

Priorities

- Foster Economic Development Enhance Ohio's ability to attract and retain insurance businesses and jobs for Ohioans through regulatory reform, while ensuring a stable insurance market for consumers. The department will review existing rules and regulations to promote flexibility, balance, transparency, and consistency.
- Provide Fair and Appropriate Market Regulation Investigate persons or entities who commit insurance fraud or are suspected of violating Ohio's insurance laws, including those laws regarding unfair or deceptive practices. The department will provide a regulatory response that is reasonable, appropriate, and proportional.
- Provide Excellent Consumer Services Empower consumers to make informed insurance purchasing decisions by providing educational information, training, and consultation. The department will assist consumers who encounter difficulties by answering inquiries and investigating and resolving complaints.
- Foster a Competitive Marketplace Provide a regulatory environment that supports a competitive and stable insurance market for consumers. The department will assess solvency and review statutory filings of Ohio-based companies, as well as rate and policy form filings from all companies licensed in Ohio. The department will also perform audits of non-Ohio based companies and review business practices of all companies licensed in Ohio.

Department Priorities and Objectives

Objectives

- Monitor the financial solvency of insurance companies and health insuring corporations operating in Ohio, and assure that companies operating in Ohio are stable and sound.
- Provide consumers with education on insurance matters, coverage options, and issues of interest to seniors.
- Provide consumers with assistance regarding insurance coverage and claims-related concerns.
- Monitor insurance sales, claim handling activities, and insurance company interactions with policyholders to ensure they are fair and comply with Ohio law.
- Investigate fraud and misconduct in a thorough and professional manner.
- Protect Ohio's senior population from predatory sales practices by strengthening regulatory measures, educating seniors, and continuing partnerships with organizations that serve senior citizens.
- Provide educational and training opportunities for staff to enhance their insurance knowledge in order to effectively monitor a complex and ever-changing insurance industry.
- Continue efforts in overseeing the licensure and education of insurance agents.

Ohio

- Maintain a leadership role in the National Association of Insurance Commissioners, the U.S. standard-setting and regulatory support organization created by the chief insurance regulators from the 50 states, the District of Columbia, and five U.S. territories.
- Continue national integration of an enterprise system to facilitate e-commerce with business constituents and allow Ohio to comply with the reporting requirements of the National Association of Insurance Commissioners.

Accomplishments

New Health Insurance Consumer Protections for Ohioans

Governor DeWine signed House Bill 388 into law on January 7, 2021. This law protects Ohio patients from receiving surprise medical bills for emergency care or, in certain circumstances, unexpected out-of-network care. Primarily, the law prohibits the practice of balance billing in these instances, leaving any price negotiation to be handled between the health provider and the health plan. The Ohio Department of Insurance is responsible for administering and enforcing many provisions of this law, which begins in January 2022.

The department initiated a robust stakeholder engagement process to solicit ideas on the development of rules associated with the implementation of House Bill 388. The department will formally submit rules to the Common Sense Initiative (CSI) and the Joint Committee on Agency Rule Review (JCARR). During the rule-making process, members of the public and stakeholders will also have opportunities to provide input on the proposed rules through formal public comment periods with CSI and JCARR.

The department created a surprise billing toolkit on its website that contains rules information and can receive comments from the public and stakeholders. The department is planning a surprise billing consumer education initiative.

Mental Health and Substance Use Disorder Insurance Education and Regulation

The Ohio Department of Insurance continued its deep commitment of helping Ohioans understand what mental health and substance use disorder benefits may be in their health plan and how to navigate those benefits. The department also addressed complaints from Ohioans who felt they were wrongly denied coverage or received reduced insurance benefits for care. In addition, the department maintained its strong regulatory presence to ensure that health plans are complying with mental health parity laws and tracked data sources to determine the need for further investigation into company practices.

To inform the public and stakeholders of the department's educational and assistance services, the department conducted various outreach activities, while regularly engaging mental health advocates,

14

business organizations, and members of the Ohio General Assembly. The engagement included educational toolkit distribution, virtual presentations; statewide paid television, radio, and digital public service announcements; televised phone banks, earned media generation, and specialized social media events.

The department maintains a toolkit on its website with information addressing mental health and substance use disorder insurance benefits, coverage questions to ask, filing an insurance complaint, appealing an insurer's decision, insurance insights for mental health advocates when assisting clients, and more.

The department is a committed partner in Governor Mike DeWine's Recovery Ohio initiative, which prioritizes more effective prevention, treatment, and recovery services outcomes for Ohioans with mental health and substance use disorder challenges.

Emerging Products and Innovation Initiative

The Ohio Department of Insurance, through its Emerging Products and Innovation Initiative, continued to ensure that the department's regulatory framework is flexible enough to allow insurers to innovate and provide the best service possible to their customers, all while providing the highest-level consumer protections for Ohioans.

Transformative government work in Ohio, such as InnovateOhio, fosters an environment where existing companies can create new opportunities to grow, and startups can experiment and thrive. The same holds true with the department's Emerging Products and Innovation Initiative. The insurance industry continues to evolve at a fast pace, driven by new technologies to deliver services, advances in the use of data, and demand for coverage in brand new areas. The department and its regulatory environment are committed to maintaining Ohio's position as a leading and innovative insurance state.

The Emerging Products and Innovation Initiative is designed around these four guiding principles: Ensure the highest-level consumer protections. Benefit consumers with robust competition, lower costs, and choice. Keep pace with innovation, a changing marketplace, and consumer expectations. Collaborate with existing insurance companies, entrepreneurs, and the industry.

Covid-19 Pandemic

Issued Guidance to Industry and Created Resource Center to Help Ohioans

The Ohio Department of Insurance from March 2020 through June 2021 issued ten bulletins to the state's insurance industry, giving regulatory guidance and flexibility, and certain protections for businesses and consumers.

A COVID-19 informational toolkit which included answers to frequently asked questions, the insurance aspects of testing and vaccination, health insurance financial assistance, and other resources, was created to ensure that consumers, agents, and insurers had information about insurance coverage during the pandemic.

Bulletins issued by the department:

- 2020-02: Access to Coverage for Ohioans Impacted by the COVID-19 Virus
- 2020-03: Health Insurance Coverage Flexibility for Ohio Employees
- 2020-04: Temporary Suspension of Pharmacy Audits During Declared State of Emergency
- 2020-05: COVID-19 Testing and Treatment: Out-of-Network Coverage
- 2020-06: Coverage for Individuals With Expired Driver Licenses
- 2020-07: Property and Casualty, Life, and Long Term Care Insurance Premium Payments During State of Emergency
- 2020-08: Temporary Licenses During State of Emergency
- 2020-09: Extension of Financial Filing Deadlines and Procedural Requirements as a Result of COVID-19 Recommendations and Orders
- 2020-12: Property and Casualty, Life, and Long Term Care Insurance Premium Payments During State of Emergency
- 2021-03: Premium Payment Flexibility

Extended Agent and Agency License Expiration Date

The Ohio Department of Insurance granted a renewal extension for insurance agents and agencies whose licenses were due to expire during the COVID-19 state of emergency, for a certain period of time. This was done to ensure that agents could continue to provide services to consumers across the state.

Warned Ohioans of Fake Insurance Products and Scams

The Ohio Department of Insurance warned consumers that individuals claiming to be licensed insurance agents were contacting consumers to sell fake insurance products. The alert indicated scam artists were using robocalls and websites to market fake insurance. Scammers behind such schemes steal money from consumers through fraudulent "premium" billings once the consumer provides their personal and bank account or credit card information. Ohioans were also warned of COVID-19-related insurance fraud scams, such as the marketing non-existent or fake COVID-19 testing kits to obtain consumer health insurance and personal information. The collected information is used to submit fake insurance claims to insurance companies.

Conducted Mental Health and Substance Abuse Disorder Insurance Information Outreach

Ohio Department of Insurance staff created content and conducted outreach to inform Ohioans of resources, including a robust online toolkit, provided by the department to help people understand their mental health and substance use disorder insurance benefits. The department also regulatory engaged with mental health stakeholders to share insurance-related information and to offer assistance.

Collaborated Nationally With Other States

Ohio Department of Insurance staff collaborated with state insurance departments' staff through the National Association of Insurance Commissioners (NAIC) on such pandemic topics as insurance company statutory accounting treatments, impacts to company solvency, and fraudulent activity in the marketplace.

Office of Consumer Affairs Saved or Recovered \$7.8 Million for Insurance Consumers

The Ohio Department of Insurance's Office of Consumer Affairs saved or recovered \$7,807,547 million for Ohioans, received 15,150 inquiries, and handled 5,192 complaints. Claim denial and claim delay were the top complaint reasons while the coverage types most complained about were health insurance and automobile insurance. Consumer Services provides free information and services related to all types of insurance, through its website, toll-free hotlines, community outreach, and counseling.

Unclaimed Life Insurance Funds Search Service Secured Millions for Ohioans

The Life Insurance Policy Locator, a search service tool provided by the Ohio Department of Insurance and National Association of Insurance Commissioners (NAIC), received 4,137 valid search requests for lost life and annuity insurance policies on deceased persons. The searches resulted in 2,389 policies reported by companies as matched with requesters representing a total face amount of nearly \$62 million in life insurance funds. The search identifies the existence of any life insurance policies or annuity contracts in Ohio and issued on the life of, or owned by, a deceased person. In total, the service has matched almost 5,000 Ohioans with previously unclaimed beneficiary funds of \$81 million.

The locator tool, available at <u>https://eapps.naic.org/life-policy-locator/#/welcome</u>, requires only basic information from the death certificate to get started. Individuals who believe they are beneficiaries, executors, or legal representatives of a deceased person may submit a search request. Insurance companies download the requests from the NAIC secure database, search their records, upload the results into a secure NAIC database, and directly contact the requester only if a match is made and the requester is the beneficiary, typically within 90 business days.

Medicare Education Program Generated \$23.9 Million in Savings for Ohioans

The Ohio Department of Insurance's Ohio Senior Health Insurance Information Program (OSHIP) saved Ohioans \$23.9 million by helping people find suitable Medicare coverage options, available financial assistance programs, and claims recovery.

18

OSHIIP provided individual virtual counseling to 141,641 consumers. A total of 18,266 consumers received virtual personal assistance through OSHIIP's statewide outreach activities, such as Medicare Check-up events, and interactive statewide events, including Welcome to Medicare, fraud, preventative benefits, and Social Security income webinars, and televised phone banks.

Health Insurance Decision Appeals Process Recovered \$31.4 Million for Ohioans

Ohio law affords consumers the opportunity to appeal a health insurance decision made by their insurance company. Consumers have the right to request the health plan issuer reconsider their decision, also known as an adverse benefit determination. An adverse benefit determination is a decision made by the health plan issuer, including denying, reducing, or terminating a requested health care service or payment in whole or in part. During the fiscal year, the Ohio Department of Insurance issued its 2019 Annual Health Claims External Review Report.

In 2019, 583 cases, involving more than \$8.9 million in health care benefits and services, were submitted for review by an Independent Review Organization (IRO) to determine the appropriateness of a health plan's adverse benefit determination. The health plan's determination was reversed by the IRO in thirty-five percent of these cases, saving Ohio health insurance consumers more than \$3.7 million.

When a health plan's internal appeal process results in an adverse benefit determination that is based on a contractual issue (not involving medical judgment or medical information), an external request may be submitted by the health plan for contractual review by the Ohio Department of Insurance.

In 2019, the department completed a contractual review of 174 cases, involving almost \$893,000 in health care benefits and services. Sixty-four of the 174 cases reviewed by the department resulted in the reversal of previously denied benefits, recovering almost \$239,000 in additional benefits for Ohio consumers.

Since the 1999 enactment of Ohio's external review law, 8,440 cases have been reviewed by the department and/or IROs, recovering more than \$31.4 million in previously denied health care benefits and services for Ohio consumers.

Insurers Entered Ohio Market, \$689 Million in Premium and Franchise Taxes Certified

The Ohio Department of Insurance completed reviews of 11 Ohio-based and 26 out-of-state insurance company applications for admission to the Ohio market, 28 requests for additional lines of business, 16 requests for surplus lines of authority, three applications for viatical settlement provider, and five applications for certified reinsurer status. Reviews on more than 40 insurance company tax amendments were completed. A total of \$689 million in premium and franchise taxes were certified.

Ohio's Captive Market Wrote \$1.02 Billion in Premiums

Captive insurance is a form of self-insurance and a risk management tool for businesses. Six captive insurance companies are currently licensed with the Ohio Department of Insurance. Captive insurance companies wrote \$1.02 billion in premiums generating \$775,000 in premium-based fees, and \$11,000 in combined licensing and renewal fees during the fiscal year.

Engaged in Insuring Ohio Futures Initiative

The Ohio Department of Insurance maintained its involvement in the Insuring Ohio Futures initiative. The initiative involves collaboration between the department, other government entities, the insurance industry, and higher education to provide insurance education and career opportunities for students, career changers, and veterans. The group also works to establish insurance-related curriculum in the state's higher education institutions.

Provide Fair and Appropriate Market Regulation

Investigated Insurance Fraud and Professional Misconduct to Protect Ohioans

Insurance fraud impacts all Ohioans in the form of excess premiums. The Ohio Department of Insurance, through its Fraud and Enforcement Division, works with federal, state, and local prosecutors to bring those who commit insurance fraud to justice.

Common insurance fraud allegations investigated by the Fraud Unit involve false and inflated homeowner and automobile insurance claims as well as allegations of staged auto accidents, car thefts, burglaries, arson, intentional damage to property, slip and fall claims, and fraudulent billings by medical providers.

Allegations commonly received and investigated by the Enforcement Unit include premium theft, unauthorized surrenders made against consumer policies, submission of forged applications, financial exploitation of seniors, intentional misrepresentation of insurance products, annuity suitability, title agent escrow theft, bail agent misconduct, and unlicensed insurance activities.

During the fiscal year, the division received 7,980 allegations of agent misconduct and insurance fraud from insurance companies, consumers, government agencies, and law enforcement entities. As the result of these referrals, the department opened 777 administrative and criminal investigations, identified 142 potential law violations, and took administrative and/or criminal action against 103 individuals.

As the COVID pandemic impacted the holding of both administrative and criminal proceedings, division statistics regarding the final outcome of cases referred for prosecution were significantly lower than in years past.

Provided Expertise on National Insurance Organization Committees

Staff from the Ohio Department of Insurance provided insurance regulation expertise through engagement on 20 National Association of Insurance Commissioners' committees and task forces in such areas as consumer protection, innovation and technology, financial monitoring, fraud, and product pricing. Staff chaired the life insurance and annuities and financial condition committees, as well as the title insurance, capital adequacy, and examination oversight task forces, and served as vice-chair of the life actuarial task force.

Fraud and Enforcement Assistant Director Selected First Female Co-Chair of Coalition Against Insurance Fraud

The Coalition Against Insurance Fraud, a national alliance uniting different groups in the fight against insurance fraud, selected Ohio Department of Insurance Assistant Director of Fraud and Enforcement Michelle Rafeld as its public interest co-chair. Rafeld is the first woman to hold the co-chair position in the organization's 30-year history. The organization requires one co-chair from the insurance industry and the other from the public service or consumer sector. Rafeld had represented the National Association of Insurance Commissioners' AntifraudTask Force on the Coalition's Executive Committee for the last several years.

Fraud and Enforcement Assistant Director Represents State Fraud Regulators at Global Insurance Fraud Summit

The Ohio Department of Insurance's Assistant Director of Fraud and Enforcement, Michelle Rafeld, represented state insurance regulators during the Global Insurance Fraud Summit. Held annually, the summit promotes the development of a comprehensive vision and plan to tackle the global epidemic of insurance fraud. During several summit panel sessions, Rafeld provided representatives from 31 countries insight into the investigation and prosecution of insurance fraud in the United States.

Agent Licensing Renewal Notifications Efficiencies Instituted

The Ohio Department of Insurance began sending license renewal notifications by email instead of U.S. Mail. Renewal notification emails are sent approximately 90 days, 60 days, and 30 days prior to an agent's license expiration date to email addresses on file with the department. This is a departure from the previous notification schedule, which included a 90-day licensure renewal notification by U.S. Mail and a 30-day electronic licensure renewal notification.

Top Fraud and Enforcement Cases

Insurance fraud impacts all Ohioans in the form of excess premiums. The Ohio Department of Insurance works with federal, state, and local prosecutors to bring those who commit insurance fraud to justice.

Milford Agent Sentenced For Stealing More Than \$1.1 Million From Customers

In July 2020, a Clermont County judge ordered former insurance agent Gregory Oliver to serve nine years in prison for defrauding 17 consumers of more than \$1.1 million from 2011 to 2018. Additionally, Oliver was ordered to pay \$990,027.83 in restitution to his victims. In March of 2020, Oliver pleaded guilty to six felony theft charges.

In addition to depositing client insurance premiums into his business account, and withdrawing funds from client annuities, Oliver submitted fabricated documents to insurance companies in order to become the designated beneficiary of client life and annuity insurance policies. Many of the defrauded clients were over the age of 65.

Oliver obtained an Ohio insurance license in 1989 and held numerous appointments with insurance companies to sell life insurance and annuity products. The Ohio Department of Insurance revoked Oliver's license, and the license of his insurance agency, Oliver Financial Services, in December 2019.

Former Insurance Adjuster Manipulated Claim For Personal Benefit

In July 2020, former Westfield Insurance adjuster Kevyn Hancock appeared before a Franklin County Common Pleas judge and pleaded guilty to one count of theft. An Ohio Department of Insurance criminal investigation showed he used his position at Westfield to manipulate a claim and defraud his then-employer of \$2,383.90. Hancock was ordered to serve three years of community control and pay full restitution to Westfield Insurance. Hancock faces 12 months in jail if he fails to meet his probation conditions.

Cincinnati Woman Convicted For Filing Fraudulent Insurance Claims

In September 2020, Cincinnati resident Cami Magette appeared in the Hamilton County Court of Common Pleas and pleaded guilty to charges of insurance fraud and theft. An Ohio Department of Insurance investigation revealed Magette submitted 47 fraudulent claims against an accident policy she had with Aflac insurance company. Magette was ordered to serve five years of community service, 18 months of probation, and is required to pay \$22,196.25 in restitution to the company.

Agent's License Revoked For Forging Applications, Committing Securities Fraud

In November 2020, the Ohio Department of Insurance revoked the insurance license of Delaware, Ohio agent Michael Wood after confirming Wood submitted forged annuity applications to several insurance companies. In October 2020, Wood was convicted of securities fraud, theft, and falsification, after a criminal investigation conducted by the Ohio Department of Commerce Division of Securities found he defrauded five consumers of more than \$70,000 through a bogus currency investment scheme.

Agent Surrendered License After Phony Investment Offering Cost Ohioans Millions

In February 2021, Dublin, Ohio agent Jeffrey Pickett surrendered his license for cause after an Ohio Department of Insurance investigation found Pickett placed 43 consumers in a risky, non-traditional investment that caused them to lose more than \$10 million. Pickett instructed consumers to invest funds from existing insurance products in an investment he was offering, claiming disbursements from the investment could be used to fund life insurance contracts. When Pickett submitted new life

Cuyahoga Resident Pleaded Guilty to Insurance Fraud Years After Fleeing

In March 2021, a Cuyahoga County Common Pleas judge ordered Patricia Strmac to serve 80 hours of community service, as well as 15 months on probation, for a bogus slip and fall claim she filed against Transportation Insurance in 2007. The following year, while Strmac had been placed in Cuyahoga County's pre-trial diversion program, her diversion agreement was revoked for non-compliance, as she had fled, and a warrant was issued for her arrest. In January of 2021, the Cuyahoga County Prosecutor's Office notified the Ohio Department of Insurance that Strmac had been located and they were moving forward with the case. In February of 2021, Strmac pleaded guilty to one count of insurance fraud. If Strmac violates the conditions of her probation, she faces up to eighteen months in prison.

Ohio's Average Homeowners and Auto Insurance Premiums Among Lowest in Country Ohio

The National Association of Insurance Commissioners released a report showing that Ohio insurance consumers paid among the lowest average homeowners and automobile insurance premiums in the country. Ohioans paid an average of \$874 (8th lowest) for homeowners insurance and \$795 (11th lowest) for automobile insurance. Those figures compared to the national averages of \$1,249 and \$1,057, respectively, produced a combined savings of \$637 on average for Ohioans. The data is from 2018, the most recent available.

Reviewed Insurance Companies' Financials and Transactions, Conducted Examinations

The Ohio Department of Insurance's Office of Risk Assessment completed all reviews of insurance companies' quarterly and annual financial statements within timeframes prescribed by the National Association of Insurance Commissioners and met all other accreditation standards.

In all, more than 580 insurance company transactions, including 11 applications for domestic certificates of authority, were analyzed and reviewed. Twelve mergers and acquisitions were also reviewed.

Financial examinations of 57 Ohio domestic insurers were completed, including nine new company qualifying examinations. Risk Assessment also participated in one regional supervisory college, which is the examination of international insurance companies involving a group of state regulators.
