# INTRODUCTION

The Ohio General Assembly appropriates moneys to more than 100 departments, boards, commissions, and other agencies. These moneys are appropriated to specific line items of specific funds for each agency. LSC prepares this Catalog of Budget Line Items (COBLI) to provide relevant information on every line item of a state agency. Specifically, the catalog includes a table for each line item that indicates the fund to which the line item belongs, the line item number, the line item title, and a six-year funding history. Following the table is a brief description of that line item, including the revenue source, legal basis, and purpose (see below for an example).

Fund	Line Item Number	Line Item Title						
GRF	745401	Ohio Military Reserve	FY 2018 Actual	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Appropriation	FY 2023 Appropriation
			\$15,503	\$11,466	\$5,875	\$8,549	\$9,500	\$9,800
			% change	-26.0%	-48.8%	45.5%	11.1%	3.2%

**Source:** General Revenue Fund

**Legal Basis:** Section 205.10 of H.B. 110 of the 134th G.A. (originally established by H.B. 238 of the 116th G.A.)

**Purpose:** This line item supports the training and administrative operations of the Ohio Military Reserve, a voluntary state defense force. The expenses charged against the line item are primarily for supplies and maintenance, principally the cost of meals provided during training.

For this 2021 edition, the actual spending amounts for FY 2018 through FY 2021 and appropriations for FY 2022 and FY 2023 are displayed in each line item table.

In the catalog, each agency's line items are arranged according to the fund groups to which the line items belong. The line items within the General Revenue Fund appear first, followed by the Dedicated Purpose Fund Group, the Internal Service Activity Fund Group, and the Federal Fund Group. In addition to these four major fund groups, line items can be found in several other smaller fund groups, such as the State Lottery Fund Group and the Revenue Distribution Fund Group.

In addition to the printed version, the catalog may be viewed on LSC's website at [www.lsc.ohio.gov](http://www.lsc.ohio.gov) by clicking on *Budget Central* and then *Catalog of Budget Line Items* under the *Budget Reference Documents* heading.

**Purpose:** This line item is used for industry-recognized credential reimbursements and the Innovative Workforce Incentive Program (IWIP). Up to \$8.0 million each fiscal year supports payments to school districts and other public schools whose students earn an industry-recognized credential or receive an equivalent certification. Under the program, the educating entity pays the cost of the credential and receives reimbursement for testing fees. Prior to FY 2020, a somewhat similar program supporting reimbursements for credentials earned by economically disadvantaged students was funded by GRF line item 200545, Career-Technical Education Enhancements. Up to \$12.5 million each fiscal year supports IWIP, which provides payments of \$1,250 for each credential a student earns from a list of priority credentials determined by the Governor's Office of Workforce Transformation.

**Purpose:** This line item supports school district and other public school operating costs for transporting public and nonpublic school students to and from school. Funding for transporting non-special education students is provided as part of the school foundation program and is allocated through a formula based on prior year costs and either current year ridership or miles driven as well as the greater of a district's state share percentage or a minimum percentage (29.17% in FY 2022 and 33.33% in FY 2023). H.B. 110 ensures that a district's transportation aid for FY 2022 and FY 2023 does not fall below its FY 2020 transportation aid prior to budget reductions and adjusted for such aid transferred to community schools. In FY 2022 and FY 2023, a district's special education transportation funding is calculated by multiplying the cost of transporting those students by the same percentage used to calculate the state share for regular education transportation. Formerly, special education transportation funding was based on a formula in administrative rule. This item also funds a transportation supplement for certain low density school districts, bus driver training, and transportation collaboration grants for shared resource management across districts.

**Purpose:** This line item is used to match federal funds deposited in Fund 3L60 line item 200617, Federal School Lunch. School districts use these funds for food service operations in an effort to lower the cost of lunches provided to students. A portion of this line item may also be used to partially reimburse school buildings within school districts that are required to have a school breakfast program.

**Purpose:** This line item provides assistance on a per nonpublic-pupil basis to chartered nonpublic schools to purchase secular textbooks; instructional equipment, including computers and media content; health services; guidance, counseling, and social work services; remedial services; programs for children with disabilities or for gifted children; mobile units used in the provision of certain services; security services; and language and academic support services to English language learners; among other purposes. Moneys may not be expended for any religious activities. Beginning in FY 2022, H.B. 110 permits all chartered nonpublic schools, instead of only nonreligiously-affiliated schools as under former law, to elect to receive the funds directly. Otherwise, by default a school receives the funds through the school district in which it is located. H.B. 110 also allows a chartered nonpublic school to designate an organization to receive and manage the auxiliary funds on its behalf. Funds in this line item are also earmarked for payment of the College Credit Plus Program for nonpublic students.

Mandated activities include the preparation, filing, and maintenance of forms, reports, or records related to state chartering or approval of the school, pupil attendance, transportation of pupils, teacher certification and licensure, and other education-related data. Reimbursement payments are the lesser of a school's mandated service costs and an amount for the school based on a maximum per-pupil reimbursement rate. H.B. 110 sets the maximum per-pupil rate at \$475 for FY 2022 and FY 2023, increased from \$446 for FY 2020 and FY 2021 and \$405 for FY 2018 and FY 2019.

**Purpose:** This line item, combined with items 200502, Pupil Transportation, 200612, Foundation Funding - All Students (Lottery), and 200604, Foundation Funding - All Students (DPF), provides the main source of state aid for school districts, community and STEM schools, and state scholarship programs. Allocations are based on the school foundation formulas, which are administered by ODE. H.B. 110 establishes new funding formulas for FY 2022 and FY 2023. A major change to the system is to pay school districts and community and STEM schools directly for the students they are educating, rather than the prior system that paid districts for the students who resided in the district and then, for students not educated by their resident districts, transferred funding to the schools actually educating the students. Likewise, funding for all scholarship programs is paid directly, instead of through the deduct-and-transfer mechanism. In addition to foundation funding, this line item funds ESCs, payments related to power plant valuation adjustments, College Credit Plus for home schooled students, administration of state scholarship programs, various STEM initiatives, ODE duties and support related to academic distress commissions, and the private treatment facility pilot project, among other purposes.

Funds may also be used for administration, technical assistance, research, monitoring, and evaluation. In FY 2022 and FY 2023, this line item also supports the expansion of a demonstration project that originated as a federal grant to identify students with dyslexia and provide their teachers with professional learning and support to improve their instruction of those students with dyslexia. The Department of Education may use up to 10% of the project's earmark for program administration and support in identifying students.

These programs include (1) the Adult Diploma Program, which offers a pathway to obtain a state-issued high school diploma as well as an industry-recognized credential in an in-demand field (H.B. 110 lowers the minimum age to participate in this program from 22 to 20); (2) the 22+ Adult High School Diploma Program, which provides a locally-issued high school diploma; and (3) a program that provides vouchers to lower the cost of high school equivalency exams for first-time test takers. Students meeting the income requirements qualified for the program regardless of the academic rating of the school they would otherwise attend. In FY 2021, these scholarships were extended to all students in grades K-12. Scholarship amounts were the lesser of the cost of tuition and the maximum scholarship amount (\$4,650 for students in grades K-8 and \$6,000 for students in grades 9-12). Beginning in FY 2022, income-based EdChoice scholarships are funded in GRF line item 200550, Foundation Funding - All Students. Also starting that year, S.B. 89 of the 133rd G.A. increases the base family income eligibility level to 250% FPG while H.B. 110 increases the maximum scholarship amounts to \$5,500 for students in grades K-8 and \$7,500 for students in grades 9-12.

**Source:** Dedicated Purpose Fund Group: Sales of tests and test services; fees for transcripts and duplicate diplomas

**Legal Basis:** Discontinued line item (originally established in 1929)

**Purpose:** In FY 2018, this line item was used in conjunction with GRF line item 200572, Adult Education Programs, to fund subsidy payments to providers of the 22+ Adult High School Diploma Program. These payments exhausted the cash balance of Fund 4540, which consisted of leftover fees the state formerly collected in connection with its administration and oversight of GED tests. Formerly, this line item was used primarily for reimbursements to GED testing centers. The funds were provided through a fee charged for taking the test. In 2014, GED test administration and credentialing transitioned from the state to the national testing entity, GED Testing Service. Under this arrangement, the national testing entity centrally collects testing fees, reimburses the testing centers, and operates an electronic transcript system.

Specifically, grant funds were permitted to be used for home internet service, mobile hotspots, public wireless internet infrastructure, and other connectivity technology for students. Schools were required to apply to ODE to receive the funds. Eligible grant requests of less than \$20,000 were approved for the full amount. However, due to high demand, eligible requests over \$20,000 were prorated at 60% of the difference between \$20,000 and the requested amount. A total of \$50.0 million was awarded under the Program. The unexpended portion of this line item at the end of FY 2021, \$17.5 million, was reappropriated to FY 2022 for the same purpose pursuant to Section 503.10 of S.B. 109 of the 134th G.A.

School districts and community and STEM schools must use the funding from these components on certain initiatives. In FY 2020 and FY 2021, this line item, formerly named Student Wellness and Success, was used to distribute funds to school districts and community and STEM schools through a formula that, in general, provided per-pupil funding on a sliding scale based on poverty to support certain services that address nonacademic barriers to student success, including mental and physical health services, family engagement and support services, and mentoring. H.B. 110 permits DPIA and requires the state share of student wellness and success staffing base cost component to be used for purposes similar to the former Student Wellness and Success initiative.

**Purpose:** This line item assists school districts with the purchase of school buses. Beginning in FY 2022, the funds are used to provide grants of up to \$45,000 to school districts to replace the oldest and highest mileage buses that are assigned to routes. H.B. 110 reappropriates the unused balance of this item at the end of the FY 2022 for the same purpose in FY 2023. In FY 2021, the bus purchase program operated somewhat differently. It ranked school districts based on the percentage of regular service buses that were eight years old or older, with awards going to districts with the highest percentages first. Funds were awarded for one bus at a time, though if there were leftover funds, subsequent awards were made in the same rank order until funds are exhausted. A district's award for each bus equaled \$86,700 (the average purchase price of a new school bus over the last three years, according to the legislatively-required report describing how the program will operate) multiplied by the district's state share index for FY 2019. In order to receive funds, districts were required to remove at least one regular service bus eight years old or older from regular bus service for each bus acquired under the program.

The federal Every Student Succeeds Act of 2015 (ESSA), the most recent reauthorization of the federal Elementary and Secondary Education Act, eliminated the School Improvement Grants (SIG) program. The last SIG awards were made in December 2016, providing funding for up to three or four years (depending on the cohort) and ending in FY 2022. ODE may use up to 5% of these funds for administration, evaluation, and technical assistance expenses. In place of the grant program, ESSA requires a state to reserve 7% or more of its federal Title I, Part A funding allocation for subgrants to support schools identified for comprehensive support and accountability.

According to ODE, the greatest densities of migrant students are in the rural communities of northwest Ohio, with other concentrated pockets of migrant students located in northeastern and central Ohio. ODE awards funds from this line item to four school districts and one ESC that currently provide direct educational services to migrant students and have designated territories to cover migrant students in the other districts. A sixth grantee, the Northwest Ohio Educational Service Center, receives funds to operate the Ohio Migrant Education Center, which is responsible for identification of migrant students, data collection, and coordination activities, among others. In FY 2017 and FY 2018, a small portion of this line item was used to spend the proceeds of a separate federal grant to implement the electronic exchange of migrant children's student records between the states through the Migrant Student Information Exchange.

**Source:** General Revenue Fund

**Legal Basis:** Discontinued line item (originally established by H.B. 166 of the 133rd G.A.)

**Purpose:** This line item provided reconciliation payments of FY 2019 obligations under the SSI formula to 12 community colleges in FY 2020. The reconciliation payments were made necessary due to an inadvertent miscalculation in the number of students DHE classified as "at-risk" in the FY 2019 SSI formula for community colleges. Certain outcomes achieved by at-risk students, such as course and degree completions, are weighted more heavily in the formula. Since the SSI formula allocates funding to an institution in proportion to its share of the statewide total for a particular outcome factor, the miscalculation shifted some SSI funding toward 11 community colleges and away from 12 others. The SSI reconciliation payments compensated those 12 community colleges for their FY 2019 underpayment. The reconciliation payments were supported by a transfer of \$1.5 million in unused FY 2019 GRF appropriations within DHE's budget to line item 235505.

**Legal Basis:** Discontinued line item (originally established by H.B. 166 of the 133rd G.A.)

**Purpose:** This line item encouraged partnerships between high schools, community colleges, and private companies to provide high school students the opportunity to receive education and training in a targeted industry while simultaneously earning high school and college credit. A partnership selected for participation could use the grants awarded only for transportation, classroom supplies, and primary instructors for a course offered under the program. For each of FY 2020 and FY 2021, the Chancellor selected five partnerships to participate in the program – one from each quadrant of the state and one from the central part of the state. A partnership was ineligible for a grant if it received funding under a similar pilot program that was authorized by H.B. 64 of the 131st G.A. and operated in FY 2017 using funds appropriated in DPF Fund 5RA0 line item 235616, Workforce and Higher Education Programs. Generally, each partnership was to receive a one-time grant of \$100,000. However, for FY 2020, each partnership received \$75,000 due to the COVID-19-related executive-ordered budget reduction that decreased this line item's appropriation by \$125,000 to \$375,000. The FY 2020 awards were released in FY 2021.

**Purpose:** This line item provides an eligible campus with the difference between its formula-determined debt service amount under the capital allocation formula used prior to 2012, and the actual debt service amount received by the campus. The funds can be used by the campus only for capital projects. From 1999 to 2012 DHE implemented an incentive-based capital funding policy that determined each campus's debt service amount through a formula. Campuses that received debt service amounts higher than their formula-determined amounts have the difference deducted from their State Share of Instruction subsidy allocations. These deducted funds are transferred into this line item. The transferred funds and the original appropriation for this item are distributed to campuses that received debt service amounts less than their formula-determined amounts.

**Purpose:** This line item funds need-based financial aid for higher education students through the Ohio College Opportunity Grant (OCOG) Program. In general, OCOG award amounts are determined by subtracting the sum of the expected family contribution (EFC) and associated Pell award amount from the average instructional and general fees charged by the student's respective institutional sector. EFC is a federally determined amount calculated using the information that students provide in the Free Application for Federal Student Aid (FAFSA) form and is used to determine eligibility for and the amount of federal Pell grants. OCOG award amounts are published on DHE's website annually. H. B. 110 requires the Chancellor to determine the awards for students attending an eligible public, private, nonprofit, or private, for-profit institution. A portion of this item is also used by DHE in each fiscal year to provide reimbursements to institutions under the Ohio Safety Officers College Memorial Fund program, which provides tuition assistance to the children and spouses of peace officers, fire fighters and certain other safety officers who are killed in the line-of-duty. Any unused balance of this line item at the end of a fiscal year may be transferred to the Ohio College Opportunity Grant Program Reserve Fund (Fund 5PU0).

**Legal Basis:** ORC 5919.34 and 5919.341; Sections 381.10 and 381.380 of H.B. 110 of the 134th G.A. (originally established by H.B. 282 of the 123rd G.A.)

**Purpose:** This line item provides college scholarships to Ohio National Guard members. A Guard member attending a state college or university receives a scholarship for 100% of the state institution's tuition charges. A Guard member attending a private university is eligible for a scholarship equal to the average state tuition at public institutions. Beginning in FY 2022, a Guard member who is actively enrolled as a full-time or part-time student for at least three credit hours of coursework in a semester or a quarter in a credential-certifying program, licensing program, trade certification program, or apprenticeship program for an in-demand occupation also qualifies for a scholarship. If funds are not sufficient to meet full tuition for all eligible applicants, scholarship amounts are reduced and the institutions enrolling the scholarship recipient must make up the difference in the recipient's award amount. The program serves as both a recruitment and retention tool for the Guard and has proven to be an effective incentive for enlisting. Any unused balance of this line item at the end of each fiscal year may be transferred to the National Guard Scholarship Reserve Fund (Fund 5BM0).

**Purpose:** This line item provides debt service payments to retire general obligation bonds issued for state-assisted colleges and universities. A 1999 constitutional amendment authorized the state to issue general obligation bonds for the purpose of financing capital needs of state-assisted colleges and universities. In contrast with special revenue bonds, which were paid by a dedicated revenue source, general obligation bonds are backed by the full faith and credit of the state. Because of this additional backing, general obligation bonds can generally be issued at lower interest rates than special revenue bonds. Since 2000, the state has issued only general obligation bonds for capital needs of state-assisted colleges and universities. The last special revenue debt obligations were retired in FY 2014.

The Families First Coronavirus Response Act (FFCRA) provides qualifying states a 6.2 percentage point increase in their federal reimbursement for certain Medicaid expenditures, from January 1, 2020, through the end of the calendar quarter in which the federal public health state of emergency due to COVID-19 is ended.

The clawback is a monthly payment made by each state to the federal Medicare Program. The amount of each state's payment roughly reflects the expenditures of its own funds that the state would have made if it continued to pay for outpatient prescription drugs through Medicaid on behalf of dual eligibles (individuals eligible for both Medicare and Medicaid).

**Legal Basis:** ORC 4921.21; Section 375.10 of H.B. 110 of the 134th G.A. (originally established by Controlling Board in 1984)

**Purpose:** These federal funds are used to administer the Motor Carrier Safety Assistance Program (MCSAP) involving the safe operation of commercial motor vehicles. Specific funded activities include vehicle inspections; traffic enforcement; motor carrier reviews; educational outreach by state agencies; safety data uploads and related data quality initiatives; and new entrant carrier reviews. To receive the grant, PUCO must maintain a certain level of expenditure, in addition to the required 15% matching share of a MCSAP grant award. Federal law changes in 2015 resulted in the consolidation of several federal grants, which increased the overall amount of funding for this specific grant. PUCO is the lead state agency for these federal funds, and the entire federal grant is appropriated through this line item. An appropriate amount of the grant is subsequently transferred to the Department of Public Safety to fund the Department's enforcement division.

Since FY 2018, a portion of this line item supports grants awarded under (1) the “Targeting Community Alternatives to Prison” (T-CAP) Program (described below), and (2) the Justice Reinvestment and Incentive Grant, formerly known as the Probation Improvement and Incentive Grant Program, the purpose of which is to reduce the number of low-level felony and community control violators being sent to prison.

T-CAP focuses on offenders who are sentenced to 12 months or less for nonviolent, nonsex, nonmandatory fifth degree felony offenses, and whose criminal history does not include any prior violent felony, sex offense, or felony drug trafficking convictions. Beginning in FY 2022, the voluntary T-CAP Program has been expanded to include fourth degree felony offenders, in addition to fifth degree felony offenders as under continuing law.

**Legal Basis:** ORC 319.302 and 323.151 through 323.157; Section 387.10 of H.B. 110 of the 134th G.A. (originally established by H.B. 64 of the 131st G.A.)

**Purpose:** This line item is used to reimburse local governments other than school districts for losses incurred as a result of the 10% and 2.5% rollbacks and the homestead exemption reductions in real and manufactured home property taxes. Prior to FY 2016, funds for this purpose were provided through GRF line item 110901 in the Department of Taxation's budget. Only "qualifying levies" as defined in ORC 319.302 are subject to the rollbacks. Qualifying levies are those (1) approved at an election held before September 29, 2013; or (2) within the ten-mill limitation; or (3) provided for by the charter of a municipal corporation that was levied on the tax list for tax year 2013; or (4) subsequent renewals of such levies; or (5) subsequent substitutes for such levies under section 5705.199 of the Revised Code. Qualifying levies do not include replacement levies under section 5705.192 of the Revised Code.

Types of real property eligible for the 10% rollback include those used for farming; leasing property for farming; occupying, holding, or leasing property improved with one-, two-, or three-family dwellings; or holding vacant land that the county auditor determines will be used for these purposes.

Owner-occupants of residential real property are eligible for an additional 2.5% tax reduction in qualifying levies for those primary residences.

The homestead exemption is a partial exemption from real property taxation, on the first \$25,000 of a home's market value for owner-occupants who are (1) age 65 or older, or (2) permanently and totally disabled. Starting in tax year 2014, eligibility for the homestead exemption is further limited to persons with incomes of \$30,000 or less, except that persons who previously received the exemption continue to do so, and persons who qualified but did not apply for the exemption in 2013, and who timely filed in 2014, also receive the exemption. The \$30,000 income cap rises with inflation. For certain disabled veterans and surviving spouses of public service officers killed in the line of duty, the partial exemption is on \$50,000 of the real property's market value, with no income test for eligibility.

Uncodified law increases the amount appropriated if needed for distributing and administering this revenue distribution fund in accordance with the Revised Code.

**Legal Basis:** ORC 131.51 and 5747.50; Section 387.10 of H.B. 110 of the 134th G.A.

**Purpose:** The Local Government Fund (LGF) provides state aid to counties and municipalities. County undivided local government fund (CULGF) amounts are paid to counties and disbursed to local subdivisions to be used for current operating expenses of the county government, municipalities, townships, and certain special districts. Starting in FY 2014, no CULGF is to receive less than \$750,000 or the amount received in FY 2013, whichever is smaller. Municipal corporations receive a smaller portion of the LGF as a direct payment from the Department of Taxation. The direct payments to municipalities were temporarily redirected entirely to other uses in FY 2018 and FY 2019.

Starting in FY 2016, \$12 million each year that would have been paid directly to municipal corporations by the Department of Taxation was instead paid to CULGFs for distribution to townships (\$10 million) and small villages (those with populations under 1,000; \$2 million). This provision was incorporated in codified law starting in FY 2018.

Starting in FY 2020, the distribution of Local Government Fund payments made directly from the Department of Taxation to municipal corporations was changed in codified law. Each municipality's share of the distribution is based on the municipality's population, except that (1) cities with a population of more than 50,000 are capped at that number, so that they are each considered to have a population of only 50,000 for purposes of calculating their shares, and (2) municipalities with a population of less than 1,000 would not receive any share. Previously, each municipality's share was based on its share of the payments in 2006, which was based on relative income tax collections. Villages with a population under 1,000 already receive a separate LGF set-aside amount, not paid to more populous municipal corporations, as noted above.

In FY 2020 and FY 2021, 1.68% of total state GRF tax revenue was transferred to this fund under a provision of H.B. 166 of the 133rd G.A.

Uncodified law increases the amount appropriated if needed for distributing and administering this revenue distribution fund in accordance with the Revised Code.
