The Commission shall cooperate with horse owners, trainers, breeders, other licensees, county fairs, and commercial racetracks to accomplish these goals.

Ohio State Racing Commission Testing

The Commission's testing laboratory is housed within the Consumer Protection Laboratory at the Ohio Department of Agriculture complex located at 8995 East Main Street in Reynoldsburg. The laboratory was moved there from The Ohio State University in 2004.

Soobeng Tan serves as the laboratory's technical director, a position he has held since 2008.

In 2024, the Racing Commission tested 14,102 blood and urine samples collected from horses that raced at 7 commercial tracks and 52 county fairs. Analyses of these samples resulted in 40 positive findings.

A total of 3 human samples were analyzed and 2 positive findings were discovered.

HISA oversees thoroughbred testing effective May 22nd of 2023.
